Notice: Lee County may request additional supporting documentation to process the permit. Additional restrictions applicable to this property may be found in public records, and there may be additional permits required from other governmental entities such as water management districts, state or federal agencies.

Required Documents

1. Proof of Sanitary Facilities

Provide proof of the availability of sanitary facilities like a port-o-let contract, sewer availability, and/or septic approval letter. This proof may include a letter from a neighboring business that would allow temporary use customers to use its sanitary facilities; that letter must state the business's hours of operation, which must cover the requested temporary use hours of operation.

Tips:

- If sewer is needed, additional sewer fee and admin/radon fees will apply.
- Proof of sanitary facilities is not required for a temporary storage use.

2. Proof of Liability Insurance

Submit proof of general liability insurance and property damage insurance with a minimum coverage of \$50,000 for each occurrence and \$100,000 general aggregate.

Tip: Proof of insurance is not required for construction trailers and equipment sheds.

3. Site Plan / Plot Plan

Show:

- Available parking;
- Existing structures;
- Location of equipment;
- Emergency access driveways, lanes and roads, etc.;
- Restroom facilities; and
- The boundaries of the proposed use area on the property.

Conditional Required Documents

5. Owner-Builder Disclosure Statement

If the installer is not using a licensed contractor and will act as an owner-builder, submit an [Owner-Builder Disclosure Statement](#).

6. Proof of Ownership

If the ownership information on the permit application does not match the property owner information on the Lee County Property Appraiser's website (<http://www.leepa.org>), submit proof of ownership, for example, a recorded Warranty Deed.

7. Flame Retardant Certificates

If a tent is being used, provide flame retardant certification.

8. Foundation for Construction Trailer

If the use is a construction trailer, include:

- Tie down / anchoring details that comply with wind loads;
- Details for any required stairs or ramps, including tread size, riser height, guard rails, handrails, slope, etc.

9. Notice of Commencement

If project value is greater than \$5,000, submit the completed Notice of Commencement to the Lee County Clerk of Court to provide notice that improvement will be made to a real property. **Permit cannot be issued until this notice is recorded with the Lee County Clerk of Court. Tip:** Complete this as soon as possible; the lack of a Notice of commencement submission commonly holds up issuance of the permit.

4. Understand the Review Process and Track Your Application

Completeness Check

When the application package is first received, it is reviewed for completeness to determine that the general application is complete and that all required documents, signatures, and seals are attached. If the package is incomplete, the applicant must provide missing information before the application package can be forwarded for review.

Applicants have 30 days to address the points of failure and to resubmit information and documentation. A cover letter addressing the points of failure is required with the resubmittal.

- **Resubmitting an Application via eConnect:** To update the required information and to ensure correct versioning in eConnect, **attachments that are resubmitted should have the same file name as the original.**
- **Resubmitting a Paper Application:** Bring updated documentation to the first floor of the Lee County Public Works Building, 1500 Monroe St., Fort Myers, FL 33901.
