

10/4/2016

Dear Property Owner

This is to inform you that we have been requested by a majority of the property owners in your community to provide an estimate for dredging the channel between Marina and Coral Circle. This is an improvement above the core level of services as provided for by the County and should the majority of property owners in the community petition to move forward with this project, the final cost of the project will be assessed to the benefiting property owners.

We have provided a petition with the cost estimate to a representative who will be in contact with you to discuss specifics of the project and provide you with the formal petition with the cost estimate. This estimate/petition will assist you in deciding whether or not to support the project.

Should you have questions that the representative is unable to answer, please do not hesitate to contact me at 239 533- 8848 or by email mgeissler@leegov.com.

Sincerely,

Melissa Geissler,
