FINAL MILLAGES AND BUDGETS FOR
SPECIAL TAXING UNITS**

MSTBU

COORDINATOR: The following FY12-13 Special Taxing Unit Millages are proposed for final adoption. Any percentage in the proposed millage rate over the rolled-back rate reflected below is due to a combination of decreased property values, reduced fund balance, and required repayment from units for FY11-12 interfund loans. Additionally, several units have budgeted for additional lighting or future dredge work.

If no changes are made, only one motion to adopt is required as the Resolution includes all of these taxing units. A motion can be offered after the list is read.
