In Dunbar Armored Service's bid the Midpoint Memorial Toll Facility was quoted for Tuesday through Friday as an oversight. In the email below you will see the clarification in days of service (as specified in original bid docs).

**NOTE:** the Five day service for this location would be the same as the others at \$328.68/month.

Please let me know if you have any concerns or issues with this modification as we are ready to proceed with award.

Thank you for your assistance.

Hi Mary

The only modifications were those contained on the included Pricing Data Sheet which indicated check reconstruction, variable charges if needed, etc. "Clarifications: might have been a more clear term as opposed to "Modifications".

Regarding Midpoint Memorial Toll Facility, we currently provide Monday through Friday service. Five day service was quoted for your 5-day locations as \$328.68/month each.

The bid scope of work indicated for Midpoint Memorial –  
Maximum Daily Amount: Tuesday – Friday \$38,000  
Monday \$75,000

I picked up your requirement as a Tuesday to Friday service and quoted \$253.98. I see now there was a second line that included Monday's requirement.

Five day service for this location would be the same as the others at \$328.68/month.

Sincerely,

Rosemary

Good afternoon.

On your bid that was submitted for IFB150162 Armored Car Service you indicated there were modifications and to see the attached Price List. I have reviewed the price list and the only thing I see is that Midpoint Memorial Toll Facility days of service you have it as Tuesday through Friday verses how it was bid for Monday through Friday. Was that in error?

Please state your modifications.

Questions...let me know.  
Thanks,  
MK
