

Regulation Number: 1,009

**LEE COUNTY PUBLIC WORKS
DEPARTMENT OF TRANSPORTATION
LEE COUNTY, FLORIDA
TRAFFIC REGULATION ORDER**

Date Advertised

May 3, 2017

Date Issued

April 21, 2017

Location: Joan Avenue N. @ 8th Street W.

I hereby direct that the existing Stop signs controlling Joan Avenue N. be reversed so that Joan Avenue N. is designated as the preferential street

at the above named location, in accordance with the attached detail.

This regulation shall be effective upon posting.

Initiated by: Bryan Miller, Senior Project Manager (RFA No. 201700950)

Recommended by: Bryan Miller, Senior Project Manager

Studies on file: Intersection Approach Counts show that Joan Avenue is carrying 96 percent of the entering traffic, and is the main street functioning as a residential collector road. Daily volume on Joan Avenue is about 1,500 vehicles per day, with 8th Street W. entering traffic at less than 100 vehicles per day. There is no roadway geometric feature which would support the current intersection control with the minor street being preferential. Consistent with the "Manual on Uniform Traffic Control Devices" the minor street should be the stop controlled street.
