ROADWATCH UPDATE
April 23, 2026 to April 29, 2026

1. **Road Work/Maintenance/Improvement**

Corkscrew Road Widening Project – Phase 2 Construction Project: The project constructs four, 11-foot-wide travel lanes from Bella Terra Boulevard to just east of Alico Road, and a new traffic signal at the Alico Road intersection. Also included are on-road bike lanes in each direction, a 10-foot-wide shared-use path on the south side of the road, a 6-foot sidewalk on the north side of the road, and street lighting. The 22-foot wide (varies) median includes various hardwood and palm trees as well as shrubs.

**Drivers, pedestrians, and bicyclists are urged to use extra caution
when traveling through the work zone.**

- During the nighttime/overnight hours of 7 p.m. to 5 a.m. crews will be performing traffic striping in order to shift the eastbound lane at the west end of the project. This will allow for the construction of the new eastbound lanes. Please obey flaggers and signage.
- Crews will be installing concrete curb and sidewalks from Corkscrew Shores to Alico Road.
- Crews will be constructing a gravity wall on the north side of Corkscrew Road, starting at Alico Road and moving to the west. Please be aware that concrete trucks may be entering and leaving the roadway in this area.
- Crews will be installing drainage throughout the project area on Corkscrew Road and Alico Road. Motorists should expect trucks and equipment to be moving materials throughout the project.
- Motorists should drive with caution and expect intermittent daytime flagging as road crews are performing earthwork up to the shoulders of the road on Corkscrew Road and Alico Road, within the project limits. Please be aware that trucks may be entering and leaving the roadway.
- Crews will be installing utility conduits, light pole bases and light poles on the north side of Corkscrew Road from Wayside Lane to Alico Road.
- Sidewalks are closed in areas throughout the project as the contractor performs underground

work.

The work activities above are scheduled to occur, however unforeseen underground conditions and weather may affect this schedule.

Please use caution and watch for workers and construction vehicles entering and leaving the roadway. Due to additional work required by Lee County Utilities, as well as delays in utility relocations by FPL and Lumen, the project completion is expected end of 2026. Project cost is approximately \$27 M. The contractor is Bergeron Land Development, Inc. For further questions, please visit the project website at <https://corkscrewroadwidening.com> or contact Jennifer Dorning by email at Jennifer.Dorning@atkinsrealis.com or by phone at (239) 338-7723.

Village of Estero Corkscrew Road Shared Use Path Project: This Village of Estero project constructs a 10-foot-wide asphalt pathway on the north side of Corkscrew Road from Ben Hill Griffin Parkway to Palermo Lake Court (eastern entrance of Grandezza), and 6-foot wide concrete sidewalk from east of Palermo Lake Court that connects to the sidewalk that runs to Midnight Blue Court (Wild Blue Vista) built by Lee County's previous widening project. The 10-foot-wide asphalt pathway will also be constructed on the south side of Corkscrew Road from Ben Hill Griffin Parkway to Bella Terra Boulevard. Roadway and pathway lighting similar to those on Estero Parkway will be installed to complement the new facilities, along with a substantial amount of landscaping and irrigation which will add to the beautification of the Corkscrew Road corridor.

The sidewalk and pathway are active work zones and remain closed to pedestrians and bicyclists from Ben Hill Griffin Parkway to Midnight Blue Court/Bella Terra Boulevard.

- Motorists should expect daytime lane closures throughout the project area for crews to work in the median, install lighting on the north side of the road, and install irrigation on both the north and south side of the road between Grandezza and Ben Hill Griffin Parkway. Please be aware of trucks and equipment entering/leaving the roadway.
- *WORK BY UTILITY COMPANIES: Various utilities are relocating utilities throughout the project. This work may require daytime lane closures within the project area.*

The work activities above are scheduled to occur, however unforeseen underground conditions and weather may affect this schedule.

Please use caution and watch for workers and construction vehicles entering and leaving the roadway. Estimated completion is Fall 2026. Project cost is approximately \$23 million, including \$4.6 million for landscaping and irrigation and \$4 million for lighting. For further questions, please contact Jennifer

Dorning by email at Jennifer.Dorning@atkinsrealis.com or by phone at (239) 338-7723.

Big Carlos Pass Bridge Project – Construction Project: The project builds a new bridge over Big Carlos Pass, from Estrellita Drive on Fort Myers Beach to the Lovers Key State Park bayside entrance on Lovers Key. The new bridge replaces the existing moveable bridge over Big Carlos Pass with a fixed span bridge that provides a vertical navigation clearance of 60 feet. The new bridge has been constructed on the Gulf side of the existing bridge, and includes one travel lane in each direction, bicycle lanes, a six-foot-wide sidewalk along the north side of Estero Boulevard, and a 10-foot-wide shared use path along the south side of Estero Boulevard. A parking area with access to the Lovers Key State Park will be included on the southeast side of the bridge. The project also includes relocation of existing infrastructure for Lee County Utilities and Bonita Springs Utilities.

*Boaters are reminded to avoid the construction equipment and the temporary trestle that is in the water.
Mariners are now using the navigational channel under the new bridge.
A temporary clearance gauge is available.*

FISHING IS NOT PERMITTED FROM THE BIG CARLOS PASS BRIDGE

- The contractor is performing concrete work throughout the job including installing curb, pedestrian railing, and sidewalk. Delivery is occurring during times that are favorable for successful pours and within permit requirements.
- Vehicles are now using the newly constructed, fixed-span bridge. LeeTran trolley stops on the east side of the bridge are open for service. Pedestrian and bicyclist access is limited until the completion of span 1 (closest to Fort Myers Beach).
- Motorists should continue to expect intermittent daytime lane closures with flagging for crews to receive materials and perform utility and bridge work.
- Crews continue construction on the west side of the new bridge. Due to this work, the east entrance of Islands End (south side) is closed. Access will be maintained at the west entrance.
- The contractor continues dismantling the old bridge from the water.
- Pedestrians should follow signs to use the sidewalk on the north side of the bridge.
- Crews will continue performing earthwork and drainage work throughout the project.

***TRESPASSING INTO THE CONSTRUCTION SITE IS DANGEROUS AND ILLEGAL.
THIS INCLUDES THE BEACH AREA UNDER THE BRIDGE.***

Pedestrians and boaters are reminded to please stay out of the work zone.

Drivers, pedestrians, and bicyclists are urged to use extra caution when traveling through the work zone as workers and construction vehicles are entering and leaving the roadway. Motorists should

expect reduced speeds throughout the project area. **Fishing is not permitted from the Big Carlos Pass Bridge.**

Estimated completion is summer 2026. Project cost is approximately \$90.8 M. The contractor is Superior Construction. For further questions, please visit the project website at <https://bigcarlosbridgeproject.com/> or contact Jennifer Dorning by email at Jennifer.Dorning@atkinsrealis.com or by phone at (239) 338-7723. For more information regarding the future parking area on the southeast side of the bridge, visit www.leegov.com/parks and click on the parks project info tool for updates.

Ortiz Avenue Widening from SR 884 (Colonial Boulevard) to SR 82 (Martin Luther King, Jr. Boulevard): This project consists of widening of Ortiz Avenue from 2 lanes to 4 lanes and constructs a six-foot sidewalk on the east side of the road and a 10-foot paved trail on the west side of the road. An on-road bike lane on both sides of the road will also be included. New street lighting will be installed, and a grass median will separate traffic. No improvements will be made at the roundabout intersection with Hanson Street. The contractor will reconstruct the roadway with drainage improvements and stormwater management facilities. Work also includes installation of new water main and installation of new reclaimed water and sewer facilities for Lee County and the City of Fort Myers.

Drivers, pedestrians, and bicyclists are urged to use extra caution when traveling through the work zone.

- Crews will be working on base rock near Schofield Street and the entrances to The Edison Apartments and the Fort Myers Seventh-Day Adventist Church, which will require intermittent flagging. Motorists are advised to proceed with caution and follow the direction of flaggers.
- Motorists are advised that traffic has shifted to the east, from north of the roundabout to S.R. 82 (Dr. Martin Luther King, Jr. Boulevard). Please use caution and pay close attention to the new stop locations before proceeding to the live lanes.
- Until further notice, the entrance to the Vistas at Eastwood Apartments has been reduced to one lane in and one lane out.
- The RaceTrac entrance on Ortiz Avenue that was previously closed to traffic has reopened.
- Crews are working on the new sidewalk and roadway on the west side of Ortiz Avenue. Pedestrians are advised that this area is an active construction zone and will remain closed until work has been completed.
- The contractor will be installing watermain near the pedestrian path north of the roundabout, on the west side of Ortiz Avenue. The path will remain open, but pedestrians are advised to proceed with caution and follow the direction of flaggers.
- The Contractor will be performing utility work north and south of the roundabout.

- The existing pedestrian path between S.R. 82/Dr. Martin Luther King, Jr. Boulevard and the Vistas at Eastwood Apartments will be closed until late May for utility installations. Pedestrians are advised to follow detour signs directing them to the alternative route that utilizes Alessio Drive.
- Motorists should expect heavy truck traffic entering and exiting the project area north of the roundabout.
- The contractor is identifying existing utility locations throughout the project.
- The contractor is scheduled to survey the project during daytime hours.
- **LeeTran riders are advised of the following bus stop changes:**
 - The southbound stop just south of the Vistas at Eastwood Apartments entrance has been relocated to the north side of the entrance, next to the new alignment of the southbound traffic.
 - The temporary northbound bus stop near the Lee County Jail entrance remains near the newly constructed driveway, next to the new alignment of northbound traffic.
 - The northbound AND southbound stops just north of the Lee County Jail driveway and the northbound stop near RaceTrac are temporarily out of service.

The work activities above are scheduled to occur, however unforeseen underground conditions and weather may affect this schedule.

Motorists are asked to drive with caution and watch for workers and construction vehicles entering and leaving the work zone. **Estimated completion is Late 2026.** Project cost is approximately \$31 M. The contractor is OHLA USA. For further questions, please visit www.ortizavewidening.com or contact Jennifer Dorning by email at Jennifer.Dorning@atkinsrealis.com or by phone at (239) 338-7723.

Able Canal Pathway Project: The project constructs a new 12-foot-wide, 6-mile shared use pathway along the north side of Able Canal starting at the Harns Marsh access point next to 35th Street West and the Sailfish Canal and extending east to Joel Boulevard in Lehigh Acres. The purpose of the project is to facilitate accessible, non-motorized travel options for commuters and recreational users in the Able Canal corridor and within the Lehigh Acres community. Work includes an asphalt path with a pedestrian bridge, pavilions, landscaping and other amenities.

TRESPASSING INTO THE CONSTRUCTION SITE IS DANGEROUS AND ILLEGAL.

Please be aware that the Lee County Sheriff's Office is authorized to charge trespassers if found in the work zone.

- Crews will be building forms and tying steel during daytime hours for the new bridge over Charlie Diversion Canal.
- Crews are working on embankment, earthwork and storm drain installation between 35th Street West and Richmond Avenue North.
- Crews are installing erosion control throughout the project.
- Flagging and staging activity should be expected at Lehigh Acres Park, but there will be no impact to park users during construction.

The work activities above are scheduled to occur, however unforeseen underground conditions and weather may affect this schedule.

Please use caution and watch for workers and construction vehicles entering and leaving the roadway. The project began in August 2025 with estimated completion in Fall 2027. Project cost is approximately \$10.2 M. The contractor is Pavement Maintenance, LLC. For further questions, please visit <https://www.leegov.com/parks> or contact Jennifer Dorning by email at Jennifer.Dorning@atkinsrealis.com or by phone at (239) 338-7723.

I-75 at Daniels Parkway (exit 131) Interchange Improvements: FDOT is reconstructing the I-75 at Daniels Parkway interchange. The interchange improvements include reconstruction of the Daniels Parkway Interchange (Exit 131) converting it to a Diverging Diamond Interchange (DDI) design, reconstruction of the I-75 ramps, construction of pedestrian and bicycle accommodations through the interchange, installation of new signals at the ramps, and resurfacing of Daniels Parkway through the project area.

The following activities are subject to change based on weather conditions and unforeseen underground conditions:

- During the nighttime/overnight hours of 9 p.m. to 7 a.m., motorists should anticipate lane closures on northbound I-75 for crews to work on temporary roadway construction.
- Crews are working on widening at the southbound I-75 off-ramp and Daniels Parkway.
- Crews are working on earthwork and underground drainage throughout the project area.
- Please note that the westbound lanes on Daniels Parkway are shifted slightly to the south, then back to the north. Traffic on the southbound I-75 off-ramp has also shifted to the east. Please pay attention to signs and pavement marking and drive with caution.
- Motorists are advised that the speed limit has been reduced in the project area. Please follow all posted signage.
- Pedestrian access has been shifted to the south side of Daniels Parkway. Please follow signs and proceed with caution in the work zone.

- Motorists should expect trucks and equipment to be moving materials throughout the project.
- When necessary, motorists should anticipate lane closures on I-75 between 9 p.m. and 7 a.m. and on Daniels Parkway between 7 p.m. and 7 a.m., with the exception of three hours before, during and three hours after Spring Training baseball games at Hammond Stadium and Jet Blue Park.

Please use caution and watch for workers and construction vehicles entering and leaving the roadway. The expected completion date is summer 2028. For further questions, please visit <https://www.swflroads.com/project/446296-2> or contact Michaela Zawodny by email at Michaela.Zawodny@dot.state.fl.us or by phone at (239) 410-8174.

Bell Boulevard Sidewalk from Sunrise Boulevard to Joel Boulevard: Lee County is constructing a 6-foot sidewalk on Bell Boulevard in Lehigh Acres from Sunrise Boulevard to Joel Boulevard. This project, when complete, will provide a continuous sidewalk connecting pedestrians from SR 82 to Joel Boulevard via Bell Boulevard. The project also includes a steel pedestrian bridge over Jim Canal, concrete driveway replacements, minor roadway reconstruction, paving, drainage improvements, and pedestrian safety upgrades. Construction is scheduled to begin in late March 2026, with completion anticipated in Fall 2026. Project cost is approximately \$1.5 million. The contractor is V&H Construction.

Drivers, pedestrians, and bicyclists are urged to use extra caution when traveling through the work zone.

- The contractor is currently clearing and grubbing and surveying the area during daytime hours.
- The contractor is identifying existing utility locations throughout the project. Crews may be working close to the roadway. Motorists are asked to drive with caution.

The work activities above are scheduled to occur, however unforeseen underground conditions and weather may affect this schedule.

Please use caution and watch for workers and construction vehicles entering and leaving the roadway. For further questions, please visit www.leegov.com or contact Molly Schweers by email at Molly.Schweers@atkinsrealis.com or by phone at (239) 292-0497.

Estero Boulevard Hurricane Repairs (Estrellita Drive to Crescent Street) – Construction Project: This project includes repairs of damaged asphalt, curb and gutter, sidewalk, pavement, pedestrian handrail, school flashers, pedestrian signals, as well as the removal and replacement of the center drain brick pavers. The contractor will also replace ADA ramps and detectible warning surfaces.

Flamingo Street to Mound Road

- Crews continue work to repair the center drain brick pavers on Estero Boulevard. No lane closures are expected for this work. Please use caution as crews work close to the travel lanes.

Estrellita Drive to Lenell Road

- Crews are currently removing damaged concrete, such as sidewalk, curb, and gutter. Extended lane closures are not anticipated for this work; however, motorists, pedestrians, and bicyclists are encouraged to slow down and use caution.

Drivers, pedestrians, and bicyclists are urged to use extra caution when traveling through the work zone as workers and construction vehicles are entering and leaving the roadway.

Estimated completion is fall 2027. Project cost is approximately \$9 M. The contractor is Wright Construction Group. For further questions, please contact Jennifer Dorning by email at Jennifer.Dorning@atkinsrealis.com or by phone at (239) 338-7723. For more information www.leegov.com.

Three Oaks Parkway Extension Project Phase 2 from Indian Paint Lane to Daniels Parkway: This project consists of extending Three Oaks Parkway north in the vicinity of Indian Paint Lane to Daniels Parkway and constructs 4 lanes with a 5-foot-wide bicycle lane. Phase 2 includes 6-foot-wide sidewalks on both sides of the roadway.

Daniels Parkway:

- *Palomino Lane is closed from Jobe Road / Kings Crossing to Daniels Parkway and will remain closed for about five weeks.* This is necessary for the installation of a new drainage pipe and water main under the road, followed by roadway reconstruction. A traffic detour will be routed from Kings Crossing to Skyport Avenue to Mall Loop Road to Danport Boulevard.
- Daniels Parkway is open to three lanes of traffic in each direction. The outside east and westbound lanes will remain closed for additional construction activities. However, the outside right-turn lanes will be open for use.

Three Oaks Parkway Extension:

- Daniels 9300 Service Access Road is closed at Fiddlesticks Boulevard as the contractor continues to build the northbound lanes for Three Oaks Parkway Extension. This work is expected to be complete at the beginning of May.
- The contractor is constructing connections to the new roundabout to connect to Fiddlesticks Boulevard.

**Drivers, pedestrians, and bicyclists are urged to use extra caution
when traveling through the project.**

All work is subject to weather conditions.

Motorists are asked to drive with caution and watch for workers and construction vehicles entering and leaving the work zone. Estimated completion is mid-2028. Project cost is approximately \$39.7 M. The contractor is EHC Construction. For further questions, please visit www.ThreeOaksExtension.com or contact Kris Cella by email at Kcella@cella.cc or by phone at (239) 337-1071.

Buckingham Road and Gunnery Road Roundabout Project Phase 3: Currently working in the third phase, crews will be working on the construction of the east side of the roundabout and Gunnery Road.

**Drivers, pedestrians, and bicyclists are urged to use extra caution
when traveling through the project.**

- The roundabout is open.
- Crews are working on final details of the roadway construction along Buckingham Rd.

Expect large construction vehicles in the area and watch for contractors in the field. The contractors will use Variable Message Boards (VMB) to notify the public about any traffic pattern changes during construction. The contractor is V & H Construction, Inc. **Work is estimated to be complete spring of 2026.** Work is expected to occur **Monday through Friday from 7:00 AM to 5:30 PM**; however, some night and weekend work may be necessary. If you would like to receive updates or have questions about the project, please visit the website www.BuckinghamGunneryRoundabout.com or contact: CMA Outreach Inc., public outreach consultant at 239-337-1071 or email: info@BuckinghamGunneryRoundabout.com.

Orange River Boulevard Sidewalk and Utility Improvements Project: The project includes water main replacement, installation of new stormwater drainage systems, addition of a new 6-foot sidewalk and curbs, and upgrading lighting and pedestrian signalization in the surrounding area of Orange River Boulevard from Palm Beach Boulevard (SR 80) to east of Lorraine Drive. These improvements will enhance water reliability and improve pedestrian and traffic safety.

**Drivers, pedestrians, and bicyclists are urged to use extra caution
when traveling through the work zone.**

- Crews will be pouring sidewalk in the Right of Way (ROW).
- Crews will be patching asphalt throughout the project area.
- Crews will be working on utilities in the Right of Way (ROW) along the north and south side of Orange River Blvd. They will start at Lakeside Club Dr. and work eastward. **Intermittent flagging operations may be necessary.**
- Boatways Road entrance adjacent to the Starbucks and the entrance south of the Comfort Inn is temporarily closed for Utility work and sidewalk construction. Only one Boatways Road entrance will be closed at a time. Motorists should proceed with caution and follow the detour signs and directions from flaggers.

The work activities above are scheduled to occur; however, unforeseen underground conditions and weather may affect this schedule.

Please use caution and watch for workers and construction vehicles entering and leaving the roadway. Estimated completion is Fall 2026. Project cost is approximately \$3M. The contractor is Thompkins Contracting Inc. Work is expected to occur Monday through Friday from 7:00 AM to 7:00 PM; however, some night and weekend work may be necessary. For further questions, please contact Kris Cella by email info@OrangeRiverBlvdImprovementsProject.com or by phone at (239) 337-1071.

Tice Street Sidewalk and Watermain Replacement Project – Construction Project: This project includes replacement of existing water mains, installation of new potable water infrastructure, and construction of new ADA-compliant sidewalks along Tice Street and surrounding areas. Additional work includes driveway restoration, minor drainage improvements, and roadway restoration within the project limits. These improvements will enhance water system reliability and improve pedestrian safety and connectivity in the area. Drivers, pedestrians, and bicyclists are urged to use extra caution when traveling through the work zone.

- Motorists should expect intermittent lane closures and flagging operations during daytime hours.
 - **Lynnedda Avenue** has been converted to a one-way-street through the duration of the project.

Motorists should use caution and follow detour signs while roadway configuration is in place.

- Crews will be installing new water main along Tice Street, including valves, fittings, hydrants, and service connections.
- Crews will be performing excavation, trenching, and backfilling operations from Ortiz Avenue heading west to Carolina Avenue.
- Crews will be constructing new concrete sidewalks, curb ramps, and ADA improvements from Ortiz Avenue heading west to Carolina Avenue.
- Trucks and construction equipment will be entering and leaving the roadway; expect minor delays.
- Sidewalks may be closed in active work areas from Ortiz Avenue heading west to Carolina Avenue; pedestrians should follow posted detours.

The work activities above are scheduled to occur during the duration of the project; however, unforeseen underground conditions and weather may affect this schedule.

Please use caution and watch for workers and construction vehicles entering and leaving the roadway. Project completion is expected in spring of 2027. Project cost is approximately \$3.9 M. For further questions, please contact CMA Outreach, Inc. by email at bsmith@cella.cc or by phone at (239) 337-1071.

Striping Maintenance: Lee County DOT Traffic will be performing a moving operation with traffic delays on **April 23, 2026, to April 29, 2026**, between the hours of **9:00 AM to 4:00 PM** (weather permitting) on the following roadways:

Southwell Drive	Beacon Boulevard
Daniels Parkway (<i>excluding Sophomore Lane – Jetport Commerce Parkway</i>)	Beacon Manor Drive
Sunrise Boulevard	Flowers Drive
Crystal Drive	Danley Drive
Trailwinds Drive	6 th Street
Beacon Street	5 th Street

Intersection Markings Maintenance: Intermittent lane closures and delays are possible **April 23, 2026, to April 29, 2026**, between the hours of **9:00 AM to 4:00 PM** (weather permitting) on the following roadways:

Lee Boulevard	Lake Ridge Court
Six Mile Cypress (<i>Metro Parkway – Colonial Boulevard</i>)	Andrea Lane

Night work scheduled for Thursday April 23, 2026: LCDOT Traffic will be refreshing the pavement markings at various locations along Lee Boulevard between the hours of **8:00 PM to 4:00 AM** (weather permitting). Motorists are advised to use caution while traveling through these areas as workers will be present on the roadway.

For additional information, please contact Randy Hart at DOTMarkings@leegov.com

Westlinks Drive at Commerce Lakes Drive, Commerce Lakes Drive at Gateway Boulevard, Westlinks Drive N at Daniels Parkway, Gateway Greens Drive, Devonshire Lakes Drive, Fairway Lakes Drive, Girl Scout Lane - Fort Myers (ROW 2024-00255): L & S Enterprises, contracted through FPL, will be performing the rest of the electrical work on the existing poles as well as installing new poles **beginning May 27, 2025, and continuing through May 5, 2026.** New poles installation, removal of old poles, resetting poles, and energize circuits for poles will be performed. Periodic lane closures on Gateway Boulevard, shoulder work/ flagging and sidewalk closures on Westlinks Drive just south of Commerce Lakes Drive, and shoulder work/flagging on Commonwealth Drive across from the elementary school will take place. Periodic lane closures/ flagging, shoulder closures and/or shoulder closures will occur from **7:00 AM to 6:00 PM.** AWP will be conducting the traffic control services. Please contact Tamera Dolan at (239) 469-2725 with any questions or concerns. The contractor from L & S Enterprises will be conducting the work. If you have any questions, please contact Jake Marshall with L & S Enterprises at (315) 264-2006.

5019 Lee Boulevard – Lehigh (RES2025-02426 & DRV2025-01926): ONX Lehigh Acres LLC will be performing roadway and sidewalk improvements beginning **Friday, March 20, 2026, and continuing through June 5, 2026.** Asphalt pavement, concrete sidewalk, concrete curbing, and drainage improvements will be performed. The outside (right) lane of eastbound traffic on Lee Boulevard just after Main Street will be subject to lane closures, as will one of two left turn lanes from the westbound portion of Main Street turning south onto Lee Boulevard. Periodic lane closures for eastbound and westbound lanes will occur between the hours of **7:00 PM and 6:00 AM** on weekdays. For further information, please contact Arjun Kannan at (407) 520-9846 or arjun.kannan@ONXHomes.com. Traffic Control Products of Florida will provide maintenance of traffic services (239) 334-8888.

15220 Treeline Avenue S. – Fort Myers (ROW2025-01627): Pavement Maintenance, LLC. will be performing roadway and turn lane **improvements beginning November 24, 2025, and continuing through July 2, 2026.** Improvements include baserock, asphalt pavement, drainage improvements,

concrete sidewalk and concrete curb. Installation of a new northbound and south bound turn lane to access 152200 Treeline Avenue S. Only one turn lane will be worked on at a time. Only one lane will be close at a time as needed. Based on the calendar days, this work will be performed at night from **7:00 PM to 6:00 AM**, when we have to close the lanes. For additional information, please contact Juan Gomez at jgomez@pmioffl.com or (239) 464-9767.

Treeline Avenue, south of Daniels Parkway (ROW2025-02269): PMI will be performing road and sidewalk improvements **beginning December 3, 2025, and continuing through April 30, 2026.** They will be installing a north and southbound turn lane at 14181 & 14051 Treeline Avenue S. Work will also include asphalt pavement, concrete sidewalk, and concrete curb and drainage improvements. The daytime work hours will be from 7:00 AM to 4:00 PM for shoulder work and will not require lane closures (MOT index 102-602). The nighttime hours will be from **7:00 PM to 6:00 AM** and will include lane closures. For more information, please contact the Project Manager, Juan Gomez, at 239-464-9767 or by email at jgomez@pmioffl.com.

5600 Lee Boulevard Stonewood Crossing Development (ROW2025-02208) - Reliance Builders LLC and its subcontractors will be performing roadway work including overhead utility work on Lee Boulevard between Lehigh Acres western line and eastward to Alvin Avenue. The roadway work will include accel/decel lanes, catch basin/culvert pipe, curb and gutter, multiple drive entrances, sidewalk, turn lanes, waterline, fiber optic and traffic signal work. The improvements will begin (without lane closures) on **December 15, 2025, and continue through May 4, 2026.** Pedestrian Walkway Detour will be required along with periodic lane closures. Lane closures will be required on both westbound and eastbound outside lanes as well turn lane closures being with inside lane closures at other times. **Periodic closures for any lanes will occur only between the hours of 7:00 PM and 6:00 AM, Monday through Thurs as required by seasonal requirements.** For Further Information please contact Carmen Costa at (239) 425-7770 or Carmencosta.kater@gmail.com. Maintenance of Traffic Services will be provided by Scott Safety, LLC (Alva Florida), additional information can be obtained from Jason King at jason@scottsafety.com or (239) 898-2052.

SR 80 and River Hall Parkway to SR 80 and Joel Boulevard (ALVA): Lee County DOT and its contractor, Intelligent Infrastructure Solutions LLC, will begin the installation of Fiber Optic Cable for approximately 7 miles between Joel Boulevard and River Hall Parkway on SR 80. There will be no lane closures at this time. These improvements include ATMS Communications for signalized intersections (Broadway, Styles, Joel, and Alva Bridge). The work activities above are scheduled to occur, however unforeseen

conditions and weather may affect this schedule. The project will begin **Monday, February 16, 2026, and estimated completion is June 2026**. Motorists and pedestrians are urged to use extra caution when traveling through the work zones. For further information, please contact Kyle Blanc at LCDOTProjects@leegov.com.

Sanibel Toll Facility: Starting **Monday, March 30, 2026, and ending on August 27, 2026**, there will be intermittent nightly lane closures. Lee County DOT will be performing lane maintenance through the toll plaza. Intermittent lane closures can be expected from **8:00 PM to 6:00 AM**. Please contact Rob Radford at (239) 229-5980, if you should have any questions.

Midpoint Toll Facility: Starting **Monday, March 2, 2026, and ending on September 8, 2026**, there will be intermittent nightly lane closures. Lee County DOT will be performing lane maintenance through the toll plaza. Intermittent lane closures can be expected starting at **8:00 PM to 6:00 AM**. Please contact Rob Radford at (239) 229-5980, if you should have any questions.

Cape Toll Facility: Starting **Monday, March 16, 2026, and ending on September 29, 2026**, there will be intermittent nightly lane closures. Lee County DOT will be performing lane maintenance through the toll plaza. Intermittent lane closures can be expected starting at **8:00 PM to 6:00 AM**. Please contact Rob Radford at (239) 229-5980, if you should have any questions.

Beth Stacey Boulevard at Homestead Road N – Fort Myers (ROW2025-02087): Milenium Inc. will perform a 112' directional bore from the southeast corner to the northeast corner of the intersection. Work is scheduled to begin **April 6, 2026, and conclude by May 1, 2026**. Work hours will be **7:00 PM to 3:00 AM** (in-season nighttime hours). All lanes, including turn lanes, will be subject to closure from the eastbound lanes on the south side through to the westbound lanes on the north side. AWP will provide Maintenance of Traffic (MOT) services. AWP contact number: (239) 469-3762. For further information, please contact Jason Bush at (941) 812-2913 or at jason.bush@lumosfiber.com, or Johnathan Roman, On-Site Construction Manager at Milenium, Inc., at (786) 262-6946.

Lee Boulevard at Williams Avenue – Fort Myers (ROW2025-01868): Milenium Inc. will perform a 186' directional bore from the southeast corner to the northeast corner of the intersection. Work is scheduled to begin **April 6, 2026, and conclude by May 1, 2026.** Work hours will be **7:00 PM to 3:00 AM** (in-season nighttime hours). All lanes, including turn lanes, will be subject to closure from the eastbound lanes on the south side through to the westbound lanes on the north side. AWP will provide Maintenance of Traffic (MOT) services. AWP contact number: (239) 469-3762. Motorists should use caution as flagmen, workers, and equipment will be present. Work is scheduled to **begin April 13, 2026, and should be completed by April 30, 2026**. For further information, please call Bob DeBrock at (239) 533-9425.

5. Traffic Signal Maintenance

Cape Coral Parkway and Coronado Parkway, Cape Coral: Lee County DOT Traffic will be rebuilding the traffic signal on **Friday, April 24, 2026, from 8:00 PM to 4:00 AM**. The traffic signal will be dark and out of normal operation with police presence and temporary short lane closures. Motorists and pedestrians are urged to use extra caution in this area. For further information, please contact John Dalton at (239) 898-7853.

Old San Carlos Boulevard & Estero Boulevard (Fort Myers Beach): Lee County DOT - Traffic and its contractor DPI Experts will begin the permanent repairs of the traffic signal at Old San Carlos Boulevard & Estero Boulevard. The project includes the replacement of damaged pedestrian signal and street light foundations, including ADA ramps and detectable warning surfaces, pedestrian signals, streetlights, wiring, traffic signals, traffic signal cabinet, and refreshment of pavement markings. **Construction is planned to start on Monday, May 4, 2026, and construction hours will be 7:00 PM - 5:30 AM.**

- Crews plan on starting on the northwest corner removing concrete and ADA ramps and replacing foundations and pouring the new sidewalk and ADA ramps. Once the northwest corner is completed, crews will move to the southeast corner removing concrete and ADA ramps and replacing foundations and pouring the new sidewalk and ADA ramps. Pedestrians can expect pedestrian detours and drivers can expect intermittent lane closures when crews are removing and installing concrete. Each corner will be done separately.

The work activities above are scheduled to occur, however unforeseen conditions and weather may affect this schedule.

Estimated completion is Fall 2026. Motorists and pedestrians are urged to use extra caution when traveling through the work zones. For further information, please contact Ryan Kirsch at LCDOTProjects@leegov.com.
