

REGULATIONS MOBILE FOOD VENDOR

Mobile Food vending in unincorporated Lee County is subject to the regulations outlined within Ordinance 22-01, as adopted Jan. 18, 2022, by the Lee Board of County Commissioners. This Ordinance provides general standards, permitted/prohibited locations, minimum setbacks, and other relative regulations. Note that vending within the municipalities in Lee County may be subject to different regulations.

Before you set up your mobile food operation, you must:

Maintain State licensing and local business tax receipt requirements.

Be temporary – all vehicles, equipment and accessory items must be removed when vending is not taking place. All power must be from a portable or temporary source.

Be a permitted location – may not be located on undeveloped property and may not be located within 50 feet of a residential lot unless screened appropriately. See Ordinance for permitted zoning districts.

Not have additional accommodations – no mobile food vendor shall provide tables, chairs or other materials and/or equipment to provide accommodations for patrons. See Ordinance for signage allowances.

Additional information may be found on www.leegov.com/dcd/foodtrucks. Questions may be submitted to occszoning@leegov.com.
