

Regulation Number: 998

**LEE COUNTY PUBLIC WORKS
DEPARTMENT OF TRANSPORTATION
LEE COUNTY, FLORIDA
TRAFFIC REGULATION ORDER**

Date Advertised

N/A

Date Issued

June 30, 2016

Location: Daniels Parkway (Eastbound) at Fuel Farm Road

I hereby direct that an eastbound No U-Turn prohibition be established

at the above named location, in accordance with the attached detail.

This regulation shall be effective upon posting.

Initiated by: Lee County Department of Transportation

Recommended by: Bryan Miller, Senior Project Manager *bm*

Studies on file: The current median design at Fuel Farm Road will accommodate the eastbound u-turn movement. However, with the proximity of the merge lane end just west of this location any decelerating u-turn vehicle would be in the overlapping acceleration area of merging vehicles which presents a potential conflict. Further there is no auxiliary lane for the u-turn movement. Based on the area street network and parcel accesses there is no significant u-turn movement occurring. Lee County is considering reconstruction of the eastbound merge lane to improve safety and operational effectiveness. At that time modifications to the median opening at Fuel Farm Road will be done to physically discourage the u-turn movement.
