

LeeTran buses will begin transporting people to open evacuation shelters as of 9 a.m. this morning. At this time, all fares will be suspended for both Passport and Fixed Route buses.

To be transported to a shelter, all passengers can board the bus at any stop, and then need to exit the bus at a designated Shelter Transfer location. Passengers can also board the bus from dedicated pickup locations on Sanibel Island and Pine Island.

From the Shelter Transfer location, another dedicated bus will take passengers to the closest open evacuation shelter.

Regular transit service will continue to run at this time as well. LeeTran buses will remain running until winds reach approximately 40mph.
