**TECHNICAL MEMORANDUM**

**SUMMERLIN ROAD SIX LANING  
FROM  
SAN CARLOS BOULEVARD  
TO GLADIOLUS DRIVE**

**LEE COUNTY PROJECT #4067**

Lee County, Florida

Prepared for:  
Lee County Board of County Commissioners  
Department of Transportation  
P.O. Box 398  
Fort Myers, Florida 33902-0398

Date: September 5, 2002

**Summerlin Road Six Laning  
From  
San Carlos Boulevard To Gladiolus Drive**

**Public Information Workshop Memorandum**

The Lee County Department of Transportation held a public information workshop on September 5, 2002 at the Westminster Presbyterian Church, 9065 Ligon Court in Fort Myers for the Summerlin Road Six Laning Project. The limits of the project are from San Carlos Boulevard to Gladiolus Drive. The purpose of the workshop was to present project information to the public and to gather public opinion. A total of 76 people signed in at the registration table. Copies of the sign-in-sheets are attached as Appendix A.

Lee County DOT makes it a practice to hold public meetings on all new roadway alignments and major improvements. These public meetings are held to inform and solicit input from the public regarding the specific project being presented. The Summerlin Road public workshop was held to solicit public input regarding the 30% design plans for the widening from San Carlos Boulevard to Gladiolus Drive.

The public workshop was advertised in the September 2, 2002 edition of the News-Press as a ¼ page display ad. Letters announcing the public workshop were mailed on August 15, 2002 to persons with property lying within 300' of the right-of-way. The Lee County Department of Public Resources transmitted a press release to local media on August 29, 2002. A variable message board was placed within the project limits for a period of one week prior to the workshop to inform the traveling public. Copies of the display ad, notification letter, mailing list, and press release for the workshop are attached as Appendix B.

The meeting was conducted in an open-format style that allowed the public to view the project material between the hours of 5:00 to 7:00 pm. A project hand-out, that summarized the project to date, was provided to the public at the registration table. In addition, a brochure about the Lee County MPO and their planning process was available in both English and Spanish. Representatives from the Lee County Department of Transportation were stationed at the display boards to explain the project data and answer the public's questions. Copies of the public workshop handout and MPO brochures are attached as Appendix C.

The public was provided with comment forms in order to have their opinion recorded as public record. A total of 19 comment forms were received from the meeting and during the two-week comment period following the meeting. The comments were analyzed and recorded below. The response indicates if/how the project team is addressing the public comment. The numbers in parenthesis indicated the number of times the same comment was submitted. Copies of the comment forms are attached as Appendix D.

In general, verbal comments included discussions regarding access management, noise walls and a desire by Lakewoods residents for access to the existing county road located to the west of their property for ingress/egress.

## WRITTEN COMMENTS & RESPONSES

- Comment:** Request county's help with access at Lakewood Boulevard—Request possible tie-in/extension to County Road. (3)
- Response:** *Residents and/or homeowners' associations are free to pursue access tie-in to county road. Lee County will assist in any way possible.*
- Comment:** Summerlin Crossing access in/out horrible--Open access closest to Winkler & Summerlin. (1)
- Response:** *Access drives and circulation roads are designed by the projects developer, and must meet an array of design standards, zoning restrictions and other criteria. Any alterations to the drives would need to be initiated by the shopping center managers and permitted through Lee County. A median installed on Winkler Road as a part of this project. This location will have no median opening due to the length of southbound to eastbound left turn lane.*
- Comment:** In favor of project (i.e., fine plan, very good, wonderfully conceived, okay with project as shown). (6)
- Response:** *No response necessary.*
- Comment:** Thought of making a U-turn on Lakewood and Summerlin does not sound appealing-- Good Luck. (1)
- Response:** *No response necessary.*
- Comment:** Drainage concern-drainage is already slow. (1)
- Response:** *All drainage within the limits of the intersection will be addressed and modified accordingly.*
- Comment:** Request a left turn median cut southbound on Gladiolus @ Elderberry. (1)
- Comment:** Want a left turn southbound on Summerlin Road into Elderberry Lane. (2)
- Comment:** Re-visit extending Elderberry parallel to Summerlin to hook-up with Wolanin site. (1)
- Response:** *Access to Elderberry from Summerlin Road is being negotiated with frontage developers. Elderberry, in its current location, is too close to ramp touchdown to allow for cross traffic.*
- Comment:** Not in favor of project (i.e., travel this road every day--absolutely NO reason to 6 lane, other areas in need of road improvements, majority of residents elderly and can't maneuver 4 lanes let alone 6). (2)
- Response:** *No response necessary.*
- Comment:** LCDOT should screen plans & restrict signals for future planning/development along Summerlin. (2)
- Response:** *The Lee County Board of County Commissioners review and issue permits for planned developments in Lee County. LCDOT is consulted when deemed appropriate. Signals are located according to signal warrant studies specific to each intersection.*

**Comment:** Landscape concerns (i.e., use native trees and shrubs indigenous to location, assume Landscape Plan will be reviewed by the Roadway Landscaping Advisory Committee and Pat Moore @ LCDOT. (2)

**Response:** *Core level landscaping will be planted in the median along the length of the project. Core level landscaping as defined by the LeeScape Master Plan Second Edition for Lee County will be provided, and will include canopy trees, palms, accent/flowering trees and sod. Presentations to the Landscape Advisory Committee are planned.*

**Comment:** Concern over speed limits, sidewalks, and beautification of project. (1)

**Response:** *The posted speed limit for this roadway is 45 m.p.h. The existing 8' sidewalk/bike path will remain and be enhanced. Core level landscaping as defined by the LeeScape Master Plan Second Edition for Lee County will be provided, and will include canopy trees, palms, accent/flowering trees and sod.*

**Comment:** Concern about future plans for Pine Ridge Road (i.e., 3 lanes heading south to 1 Lane Pine Ridge, turning radius for motor homes and trucks). (2)

**Response:** *Pine Ridge Rd. is beyond the scope of this project, however, we will forward your concerns to our Traffic Division for their review of the turning radius.*

**Comment:** Need sound barriers and landscaping at least for Bass/Summerlin, but preferably for the whole project. (1)

**Response:** *Lee County does not build noise walls since they must typically be 14 feet or higher to make any appreciable reduction in noise. At these heights, they are cost prohibitive and create a number of problems on their own. Core level landscaping as defined by the LeeScape Master Plan Second Edition for Lee County will be provided, and will include canopy trees, palms, accent/flowering trees and sod.*

**Comment:** Hopeful project will be completed by 2006. (1)

**Response:** *No response necessary.*

**Comment:** Land should already be purchased for frontage roads. (1)

**Response:** *Lee County buys necessary right of way when funds are available.*

**Comment:** Concerned with the elimination of grass median at Summerlin & Bass Roads. (1)

**Response:** *Green space in the existing medians will need to be impacted to accommodate the new travel and turn lanes. Extensive effort will be put forth to provide for landscaping features at intersections where space is available.*

**Comment:** TY Lin representative said my sign would be moved. LCDOT Said No – What is the answer? (1)

**Response:** *Owner should coordinate with LC DOT on sign.*

**Comment:** Cannot develop my land if you keep cutting off my customers' entrance. (1)

**Response:** *Proposed improvements to this road will not prohibit access to properties. Access management is a part of this roadway design.*

**Comment:** Park Royal needs to be a limited interchange. (1)

**Response:** *Park Royal development plans warrant a full intersection.*

**Comment:** Remove Signal at Summerlin and Lakewood and make it a limited intersection. (1)

**Response:** *The intersection of Summerlin and Lakewood is being evaluated separately and improvements are planned for this intersection later this year. Please contact Don DeBerry (479-8503) or Jessica White (479-8580) to review plans for this project.*

**Comment:** Want confirmation that U-Turn at Lakewood and Summerlin will not be discontinued when 280-unit hotel is completed. (1)

**Response:** *U-turn will not be discontinued unless it becomes a safety problem.*

**Comment:** Requesting dual directional left turns at Gladiolus & Lakewood and right-in/right-out on Summerlin Road (1)

**Response:** *Lakewood at Gladiolus access from eastbound Gladiolus will be directional left. The Gladiolus Gardens Driveway on Summerlin will be a right in/right out. Lakewood at Summerlin is beyond the limits of this project.*

**Comment:** Requesting access to my property running approximately 2000 feet along Summerlin from station 1245 to Winkler Road. I presently have no access to this property whatsoever! (1)

**Response:** *Access must be permitted through Lee County Development Services. Canal crossings, if needed are the responsibility of the property owner and may involve permits from the South Florida Water Management District and/or the Army Corps of Engineers.*

## **APPENDIX B**

# PUBLIC INFORMATION WORKSHOP

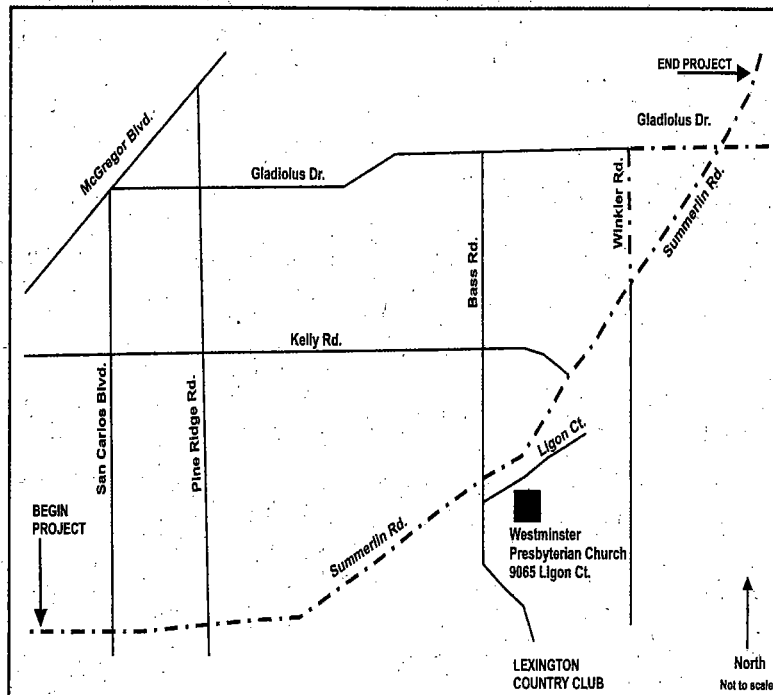

## SUMMERLIN ROAD SIX-LANING FROM SAN CARLOS BLVD. TO GLADIOLUS DR.

The Lee County Department of Transportation (DOT) will conduct a Public Information Workshop for the Summerlin Road Six Laning Design Project from San Carlos Boulevard to Gladiolus Drive on Thursday, September 5, 2002 from 5 - 7 p.m. at the Westminster Presbyterian Church, 9065 Ligon Court in Fort Myers (next to Lexington Country Club).

Proposed improvements to Summerlin Road consist of widening the 4.5+ miles of four-lane roadway to a six-lane divided roadway with the addition of a flyover interchange at the intersection of Summerlin Road and Gladiolus Drive. Median modifications and exclusive left and/or right turn lanes will be provided to improve the overall safety of the roadway. The four-laning of Winkler Road from Summerlin Road to Gladiolus Drive is also included in this project.

The public information workshop is being held to present the design plans and receive public comment about the project. Representatives from Lee County DOT will be on hand to discuss the project, answer questions and receive comments. **The workshop will be conducted in an "open house" format; no formal presentation will be given. You may attend the workshop anytime from 5 - 7 p.m.**

Anyone needing special accommodations under the Americans with Disabilities Act of 1990 should contact Kris Cella at 239-337-1071 or by writing to 2125 First Street, Suite 201, Fort Myers, Florida 33901 at least seven days prior to the workshop. If you have any questions about the project or would like information prior to the workshop, contact Ms. Cella by phone or e-mail to [Kcella@cella.cc](mailto:Kcella@cella.cc).

Dear Property Owner:

John E. Albion  
District Five

This is to inform you that the Lee County Department of Transportation will conduct a public information workshop concerning the above referenced project. The workshop will be held on Thursday, September 5, 2002 from 5 - 7 p.m. at the Westminster Presbyterian Church, 9065 Ligon Court in Fort Myers (next to Lexington Country Club).

Donald D. Stilwell  
County Manager

James G. Yaeger  
County Attorney

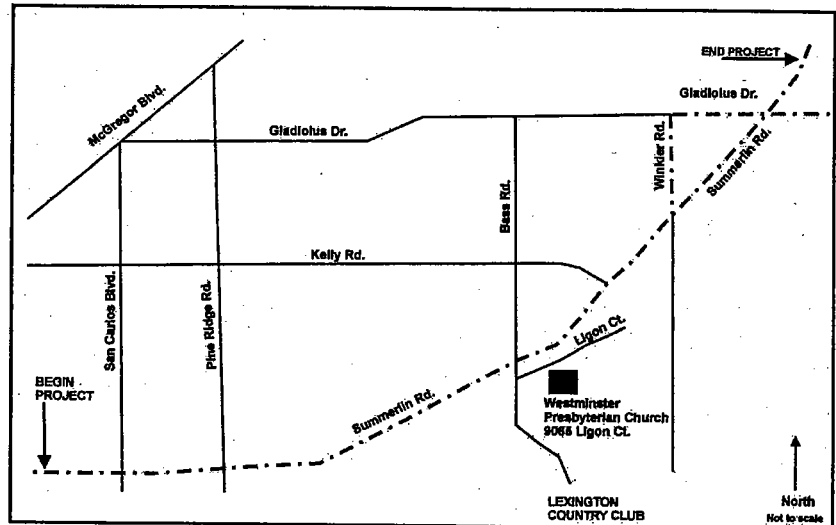

The Lee County Department of Transportation is notifying property owners whose property is within 300' of the proposed right-of-way (even though they may not be directly affected). The design phase includes the engineering for widening the four-lane configuration to six lanes and the design of a flyover interchange at the intersection of Summerlin Road and Gladiolus Drive. The purpose of the project is to improve roadway capacity to accommodate future transportation needs. This six-laning project was incorporated into the Lee County Metropolitan Planning Organization (MPO) 2010 Financially Feasible Highway Plan on November 17, 1988, and was carried over to the MPO 2020 Plan when it was adopted in 1995.

Diana M. Parker  
County Hearing Examiner

The public information workshop is being held to present the design plans and receive public comment about the project. Representatives from Lee County will be on hand to discuss the project, answer questions and receive comments. **The workshop will be conducted in an "open house" format; no formal presentation will be given. You may attend the workshop anytime from 5 - 7 p.m.**

Anyone needing special accommodations under the Americans with Disabilities Act of 1990 should contact Kris Cella at [Kcella@cella.cc](mailto:Kcella@cella.cc) or phone 239-337-1071 at least seven days prior to the workshop. If you have any questions about the project or would like information prior to the workshop, contact Ms. Cella.

Your attendance at this public information workshop is encouraged and any comments made will be included in the project record.

Sincerely,  
DEPARTMENT OF TRANSPORTATION

**Public Information Workshop**  
**Summerlin Road Six-Laning**  
**From San Carlos Boulevard to Gladiolus Drive**

**Fort Myers, FL, August 29, 2002** - The Lee County Department of Transportation (DOT) will conduct a Public Information Workshop for the Summerlin Road Six-Laning Design Project from San Carlos Boulevard to Gladiolus Drive on Thursday, September 5, 2002 from 5 – 7 p.m. at the Westminster Presbyterian Church, 9065 Ligon Court in Fort Myers (next to Lexington Country Club).

Proposed improvements to Summerlin Road consist of widening the 4.5+ miles of four-lane roadway to a six-lane divided roadway with the addition of a flyover interchange at the intersection of Summerlin Road and Gladiolus Drive. Median modifications and exclusive left and/or right turn lanes will be provided to improve the overall safety of the roadway. The four-laning of Winkler Road from Summerlin Road to Gladiolus Drive is also included in this project.

The public information workshop is being held to present the design plans and receive public comment about the project. Representatives from Lee County DOT will be on hand to discuss the project, answer questions and receive comments. **The workshop will be conducted in an “open house” format; no formal presentation will be given. You may attend the workshop anytime from 5 - 7 p.m.**

Anyone needing special accommodations under the Americans with Disabilities Act of 1990 should contact Kris Cella at 239-337-1071 or by writing to 2125 First Street, Suite 201, Fort Myers, Florida, 33901 at least seven days prior to the workshop. If you have any questions about the project or would like information prior to the workshop, contact Ms. Cella by phone or e-mail to [Kcella@cella.cc](mailto:Kcella@cella.cc).

# APPENDIX C

## SUMMERLIN ROAD WIDENING PROJECT FROM SAN CARLOS BOULEVARD TO GLADIOLUS DRIVE PUBLIC INFORMATION WORKSHOP

### INTRODUCTION

The Lee County Department of Transportation (DOT) welcomes you to this public information workshop for the Summerlin Road Widening Project. Representatives from Lee County DOT are present this evening to discuss project information and answer your questions. **There will not be a formal presentation this evening.** Design plans and project information are on display this evening on both sides of the room. Each side contains the same project information; feel free to visit either side. Comment forms are provided in this handout and can be deposited in the comment boxes this evening or can be mailed to the address provided on the back of the form. Comments received within 14 days will be included in a summary to the Lee County Board of County Commissioners. All comments will become a part of the project record.

### PROJECT DESCRIPTION

Proposed improvements to Summerlin Road consist of widening the 4.5+ miles of four-lane roadway to a six-lane divided roadway with the addition of a flyover interchange at the intersection of Summerlin Road and Gladiolus Drive. Median modifications and exclusive left and/or right turn lanes will be provided to improve the overall safety of the roadway. The four-laning of Winkler Road between Summerlin Road and Gladiolus Drive is also included in this project.

### PURPOSE AND NEED

The Lee County Metropolitan Planning Organization (MPO) consists of the Florida Department of Transportation (FDOT), Lee County and all incorporated cities within the county. These government entities work together in an attempt to identify and meet the transportation needs for the county as a whole. During the planning process, the MPO advertises meetings regarding transportation planning in the local media and provides full public access to decisions and documents. It supports early and continuing public involvement in the development and review of its transportation plans and programs. Once decisions are made they are adopted into the MPO 2020 Financially Feasible Highway Plan which outlines the County's future transportation needs and establishes if funding is available by which those needs can be accomplished. The six-laning of Summerlin Road from San Carlos Boulevard to Gladiolus Drive was incorporated into the Lee County MPO 2010 Financially Feasible Highway Plan on November 17, 1988, and was carried over to the MPO 2020 Plan when it was adopted in 1995.

Many factors are used during the planning process. One of the factors, Level of Service (LOS), is a grading system used by traffic engineers as a tool to assess how roadways are functioning in terms of traffic flow. This grading system uses letters from A-F to assign degrees of function from best to worst. When a roadway is graded as LOS F the roadway can be categorized as extremely congested and traffic flow is drastically impeded. The 2022 traffic projections indicate that the Summerlin Road project area will operate at LOS F without improvements. The signalized intersections of Summerlin Road and Gladiolus Drive and Summerlin Road and San Carlos Boulevard currently operate at LOS E and F respectively during peak traffic periods. The remaining three signalized intersections along the corridor are expected to operate at LOS E or F during the 2022 design year. The current LOS combined with the future traffic projections establishes the need to increase the capacity for this section of roadway in order to meet the expected future traffic demands. Graphics depicting LOS from A-F are on display this evening.

## WHAT IS THE MPO?

The Lee County Metropolitan Planning Organization (MPO) is an intergovernmental transportation planning agency created by an agreement among Lee County, Bonita Springs, Fort Myers, Cape Coral, Sanibel, Fort Myers Beach, and the Florida Department of Transportation. State and federal laws require the formation of MPOs in urbanized areas with populations of more than 50,000 in order for surface transportation projects to be eligible for federal Highway Trust Fund dollars.

The MPO is responsible for the comprehensive transportation planning process for all of Lee County and must plan for the movement of both people and goods within the county by all modes of travel--including highways, public transportation, bicycles, and foot.

The MPO develops a long-range transportation plan, identifying those highway and transit improvements that can be afforded through the year 2020, and endorses a Transportation Improvement Program (TIP) that identifies projects to be done over the next few years.

## WHO MAKES UP THE MPO?

### Voting members

**LEE COUNTY** - All five county commissioners

**CITY OF BONITA SPRINGS** - One elected official

**CITY OF CAPE CORAL** - Four elected officials

**CITY OF FORT MYERS** - Three elected officials

**TOWN OF FORT MYERS BEACH** - One elected official

**CITY OF SANIBEL** - One elected official

### Non-Voting Member

**FLORIDA DEPARTMENT OF TRANSPORTATION, DISTRICT 1** - District Secretary or designee

## HOW DOES THE MPO WORK?

The MPO is staffed by the Southwest Florida Regional Planning Council. The MPO is advised by the Citizen Advisory Committee (CAC), Technical Advisory Committee (TAC), Transportation Disadvantaged Local Coordinating Board (LCB), Bicycle Pedestrian Coordinating Committee (BPCC), and the Traffic Signal Coordinating Committee (TSCC).

The CAC consists of 21 appointed citizens who make recommendations to the MPO from the public's perspective on proposed long-range transportation plans, project plans, priorities for state and federal funding and other transportation issues.

The TAC consists of local and state agency planners, engineers, and transit operators who make recommendations to the MPO on transportation plans, programs, amendments, and priorities on behalf of the agencies they represent. By doing so, it provides a continuing liaison with local, state, and federal agencies involved in the transportation planning process.

The LCB consists of government, social service agency, citizen, and consumer representatives who oversee the provision of safe, efficient, cost-effective and quality transportation services to Lee County's elderly, handicapped and low income residents.

The BPCC consists of the local and state agency personnel who are responsible for bicycle and pedestrian planning for their agencies. It coordinates these agencies' bicycle/pedestrian planning activities, reviews provisions for pedestrians and cyclists in state and federal-aid surface transportation projects, and advises the MPO on the development of the bicycle and pedestrian element of its transportation plan and the programming of bicycle and pedestrian facilities.

The TSCC consists of local and state agency traffic engineers who review all proposals for new traffic signals. It serves as a technical subcommittee of the Lee County Community Traffic Safety Team, oversees the MPO's congestion management system, and recommends congestion mitigation measures for programming with federal funds.

## MPO OUTREACH EFFORTS

The MPO provides complete information, timely public notice, and full public access to decisions and documents. It supports early and continuing public involvement in the development and review of its plans and programs. It especially seeks out and considers the interests of people whose needs may not be well served by the existing transportation system, such as low income and minority households and persons with limited personal mobility.

**Transportation Advisory Network (TAN)** The TAN is a mailing list of individuals and organizations who have an interest in local transportation issues. The TAN provides a broad community resource for the formation and review of transportation plans, policies and strategies. This network provides key contact persons for outreach efforts, dissemination of information, and informal review and comment to ensure sensitivity to varied community needs, concerns, and interests.

## MPO MEETINGS

Unless otherwise noticed, the Lee County MPO meets on the Friday following the third Thursday of each month in the Council Chamber of Fort Myers City Hall, 2200 Second Street, Fort Myers. Notices containing the time, location and agenda of each MPO meeting are published in the Fort Myers *News-Press* and the MPO Web Site.

## FOR MORE INFORMATION . . .

about the MPO and its plans and programs, visit our web site at <http://www.swfrpc.org/mpo.htm>. Copies of the MPO's current 2020 Transportation Plan and five-year Transportation Improvement Program are available at all public libraries in Lee County. Copies of all current MPO publications are available, free of charge, at the MPO offices.

## ¿QUE ES EL MPO

La Organización Metropolitana del Condado de Lee (MPO) es una agencia intergubernamental para la planificación de transportación creada por un acuerdo entre el Condado de Lee, Fort Myers, Cape Coral, Sanibel, Fort Myers Beach y el Departamento de Transportación de la Florida. Leyes estatales y federales requieren la información del MPO en áreas urbanizadas con población de más de 50,000 para proyectos de superficie en transportación pública para ser elegibles para Fondos Federales de Autopistas.

El MPO es responsable por la comprensión del proceso de planificación en transportación para todo el Condado de Lee y debe planear para el movimiento de ambos, la gente y la mercadería dentro del condado por todos los medios de viaje incluyendo autopistas, transportación pública, bicicleta y a pie. El MPO desarrolla planes de transportación a largo plazo, identifica las autopistas y los mejoramientos de tránsito que pueden ser costeados hasta el año 2020, y endorsa Programas de Mejoramiento de Transportación (TIP) que identifica proyectos para realizarse en los próximos años.

## ¿QUIENES COMPONEN EL MPO?

### Miembros Votantes

*Condado de Lee* - Todos los cinco Comisionados del Condado de Lee

*Ciudad de Bonita Springs* - Un Consejero Municipal elegido

*Ciudad de Cape Coral* - Cuatro Consejeros Municipales elegidos

*Pueblo de la Playa de Fort Myers* - Un Consejero Municipal elegido

*Pueblo de la Playa de Fort Myers* - Un Consejero Municipal elegido

*Ciudad de Sanibel* - Un Consejero Municipal elegido

### Miembros No-Votantes

*Departamento de Transportación de Florida, Distrito Uno* - Secretario del Distrito o designado

## ¿CÓMO TRABAJA EL MPO?

El MPO se compone del Concilio Regional de Planificación del Suroeste de Florida. El MPO es asesorado por: el comité de Ciudadanos de Asesores (CAC). Comité de Consejería Técnica (TAC). Junta Coordinadora de Transportación Pública para Desventajados (LCB). Comité de Coordinación de Peatones de Bicicletas (BPCC) y el Comité de Coordinación de Señales de Tráfico (TSCC):

El CAC consiste de 21 ciudadanos nombrados que brindan recomendaciones al MPO acerca de los planes propuestos a largo plazo para los proyectos de Transportación, prioridades para fondos del estado y federal, y otros asuntos de transportación. Al hacerlo así, provee una coordinación con agencias locales, estatales y federales involucradas en el proceso de planes de transportación.

El TAC consiste de planificadores, ingenieros y operadores de tránsito de agencias locales y estatales, que hacen recomendaciones al MPO en planes, programas y prioridades en transportación de parte de las agencias que ellos representan.

El LCB consiste de agencias del gobierno para servicio social, y representantes del consumidor. Estos supervisan la provisión de eficiencia segura, costo eficaz y servicios de calidad de transportación para los avanzados de edad del Condado de Lee, discapacitados y residentes de bajos ingresos.

El BPCC consistió de agencias de personal local y estatal quienes son responsables de planear por las agencias de bicicletas y peatones. Coordinan estas agencias planes de actividades de ciclista-peatón, revisan provisiones de peatones y ciclistas para ayuda estatal y federal de proyectos de transportación superficial, y aconseja al MPO en el desarrollo de elementos de bicicleta y peatón de su plan de transportación y programación para sitios.

El TSCC es una agencia de ingenieros de tráfico local y estatal, quienes revisan todas las propuestas para nuevas señales de tráfico. Sirve como un subcomité técnico del Equipo de Seguridad de Tráfico de la comunidad del Condado de Lee, supervisan la gerencia de congestión del MPO y recomienda programación con fondos

federales para medidas de mitigación congestiva.

## ESFUERZOS DEL ALCANCE DEL MPO

El MOP provee completa información, anuncios públicos oportunos, y completo acceso público de documentos y decisiones. Apoya la participación temprana y continua del público en el examen y desarrollo de sus planes y programas. Busca y considera especialmente los intereses de personas con necesidades que pueden no estar bien servidas por el sistema de transportación existente, como personas de ingresos bajos, familias minoritarias y personas de movilidad personal limitada.

**Red de Asesores en transportación (TAN)** El TAN es una lista de correo de individuos y organizaciones los cuales tiene un interés en asuntos de transportación pública. TAN provee extensos recursos de la comunidad para la formación y revisión de planes, política y estrategias. Esta lista consiste de personas claves para alcanzar esfuerzos, diseminación de información y revisión y comentarios informales para asegurar sensibilidad a variadas necesidades, asuntos, valores e interés de la comunidad

## REUNIONES DEL MPO

El MPO del Condado de Lee se reúne el viernes seguido al tercer jueves de cada mes en la cámara del Concilio de Fort Myers City Hall, 2200 Second Street, Fort Myers, a menos que se notifique lo contrario. Información concierne a la hora, el lugar y la agenda a seguir en cada reunión del MPO se publican en el periódico "News Press" de Fort Myers. Para más información, llame a la oficina del MPO.

## PARA MÁS INFORMACIÓN

Acerca del MPO, sus planes y programas, usted también puede visitar nuestra Página de Internet en la dirección <http://www.swfrc.org/mpo.htm>. Copias de los actuales planes de Transportación 2020 y del programa de cinco años de Mejoras de Transportación están disponibles en las bibliotecas del Condado de Lee. Copias de todas las actuales publicaciones del MPO están disponibles, sin costo alguno en las oficinas del MPO.

Comments: The drainage in our parking lot  
is slow now, I hope it doesn't get  
ANY slower. Access to Country Road  
concerns me, possible tie in to  
Lake Wood with Country Road would help.  
The thought of making O 76 Ave at  
Lake Wood and Summerline doesn't sound  
to appealing. Good Luck!

Comments: I have lived here 20 years - this money could  
be spent better elsewhere - we have other  
areas in "need" of road improvement 1st.

There will definitely be an increase of a life hazard  
even deaths.

The majority of the resident in this area are  
seasonal and elderly - they can't maneuver 4 lanes  
let alone 6 lanes.

Upst does not describe how I feel about this project  
I travel this road every day and see absolutely NO  
reason for increasing it to 6 lanes.

Thank You

Comments:

I believe the Summerlin Rd Widening project is wonderfully conceived. However, along with this project there will be an increased interest in the commercial development along this roadway. I therefore urge our Lee County/DOT to initiate screening plans for all future development along this corridor, similar to what Sanibel has done along most of Pelican Keyway.

I strongly object to Summerlin becoming a Highway 41 in appearance.

Good luck with this <sup>Progressive</sup> ~~existing~~ project.

Lee County Department of Transportation  
P.O. box 398  
Fort Myers, FL 33902-0398  
Attn: Mr. Don DeBerry, engineering manager

Re: Proposed flyovers at Gladiolus Dr. and Summerlin Rd.

Dear Mr. DeBerry:

This letter is being written to address the County's proposed roadway changes (flyovers) at the Summerlin Road and Gladiolus Drive intersection that will be effecting our property values and aesthetics.

The proposed east to north flyover is most disturbing to us, as Summerlin Village and Gladiolus <sup>GARDEN</sup> Drive residents will be looking at a high tapering retaining wall as we leave our property. We will also no longer have a median pass-through as we must now seek other ways to proceed north on Summerlin Road, which can possibly create u-turning hazards for many of our senior unit owners. The access we once had to Summerlin Road northerly is being removed.

The second most disturbing item of concern is going to be the noise level of down shifting trucks as they decelerate coming downgrade so as to merge with northbound Summerlin Road traffic. In 1995, our association planted over 170 Arica Palm trees along our easterly property line to create a sound buffer to the vehicle noise levels from Summerlin Road. These trees would now appear to be too low to effect any sound barrier benefits.

In our many previous conversations with the former transportation chief, Mr. Crawford, there was never any mention of any proposed flyover onto Summerlin Road, and we find this most disturbing, as this is a residential area. To the best recollection of our unit owners who attended the workshop, they don't recall seeing or hearing any mention of sound barriers along the flyover area. We, the unit owners of Summerlin Village feel that the public information workshop held on September 5, 2002 should have been held when more of us, including our association officers, are in residence, preferably after October. This would allow for considerably more input. We realize that the wheels of work must keep turning, but something of this magnitude affecting a residential area should be held when most taxpayers could attend.

We have been told that the County does not plan to have any additional public meetings on this subject. It is our sincere desire to have the County conduct another public information hearing, possibly in the middle of November as a majority of our unit owners and officers will be in residence then. Another factor for scheduling another public hearing is that at the September 5<sup>th</sup> public

RECEIVED  
SEP 24 2002

workshop meeting, certain answers were not available to us. Among them is the height of the retaining wall opposite our entrance. We have been told that the consulting engineers design plans with that information will not be available until October 25, 2002. This is another reason why we request a November meeting date.

As a side note, one of our directors, Mr. Peter Stavrus, addressed a letter to your department dated September 5, 2002. In the letter he noted certain areas that merit consideration. The first is the opening of Country Road at Lakewood Boulevard and another is the u-turning from north to south on Summerlin Road at Lakewood Boulevard, so as to enter our complex. It must also be pointed out that the County has granted a median curb cut to the developer of the proposed 280-room hotel, retail complex and the 341 units behind the retail area. All of this additional traffic will certainly affect our ability to u-turn safely at Lakewood Boulevard so we can enter our complex. I believe that there are approximately 116 units at Gladiolus Gardens and 58 units at Summerlin Village for a total of 174 units that will be affected by this traffic issue on any given day.

Safety concerns are our number one priority. These concerns as well as the noise and aesthetics are on our minds at this time. Please forward your response to this letter to my Kentucky address listed below. Thank you.

Sincerely,

A handwritten signature in cursive script that reads "Jodi Bennett".
