

PLANTATION/PALMETTO EXTENSION

From Idlewild Street to Abbott Street

PUBLIC WORKSHOP TECHNICAL MEMORANDUM

Prepared for: Lee County Department of Transportation

Prepared by:

Cella
& Associates, Inc.

June 2002

Plantation/Palmetto Extension

Public Workshop Memorandum

The Lee County Department of Transportation held a public information workshop on May 23, 2002 at the Life Church in Fort Myers. The purpose of the meeting was to gather public opinion regarding the three alternative alignments developed for the extension of Plantation Road from Idlewild Street to Abbott Street. The main goal was to determine what alternative the public preferred. A total of 118 people signed in at the registration table. Copies of the sign-in-sheets are attached.

The Lee County Metropolitan planning organization (MPO) is made up of FDOT, Lee County and all incorporated cities within the county. All these governmental entities work together in an attempt to meet the transportation needs shown by the MPO staff for the county as a whole. Lee County DOT makes it a practice to hold public meetings on all new roadway alignments and major roadway widenings. Those public meetings are held to inform and solicit input from the public regarding the specific project being presented. In the case of the Plantation Rd. extension the input solicited was a choice of alignment options from Idlewild to Abbott.

The initial 2020 Long Range Transportation Plan was adopted in 1994-95 and included a proactive public involvement program. The 2020 Plan was updated in 1996, 1997, 1998, 1999 and 2000 and public hearings were held to gather public input on the plans during each of the updates. All MPO public hearings are advertised in the News Press. It is now the intent of Lee County and the MPO to hold a joint public meeting to discuss the Plantation Road corridor and alternatives to it and the alignment options available between Idlewild and Colonial.

The original meeting was advertised in the May 16, 2002 edition of the News-Press as a ¼ page display ad. Letters announcing the public workshop were mailed on May 2, 2002 to persons with property adjacent to the proposed alignments. The Lee County Department of Public Resources transmitted a press release to local media on May 16, 2002. Copies of the notification for the workshop are attached.

The meeting was conducted in an open-format style that allowed the public to view the project material between the hours of 5:00 to 6:30 pm. Representatives from the Lee County Department of Transportation were stationed at the display boards to explain the project data and answer the public's questions.

The public was provided with comment forms at the public meeting in order to have their opinion recorded as public record. A total of 95 comment forms were received from the meeting and during the comment period following the meeting (which was extended beyond the two week period to incorporate additional public comments). In addition, some comments were made via phone conversations. Correspondence from the public is attached to this memorandum.

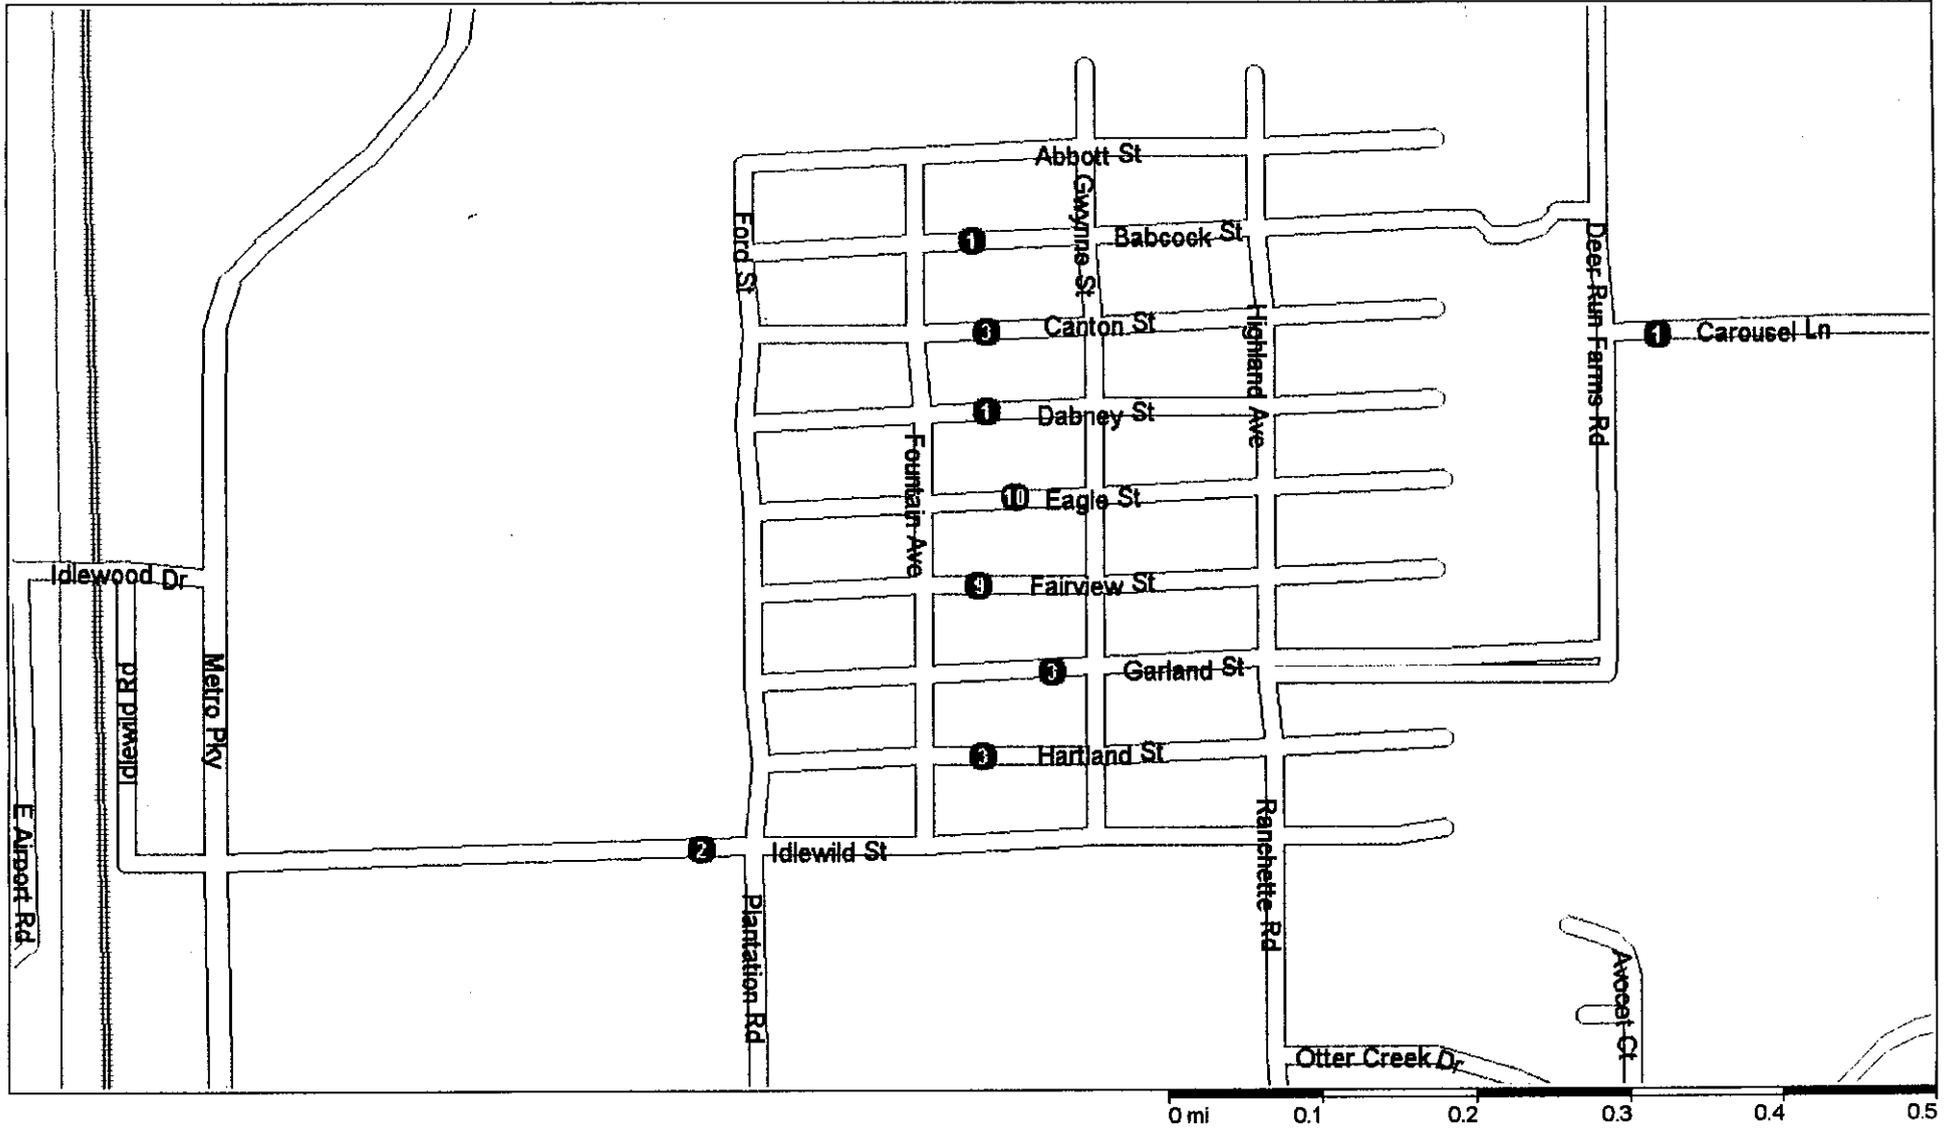

The comments were analyzed and recorded in Table One. In addition to recording the general comments, forms were also analyzed by location to the project area. Comments received by property owners within and directly adjacent to the project area indicate 8 respondents object to the project. Twenty respondents from this area are in favor of Alternative C. Most objections to the Plantation/Palmetto Extension project and the future four-laning of Plantation Road were from respondents south of the project area within communities and roads adjacent to Plantation Road. Two comments were received from areas outside the Plantation Road corridor. Distribution Maps 1-4 (see attached) record the number of comments received by street name.

TABLE ONE

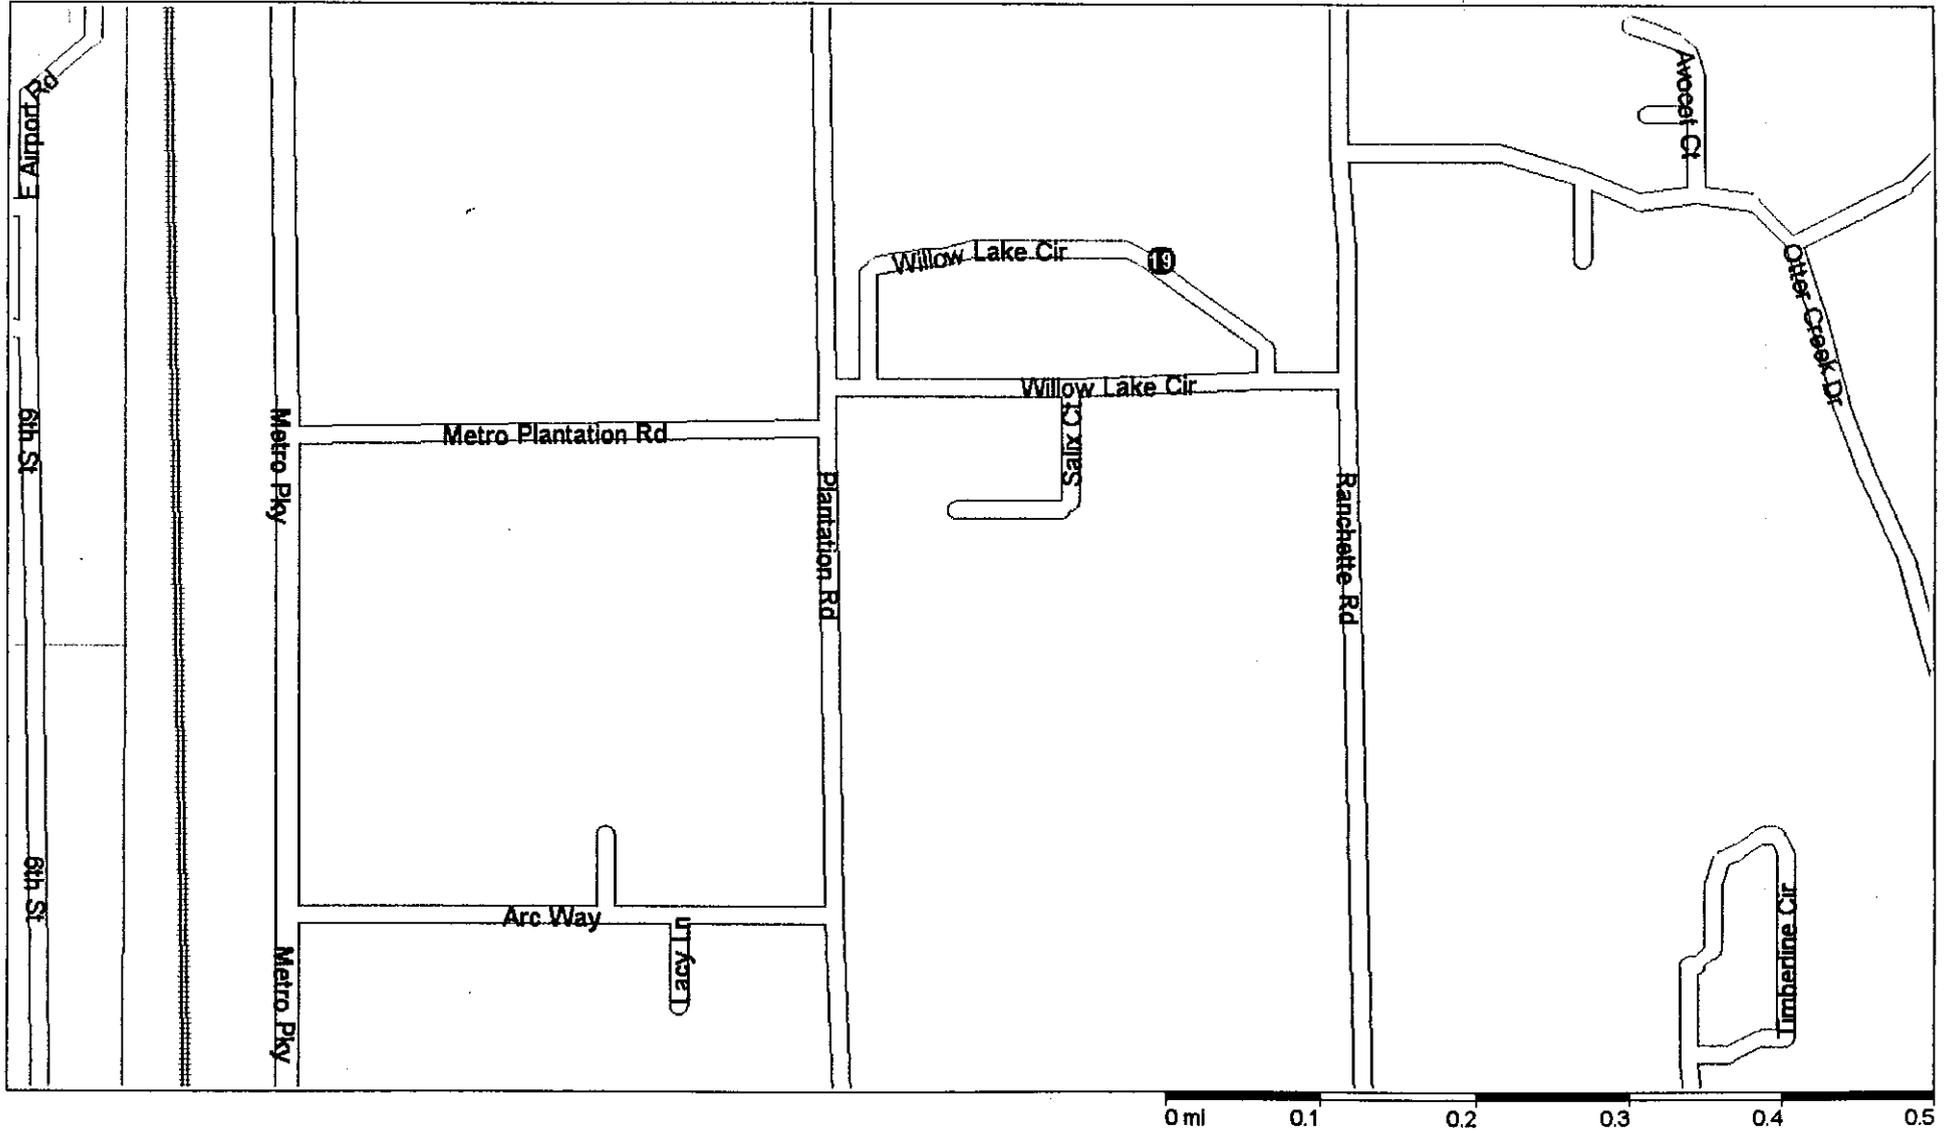

Want Alternate "C" 23	Want buffer between road and residences 2	Need enforcement of speed limits 1
Eliminate truck traffic 10	Concerned about safety issues 15	Don't want extension or 4-laning 56
Include bike/ped facilities with any new roadway 2	Keep existing neighborhoods in tact 1	Connect Plantation to Metro 2
Expand Metro & Six Mile Cypress instead of extending Plantation 14	Crime will increase 7	Want a wall to divide Plantation from neighborhood 2
Do not connect any of the residential streets with the extension 9	Need to address drainage issues 5	Improve neighborhood with paved streets and city water 1
Spend this money on I-75 expansion 1	Alternative B 3	Downsize the project and use the road as a secondary facility 1

Most respondents who chose an alternative preferred Alternative C. Those who chose an alternative expressed a desire for a separation between the new road and the existing neighborhood for safety and aesthetics. In addition, persons in the neighborhood adjacent to the new facility expressed a desire not to connect any of the existing streets to the new roadway. A number of respondents were opposed to the project however, most of these were not within or adjacent to the Idlewild Street to Abbott Street project limits and many of the objections were regarding the future four-laning of Plantation Road from Daniels Road to Colonial Boulevard.

RE: Plantation/Palmetto Road Extension
County Project Number: 4065
Lee County, Florida

Dear Property Owner/Resident:

This is to inform you that the Lee County Department of Transportation will conduct a public information workshop concerning the above referenced project. The workshop will be held from 5:00 PM to 6:30 PM on Thursday, May 23, 2002, at Life Church, 11735 Plantation Road, Fort Myers, Florida.

The Lee County Department of Transportation is notifying property owners and/or residents whose property touches the proposed right-of-way of any of the proposed alternative alignments being considered in this study (even though they may not be directly affected).

The Plantation/Palmetto Road Extension study is the development and evaluation of alignment alternatives that will extend Plantation Road north from Idlewild Street to Abbott Street. Three alignments have been developed and analyzed for engineering, cost and environmental criteria. The purpose of the project is to provide the necessary north-south capacity and connections to major east-west roadways to accommodate future transportation needs.

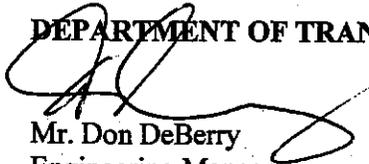

The public information workshop is being held to present the alignments, receive public comment and answer questions about the project. Informational displays depicting the various alternatives will be on display and representatives from Lee County will be on hand for an informal discussion and to answer questions. The workshop will be conducted in an "open house" format; no formal presentation will be given.

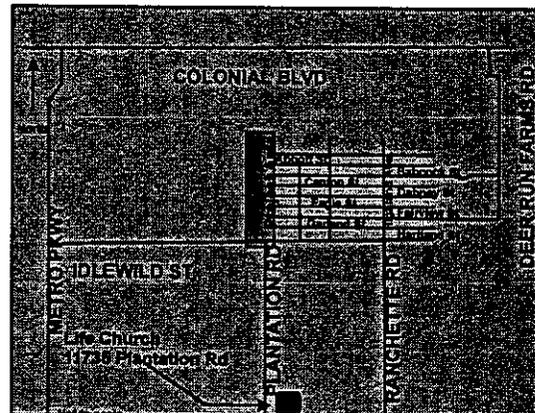

Anyone needing special accommodations under the Americans with Disabilities Act of 1990 should contact Kris Cella at Kcella@cella.cc or phone 941-337-1071 at least seven days prior to the workshop. If you have any questions about the project or would like information prior to the workshop, contact Ms. Cella.

Your attendance at this public information workshop is encouraged, and any comments made will be appreciated.

Sincerely,

DEPARTMENT OF TRANSPORTATION

Mr. Don DeBerry
Engineering Manager

Public Information Workshop for Plantation/Palmetto Road Extension

FORT MYERS, Fla. (May 16, 2002) - The Lee County Department of Transportation (DOT) will conduct a public information workshop for the Plantation/Palmetto Road Extension from Idlewild Road north to Abbott Street. The workshop will be held from 5:00 PM to 6:30 PM on Wednesday, May 23, 2002 at the Life Church, 11735 Plantation Road, Fort Myers, Florida.

Plantation Road is proposed as a four lane divided roadway by the year 2020. The road will terminate at Colonial Boulevard and then continue north as Palmetto Avenue. Funding is in place now for the planning, design and construction of a two-lane road from Idlewild Street to Abbot Street. It is expected that private development will construct the section from Colonial Boulevard south to Abbott Street.

The purpose of the facility is to add addition north-south capacity and connections to major east-west roadways.

Lee County DOT is considering three alignment alternatives for the Plantation/Palmetto Road Extension. This public workshop is being held to present the alignment alternatives, receive public comment and answer questions about the project. The workshop will be conducted in an "open house" format; no formal presentation will be given. Informational displays about the study will be available for review and representatives from the Lee County Department of Transportation will be available to answer questions.

Comments: #1) DO NOT EXTEND PLANTATION RD
FROM IDLEWILD TO COLONIAL

IF YOU DO - THIS WILL BE A DIRECT ROUTE FROM
DUNBAR - THIS INCREASING CRIME, LARGE TRUCKS
(CURRENTLY POSTED "NO THRU-TRUCKS") - THIS IS A SCHOOL
BUS ROUTE - INCREASING DANGER TO CHILDREN -

BEING A BOARD MEMBER FOR "THE WILLOWS" ON PLANTATION

WE ARE VERY CONCERNED WITH THE PROPERTY VALUE, NOISE
IMPACT, SAFETY, ETC.

AGAIN DO NOT EXTEND PLANTATION RD -

THEREFORE YOU DON'T HAVE TO WORRY ABOUT THE ALIGNMENT.

(Attach additional sheets if necessary)

Comments: We do not use Plantation Road to go thru to MKK. We do not need the added traffic or the higher crime rates in these residential communities. Making Plantation a four lane road will make it virtually impossible to enter or exit to our neighborhood.

(Attach additional sheets if necessary)

Thank you for taking time to participate in this Public Information Meeting

Comments: Do not want the extension ~~to~~ of Idlewild to
Colonial at all!
Expand Metro & Six Mile Cypress.
This will create a tremendous volume of traffic
& your crime will go up tremendously.
to somewhere else.

(Attach additional sheets if necessary)

Comments:

Do Not Extend Plantation Rd

Extending Plantation Road with bring forth a
Excess Route From Dunbar to the Plantation Area.

Plantation Rd is the home to ~~retirees~~ home owners
who wanted rural living not in town street life.

Extending Plantation will harm Property Values
As well As Safety

Comments:

We think this project is unnecessary. Matco Pkwy is already 4 lanes. A lot of residents walk-jog & ride bicycles on plantation. The traffic is already going 20 miles over speed limit. Just think what would happen if it was four lanes.

We've lived here 16 yrs. This road is way to busy for its on good. If anything we need a project to slow it down. All this would do is cause more accidents and loudness in this once quiet neighborhood.

Please leave us alone!!

Ps IF you lived here would "you" want this to happen...???

Paul & Nancy Judson

(Attach additional sheets if necessary)

Thank you for taking time to participate in this Public Information Meeting

I am opposed to the extension and four laning of Plantation Road. It will do nothing for the people that live on or adjacent to Plantation Road, but it will create more problems for all of us that live here.

It will bring more heavy duty traffic, such as trucks and tractor-trailers, more speeders and more drive bys. The road is not patrolled on a regular basis and the speed limit is the same as U. S. 41 which is all business. We need more safety for the children boarding school buses, not more trucks and traffic.

The people that live here came under the condition of a two lane road because they wanted the more private life style, not the promise of four lanes and more trucks and traffic. We don't need more traffic, we want more peace and quiet for our tax dollar. The county does not need to spend more tax dollars on Plantation Road.

It is not necessary for Plantation Road to become a north south expressway. Palmetto Extension can easily be connected to Metro Parkway north of the wetland/drainage area. When Palmetto intersects Winkler Avenue, the people will have a choice of going southwest to Metro Parkway or southeast to Six Mile Parkway without having to disturb any residential neighborhoods on Plantation Road.

Comments: After retiring to Fla. 3 yrs ago from Va. I thought we had found a nice quiet street to live on. Now you want to ruin that by widening and lengthening Plantation Rd. I am against it. Use Metro Rd. What's wrong with that. Use some sense.

John E. Tubbs

Comments: I am opposed to any extension to Abbott Rd. Plantation Rd. is already a roadway. Extending it increases the "road rash". I know because I live on Plantation Rd. and see it EVERY DAY. The commercial trucks just add to it. There is a new large housing development going in on Plantation, north of Crystal river. I don't think the extension will help them either. A 4 lane road (2020) is ridiculous. Six mile Cypress is already part 4 lane & should be completed now. You don't need a 4 lane road past homes and just one block off the 4 lane Metro which is all commercial anyway.

If a developer wants to build on the land north of Edgewood, then first start ~~about the~~ between the commercial businesses on Metro, go over toward the Flamingo Manor, leaving a good size "greenbelt" space and then go north to Colonial (making ~~new~~ shape). The cost is far less, no moving of utilities, and no houses are "winded." And, any developer has access to 2 roads, Metro + Colonial, All Commercial!

Extension and then to 4 lanes in 2020 will only destroy the value of the homes on Plantation. That will be needless. It will obviously depress the sales (values) of the new development going in now. Please carefully reconsider based on the 5 points noted above. What I see in your Plans makes no sense at all and is not for the better of the "community."

PALMETTO ROAD EXTENSION COMMENTS

As the owner of two adjacent residential lots on Canton Street east of Highland Avenue, my preference for the Plantation/Palmetto Extension is Alternate C (West) as presented at the May 23, 2002 public workshop.

I have been a property owner for 11 of my 12 years as a resident of Lee County. I recently purchased my two lots in the Oakbrook/Northbrook (a/k/a Florimond) subdivision with the intent of building a single-family residence for my family in the next few years. My wife and I chose this subdivision because of its suburban character. Alternate C is the best alternative for maintaining the suburban character of this subdivision by providing a buffer between the road, the existing and proposed commercial/industrial land uses west of the subdivision, and most of the subdivision. Conversely, Alternates A and B both would negatively impact the suburban character of the subdivision by providing a negligible buffer, thus making it more urban. As a result, these two alternatives may reasonably be expected to negatively impact property values in the subdivision.

The drawings provided at the May 23, 2002 public workshop appear to show Alternate A providing a direct traffic link between the proposed Plantation/Palmetto Extension and Abbott, Babcock, Canton, and Dabney Streets (and perhaps others; the scale of the drawings makes this unclear). This access will reasonably be expected to increase traffic volume and speed through the subdivision, thereby endangering children that play in the subdivision. Increased traffic access to the subdivision may also reasonably be expected to increase crime in the subdivision by providing more and easier getaway routes for perpetrators. This situation will only become worse over time as Lee County's population increases and the Plantation/Palmetto Extension is widened, connected to Palmetto Avenue, and utilized by even more vehicles.

I recognize that Alternate C entails additional wetland impacts that will increase the cost of the project because of regulatory permitting (including mitigation) and design costs. However, these wetlands have been historically impacted and have become impacted by exotic vegetation, thereby making them of lower ecological function and value. This should minimize the environmental loss and the economic costs of mitigating the wetland loss associated with this alternative.

Finally, I recognize the need for another north-south transportation corridor in Lee County and "the needs for the community over a twenty-year horizon." Therefore, I do not object to the extension of Plantation Road and its ultimate connection to Palmetto Avenue. However, I do object to any design that does not maintain an adequate buffer to an existing suburban residential subdivision that was platted long before Lee County's explosive population growth. Such a buffer would provide the appropriate balance between the long-term needs of the Oakbrook/Northbrook subdivision residents and property owners and the needs of the community overall.

Thank you for your consideration.

Comments: My Family and I live in Oakbrook and we like the Alternate "C" proposal. We realize that we can not avoid progress in Lee County. We would like to avoid it coming through our neighborhood. We have a nice little community in oakbrook and would like to keep it that way. I agree that East/West Access Roads from the extension should not be Accessable. This would only open the neighborhood up to everyday traffic, making it unsafe for our children to play and Ride their bikes. ~~A Broom~~ Also I would like to see a broom along ~~the~~ Both sides of the road, much like they did on Veteran's Parkway in Cape Coral.

Comments: "Option C" - Best choice!

After attending the public information meeting and reviewing the maps and proposals, I feel like the best option for North Brook and Oak Brook subdivisions would be "Proposal C". This option would leave one subdivision as is without destroying what we all love about area - limited access and that "Country feel".

I am also greatly opposed to opening any of our streets up to this new Plantation Extension. We do not want to be connected to Plantation.

This would leave our area open to excessive traffic, burglary, etc.

Comments:

I Am Strongly Against this proposal. It is my understanding Metro Pkwy will be widened, so why cant the focus be on Metro? Why ruin wetlands and ruin our neighborhood if there is another way? I am very concerned about Commercial development that is sure to happen along the extension. Will Plantation look like another Metro? I am concerned about the increase of traffic and how it will impact the residential developments along Plantation. I understand you are trying to create a smooth flow to Colonial. Will it end up being a speedway like Metro? I know there are other ways to ease traffic but I was told the cost would be too much, due to the cost of moving a business. So lets trash a neighborhood so the County can save money. Moving a business does not have the same impact as a main road going thru a quiet neighborhood. It affects the Standard of living and market value of our homes, not to mention the safety

Comments:

because of a high volume of traffic. What about flooding? I wonder if any research has been done to see how it will affect the area. It floods now as it is. Why does the County insist on developing every piece of land, regardless how it will affect the neighborhoods or environment? I do not understand the thought process of this. This extension will help people speed to work, but at what cost to the community? Many of my neighbors feel the same as I do, but will not take the time to write. The County does what the County wants to do anyway. I would bet that this letter won't be read and so has been a waste of my time. Does it matter what we think? When the road is built, I hope that Alternate "C" will be the choice. Please reconsider what you are proposing.

Comments:

- (A) Since the purpose is "to add additional north-south capacity" and "connections to major east-west roadways," I feel that:
1. The private roads in Oakbrook should not be connected to this proposed extension.
 2. The private road planned to be built from Abbott to Colmia is made a public road at the time this proposed extension is opened. Otherwise, this is a road to nowhere and only helps land developers.
- (B) Alternative selection:
1. Alternative B impacts the least amount of wetlands
 2. Alternative B is the straightest road for drivers
 3. Alternative B follows the proposed Ford St. in Oakbrook-Florence Manor platting so should not be a great shock to Oakbrook land owners along that side.

Comments: I support alternate "C" because it west of the
magnity of the present houses.
But, of greater importance is that there be no
access to this new road from Abbott thru Hartland streets. If
the purpose of this new road is to provide for traffic flow
then it makes no sense to have it accessed from the streets in
Baldwin.

Comments: THE EXTENSION OF PLANTATION ROAD TO COLONIAL BOULEVARD
AND ITS USE AS A MAJOR NORTH-SOUTH ARTERY WILL BE
DISRUPTIVE TO THE EXISTING RESIDENTIAL AREAS ON PLANTATION
ROAD. THE PROPOSED EXTENSION SHOULD BE DOWNSIZED AND USED
AS A SECONDARY ROAD FOR LOCAL TRAFFIC ONLY.

THE PROPOSED FOUR-LANING OF PLANTATION ROAD SOUTH OF IDLEWILD
STREET IS NOT COMPATIBLE WITH THE EXISTING RESIDENTIAL CHARACTER
OF THE NEIGHBORHOOD, FROM BOTH A NOISE AND SAFETY STANDPOINT.
THE EXISTING RESTRICTION ON THROUGH TRUCKS ON THE RESIDENTIAL
SECTION OF PLANTATION ROAD IS APPARENTLY NOT ENFORCED BY
LEE COUNTY; THIS IS A DISSERVICE TO THE RESIDENTS.
THE COUNTY SHOULD NOT LIFT THE RESTRICTION ON THROUGH TRUCKS
ARBITRARILY, WITHOUT THE INPUT AND APPROVAL OF THE
AFFECTED RESIDENTS.

Comments: IF ADDITIONAL NORTH-SOUTH CAPACITY IS NEEDED, THE
EXISTING NEARBY ARTERIAL ROADS (METRO PARKWAY AND SIX MILE
CYPRESS PARKWAY) SHOULD BE UPGRADED. PALMETTO COULD BE
ROUTED TO THE SOUTHEAST TO INTERSECT WITH SIX MILE CYPRESS,
WHICH SHOULD BE UPGRADED TO A SIX-LANE CONFIGURATION FOR
ITS ENTIRE LENGTH. SINCE CAPACITY IS LIMITED BY TRAFFIC
SIGNALS AT THE AT-GRADE INTERSECTIONS, A LONG-TERM
INVESTMENT SHOULD BE MADE IN FLYOVERS AT THE INTERSECTIONS
OF COLONIAL AND SIX MILE CYPRESS, COLONIAL AND METRO PARKWAY,
METRO PARKWAY AND DANIELS PARKWAY AND AT SIX MILE CYPRESS
AND DANIELS PARKWAY. THIS WILL GREATLY INCREASE THE
CAPACITY OF THE EXISTING ARTERIALS WITHOUT IMPACTING THE
EXISTING RESIDENTIAL AREAS.

Comments: Please accept this written request opposing the proposed Plantation/Palmetto Road Extension project. I am a hard working, tax paying individual who thoroughly researched residential property in the Spring of 1997. After exploring the Lee County and surrounding area, I thought I located a perfect piece of property to purchase a home. 6216 Emerald Pines Circle, Lot #2 adjacent to Plantation Rd. For the past four years and nine months, I can honestly say, it has been a pleasure to live in the Emerald Pines Subdivision. The Families that live in this neighborhood and surrounding neighborhoods take pride in their yards and their homes are aesthetically pleasing to the eye. It has come to my knowledge that the County has plans to widen + extend Plantation Rd. I am appalled and in disbelief that the County would want to jeopardize the safety of pedestrians by increasing the volume of traffic into several residential neighborhoods. School Buses are currently seen transporting children up and down Plantation Rd. from the early morning hours until the end of the school day. Currently there are several stops where groups of children gather and await their Bus Transportation every morning. Each and everyday I see vehicles that exceed (Attach additional sheets if necessary) the posted speed limit and put the safety of children at risk everyday. The expansion of Plantation Rd. would only add to

Thank you for taking time to participate in this Public Information Meeting

this dilemma. How many more children's lives do we have to risk - as in the case of the Winkler Rd Ext. incident?

When will we learn that Pedestrians and Vehicles don't mix - especially in a heavily populated residential area. There must be an alternate solution - some where less populated and more industrial - Not through the center of neighborhoods putting children at risk. Please consider this as if it was your backyard. Tammy Moser

Comments: Please consider this request opposing the
Plantation / Palmetto Road Extension. I live in the Emerald
Pines subdivision for about 5 years and I've noticed
the increase in traffic over the past few years. I
used to go for a bike ride and jog down PLANTATION RD.
but no longer can do that due to the increase
in traffic and the speeding. I truly believe if this
expansion took place, it would destroy Plantation RD,
after all this is a residential neighborhood. School
Buses are transporting children from all the subdivisions
on Plantation, this would create a high risk for our
children. WHY NOT consider extending SIX MIKE CYPRESS
OR METRO, that would make more sense don't you
think so? I sure hope you read and consider my
opinion.

Comments:

Plantation Road is a quiet residential area. That has been and still is its attraction. To make it a major artery for Fort Myers is ~~not~~ totally contradicting the original (and ~~existing~~ existing) design. Why not use Six Mile Cypress Road? That is a much better road and would be the natural and best route to use.

Please do NOT use Plantation Road for this project. This is wrong. Not to mention, bad. Bad idea. Bad form!

This is a residential area. It is a quiet and safe place to live. Please do not do this major change. Please do not destroy our neighborhoods just for the sake of some company's profit margin. There are other alternatives that would be better suited for this road development. If there were no alternatives, the use of Plantation Road might (and only might) be viable. Since other alternatives exist, use ~~one~~ one of them. Do not change Plantation Road into some major highway.

Comments: I do not agree with the extension of Plantation / Palmetto Road because the danger to the school children using the bus stops on these roads. We have a through road one block away on Metro Pkwy which should serve the traffic easily. One of the reasons for moving to this area was the ease we have to travel and the safety of our road. If the extension was put in there would a safety hazard getting out of our subdivision and it would cause keep us home based because of the traffic. The extension would generate.

(Attach additional sheets if necessary)

I oppose widening and extending Plantation Road between Idlewild and Daniel's Parkway. We bought our home in Emerald Pines 3 years ago in large part due to the relative passive use of Plantation, it's beauty of the trees that line it, and the privacy that currently is a valuable asset to the resale value of our home.

The proposed use of Plantation as a thoroughfare from (as I understand) MLK to Alico road with 4 lanes and a median, would be detrimental to our property value as this would provide a much easier access for crime from the northeast side of Ft. Myers to our ungated neighborhood as well as the added noise and air pollution from the larger vehicles that would undoubtedly use this road instead of Metro Pkwy which is totally industrial. This is a predominantly residential street where children wait daily for bus pick up and drop off. Why not use the resources to alleviate the flow of traffic to Six Mile Cypress which does not ever seem to be that busy and is certainly not lined with neighborhoods of children and adults who actively ride bikes, run, and walk across and along Plantation as it currently is. Please don't allow this major artery to be right outside of our door.

Comments: "C" may cost more money but seems it may add more buffer to the Homes in the area for noise, smog etc.

Personally, I would rather not ~~use~~ connect to Plantation, but if it must happen, please protect the property values of current residents with as much buffer as possible from unwanted traffic to our area.

Thank-you for asking for our comments.

City FT. MYERS State FL. Zip Code 33912

Please use this comment sheet to express your opinions about this project. Drop your written comments into the comment box here tonight or mail them to the address on the back of this form.

Comments: If I must choose NOT HAVING this extension at all would be my choice. This addition will add a volume of traffic speeding through a residential area which should not be. Even though it is not all residential, the area that is ~~residential~~ residential should not be given the extra traffic. As a homeowner on Plantation Rd. I feel the commercial traffic should stay on commercial roads such as Metro and Six Mile Cypress. There are no stop signs or stop lights now on Plantation Rd. to slow the speeding traffic now, I just can't wait until this extension is done! There are children waiting for school buses at many locations along Plantation Rd. and Day Care Centers with younger children that need consideration also. This road needs less traffic and stop lights now. If in the future widening of Metro is upcoming then use it for the extra traffic slow. Plantation is a straight thru, non-stop speed track now. Apparently safety is not of concern in your highway plan of this extension.

(Attach additional sheets if necessary) I do not want this extension done, and from what I am hearing at this meeting I am not alone. So if I must choose go with Alternate B which seems to have the least amount of impact.

Comments: Opening up Plantation Rd. North of Idlevild would create a "truck" route". This is unacceptable in our neighborhood!!

We have Mc Gregor St.
41 Hwy (Cleveland)
*Metro - OPEN IT UP.
5th Mile Cypress
7.5 Highway

all are
North
South
Routes

We don't need Plantation opened up.

It is mainly residential from Idlevild to Daniels and we want to keep it that way. We don't want our property de-valued!! NO NO NO

NO MORE TRAFFIC ON OUR ROAD - TRAFFIC CREATES POLLUTION

(Attach additional sheets if necessary)

Bad idea won't solve a thing

Please use this comment sheet to express your opinions about this project. Drop your written comments into the comment box here tonight or mail them to the address on the back of this form.

Comments: the expansion/extension of Plantation is a Bad Plan; It will increase congestion, pollution + Dramatically alter the character of the area. Predominantly residential with many school age children. When we moved here it was a safe area, constantly the area has got commercial + large density living. This has increased traffic. There are Major arteries in place eg Metro + 6 mile Cypress Both of which are flanked by existing commercial zoning. Developing these would be a better use of funds + would disperse traffic. Upgrading Plantation would increase crime, traffic congestion + not disperse traffic since it (the flow) would need to go to the Major Roadways, Metro need to be completed in order to Relieve 4/5 congestion South of Daniel we have on Road 47. Metro must Be completed We must look at the commuting crisis overall not another feeder.

Comments: _____

(Attach additional sheets if necessary)

Thank you for taking time to participate in this Public Information Meeting

To Whom it May Concern,

It is my opinion, and that of most everyone that I have spoken with, that Lee County does not need another North / South corridor. We currently have I - 75, Six Mile Cypress Pkwy, Metro Pkwy, Fowler St, U.S. 41, Summerlin Blvd., and McGregor Blvd.

Plantation Rd is a residential area that is currently unsafe during parts of the day due to increased traffic and high rates of speed. The speed limit was raised several years ago from 35 mph to 45 mph and turning lanes were added a few years later. A 45 mph speed limit means that many people travel at a much greater speed then 45 mph. Living off Plantation Rd, I make sure I go 45 mph. Many times I have been passed by people using the turning lane as a passing lane, or I slow down to turn into my neighborhood having impatient people go around me in the turning lane. We keep waiting for a very serious, but completely preventable, accident to take place.

From a more personal standpoint, our home backs up against Plantation Rd. When we built our home 12 years ago it was a two lane (no turning lanes), 35 mph road, with deputies out giving tickets to speeders. It was a quieter (lower speeds means less noise) safer road then, and only about 2.5 miles long, from Idlewild to Daniels. Now doing anything in our backyard or porch is out of the question during parts of the day due to increased traffic and noise on Plantation Rd. Any extentions or "improvements" will only increase both traffic and noise and decrease safety even more.

Please do not extend Plantation Rd, but reduce the speed limit back to 35 mph and continue to limit through trucks to Metro Pkwy (they go down Plantation Rd anyway). We love this area, we love our neighborhood (The Rookery) and wish to maintain (or get back) the quality of life we currently have, or had, when we built our home in 1990. We do not wish to see our property value go down either.

Sincerely,
Greg Gehringer

Comments: WE HAVE GREAT CONCERNS REGARDING THE PLANTATION/PALMETTO ROAD EXTENSION
#1 - OUR PROPERTY VALUE WILL DEFINITELY DECREASE BECAUSE OF THE INCREASED PROPOSED TRAFFIC IN FRONT OF OUR ROOKERY SUBDIVISION.
#2 - NOISE - IS AN ISSUE & WILL DEFINITELY BE MORE INTENSE THAN IT IS CURRENTLY.
#3 - INCREASED TRAFFIC ON PLANTATION TO PALMETTO WILL ONLY MAKE OUR SUBDIVISION A REAL CONCERN FOR SAFETY OF OUR HOMES & CHILDREN.
#4 - TAXES - INCREASED TAXES IS SOMETHING WE DO NOT NEED!
WE ARE ABSOLUTELY TOTALLY AGAINST THIS PROJECT!

Please use this comment sheet to express your opinions about this project. Drop your written comments into the comment box here tonight or mail them to the address on the back of this form.

Comments: PLANTATION IS ALREADY A "NO TRUCKS" ROAD.
WE PRESUME THAT THE D.O.T. WILL CHANGE THE
STATUS OF PLANTATION ONCE IT CONNECTS TO
COLONIAL. EVEN WHEN THE ROAD BED AND THE
CORNERS ARE NOT CONSTRUCTED FOR TRUCKS, D.O.T.
WILL CHANGE THE STATUS OF PLANTATION ROAD
WITHOUT ASKING FOR PUBLIC MEETINGS OR CONSULTING
WITH ANYONE.

METRO IS LESS THAN 1/4 MILE AWAY. WHY DO
WE NEED ANOTHER PARALLEL ROAD? PLANTATION
IS JUST A FEEDER STREET, FOR RESIDENCES AND
SCHOOL BUS STOPS. THE CARS THAT "CUT THRU"
ALREADY GO 60 TO 80 MPH! HOW FAST WILL THEY
BE GOING AFTER THEY START OUT AT COLONIAL?

WE DON'T WANT OR NEED A CONNECTION TO COLONIAL,
OR PALMETTO.

Comments: GIVEN THAT PLANTATION IS ALSO ZONED RESIDENTIAL THE
MONEY SPENT TO 4 LANE SHOULD BE USED TO 4 LANE 6 MILE PKWY,
AND 6 LANE METRO WHICH ARE COMMERCIAL ZONED - I
DO NOT WANT TO SEE PLANTATION BECOME A HEAVY USE ROADWAY
THE COUNTY HAS ZONED IT CURRENTLY FOR "NO" TRUCKS - AND
A 4 LANE Rd WILL BE USED BY TRUCKS - QUIT CHANGING THE
USE OF ROADS AND LAND ZONING TO SATISFY THE WHIMS OF
DEVELOPERS! ~~DO~~ WHAT IS THE USE OF WASTING MONEY FOR
MASTER PLANS IF YOU ARE GOING TO ACCOMODATE EVERY ZONING
VARIANCE REQUEST! AND YOU DO! I'M SICK OF IT!!
AND NOW YOU'RE GOING TO STICK ME WITH A 4 LANE ROAD IN MY
BACK YARD? HOW ABOUT A 4 LANE ROAD IN YOUR BACK YARD!
MAY IT WILL TAKE A CLASS ACTION LAWSUIT BY ALL THE RESIDENTIAL
GROUPS ALONG PLANTATION TO STOP THIS.

Please use this comment sheet to express your opinions about this project. Drop your written comments into the comment box here tonight or mail them to the address on the back of this form.

Comments: WE PURCHASED OUR HOME IN DECEMBER 2001 DUE IN
LARGE PART TO THE RURAL CHARACTER OF THE NEIGHBORHOOD
AND THE WOODED UTILITY EASEMENT DIRECTLY TO OUR WEST.
NOW, FIVE MONTHS LATER WE LEARN OF A COUNTY PLAN THAT
WILL DESTROY THE WOODED AREA AND OUR RELATIVE PEACE & QUIET.
EXTENDING PLANTATION TO PALMETO WILL BRING UNWANTED TRAFFIC
AND NOISE. IT WILL ALMOST CERTAINLY HAVE A NEGATIVE IMPACT ON
OUR PROPERTY VALUE. (WE ARE ON THE NORTH EAST CORNER OF PLANTATION
AND IDLEWILD.) SAFETY WILL BECOME A REAL ISSUE ESPECIALLY AFTER
2 LANES BECOME 4. WOULD YOU WANT TO LIVE 25' OFF OF METRO?
OUR SCENIC WOODED VIEW TO THE WEST WILL INSTEAD BE OF STEEL
BUILDINGS, FORKLIFTS AND DUMPSTERS. OUR DREAM HOME THAT WE
WORKED LONG AND HARD TO AFFORD WILL BECOME A NIGHTMARE.
PLEASE CONSIDER WIDENING EXISTING NORTH-SOUTH ROUTES INSTEAD OF
EXTENDING PLANTATION. CUT AN ACCESS ROAD IN OFF OF COLONIAL SO
THE PROPERTY NORTH OF HERE CAN BE DEVELOPED. PLEASE DON'T MAKE A
DECISION THAT WILL DAMAGE OUR UNIQUE NEIGHBORHOOD FOREVER.
THANK YOU

Comments: Please don't connect Collier to Daniels via plantation.
Finish + or widen Six mile and Metro, which will not
affect near the homes & churchs. Plantation will become
like an interstate. Property values will drop and not much
will be accomplished with 2 half finished roads in 2005
(Six mile + plantation).

If you still feel the need take the west route, which
will affect less homes and only open lead.
No traffic light at Folewild st + plantation.

Comments: I have made comments on this Project once; however, while driving down Metro it occurred to me, that this project should be eliminated altogether. In its place should be a connector to the Palmetto Ext. that runs to Metro and connects to a road part from North Airport Road to Idlewild (west). This would provide an additional East-West road that is much needed. It would also still put a road through the property that a developer wants so much to develop. I think the costs of this alternative would be the same or cheaper than paying to expand Plantation and would serve the public better.

Comments: AS A concerned citizen, I truly hope you will consider the fact that OAK BROOK owners purchased on quiet dead end streets & hope to continue the peace & quiet that they purchased. Property values & Resales of the homes would be surely be destroyed. IF these owners would sell this future development would now have to be disclosed & IF they would sell where else could they move to & have anything so centrally located to the property they now have. Please consider at least going with A Hermitage (C) where only 5 parcels would be impacted. Our property taxes have gone up 100% per year the last 10 yrs. And what do we have to show for it in OAK BROOK. Please do not put more burdens on our owners.

Please use this comment sheet to express your opinions about this project. Drop your written comments into the comment box here tonight or mail them to the address on the back of this form.

Comments: I fail to see the need for a road so closely paralleling Metro. Any new roads should be built east where all new development is. If however this is a Pargone Conclusion, Alignment "C" is the only alternative to use. It would have the least impact on Florimond Manor and the least amount of wetland impacts.
I am also concerned that Ranchette Rd will be extended through Florimond Manor and I Do not want this to happen.
I want no connection ~~to~~ Florimond Manor ~~from~~ Plantation.

City Fort Myers State FL Zip Code 33912

Please use this comment sheet to express your opinions about this project. Drop your written comments into the comment box here tonight or mail them to the address on the back of this form.

Comments:

- ① Alternate "C" should be the only option considered due to preservation of Oakbrook subdivision - its quality and property values.
- ② No access from E/W side streets should be considered and adequate buffers, preferably landscaping to include trees, should be provided.
- ③ If this is a city plan for City ~~expansion~~ expansion our neighborhood should be upgraded to include paved roads and city water.
- ④ I would hope that Ranchette/Highland would never be considered for expansion. There was a rumor to this effect and this would totally devalue the Oakbrook subdivision.

(Attach additional sheets if necessary)

Thank you for taking time to participate in this Public Information Meeting

⑤ Proposed speed limit of no more than 35-40 mph.

⑥ I would like personal notification (i.e. mailing list established) informing me of any further developments, changes, etc.

Plantation/Palmetto Road Extension
Public Information Workshop #1
5/23/02

⑦ Proper drainage so as not to create water problems for property owners

Please use this comment sheet to express your opinions about this project. Drop your written comments into the comment box here tonight or mail them to the address on the back of this form.

Comments:

① Alternate C is the only acceptable

alternative for our neighborhood. It will have the least impact & cause the least reduction in property value. It also impacts wetlands the least. I'm assuming trees would be left ~~down~~ along the easement

② No roads from Oakbrook should be opened to the "new Plantation"

③ If any other alignment is chosen the ends of east/west Oakbrook streets need to be walled & landscaped.

④ I would hope no consideration would be given to extending Ranchette/Highland through the center of the neighborhood to Colonial.

(Attach additional sheets if necessary)

Thank you for taking time to participate in this Public Information Meeting

⑤ Has consideration been given to how the road will effect water drainage? Our neighborhood already has a drainage problem in the summer.

Please use this comment sheet to express your opinions about this project. Drop your written comments into the comment box here tonight or mail them to the address on the back of this form.

Comments: We do not feel this road is necessary -
too much traffic will be brought into the
area which is a neighborhood. If this project
will be going forward then Alternate C the
west route is the better plan. This route
would use less wetland areas and would
take the traffic further west of the
neighborhood. We do not want any roads
within the neighborhood connected to the
proposed road. With this road crime will
also increase within the area.

Karen Martie

Please use this comment sheet to express your opinions about this project. Drop your written comments into the comment box here tonight or mail them to the address on the back of this form.

Comments: With all the residential development on and off of Plantation Rd. it seems absurd to even consider any project which may turn Plantation Rd into a main drag. Metro is already a big road and it would make a lot more sense to increase the use of that for whatever reason.

It never makes sense why development and developers rights, or the rights of the future overpopulation of Florida, take priority over the rights of those already here and paying taxes and enjoying the way things are.

Keep Plantation the same - Keep our neighborhoods from being ruined by increased congestion, accidents, and noise.

Please use this comment sheet to express your opinions about this project. Drop your written comments into the comment box here tonight or mail them to the address on the back of this form.

Comments: EXPANSION OF PLANTATION RD SEEMS INAPPROPRIATE AS WELL AS
VERY DANGEROUS. THIS ROAD IS RAPIDLY BECOMING A RACETRACK IN ITS
PRESENT STATE, AT THE DETREMENT OF HOMEOWNER EXISTING ADJACENT
SUB-DIVISIONS. THIS ROAD SERVES AS A SCHOOL BUS ROUTE, PLACING
OUR CHILDREN IN DANGER. FIVE LOCAL CHURCHES AND DAYCARE
FACILITIES BOARDEN ON PLANTATION RD. AND WE'VE SEEN HOW
CHURCHES AFFECT TRAFFIC FLOW. ON CYPRESS LAKE DRIVE,
FRUSTRATING DRIVERS, CAUSING SOMETIMES LONG DELAYS AND
DANGEROUS BACK UPS AND FURTHER REQUIRING NUMEROUS
SHERIFFS TO HELP TRAFFIC FLOW.
IS THERE NEED FOR MORE NORTH/SOUTH ACCESS? MOST DEFINITELY,
METRO PKWY. IS IDEAL FOR FURTHER EXPANSION AS WELL AS
SIX MILE CYPRESS TO ALLEVIATE SOME OF U.S 41'S TRAFFIC.

Comments: If another road is really necessary and inevitable, please be sure to keep the following in mind:

- Include bike/ped features in any new segment and any improvement of existing segments. This means not only sidewalks (both sides) but bike lanes as well.
- Don't over-engineer, creating ^{another} high-speed, high-crash corridor. Design for a max 40-45 mph.
- Keep existing neighborhoods intact.
- Although out of the perurve of this segment, please advocate for a ped/bike underpass at North Colonial Linear Park ~~to~~ so that park is not bi-sectioned. A ped/bike overpass/bridge is not a good option, but rather a golf-cart type Road Flyover is more appropriate.

Please use this comment sheet to express your opinions about this project. Drop your written comments into the comment box here tonight or mail them to the address on the back of this form.

I would like to share my disapproval for the Plantation/Palmetto Extension. I have lived off Plantation Road for 9 years. It is a residential street, there are no through trucks allowed and this is the way it should be. I feel the reason for this extension is to make up for the mistake the Commissioners of Lee County and Fort Myers have made by not making Metro go through from Hanson Street north. This is a commercial street paralleling 41 and Plantation Road which would make more sense than Plantation Road because it is suppose to be continue south of Six Mile Cypress. On the other side of us is Six Mile Cypress which should be made into a four lane road through to Palm Beach Blvd, be cause of it's proximity to I-75. It seems to me because of the commercial interests' need to connect their property to Colonial, our commissioners are sacrificing the residential values of this small community. We have requested sidewalks, which have been denied. Improvements on our road are only made when new construction is built. It would be nice if the commissioners could let us know what growth has been proposed for our community and let us know what improvements we can anticipate. An extension to Palm Beach is not a necessity to our community.

Thank you,
Beth Murphy

If we have no choice alternate C seems best.

Please use this comment sheet to express your opinions about this project. Drop your written comments into the comment box here tonight or mail them to the address on the back of this form.

Comments: You are proposing a great deal of cost to
very heavily and adversely impact a vital suburban area of
upscale homes ~~in~~ in Lee County. Why do this
when 400' away you have Metro Pkwy. already in place?
Metro is commercial/Industrial it's entire length.
Lee County should be striving to protect and enhance
the value and stability of it's neighborhoods, not
degrade and devalue them. If Plantation is pushed
north and widened, too many homes will lose value and
suffer the noise and congestion problems this proposal
will create.

Comments:

I AM VERY MUCH OPPOSED TO MAKING PLANTATION ROAD A DIVIDED 4-LANE ROADWAY, SIMILAR TO METRO PARKWAY. I BELIEVE THAT SINCE METRO IS ALMOST THE SIZE THAT IS REQUIRED THAT THIS SHOULD BE UTILIZED. ANY PLANS TO COMPLETE THIS ROUTE ON PLANTATION WOULD UNDOUBTEDLY NEGATIVELY IMPACT PROPERTY VALUES FOR THE AREA DUE TO NOISE, ETC.

TOO MANY NICE NEIGHBORHOODS WOULD BE IMPACTED BY THIS CHANGE. FOLKS THAT MOVED INTO THESE NEIGHBORHOODS WANTED THE PEACE AND TRANQUILITY OF THAT LOCATION -- NOT TO BE DISTURBED BY HEAVY TRAFFIC.

IN ADDITION, I FEEL THAT ALL COMMERCIAL AREAS ON THE WEST SIDE OF PLANTATION ROAD SHOULD BE REQUIRED TO INSTALL A CONCRETE BLOCK FENCE AND LANDSCAPING.

Comments: WHO ARE WE KIDDING? THE PALMETTO EXTENSION WILL ULTIMATELY
DICTATE A LANING PLANTATION RD TO DANIELS PARKWAY ALONG NUMEROUS
ESTABLISHED LARGE RESIDENTIAL DEVELOPMENTS WHICH CURRENTLY COPE WITH NEW
DEVELOPMENT OF LIGHT INDUSTRY, ITS NOISE & ILLEGAL "TRUCK TRAFFIC ON PLANTATION RD.
(CURRENTLY POSTED "NO TRUCK TRAFFIC" BUT CONTINUES TO BE UNENFORCED BY THE COUNTY)
METRO PKWY WAS "FUNDED & BUILT" TO SERVE ZONED LIGHT INDUSTRY FRONTING ON METRO.
TO COMPOUND OUR PROBLEMS WITH NOISE, LARGE TRUCK TRAFFIC & VEHICULAR
TRAFFIC (AS A SHORTCUT FROM DANIELS PKWY TO IDLEWILD & ON TO METRO),
CRYSTAL WAS EXTENDED FROM METRO TO PLANTATION RD TO SATISFY DEMANDS
OF LIGHT INDUSTRY DEVELOPERS & TO UNLOAD TRAFFIC ON METRO BY WAY OF ACCESS TO
PLANTATION RD. ALSO CONSIDER THE NEW HOUSING SUBDIVISION CURRENTLY UNDERWAY.
WE NOW FIND OURSELVES WITH A NEW EGRESS/INGRESS TO PLANTATION RD
FROM A VERY LARGE LIGHT INDUSTRY DEVELOPMENT WITH DUAL ACCESS TO
THE CRYSTAL EXTENSION & ON TO PLANTATION RD. THIS PARCEL HAD NO
AVAILABLE ACCESS TO METRO PKWY. PROBABLY PART OF THE "HIDDEN AGENDA" TO
CONTINUE WITH DEVELOPING THE LIGHT INDUSTRY PARK.

WE IN "THE WILLOWS" SUBDIVISION (92 HOMES) VERY CLEARLY SEE
WHAT LIES AHEAD OF US AS A RESULT OF YOUR PROPOSED PALMETTO

(Attach additional sheets if necessary)

OVER

Thank you for taking time to participate in this Public Information Meeting

EXTENSION AND A CONTINUED EROSION IN OUR LIFESTYLE, OUR PROPERTY VALUES, AND NOISE LEVELS THAT CONTINUE TO ERODE WITH APPARENTLY LITTLE CONCERN BY THE OFFICIALS IN OUR COUNTY OTHER THAN TO PERMIT UNCONTROLLED DEVELOPMENT AND CONCEDE TO THE DEVELOPERS WHAT THEY DESIRE & WANT.

THE EARLIER DISCUSSION PRESENTED DEMONSTRATES HOW OUR AREA HAS DETEORATED.

WE DO NOT NEED OR WANT MORE CONCENTRATED GROWTH AND SERIOUS TRAFFIC PROBLEMS THAT ACCOMPANY IT.

YOUR PROPOSED PALMETTO EXTENSION IS AN INVITATION & CERTANTY THAT WE WILL ACHIEVE A SMALLER VERSION OF METRO PARKWAY EXTENDING ALL THE WAY SOUTH TO SIX MILE CYPRESS.

YOUR PROJECT APPARANTLY PROVIDES ANOTHER OPPORTUNITY TO CREATE MORE "DEVELOPMENT OPPORTUNITIES" BUT CONSIDER THE CONSEQUENCES TO THOSE WHO ARE ALREADY HERE.

YOUR TASK IS NOT AN EASY ONE BUT ALL THREE (3) ALTERNATES NEED TO CONSIDER SOMETHING BETTER THAN A (2) LANE IDLEWILD & 2 LANE PLANTATION Rd.

Please use this comment sheet to express your opinions about this project. Drop your written comments into the comment box here tonight or mail them to the address on the back of this form.

Comments: IN REFERENCE TO THE PLANTATION ROAD EXTENSION, IT IS A WASTE OF TAXPAYERS MONEY TO MAKE PLANTATION ROAD A FOUR LANE ROADWAY. METRO PARKWAY IS ONLY 1/8 MILE FROM PLANTATION RD AND CAN EASILY HANDLE THE FLOW OF TRAFFIC NOW AND FOR MANY YEARS TO COME. ALSO WITHIN 1/2 MILE IS SIX MILE CYPRESS PKWY WHICH CAN NOW AND IN THE FUTURE HANDLE THE FLOW OF TRAFFIC.

TO THE LEE COUNTY OFFICIALS - MAKE AN EDUCATED DECISION, NOT A DECISION BASED ON SPECIAL INTERESTS. THERE IS ABSOLUTELY NO PURPOSE FOR PLANTATION ROAD TO BE A 4 LANE ROADWAY, THAT IS THE EDUCATED DECISION. I HOPE THAT LEE COUNTY MAKES THE RIGHT CHOICE.

Comments: At present address since 1988.

I did not move here to live next to a four lane (express) road nor access that road from a continually expanding industrial sites.

If this proposal - 4 lane expansion of Plantation Rd - is accepted the commission should insist that all the industrial sites on the west side be:

- ① Screened from the road
- ② A median inserted into the four lanes and properly landscaped.

The above will at least maintain some level of property values along the east side of Plantation.

Comments: I believe Plantation is primarily a residential road and should not become a public thoroughfare. Metropolitan Pkwy, Six mile cypress plus 41 and the interstate are all north-south roads - that should suffice. Plantation will not handle more truck traffic, etc.

Comments: BY DOING THIS PROPOSAL YOU WILL BE TAKING A
RESIDENTIAL STREET (PLANTATION TCD) AND MAKING IT A BUSINESS STREET
THIS WILL BE EXTREMELY UNSAFE FOR OUR RESIDENTIAL NEIGHBORHOODS
AND OUR CHILDREN. WE HAVE BUS STOPS FOR THE SCHOOL CHILDREN
SINCE BUSES CANNOT COME INTO OUR NEIGHBORHOODS. YOU WILL BE
DECREASING MY (OUR) PROPERTY VALUES YOU DO HAVE AN ALTERNATE
SOLUTION BY BRINGING YOUR NEW ROAD PROPOSAL OVER TO METRO
AND WIDENING IT.

DO NOT EVEN CONSIDER ANY OF THESE OPTIONS.

WE WILL BE CONTACTING OUR ATTORNEY'S & COMMISSIONERS.

Comments: This Road Extension plan is going to turn a family neighborhood into a major Express way North & South in Fort Myers which is not good. The county needs to use six mile cypress because there is nothing out there I also know that the Roth family ~~trust~~ trust has a special interest in the palmetto Ex which will only ruin our neighborhood.
