RE: Cherry Estates Side Streets Road Paving Project

Roger Desjarlais
County Manager

Dear Property Owner:

Richard Wm. Wesch
County Attorney

This letter is to provide you with an update on the Side Street paving project. Work will begin on **August 13th** with completion in 3 weeks (weather permitting). **I again remind you to remove all landscape borders, stones, paving blocks, curbing, or decorative items that are abutting or adjacent to the roadway area in advance of the August 13th start date. The contractor will not be responsible for moving or damage of items left in those areas.**

Donna Marie Collins
Hearing Examiner

Prior to the start of work, the paving contractor, Pavement Management will have staff video-filming the entire area to document all locations. This is a requirement of Lee County.

The sequence of work will begin with the removal of the concrete on Harpoon followed by the milling of the remaining streets. Immediately following the milling, the paving trucks will be providing the asphalt. *As a precaution it is not recommended that you drive down the newly asphalted streets, as your vehicle will get tar on wheels and will transfer to your driveways.*

If you have any questions or concerns, please address them to Lee County and not the contractor. Randy Harris, Lee County Project Manager, will be onsite and can be reached by cell at 239-707-2481 or you may contact me at 239-634-0040.

Sincerely,

Lori Borman
Lee County Principal Mgmt Analyst/MSTBU Coordinator
