Diana,
Can you please add this to the current boot and belt quote-IFB140405? They have discontinued the current boot FW686 and FW500. See below for the new part number and pricing.

Thanks,

Is this happening to the ladies boots also? If so, what is that price?

I will need the part numbers for them so I can get it changed on the quote.

Under Armour has dropped it, but replaced it with an RTS version.

Hi Brittany,
I am trying to order the Under Armor Boots in size 13. Is this something you are out of or is this being discontinued?
Thanks,
