The following general conditions will apply for all projects conducted under this contract unless modified by the County Project Manager.

1. The Contractor shall be solely responsible for determining the type and amount of equipment and labor necessary to complete the work in accordance with the scope of work and within the time limits established by the County Project Manager.
2. The Contractor shall be solely responsible for examining the area(s) identified on maps provided by the County Project Manager to arrive at an accurate cost determination for the work involved during the time period of the year for which the work will occur.

3. The Contractor shall be responsible for providing adequate notice (at least 24 hours) to the County Project Manager prior to beginning any works.
4. The Contractor shall be responsible for the proper disposal of all debris or vegetation collected or generated at the work site including trash items such as bottles, cans, etc. Non-vegetative debris must be disposed of at a Florida Department of Environmental Protection permitted facility. The contractor will be required to submit a vegetation disposal estimate form at invoicing.
5. The Contractor shall exercise care to avoid damage to adjacent wetland and native plants or to public or private improvements including lawns, roadways, structures, utilities, sprinklers, septic systems, and fencing. Repair, replacement, or restitution for any such damage shall be the sole responsibility of the Contractor.

12. Commission Action:					

Qualifications Evaluation Committee consisted of the following staff members: Doug Meurer, Assistant County Manager, Voting Chair; Roland Ottolini, Director Natural Resources; Anura Karuna-Muni, Natural Resources; and, Wanda Wooten, Natural Resources. Based on the information submitted by the Consultants in their Statements of Qualifications, it was the consensus of the Committee to shortlist 10 firms for telephone interviews.

At the committee meeting points were presented and put on record by each committee member with respect to each submittal from all firms. Following the discussions, the consensus of the committee was to invite 10 of the 13 firms for a telephone interview. The chair entertained a motion to approve the 10 firms for a telephone interview and to delegate the authority to conduct these interviews to Procurement with the further authority to present the selection to the Board if no issues were found during the interview process.

Telephone interviews were conducted on February 3, 2014 with the "short list" firms, it was the consensus of the Committee to recommend to the Board the selection of the 10 firms and request Board approval for staff to commence contract negotiations with the 10 firms as follows: Deangelo Brothers, Inc. dba Aquagenix; EarthBalance Corporation; Ecosystem Technologies, Inc.; Environmental Restoration Consultants, Inc.; Mettauier Environmental, Inc.; Sandhill Environmental Services, LLC; Thrasher Site Development, Inc.; TSI Disaster Recovery, LLC; Walker Exotic Tree Eradication & Mitigation, LLC; and, Woods and Wetlands, Inc.

Per Section 6 of the Contracts Manual for annual-type master contracts, the Board can concur with the selection of consultants and authorize staff to negotiate on a project by project basis within the same blue sheet. This will eliminate the need for an additional blue sheet requesting Board approval of the Agreements.

Funds will be available in specific project budges as well as the following account numbers:
