

ITEM 15.
Solid Waste - Consent

AGENDA ITEM REPORT

DATE: February 20, 2018
DEPARTMENT: Utilities
REQUESTER: Pamela Keyes
TITLE: Approve Purchase of Recycling and Refuse Containers

I. MOTION REQUESTED

A) Approve Piggyback No. PB170554GWT for utilization of the City of Tucson, AZ Contract No. 171717-01 Refuse and Recycling Container Solutions and Related Products, Equipment and Services for purchase of recycling and waste containers from Toter, LLC, as approved in the department's annual adopted budget.

B) Authorize use of the contract through its expiration date of February 1, 2019 and any renewals approved by the City of Tucson.

C) Authorize the Director of Procurement Management to execute any required documents on behalf of the Board of County Commissioners associated with the purchases under the contract.

II. ITEM SUMMARY

Approves a piggyback purchase for utilization of the City of Tucson, AZ Contract No. 171717-01 Refuse and Recycling Container Solutions and Related Products, Equipment and Services for recycling and waste containers from Toter LLC. Containers are purchased throughout the year based on need for new customers and replacements of worn or lost containers. The total anticipated annual expenditures for these goods is approximately \$130,000.

III. BACKGROUND AND IMPLICATIONS OF ACTION

A) Board Action and Other History

Recycling carts are distributed to the public and businesses countywide and are specifically required for the Solid Waste Department. The previous contract with The City of Tucson expired on January 31, 2018. Lee County Procurement Management reviewed the City of Tucson's contract and determined that it is eligible for piggyback. More than 100 agencies also piggyback off this contract given its competitive pricing, which is adjusted quarterly based on cost of resin.

Lee County began using Toter LLC containers given their durable construction method and resistance to deterioration due to sun damage. The carts are provided with a 12 year warranty; however, it is the County's experience that the container's useful life is up to 20 years.
