Xybix ErgoPower® Dispatch Consoles

Xybix ErgoPower® dispatch consoles lead the industry in ergonomic performance. ErgoPower tables' height range of 22 to 48 inches meets the current *ANSI/HFES 100-2007* ergonomic standards ensuring your people are comfortable, productive and healthy.

Ease of use is unparalleled, simple controls can be effectively used without training. ErgoPower tables are the most stable on the market. Designed for 24/7 multiple monitor applications, large profile legs and heavy duty design contribute to both strength and durability.

A complete package for the communication center includes equipment storage cabinets, personal storage, cable organization and management, task lighting, personal environmental controls and multiple monitor organizational mountings.

Xybix ErgoPower tables are the only tables that can be used with I-Fit® Ergonomic positioning software. Memorized positions roam with each user to any console. Reporting presents statistical usage information for any or all users. Finally, tables that can ensure correct positioning along with record keeping abilities can greatly enhance proactive ergonomic programs.

Specifications

Environmental Specifications
- GREENGUARD® Certified for low VOC emissions
- Powdercoat paint for low VOC's
- Core material 100% industrial recycled content
- Lifts 80% recyclable Aluminum
- Support Components content 30% recycled steel
- Recyclable Wooden Pallet shipping
- Antimicrobial Work Surfaces

Worksurface Specifications
- Hundreds of colors available
  Wilsonart - www.wilsonart.com
  Pionite - www.pionite.com
  Nevamar - www.nevamar.com
- Balanced construction
  1⅛" thick core
  Backer material on bottom
- Edge Finishes - ½" radius vinyl edge
  Black
  Graphite - Dark Gray

Electrical Specifications
- Maximum of 5 amps at 120v 60Hz
- Microprocessor control for synchronized lifting
- 10' - 2 prong power cord
- Hand control uses safe, low voltage power

Installation

- For installation of orders $500.00 List Price and under, services shall be $75.
  Orders greater than $500 List Price shall be negotiated on a project by project basis.

ErgoPower Table Features

Ergonomic Features

- Adjustment Range 22-48”
- Safe, fast adjustment speed – 1.6” per second
- Large ½” radius vinyl edge on input surfaces
- Easy to use hand control with digital readout
- Infinite adjustment within operating range
- Smooth and quiet adjustment
- I-Fit® Ergonomic Software Compatible
- 1½” Finger clearance between fixed and moving surfaces Worksurface

Structural Features

- Premium-quality heavy duty construction
- Durable Powdercoat Paint Finishes
- Extremely sturdy at all heights
- Synchronized telescoping legs
- 300 lb. lifting capacity
- 500 lb. static load capacity
- Automatically compensates for off balance loads
- Modular design allows for a variety of sizes and configurations
- Customization to match requirements available

Console Enclosure and Panel Partition

- Heavy duty steel frames
- Internal cable management channels
- Standard top tiles are tackable part number PSTxxxx
- Standard bottom tiles are non-tackable part number PSNTxxxx
- Optional base modular power system
- Adjustable glides to level on uneven surfaces

Cabinet Construction

- ¾” melamine with environmentally sound core material.
- Heavy duty glued dowel construction
- 100 lb. drawer slides with soft close feature
- Master keyed, changeable core locking system
- Adjustable glides to level on uneven surfaces
- Tested to all relevant ANSI/BIFMA standards – by an Independent Test Laboratory

MyClimate Personal Climate Controls

- Simple control operates all functions
- .25 Amps without heat, 8.56Amps with new 500watt optional heater
- Two task light dimming Controls
- Fan Speed control from zero to 100%
- Optional second fan capability
- Motion detector shuts system off and resumes when presence is detected
- LED Task lights

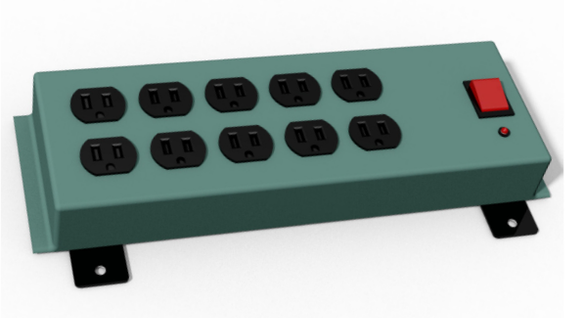
Power Distribution / Grounding

- 6 and 10 Outlet Switched Power Bars
- Power Bar Includes surge protection
- Aluminum chassis
- Choice of orange and black circuit identifying stickers on the power bar



Power Distribution

Part#	Configuration	Price
11792	Power Bar - 10 Outlet	$135
14976	6 Outlet Power Strip 25’	$144
12404	Power Bar - 6 Outlet Black 15’	$99
15508	Power Data Station Grommet, Power 3/Data 1/USB 2, 10 FT	$263
14642	Power Data Station, Power 3/ Data 2 RJ11 OR RJ45 outlets, plastic, black, 10’ power cord, RJ45 socket	$263
13612	Power Bar - 6 Outlet Black RV Add on Kit	$99

- Meets Motorola R-56 Standard
- Internally Mounted Grounding Buses
- Connections for equipment such as radios and phone systems
- All panel frames grounded
- Power Bars grounded
- To be connected to building grounding network by others
- Requires additional installation time

Grounding

Part#	Configuration	Price
11526	Grounding Kit Buss Bar and Panel Frame R-56	$735
12108	Grounding Kit Panel Frame only (not complete R56)	$350

Task Lighting

Xybix offers many options for energy saving LED task lighting:

- **The Lux Light (LED)** – Two tasklights on front worksurface. Stylish nickle plated finish, multi-directional flex, can be dimmed with the use of the MyClimate controller. Cool to touch.

- **The Z-Bar (LED)** – This desk lamp is compact and space saving, it is a great for illuminating a keyboard or reference materials. It provides over 50,000 hours of illumination and has four brightness settings.

- **Bias Lighting** – attached to Rollervision® this indirect lighting source helps make computer viewing more comfortable by reducing eye strain. By reducing fatigue this type of lighting creates an easy transition for the eyes from the darkness of the room to the brightness of your computer monitors. Bias lighting can be easily dimmed or brightened with the use of MyClimate.

Task Lighting

Part#	Configuration		Price
15618MCC	Lux Task Light (includes 2 lights)		$467
15618	Lux Task Light (no MyClimate) (includes 2 lights)		$467
15280	Z-Bar		$454
14783	Bias Lighting		$500

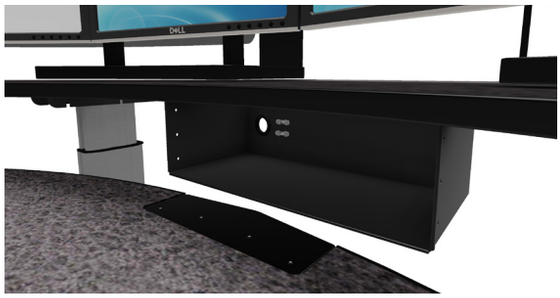
Under Surface Shelves / Rackmounts

- Choice of configurations
- Heavy duty construction
- Keeps equipment and resources in the primary reach zone
- Fits standard 19” rackmount equipment (with rackmount upgrade option)



Under Surface Shelves and Rackmounts

Part#	Configuration	Price
15462	Dual Shelf Under Surface 19W x 9D - Metal	$254
15463	Shelf Under Surface 19W x 9D - Metal	$127
15475	Shelf Under Surface Rackmount Upgrade	$25
15476	Shelf Under Surface USB Charging Upgrade	$105

- Heavy duty construction
- Ventilation panels keep equipment cool
- Fits E.I.A. 19” rackmounts
- Rackmount Stack-on’s allow vertical modularity
  - Mounts on Base Unit

Rackmounts Freestanding

Part#	Configuration	Price
11165	Rackmount 1 High Base Sloped	$269
10021	Rackmount 2 High Base Sloped	$393
12306	Rackmount 2 High Base Keltron	$473
10021	Rackmount 2 High Base Sloped	$393
10022	Rackmount Stack-on - 1 High	$202
10023	Rackmount Stack-on - 2 High	$315
10024	Rackmount Stack-on - 3 High	$406
12306	Rackmount 2 High Base Keltron	$473
13663	Keltron Rackmount Stack-on 1 High	$282

My Climate - Personal Environmental Control

- Adjustable speed filtered fan 0-50cfm
- Optional second fan
- Dual task light dimming capability
- Switch for optional Status Indicator Light *(See below)*
- Switch for optional heat
  - Radiant Heat Floor mat
  - 500w forced air heater (two 250w)
- Energy Saving motion detector turns all functions off if no presence is detected for 15 minutes, resumes when occupant returns
- Task light dimming works with dimmable LED lighting only
- Energy Efficient – .2 Amps max w/o heat

My Climate - Personal Enviornment Control

Part#	Configuration	Price
14350	MyClimate Personal Climate Control - No Heat	$1,899
14462	MyClimate Personal Climate Control - Forced Air Heat 1000w	$2,299
14421	MyClimate upgrade to Forced Air Heat from no heat	$848
14348	MyClimate Fan Assembly	$775
14384	MyClimate Replacement Fan Filter	$9
15620MCC	MyClimate Personal Climate Control With Forced Air Heat 250Wx2 (500W)	$1,999
15620	Stand Alone Forced Air Heat 250Wx2 (500W)	$370

February 2016

Status Indicator Lights / Returns

- Alert others to the status of the workstation
- LED lights save energy and reduce heat
- Each light can be wired for flash or steady
- One light can be manually switched with MyClimate
- Others lights can be switched automatically when phone is off hook or radio is keyed (requires wiring by others)
- Includes easy connect wiring block
- Includes 24V Transformer UL Listed

Status Indicator Lights

Part#	Configuration	Price
12995	Status Indicator Light, Red (1 light in stack)	$703
12605	Status Indicator Light, Red-Green (2 lights in stack)	$945
12604	Status Indicator Light, Red-Yellow-Green (3 lights in stack)	$1,050
12597	Status Indicator Light, Red-Yellow-Green-Blue (4 lights in stack)	$1,224
14478	Status Indicator Light, Buzzer Kit	$80
15342	Status Indicator Badge - Black	$125
12597MCC	Light - LED Status Indicator 56MM 4 HI Red-Yellow-Green-Blue-24VAC/DC For MyClimate	$1,224
12604MCC	Light - LED Status Indicator 56MM 3 HI Red-Yellow-Green-24VAC/DC For MyClimate	$1,050
12605MCC	Light - LED Status Indicator 56MM 2 HI Red-Green-24VAC/DC For MyClimate	$945
12995MCC	Light - LED Status Indicator 56MM 1 HI Red-24VAC/DC For MyClimate	$706
13617	Rollervision Task or Status Light Mount Kit	$35

- Sized to fit any project
- Balanced Construction with UL Greenguard® Certified backer material
- UL Greenguard® Certified laminates
- Wide selection of laminate finishes available
- Includes wire grommets
- Optional plexiglass cover

Returns

Part#	Width x Depth Range	Price
12030	12-48” x 12-24”	$307
12033	12-48” x 25-48”	$410

CPU Cabinets - Undersurface

- Heavy duty construction
- Full extension drawer slides on CPU Cabinet (not ERGO ACCI
  - 100lb slides 18-30" wide
  - 200lb slides 33.25"+ wide
- Active ventilation with dual ultra-quiet 45 CFM fans - standard ventilation panels keeps equipment cool
- Service light comes standard
- Locking with master keyed, removable core locking system
- Includes 10 outlet power bar
- Cabinets tested to ANSI/BIFMA X5.9-2004 durability standard
- Std CPU width 7½"

Rotating Resource Guide / Lazy Susan

- Great for binder storage
- Large worksurface area for equipment or maps
- Heavy duty construction
- 1000lb. bearing for easy rotation
- Optional rotation restriction
- Optional paper slot shelving (as shown)
- Optional casters on freestanding models (11519 and 10025)

Rotating Resource Guide - Mobile and Fixed

Part#	Configuration	Price
11519	Rotating Resource Freestanding Guide 36” Diameter	$2,472
10025	Rotating Resource Freestanding Guide 40” Diameter	$2,472
11844	Rotating Resource Guide under P-Top 36”	$2,472
11069	Rotating Resource Guide under P-Top 40”	$2,472

- Surface Mounted
- Heavy duty construction
- 1000lb. bearing for easy rotation
- Optional rotation restriction
- Allows equipment to be accessed from multiple locations

**NOTE: Shown with rotating resource guide and peninsula worksurface sold separately.*

Environmental Notes from Xybix

Xybix understands that consumers are turning increasingly towards healthy and environmentally friendly products. Xybix is proud to announce that all of its products are UL Greenguard Indoor Air Quality Certified®. This certification gives credence to manufacturers' stainability claims, backing them with empirical scientific data from an unbiased, third-party organization.

Our furnishings and finishes have been rigorously tested for emissions of formaldehyde, volatile organic compounds, aldehydes, respirable particles, ozone and other pollutants and are within the allowable emission levels standards. Unlike other similar furniture manufacturers, this test is conducted on the complete Xybix product as it will be installed and used at the customer's facility.

Xybix's height adjustable workstations are certified according to the UL GreenGuard® Indoor Air Quality Certification Program for Low Emitting Products. Each of our laminate suppliers have UL GreenGuard® certifications. Xybix's panel fabric suppliers provide innovative earth-friendly products that have earned a Reduced Environmental Impact designation because they are produced of the following fibers or materials:

- 100% recycled fiber, or
- 100% bio-based fiber, or
- 100% heavy metal free fiber, or
- 100% natural, compostable fiber, or
- PVC free

Terms and Conditions

LEAD TIMES

Standard lead time: 90 days Expedited shipping may be available, contact customer service for details.

FREIGHT TERMS

Shipments within the Continental USA

All shipments within the continental USA will be F.O.B. Factory.

Anything else to the contrary notwithstanding, Xybix reserves the right to pass on charges for other than normal dock to dock delivery, such as residential delivery, lift gate service, inside delivery, etc., unless alternative arrangements have been agreed to in writing with Xybix prior to the shipment.

In any event, for shipments within the continental USA, Buyer acknowledges that once Xybix delivers goods to the carrier, title to the goods and risk of loss will pass to Buyer, and customer is responsible for seeking appropriate recourse against the carrier, which shall be customer's sole recourse for goods damaged in transit.

Shipments to Hawaii, Alaska and Canada

Shipments to Hawaii, Alaska, and Canada will be handled on a case by case basis. Please contact the Customer Service department at Xybix for more information and a quote.

Shipments to Canada

Shipments to Canada will be Carrier Paid to Destination and subject to GST, any other applicable taxes, any customs, insurance and or broker fees.

In any event, for shipments to Canada, Buyer acknowledges that once the goods are delivered at the Destination, title to the goods and risk of loss will pass to Buyer, and if goods are damaged or lost by the carrier in transit to any further destination, Buyer is solely responsible for seeking appropriate recourse against the carrier in connection with any such damages or losses.

Delivery Date Guarantee Charge

Delivery date and time are at the discretion of the carrier within reasonable transit time unless special arrangements have been agreed to in writing between customer and Xybix prior to shipment. There is an additional charge for guaranteed delivery on a specific day. A significant additional charge is added for delivery guaranteed within a specific time window on a specific day. These charges will be quoted at customer request.

Re-delivery and Reconsignment of Freight

The customer will be charged for re-delivery or reconsignment of all orders (regardless of shipping terms agreed to), if re-delivery or reconsignment was caused by a customer change after the goods have left Xybix's factory/dock.

Choice of Carrier

Xybix will use reasonable commercial judgment for choice of carrier, without assuming responsibility for delays, damage or loss.

Shipment Damage Claims

All shipments must be carefully inspected by customer before acceptance, and the delivering carrier must record any damage or shortage noted at time of delivery. If customer believes it has uncovered further damage after delivery, immediate inspection by the delivering carrier must be requested. Damaged freight must be kept at point of delivery in original packaging for inspection by carrier. Customer is responsible for seeking appropriate recourse against the carrier, which shall be customer's sole recourse for goods damaged in transit.

Concealed Damage

Concealed damage and concealed shortage must be notified within 10 calendar days from delivery date at the specified location to identify concealed damage not visible at time of delivery. Customer must notify carrier and Xybix within such 10-day period, and must retain the original packaging and product. If requested by either carrier or Xybix, customer must ship product back at Xybix's expense. If Xybix determines that damage was due to Xybix's error, Xybix's sole obligation is to replace product in timely fashion and ship to customer at Xybix's expense. If Xybix determines carrier is at fault, customer must seek recourse against carrier, which shall be customer's sole recourse. Customer waives right to place claim against Xybix if filed after 10 calendar days of receipt of shipment.

Shortage Claims

Customer has 15 calendar days after delivery at the specified location to file a claim against Xybix for product shortages or Xybix errors not obvious at the time of delivery. If Xybix determines a shortage or error was made by Xybix, Xybix's sole obligation is to fill the shortage or correct error and ship at Xybix's expense. Customer waives right to place claim against Xybix if filed after 15 calendar days of receipt of shipment.

Pricing/Order Entry Errors

Claims for pricing or order entry errors must be made no later than 20 days from receipt of invoice.

RETURN AUTHORIZATION POLICY

Authorization is required for the return of any merchandise to Xybix. Call Xybix Customer Service at (800) 788-2810. We require the following:

Your name, your company name, phone number, fax number, quantity and product to be returned, and Xybix's invoice number (or your PO number).

Copyright© Xybix Systems, Inc.
February 2016

Terms and Conditions

A Customer Service Representative will take your request and furnish you with an RMA number, and will send instructions for the return of the product. A credit memo will be issued upon inspection and approval of the returned product. Upon receipt and inspection, Xybix will determine credit amount and notify you of any discrepancies. Please DO NOT make any financial adjustments to your account prior to Xybix
issuing a credit memo for returned goods. We will credit or refund the value of the product total and any taxes you were charged, less applicable fees (excluding delivery charges). Refunds will be given in the same form of payment. Adjustments to credit cards should appear within two billing cycles. Please allow a minimum of 30 days for us to receive and process your return. Requests for return authorization must be made within sixty (60) days of the invoice date. Authorized returns are subject to a 25% restocking fee. Once an RMA number is issued, returned product must be received at Xybix within 30 days. Credit can only be given if the product is in new, re-saleable condition. Custom products and special configurations are non-returnable. Unauthorized product returned on the RMA number will not be credited. Claims for product damaged on the return shipment are the responsibility of the shipper. The customer is required to pay the return freight costs.

REPLACEMENT ORDERS

Any replacement orders will be charged to your account. A credit memo will be issued for returned products that have been approved less a 20% restocking fee.

ORDER CANCELLATION POLICY

Purchase orders may not be changed or cancelled, in whole or part, without prior written consent of Xybix. If an order is cancelled before production begins, Xybix will halt processing of the order at no charge. If the order is already in production, cancellation is subject to a cancellation fee of 10% of the net invoice or for reasonable cancellation charges as established by Xybix. Special Products (customs) cannot be cancelled once in production and are non-refundable.

PAYMENT TERMS

Standard payment terms for installed products are 50% down with order, 40% NET 30 or upon beneficial usage and 10% upon punch list completion. Other terms as negotiated.

CUSTOMERS OWN MATERIAL (COM)

For COM orders, please contact Xybix Customer Service for details and restrictions on fabrics and laminates not provided by Xybix.

WARRANTY

See attached warranty page.

Copyright© Xybix Systems, Inc.
February 2016

Xybix dispatch workstations limited warranty

Warranty Terms and Conditions

Defects in Xybix manufactured products and components covered by this warranty and found during the applicable *warranty period* (see below) will be repaired or replaced (at Xybix's sole option) upon prompt notice from the original buyer. Troubleshooting tasks (as outlined in the *Buyer's responsibility* clause below) must be performed before product repair or replacement will be provided. Repairs, substitute products or replacements of equal or higher value used to resolve a warranty claim will in no way extend the applicable warranty period applied to the original product. Xybix will assume responsibility for all shipping and return shipping expenses of any defective product covered by this warranty.

This warranty does not apply to:

- Normal wear and tear and consumable items such as light bulbs
- Xybix products which have undergone unauthorized modifications or reconfiguration
- Products subject to improper use or conditions including negligence, accident or alterations
- Products damaged by AC power disturbances
- Any account not paid in full
- Matching of color, grain or texture

WARRANTY PERIOD

Limited Lifetime Warranty

Except as listed below, any defective Xybix manufactured components will be replaced at no charge for as long as the original purchaser owns the product. Labor and all associated expenses for defective products covered by this warranty will be provided to the original buyer for three years from the date of acceptance or beneficial usage whichever occurs first.

Limited Term Warranty

Lift columns, electronic controls, switches, heating devices and all moving parts found to be defective, will be replaced or repaired (at Xybix's option) for the first three years of original ownership. This warranty includes parts, labor and shipping costs.

BUYER'S RESPONSIBILITY

The execution of this warranty requires the cooperation of the buyer with Xybix. The buyer agrees to perform basic troubleshooting tasks to determine the nature of the defect (and quickly self correct – if possible) with assistance from Xybix customer service before Xybix personnel will provide on-site assistance. In the event that Xybix personnel must provide on-site assistance and the product failure or defect is found to have resulted from items to which this warranty does not apply, the buyer agrees to reimburse Xybix for all expenses resulting from the warranty claim. Expenses include, but are not limited to: product, shipping, installation, transportation and accommodations. An hourly labor rate will be applied for work performed. Xybix makes no other express or implied warranties to any product except as stated above, and in particular, makes no warranty or claim of merchantability or fitness for a particular purpose. Product repair or replacement is the buyer's exclusive remedy for any and all product defects except as outlined in the foregoing warranty.
