10. Background:

On July 31, 1996, the Board adopted Ordinance 96-12 to create the Lee County Conservation Land Acquisition and Stewardship Program (also known as the "Conservation 20/20" program). The purpose of the Conservation 20/20 program is to acquire, restore and maintain environmentally sensitive lands. On September 13, 2005, the Board amended Ordinance 96-12 with the adoption of Ordinance 05-17, to be known as the Lee County Conservation Lands Implementation Ordinance. The new ordinance requires that the Lee County Conservation Land Acquisition and Stewardship Advisory Committee (CLASAC) begin to develop for Board approval an Annual Property Acquisition Map. The map is to depict properties that are either nominated for acquisition and are actively being pursued for purchase, or have been purchased by the County under the Conservation 20/20 Program.

This blue sheet presents for Board approval the Annual Property Acquisition Map for 2006.
