the Bidders have not yet “Joined.” Joining an event moves the event from “Public Events” to “My Events,” allows the Bidder to submit questions about the event (solicitation), and alerts Bidders to any associated updates (e.g., addenda, event edits, etc.).

To respond to a solicitation, bidders shall review and accept the electronic agreement on the “Review and Accept Agreement” page. Click the radio button next to, “I accept the terms of this agreement.”

When responding, save work frequently – at intervals less than 20 minutes. Sourcing 3.0 automatically times out after 20 minutes of inactivity. Any unsaved information may be lost when the system times out. Clicking the “Save” button within Sourcing 3.0 only saves your solicitation responses.

To transmit responses to the State, Bidders shall click “Submit Entire Response.” After clicking the “Submit Entire Response” button, Bidders are responsible to verify and validate any submitted response in Sourcing 3.0 to ensure their responses are accurate and complete prior to the bid closing time.

Bidders should allow sufficient time, prior to the Solicitation event period closing, to address any errors and resubmit revised responses.

To validate responses, please do the following before the Solicitation period ends:

Click the “Response History” link to confirm that your “submitted” response is visible, and, therefore, formally submitted.

Confirm that a status of “Accepted” displays next to your submitted response.

Click on the Reference number of your submitted bid response to review the submission.

Please check the following:

- Text boxes – Is your entire answer viewable?
- Yes/No questions – Are the displayed answers correct?

2.3.4.1 Completing the Pricing Tool Workbook

The Pricing Tool Workbook is designed to an aid to Qualified Bidders to facilitate calculations for the on-line Online Reverse Auction event Phase II and a verification of final prices in Phase III. The Phase III Bidder shall only input information in the grey shaded boxes. Each Product and quantity break contains a cell (highlighted in grey) for the Phase III Bidder to enter in the prices that they are offering for the various products and quantities. This price is multiplied (auto-filled) by the estimated number of cartons to give an estimated spend by carton for the various carton quantities. The total spend by carton for each Product are added together (multiplied) to populate the Total Bid Cell. Phase III Bidders choosing not to provide pricing for all products and quantity breaks will be deemed nonresponsive. Attachment A, Pricing Tool Workbook, establishes pricing for the Products to be awarded for the term of the Contract and any renewals. The Contractor shall not exceed this pricing when providing Products under any resultant Contract. Total pricing should be equal to or reasonably rounded to the vendor's final bid submitted during the Online Reverse Auction phase of the ITB. Phase III Bidders are required to submit their pricing for all items and volumes listed in the workbook.

2.3.4.2 Savings/Price Reduction (Attachment E)

The Phase III Bidder is required to furnish the percent (%) savings in prices offered compared to retail, list, published or other usual or customary prices that would be paid by the purchaser without the benefit of a Contract resulting from this bid. Attachment E (PUR 7064), Savings/Price Reductions is provided to facilitate the Bidders response to this requirement. The Bidder is required to submit this form after the Online Auction, during Phase III, and the Contractor shall submit this form at the time of any renewals or extensions. Savings/Price Reduction Form found in Section 5 (Attachment E).

2.3.5 Online Reverse Auction General Rules

During the Online Reverse Auction, the Qualified Bidders from Phase I will submit a single price that will represent a composite of the four different types and variations of products described in Section 3 of this solicitation. A Pricing Tool Workbook (Attachment A) has been developed to assist the Qualified Bidder. The Workbook includes actual historical quantities ordered for each type and variation. The Workbook will be used to facilitate bidding and will be submitted during the Contract award phase in accordance with the date and time listed in the Timeline of Events (see Attachment G).

The Online Reverse Auction phase will be a sealed bid format; no pricing information will be displayed during the Online Reverse Auction event. The participating Qualified Bidders from Phase

I will receive their rank relative to the best bid during the Online Reverse Auction event. The participating Qualified Bidders will see the “rank” of their bid only. All participating Bidders in Phase II will remain anonymous through use of MFMP Sourcing Online Reverse Auction event. During the Online Reverse Auction event, a Bidder may submit a bid as many times as the Bidder desires, within the time limit provided. However, only the last bid will be accepted.

Throughout the live Online Reverse Auction event, Bidders will have real-time access to phone support to answer all technical questions related to MFMP Sourcing. However, it is the Bidder’s responsibility to participate and ask questions.

The Department maintains the right to restrict a Bidder’s access to the system and their ability to bid for failing to comply with all requirements of this solicitation.

2.3.5.1 Bid Decrement Rule

The maximum starting bid for the Online Reverse Auction event will be \$10,200,000.00. Every subsequent bid made will be governed by a minimum bid decrement. In order for a bid to be accepted by MFMP Sourcing, it must be less than the previous bid submitted by that vendor and by at least the pre-defined decrement amount. MFMP Sourcing will reject any bids placed that do not decrease by at least this decrement. Bid decrements submitted may also be greater than the required minimum amount.

The minimum bid decrement is \$100,000.00

2.3.5.2 Bid Improvement

When submitting bids, it is not required that a bid be lower than the overall best bid to be accepted. It is required that each bid submitted improve upon the previous bid by that Bidder (by the minimum bid decrement or greater). For example, if the best overall bid for a lot is \$500,000, and the last bid a Bidder placed was \$600,000, given a minimum bid decrement of \$100,000, the next bid for that Bidder would need to be \$500,000 or lower. This rule is designed to allow a Bidder to submit its best pricing to the Department. A Bidder can reduce their bid by more than the minimum bid decrement.

2.3.5.3 Timing Rule

The Online Reverse Auction Event is scheduled to last 45 minutes. The Online Reverse Auction event will start at the date and time according to the Timeline of Events. Vendors will participate on-line, via their own computer.

2.3.5.3.1 Automatic Extension Rule

If a bid is entered into the system within five minutes of the scheduled Online Reverse Auction close time, the scheduled close time will be reset to five minutes. The event close time will be reset to five minutes with each bid placed after the five minute mark. It is not required that a bid must be the best overall bid to extend the event, any bid placed will trigger an extension.

There will be an unlimited number of extensions; the close time will continue to extend as long as bidding activity occurs during the extension periods. Time will be tracked on the upper-right corner of the main section within MFMP Sourcing.

2.3.5.3.2 Pauses and Extensions

The Department reserves the right to pause the bidding (e.g., due to technical difficulties, etc.) at any time or to extend the bidding when determined to be in the best interest of the State.

It is the Bidder's responsibility to assert that the information in question is exempt from disclosure under Chapter 119, Florida Statutes, or other applicable law. If the Department becomes subject to a demand for discovery or disclosure of the Confidential Information of the Bidder in a legal proceeding, the Department shall give the Bidder prompt notice of the demand prior to releasing the information (unless otherwise prohibited by applicable law). 4.2.7.1.1 If, under this Contract, the Contractor is providing services and is acting on behalf of a public agency as provided by section 119.0701(1)(b), Florida Statutes, the Contractor shall:

4.2.7.1.2 Keep and maintain public records that ordinarily and necessarily would be required by the public agency in order to perform the service.

4.2.7.1.3 Provide the public with access to public records on the same terms and conditions that the public agency would provide the records and at a cost that does not exceed the cost provided in Chapter 119, Florida Statutes, or as otherwise provided by law.

4.2.7.1.4 Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed except as authorized by law.

4.2.7.1.5 Meet all requirements for retaining public records and transfer, at no cost, to the public agency all public records in possession of the Contractor upon termination of the Contract and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the public agency in a format that is compatible with the information technology systems of the public agency.

4.2.7.2 Protection of Trade Secrets or Other Confidential Information

If the Contractor considers any portion of materials made or received in the course of performing the Contract ("Contract-related materials") to be trade secret under section 812.081, Florida Statutes, or otherwise confidential under Florida or federal law, the Contractor must clearly designate that portion of the materials as "confidential" when submitted to the Department.

If the Department receives a public records request for Contract-related materials designated by the Contractor as "confidential," the Department will provide only the portions of the Contract-related materials not designated as "confidential." If the requester asserts a right to examine Contract-related materials designated as "confidential," the Department will notify the Contractor. The Contractor will be responsible for responding to and resolving all claims for access to Contract-related materials it has designated "confidential."

If the Department is served with a request for discovery of Contract-related materials designated “confidential,” the Department will promptly notify the Contractor about the request. The Contractor will be responsible for filing, the appropriate motion or objection in response to the request for discovery. The Department will provide materials designated “confidential” only if the Contractor fails to take appropriate action, within timeframes established by statute and court rule, to protect the materials designated as “confidential” from disclosure.

The Contractor shall protect, defend, and indemnify the Department for claims, costs, fines, and attorney’s fees arising from or relating to its designation of Contract-related materials as “confidential.”

4.2.8 Retention of Records

Contractor shall retain sufficient documentation to substantiate claims for payment under the Contract, and all other records made in relation to the Contract, for five (5) years after expiration or termination of the Contract.

4.2.9 Annual Appropriations

The State’s performance and obligation to pay under this Contract are contingent upon an annual appropriation by the Legislature.

4.2.10 Renewal

Upon mutual agreement, the Customer and the Contractor may renew the Contract, in whole or in part, for a period that may not exceed 5 years or the term of the Contract, whichever period is longer. Any renewal shall specify the renewal price, which will be the pricing provided in the original quote with any approved PPI pricing adjustments factored in. The renewal shall be in writing and signed by both parties, and is contingent upon satisfactory performance evaluations and subject to availability of funds.

4.2.11 Cancellation

The Department may unilaterally cancel this Contract for refusal by the service provider to comply with this section by not allowing public access to all documents, papers, letters, or other material made or received by the Contractor in conjunction with the Contract, unless the records are exempt from Article 1, Section 24(a), Florida Constitution and Chapter 119.07(1), Florida Statutes.

4.2.12 Intellectual Property

The parties do not anticipate that any Intellectual Property shall be developed as a result of this Contract. However, any Intellectual Property developed as a result of this Contract shall belong to and be the sole property of the state. This provision shall survive the termination or expiration of this Contract.

4.2.13 Gifts

The Contractor agrees that it shall not offer to give or give any gift to any State of Florida employee. This Contractor shall ensure that its sub-Contractors, if any, shall comply with this provision.

4.2.14 Vendor Ombudsman

A Vendor Ombudsman, whose duties include acting as an advocate for Bidders who may be experiencing problems in obtaining timely payment(s) from a state agency, may be contacted at

(850) 413-5516, or by calling the Department of Financial Services Consumer Hotline at 1-800-342-2762.

4.2.15 Monitoring by the Department

The Contractor shall permit all persons who are duly authorized by the Department to inspect and copy any records, papers, documents, facilities, goods, and services of the Contractor that are relevant to this Contract, and to interview clients, employees, and sub-Contractor employees of the Contractor to assure the Department of satisfactory performance of the terms and conditions of this Contract. Following such review, the Department shall deliver to the Contractor a written report of its finding, and may direct the development, by the Contractor, of a corrective action plan. This provision shall not limit the Department's termination rights.

4.2.16 Cooperation with the Inspector General

Pursuant to section 20.055(5), Florida Statutes, Contractor and any subcontractors understand and will comply with their duty to cooperate with the inspector general in any investigation, audit, inspection, review, or hearing.

4.2.17 Scrutinized Company List

Contractor certifies that it is not listed on either the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List, created pursuant to section 215.473, Florida Statutes. Pursuant to section 287.135(5), Florida Statutes, Contractor agrees the Department may immediately terminate this Contract for cause if the Contractor is found to have submitted a false certification or if Contractor is placed on the Scrutinized Companies with Activities in Sudan List or the Scrutinized Companies with Activities in the Iran Petroleum Energy Sector List during the term of the Contract.

4.2.18 Business Review Meetings

The Department reserves the right to schedule business review meetings as frequently as necessary. The Department shall provide the format for the Contractor's agenda. Prior to the meeting, the Contractor shall submit the completed agenda to the Department for review and acceptance. The Contractor shall address the agenda items and any of the Department's additional concerns at the meeting. Failure to comply with this section may result in the Contract being found in default and termination of the Contract by the Department or nonrenewal of the Contract.

4.2.19 E-Verify

Pursuant to State of Florida Executive Order Number 11-116, Contractor is required to utilize the U.S. Department of Homeland Security's E-Verify system to verify the employment of all new employees hired by the Contractor during the Contract term. Also, Contractor shall include in related subcontracts a requirement that sub-Contractors performing work or providing services pursuant to the Contract utilize the E-Verify system to verify employment of all new employees hired by the sub-Contractor during the Contract term.

4.2.20 Subcontracting

The Contractor shall not subcontract, assign, or transfer any work identified under this solicitation, with the exception of those subcontractors identified in the Contractor's bid, without prior written consent of the Department.

The Contractor is responsible for all work performed under the Contract resulting from this solicitation. No subcontract entered into by the Contractor for performance of work required under the Contract, shall in any way relieve the Contractor of any responsibility for the performance of duties under the Contract. The Contractor shall assure that all tasks related to the subcontract are performed in accordance with the terms of the Contract.

The Department supports diversity in its Procurement Program and requests that all subcontracting opportunities afforded by this solicitation enthusiastically embrace diversity. The award of subcontracts should reflect the full diversity of the citizens of the State of Florida. Contractor can contact the Office of Supplier Diversity at (850)487-0915 for information on minority bidders who may be considered for subcontracting opportunities.

4.2.21 Performance Qualifications

The Department reserves the right to investigate or inspect at any time whether the Product, qualifications, or facilities offered by Contractor meet the Contract requirements. Contractor shall at all times during the Contract term remain responsive and responsible. In determining Contractor's responsibility as a Contractor, the agency shall consider all information or evidence which is gathered or comes to the attention of the agency which demonstrates the Contractor's capability to fully satisfy the requirements of the solicitation and the Contract.

Contractor shall be prepared, if requested by the Department, to present evidence of experience, ability, and financial standing, as well as a statement as to plant, machinery, and capacity of the Contractor for the production, distribution, and servicing of the equipment bid. If the Department determines that the conditions of the solicitation documents are not complied with, or that the equipment or parts proposed to be furnished does not meet the specified requirements, or that the qualifications, financial standing, or facilities are not satisfactory, or that performance is untimely, the Department may reject the response or terminate the Contract. Contractor may be disqualified from receiving awards if Contractor or anyone in Contractor's employment, has previously failed to perform satisfactorily in connection with public bidding or Contracts. This paragraph shall not mean or imply that it is obligatory upon the Department to make an investigation either before or after award of the Contract, but should the Department elect to do so, Contractor is not relieved from fulfilling all Contract requirements.

4.2.22 Contract Reporting

4.2.22.1 Contract Quarterly Sales Report (Contract Deliverable)

The Contractor agrees to submit a Quarterly Sales Report (Attachment B) on a quarterly basis to the DMS Contract Manager. Initiation and submission of the Quarterly Report is the responsibility of the Contractor without prompting or notification from the DMS Contract Manager. 4.2.22.2 Transaction Fee Reports

The awarded Vendor(s) will be required to pay the required transaction fees as specified in Section 14 of the PUR 1000, unless an exemption has been requested and approved prior to the award of the Contract pursuant to rule 60A-1.032 of the Florida Administrative Code.

Contractor shall submit one (1) accurately completed Savings/Price Reductions form (Attachment E) with any change in Contract status (e.g. Contract renewal or extension, price change, etc.). The Savings / Price Reductions form shall be used to verify the Savings / Price Reductions being offered. The Savings / Price Reductions form shall be provided to the Department's Contract Manager.

4.2.22.4 Diversity Reporting

The State of Florida is committed to supporting its diverse business industry and population through ensuring participation by minority, women, and veteran owned business enterprises in the economic life of the State. The State of Florida Mentor Protégé Program connects minority-, women-, and veteran business enterprises with private corporations for business development mentoring. We strongly encourage firms doing business with the State of Florida to consider this initiative. For more information on the Mentor Protégé Program, please contact the Office of Supplier Diversity at (850) 487-0915 or email: osdhelp@dms.myflorida.com.

Upon request, the Contractor shall report to the Department, spend with certified and other minority business enterprises. These reports shall include the period covered, the name, minority code and Federal Employer Identification Number of each minority Bidder utilized during the period, Commodities and services provided by the minority business enterprise, and the amount paid to each minority Bidder on behalf of each purchasing agency ordering under the terms of this Contract.

4.2.23 Preferred Pricing Affidavit Requirement

The Department shall provide the Preferred Pricing Affidavit, (Attachment D), for completion by an authorized representative of the Contractor attesting that the Contractor is in compliance with the preferred pricing provision in section 4(b) of the [PUR 1000](#) form. The Contractor agrees to submit to the Department, at least annually, the completed Preferred Pricing Affidavit.

4.2.24 Contract Termination

The Department may terminate the Contract if the Contractor: 1.) fails to comply with all terms and conditions of this Contract; 2.) fails to produce each deliverable within the time specified by the Contract; or, 3.) fails to abide by any statutory, regulatory, or licensing requirement. Rule 60A-

1.006(3), Florida Administrative Code, governs the procedure and consequences for default. The rights and remedies of the Department in this clause are in addition to any other rights and remedies provided by law or under the Contract. Upon receipt of notice of termination, the Contractor shall, unless the notice directs otherwise, immediately discontinue all activities authorized hereunder. The Contractor shall not be entitled to recover any cancellation charges or lost profits.

4.2.25 Force Majeure

Except for the payment of money due, neither party shall be deemed in breach or default of this Contract in the event that either party fails to perform pursuant to the terms and conditions of the Contract and the failure is caused by, or is in connection with, force majeure. The party suspending performance shall give prompt notice to the other party and shall attempt to cure promptly the cause for such suspension. Upon cessation of the cause for suspension, performance shall resume (or commence) as soon as reasonably practicable, unless otherwise agreed to by the parties. Notwithstanding any other provision of this Contract the parties agree that the settlement of strikes, lockouts or other industrial disturbances shall be entirely within the discretion of the particular party involved.

For purposes of this Contract, the term "force majeure" shall mean acts or events beyond the control of the parties, including, but not limited to, acts of God, strikes, lockouts, or other industrial disturbances, riots, epidemics, landslides, floods, fires, washouts, arrests and restraints, civil disturbances, explosions, breakage of or accidents to pipe lines, failure of equipment or, compliance with acts, orders, regulations or requests of any federal, state or local governmental authority, whether or not of the same class or kind, reasonably beyond the control of either party and which, by exercise of due diligence, such party is unable to overcome.

In the event a force majeure condition exists, or the potential exists for such condition, the Contractor shall inform the Department of the problem at the earliest practical time and present a plan for return to normal service.
