9. Background:

On June 2, 1998, Lee County entered into a ten year contract with the Florida Department of Environmental Protection to perform pollutant storage tank inspections in Lee County. Task No. 9 relates to the inspection, regulation and enforcement activities associated with 1,310 regulated storage tanks in accordance with FDEP policies for \$257,781.80.

Revenues received from the State under this agreement pay for the expenses of the program. Expenses and revenues are tracked through account no. OC5371313807 (FDEP Pollutant Storage Tank Program).

The Task Assignment Notification Form for Lee County was misdirected and failed to arrive in a timely manner. In accordance with the agreement, the form must be signed no later than June 30, 2005. In order to avoid a reduction in our contract amount, the form was signed by the contract manager to meet our contractual deadline and forwarded to FDEP within the stipulated time constraint.

Attachment: One (1) fully executed original for Clerk of Courts, Minutes Department.
