ROADWATCH UPDATE

August 20, 2026, to August 26, 2026

1. Road Work/Maintenance/Improvement

Corkscrew Road Widening Project – Phase 2 Construction Project: The project constructs four, 11-foot-wide travel lanes from Bella Terra Boulevard to just east of Alico Road, and a new traffic signal at the Alico Road intersection. Also included are on-road bike lanes in each direction, a 10-foot-wide shared-use path on the south side of the road, a 6-foot sidewalk on the north side of the road, and street lighting. The 22-foot wide (varies) median includes various hardwood and palm trees as well as shrubs.

Drivers, pedestrians, and bicyclists are urged to use extra caution when traveling through the work zone.

- Crews will be paving on the south side of Corkscrew Road on the multi-use path.
- Crews will be installing sod on the south side of Corkscrew Road.
- Crews will be installing drainage throughout the project area on Corkscrew Road and Alico Road. Motorists should expect trucks and equipment to be moving materials throughout the project.
- Motorists should drive with caution and expect intermittent daytime flagging as road crews are performing earthwork up to the shoulders of the road on Corkscrew Road and Alico Road, within the project limits. Please be aware that trucks may be entering and leaving the roadway.
- Crews will be installing utility conduits, light pole bases and light poles on the north side of Corkscrew Road from Wayside Lane to Alico Road.
- Sidewalks are closed in areas throughout the project as the contractor performs underground work.

The work activities above are scheduled to occur, however unforeseen underground conditions and weather may affect this schedule.

Please use caution and watch for workers and construction vehicles entering and leaving the roadway. Due to additional work required by Lee County Utilities, as well as delays in utility relocations by FPL and Lumen, the project completion is expected at the end of 2026. Project cost is approximately \$27 M. The contractor is Bergeron Land Development, Inc. For further questions, please visit the project website at <https://corkscrewroadwidening.com> or contact Jennifer Dorning by email at Jennifer.Dorning@atkinsrealis.com or by phone at (239) 338-7723.

Village of Estero Corkscrew Road Shared Use Path Project: This Village of Estero project constructs a 10-foot-wide asphalt pathway on the north side of Corkscrew Road from Ben Hill Griffin Parkway to Palermo Lake Court (eastern entrance of Grandezza), and 6-foot wide concrete sidewalk from east of Palermo Lake Court that connects to the sidewalk that runs to Midnight Blue Court (Wild Blue Vista) built by Lee County’s previous widening project. The 10-foot-wide asphalt pathway will also be constructed on the south side of Corkscrew Road from Ben Hill Griffin Parkway to Bella Terra Boulevard. Roadway and pathway lighting similar to those on Estero Parkway will be installed to complement the new facilities, along with a substantial amount of landscaping and irrigation which will add to the beautification of the Corkscrew Road corridor.

The sidewalk and pathway are active work zones and remain closed to pedestrians and bicyclists from Ben Hill Griffin Parkway to Midnight Blue Court/Bella Terra Boulevard.

- Motorists should expect lane closures from 8:00 AM to 3:30 PM for crews to install landscaping, upgrade sod to meet the Village of Estero’s Corkscrew Road landscape plan, and to complete irrigation throughout the project.
- Crews have completed light pole installation; however lighting will not be operational until closer to project completion after all electrical is installed.
- *WORK BY UTILITY COMPANIES: Various utilities are relocating utilities throughout the project. This work may require daytime lane closures within the project area.*

The work activities above are scheduled to occur, however unforeseen underground conditions and weather may affect this schedule.

Please use caution and watch for workers and construction vehicles entering and leaving the roadway. Estimated completion is early 2027. Project cost is approximately \$23 million, including \$4.6 million for landscaping and irrigation and \$4 million for lighting. For further questions, please contact Jennifer Dorning by email at Jennifer.Dorning@atkinsrealis.com or by phone at (239) 338-7723.

Ortiz Avenue Widening from S.R. 884 (Colonial Boulevard) to S.R. 82 (Dr. Martin Luther King, Jr. Boulevard): This project consists of widening of Ortiz Avenue from 2 lanes to 4 lanes and constructs a six-foot sidewalk on the east side of the road and a 10-foot paved trail on the west side of the road. An on-road bike lane on both sides of the road will also be included. New street lighting will be installed, and a grass median will separate traffic. No improvements will be made at the roundabout intersection with Hanson Street. The contractor will reconstruct the roadway with drainage improvements and stormwater management facilities. Work also includes installation of new water main and installation of new reclaimed water and sewer facilities for Lee County and the City of Fort Myers.

*Drivers, pedestrians, and bicyclists are urged to use extra caution
when traveling through the work zone.*

- Please be advised that southbound traffic has shifted to the new roadway on the east side of the corridor from Colonial Boulevard to the roundabout at Hanson Street. Please use caution and pay close attention to the new stop locations before proceeding to the open lanes.
 - Exits from Colonial Center Drive, The Edison Apartments and Schofield Street are now Right Turn Only and must utilize the Hanson Street roundabout to access southbound Ortiz Avenue.
 - Exits from the Calusa Nature Center have also switched to Right Turn Only onto Ortiz Avenue.
- Crews are reconstructing the Vistas at Eastwood Apartments entrance. Traffic will continue to be reduced to one lane in and one lane out but will intermittently be moved from the north side of the entrance to the south side of the entrance. Motorists are advised to proceed with caution and follow the detour signs.
- Crews are working on the new sidewalk on the west side of Ortiz Avenue, north of the roundabout. Pedestrians are advised that this area is an active construction zone and will remain closed until work has been completed.
- The existing pedestrian path between S.R. 82/Dr. Martin Luther King, Jr. Boulevard and the Vistas at Eastwood Apartments will be closed until late August for asphalt placement. Pedestrians are advised to follow detour signs directing them to the alternative route that utilizes Alessio Drive.
- The existing pedestrian path on the west side of Ortiz Avenue, south of the roundabout, is now closed for reconstruction. Pedestrians will be detoured onto the new sidewalk on the east side of Ortiz Avenue.
- The Contractor will be performing utility work north and south of the roundabout.
- Motorists should expect heavy truck traffic entering and exiting the project area north of the roundabout.
- The contractor is identifying existing utility locations throughout the project.
- The contractor is scheduled to survey the project during daytime hours.

- **LeeTran riders are advised of the following bus stop changes:** The southbound stop just south of the Vistas at Eastwood Apartments entrance has been relocated to the north side of the entrance, next to the new alignment of the southbound traffic.
- The southbound stop just south of the Vistas at Eastwood Apartments entrance has been relocated to the north side of the entrance, next to the new alignment of the southbound traffic.
- The temporary northbound bus stop near the Lee County Jail entrance remains near the newly constructed driveway, next to the new alignment of northbound traffic.
- The northbound AND southbound stops just north of the Lee County Jail driveway and the northbound stop near RaceTrac are temporarily out of service.

The work activities above are scheduled to occur, however unforeseen underground conditions and weather may affect this schedule.

Motorists are asked to drive with caution and watch for workers and construction vehicles entering and leaving the work zone. **Estimated completion is late 2026.** Project cost is approximately \$31 M. The contractor is OHLA USA. For further questions, please visit www.ortizavewidening.com or contact Jennifer Dorning by email at Jennifer.Dorning@atkinsrealis.com or by phone at (239) 338-7723.

Able Canal Pathway Project: The project constructs a new 12-foot-wide, 6-mile shared use pathway along the north side of Able Canal starting at the Harns Marsh access point next to 35th Street West and the Sailfish Canal and extending east to Joel Boulevard in Lehigh Acres. The purpose of the project is to facilitate accessible, non-motorized travel options for commuters and recreational users in the Able Canal corridor and within the Lehigh Acres community. Work includes an asphalt path with a pedestrian bridge, pavilions, landscaping and other amenities.

TRESPASSING INTO THE CONSTRUCTION SITE IS DANGEROUS AND ILLEGAL.

*Please be aware that the Lee County Sheriff's Office
is authorized to charge trespassers if found in the work zone.*

- Crews are working on embankment, earthwork and storm drain installation between Williams Avenue and Joel Boulevard.
- Crews are installing erosion control throughout the project.
- Flagging and staging activity should be expected at Lehigh Acres Park, but there will be no impact to park users during construction.
-

The work activities above are scheduled to occur, however unforeseen underground conditions and weather may affect this schedule.

Please use caution and watch for workers and construction vehicles entering and leaving the roadway. The project began in August 2025 with estimated completion in Fall 2027. Project cost is approximately \$10.2 M. The contractor is Pavement Maintenance, LLC. For further questions, please visit <https://www.leegov.com/parks> or contact Jennifer Dorning by email at Jennifer.Dorning@atkinsrealis.com or by phone at (239) 338-7723.

I-75 at Daniels Parkway (exit 131) Interchange Improvements: FDOT is reconstructing the I-75 at Daniels Parkway interchange. The interchange improvements include reconstruction of the Daniels Parkway Interchange (Exit 131) converting it to a Diverging Diamond Interchange (DDI) design, reconstruction of the I-75 ramps, construction of pedestrian and bicycle accommodations through the interchange, installation of new signals at the ramps, and resurfacing of Daniels Parkway through the project area.

The following activities are subject to change based on weather conditions and unforeseen underground conditions:

- Motorists should expect the **northbound I-75 on-ramp closed** during the nighttime/overnight hours of 9:00 PM to 6:00 AM on Thursday, August 20, 2026. During the closure, motorists may continue west on Daniels Parkway, make a U-turn at the nearest traffic signal, and use the loop ramp from eastbound Daniels Parkway to enter northbound I-75.
- When necessary, motorists should anticipate lane closures on I-75 between 9:00 PM and 7:00 AM and on Daniels Parkway between 7:00 PM and 7:00 AM.
- Crews are working on earthwork, underground drainage, paving, drilled shafts, and installation of permanent lighting.
- Crews are working on temporary ramp construction at the northbound I-75 on-ramp.
- Please note that the westbound lanes on Daniels Parkway are shifted slightly to the south, then back to the north. Traffic on the southbound I-75 off-ramp has also shifted to the east. Please pay attention to signs and pavement marking and drive with caution.
- Motorists are advised that the speed limit has been reduced in the project area. Please follow all posted signage.
- Pedestrian access has been shifted to the south side of Daniels Parkway. Please follow signs and proceed with caution in the work zone.
- Motorists should expect trucks and equipment to be moving materials throughout the project.

Please use caution and watch for workers and construction vehicles entering and leaving the roadway. The expected completion date is summer 2028. For further questions, please

visit <https://www.swflroads.com/project/446296-2> or contact Michaela Zawodny by email at Michaela.Zawodny@dot.state.fl.us or by phone at (239) 410-8174.

Bell Boulevard Sidewalk from Sunrise Boulevard to Joel Boulevard: Lee County is constructing a 6-foot sidewalk on Bell Boulevard in Lehigh Acres from Sunrise Boulevard to Joel Boulevard. This project, when complete, will provide a continuous sidewalk connecting pedestrians from SR 82 to Joel Boulevard via Bell Boulevard. The project also includes a steel pedestrian bridge over Jim Canal, concrete driveway replacements, minor roadway reconstruction, paving, drainage improvements, and pedestrian safety upgrades. Construction is scheduled to begin in late March 2026, with completion anticipated in Fall 2026. Project cost is approximately \$1.5 million. The contractor is V&H Construction.

*Drivers, pedestrians, and bicyclists are urged to use extra caution
when traveling through the work zone.*

- **Construction activity has increased on the north side of the project from Shadow Lakes Drive to Albemarle Circle for bridge construction.**
- **Expect intermittent lane closures in the area of the bridge.**
- Motorists should expect periodic flagging throughout the project.
- Expect single lane closures intermittently throughout the project area.
- Crews are pouring sidewalks and driveways throughout the project.
- Crews are installing and maintaining erosion control and traffic control devices throughout the project.
- The contractor is identifying existing utility locations throughout the project. Crews may be working close to the roadway. Motorists are asked to drive with caution.

*The work activities above are scheduled to occur, however unforeseen underground conditions
and weather may affect this schedule.*

Please use caution and watch for workers and construction vehicles entering and leaving the roadway. For further questions, please visit www.leegov.com or contact Molly Schweers by email at Molly.Schweers@atkinsrealis.com or by phone at (239) 292-0497.

Estero Boulevard Hurricane Repairs (Estrellita Drive to Crescent Street) – Construction Project: This project includes repairs of damaged asphalt, curb and gutter, sidewalk, pavement, pedestrian handrail, school flashers, pedestrian signals, as well as the removal and replacement of the center drain brick pavers. The contractor will also replace ADA ramps and detectible warning surfaces.

Miramar Street to Mango Street

- Crews continue to remove and replace the center drain brick pavers on Estero Boulevard. No extended lane closures are expected for this work; however, left turns from side streets may be temporarily restricted. Please use caution as crews work close to the travel lanes.

Strandview Avenue to Sanders Drive

- Crews continue to remove and replace the center drain brick pavers on Estero Boulevard. No extended lane closures are expected for this work; however, left turns from side streets may be temporarily restricted. Please use caution as crews work close to the travel lanes.

Bay Road to Lover Lane

- Crews are scheduled to remove and replace the center drain brick pavers on Estero Boulevard. No extended lane closures are expected for this work; however, left turns from side streets may be temporarily restricted. Please use caution as crews work close to the travel lanes.

Drivers, pedestrians, and bicyclists are urged to use extra caution when traveling through the work zone as workers and construction vehicles are entering and leaving the roadway. Estimated completion is fall 2027. Project cost is approximately \$9 M. The contractor is Wright Construction Group. For further questions, please contact Jennifer Dorning by email at Jennifer.Dorning@atkinsrealis.com or by phone at (239) 338-7723. For more information www.leegov.com.

Treeline Avenue Intersection Improvements from Jetport Loop to Heartwood Boulevard: This project consists of converting a northbound left-turn lane from Treeline Avenue onto Daniels Parkway into a thru lane, converting a northbound thru lane into a second northbound right turn lane, ADA improvements at both the Daniels Parkway/Treeline Avenue and the Treeline Avenue/Intercom Lane intersections, and overall signal improvements.

The following activities are subject to change based on weather conditions and unforeseen underground conditions.

- Crews will be working on erosion control, maintenance of traffic, and pedestrian poles.
- Motorists should expect periodic lane closures on Treeline Avenue and Daniels Parkway when crews are working near the roadway. Please use caution and watch for workers and construction vehicles entering and leaving the roadway.

Please use caution and watch for workers and construction vehicles entering and leaving the roadway.

The project begins in May 2026 with estimated completion in late 2026. Project cost is approximately \$3 million. The contractor is Ajax Paving. For further questions, please visit <https://www.leegov.com/> or contact Jennifer Dorning by email at Jennifer.Dorning@atkinsrealis.com or by phone at (239) 338-7723.

Quinn Dean Neighborhood Stormwater Improvements Project – Construction Project: The City of Bonita Springs is working on a stormwater improvements project that will enhance drainage in the area. The project includes upgrading the existing stormwater pipes and constructing two stormwater retention ponds. As part of this project, the Bonita Springs Utilities Department will also relocate water and sewer lines. All roadways will be restored once the utilities are complete. Drivers, pedestrians, and bicyclists are urged to use extra caution when traveling through the work zone.

- Motorists should expect intermittent lane closures, road closures with possible local traffic only permitted and flagging operations during daytime hours on the following streets:
 - Dean Street
 - Quinn Street
 - Saunders Avenue
 - Pawley Avenue
 - Chapman Avenue
 - Mckenna Avenue
- Trucks and construction equipment will be entering and leaving the roadway; expect minor delays.

The work activities above are scheduled to occur during the duration of the project; however, unforeseen underground conditions and weather may affect this schedule.

Please use caution and watch for workers and construction vehicles entering and leaving the roadway. Project completion is expected in fall of 2027. For further questions, please contact AtkinsRealis by email at Brianna.Smith@AtkinsRealis.com or by phone at (239) 336-9842.

Tice Street Sidewalk and Watermain Replacement Project – Construction Project: This project includes replacement of existing water mains, installation of new potable water infrastructure, and construction of new ADA-compliant sidewalks along Tice Street and surrounding areas. Additional work includes driveway restoration, minor drainage improvements, and roadway restoration within the project limits. These improvements will enhance water system reliability and improve pedestrian safety and connectivity in the area. Drivers, pedestrians, and bicyclists are urged to use extra caution when traveling through the work zone.

- Crews will be working in the road right-of-way along Tice Street installing a gravity wall, curbing and sidewalks.
- Crews will begin installing sidewalks along Tice Street and Lynnedda Avenue near Tice Elementary School the week of August 31, 2026.
- Expect one lane of traffic along Tice Street closed in periodic locations from New York Drive to Lynnedda Avenue. Signs will indicate local traffic only and residents will be able to access their driveways.
- Lynnedda Avenue has been converted to a one-way street through the duration of the project. Motorists should use caution and follow detour signs while roadway configuration is in place.
- Crews will be installing new water main along Tice Street, including valves, fittings, hydrants, and service connections.
- Crews will be installing new drainage along Tice Street and Lynnedda Avenue.
- Crews will be performing excavation, trenching, and backfilling operations from Ortiz Avenue heading west to New York Drive.
- Crews will be constructing new concrete sidewalks, curb ramps, and ADA improvements from Ortiz Avenue heading west to New York Drive.
- Trucks and construction equipment will be entering and leaving the roadway; expect minor delays.
- Sidewalks may be closed in active work areas; pedestrians should follow posted detours from Ortiz Avenue heading west to New York Drive.

The work activities above are scheduled to occur during the duration of the project; however, unforeseen underground conditions and weather may affect this schedule.

Please use caution and watch for workers and construction vehicles entering and leaving the roadway. Project completion is expected in spring of 2027. Project cost is approximately \$3.9 M. For further questions, please contact AtkinsRealis by email at Molly.Schweers@atkinsrealis.com or by phone at (239) 292-0497.

Hancock Bridge Parkway Sidewalk and Watermain Replacement – Construction Project: This project includes the installation of a new sidewalk and watermain along the north side of Hancock Bridge Parkway between Hunters Boulevard and 1,000 feet east of Orange Grove Boulevard. When complete, this project will include construction of a 6-foot-wide sidewalk, installation of a new water main, new fire hydrants, minor road work with drainage improvements, irrigation control relocation and pedestrian safety upgrades. Construction is expected to begin in August 2026, with completion expected at the end of 2027. Project cost is approximately \$2.9 million. The contractor is Andrew Site Work, LLC. The project is a priority identified by the Lee County Bicycle/Pedestrian advisory committee.

Drivers, pedestrians, and bicyclists are urged to use extra caution when traveling through the work zone.

- Motorists are advised that crews are installing erosion control and traffic control devices throughout the project.
- Crews will be clearing and grubbing in preparation for upcoming utility work.
- Westbound motorists should expect the right turn lane into the Publix Supermarket at Orange Grove Center to be temporarily closed the week of August 24. Vehicles can continue to turn right from the through lane.

The work activities above are scheduled to occur, however unforeseen underground conditions and weather may affect this schedule.

Please use caution and watch for workers and construction vehicles entering and leaving the roadway. For further questions, please visit www.leegov.com or contact Molly Schweers by email at Molly.Schweers@atkinsrealis.com or by phone at (239) 292-0497.

Three Oaks Parkway Extension Project Phase 2 from Indian Paint Lane to Daniels Parkway: This project consists of extending Three Oaks Parkway north in the vicinity of Indian Paint Lane to Daniels Parkway and constructs 4 lanes with a 5-foot-wide bicycle lane. Phase 2 includes 6-foot-wide sidewalks on both sides of the roadway.

- Southbound traffic is using the inside lane of the new southbound lanes of Three Oaks Parkway.
- There are right-in/right-out turning movements at Cody Lee Road and the new southern Publix Shopping Center entrance.
- Northbound traffic on Three Oaks Parkway remains on the current outside lane. Left turns are permitted into the new southern Publix Shopping Center entrance.
- Old Fiddlesticks Boulevard is closed between the roundabout and the southern access to the Publix Shopping Center at the Fiddlesticks Cafe to facilitate final construction of this roadway segment.
- Phase 1, the southern segment, will remain closed.
- Northbound Palomino Lane traffic is shifted to the west into the bi-directional left turn lane north of Jobe Road/Kings Crossing.
- Daniels Parkway is open to three lanes of traffic in each direction. The outside east and westbound lanes will remain closed for additional construction activities. However, the outside right-turn lanes will be open for use.

**Drivers, pedestrians, and bicyclists are urged to use extra caution
when traveling through the project.**

All work is subject to weather conditions.

Motorists are asked to drive with caution and watch for workers and construction vehicles entering and leaving the work zone. Estimated completion is mid-2028. Project cost is approximately \$39.7 M. The contractor is EHC Construction. For further questions, please visit www.ThreeOaksExtension.com or contact Kris Cella by email at Kcella@cella.cc or by phone at (239) 872-9447.

Orange River Boulevard Sidewalk and Utility Improvements Project: The project includes water main replacement, installation of new stormwater drainage systems, addition of a new 6-foot sidewalk and curbs, and upgrading lighting and pedestrian signalization in the surrounding area of Orange River Boulevard from Palm Beach Boulevard (SR 80) to east of Lorraine Drive. These improvements will enhance water reliability and improve pedestrian and traffic safety.

**Drivers, pedestrians, and bicyclists are urged to use extra caution
when traveling through the work zone.**

- Crews will be placing traffic markings between Lorraine Dr and the 4-way stop. Motorists should proceed with caution and follow the directions of signs and flaggers.
- Intermittent flagging operations may be necessary throughout the project limits.
- Crews will be pouring sidewalk within the Palm Beach Blvd. and Orange River Blvd. intersection. These activities will not impact any travel lanes.
- A pedestrian detour is currently installed between Underwood Dr. and Orange River Blvd. Pedestrians are advised to proceed with caution and follow the detour signs.
- Crews will be pouring sidewalk in the Right of Way (ROW) on the east west portion of Orange River Blvd.
- Crews will be grading swales, restoring roadway, and placing asphalt throughout the project area.
- Crews will be working on utilities in the Right of Way (ROW) along the north and south side of Orange River Blvd. They will start at Lakeside Club Dr. and work eastward.

*The work activities above are scheduled to occur; however, unforeseen underground conditions
and weather may affect this schedule.*

Please use caution and watch for workers and construction vehicles entering and leaving the roadway. Estimated completion is Fall 2026. Project cost is approximately \$3M. The contractor is Thompkins Contracting Inc. Work is expected to occur Monday through Friday from 7:00 AM to 7:00 PM; however,

some night and weekend work may be necessary. For further questions, please contact Carolyn Usher by email info@OrangeRiverBlvdImprovementsProject.com or by phone at (239) 478-9152.

Striping Maintenance: Lee County DOT Traffic will be performing a moving operation with traffic delays on **August 20, 2026 to August 26, 2026** between the hours of **9:00 AM to 4:00 PM** (weather permitting) on the following roadways:

Crystal Drive	Summerlin Road
McGregor Boulevard (<i>Frontage Road</i>)	Midpoint Bridge
Ortiz Avenue (<i>SR 82 – Palm Beach Boulevard</i>)	

Intersection Markings Maintenance: Intermittent Lane closures and delays are possible **August 20, 2026 to August 26, 2026 between the hours of 9:00 AM to 4:00 PM** (weather permitting) on the following roadways:

Gunnery Road	Buckingham Road
Moody Road	South Loop Boulevard
Business Way	Ortiz Avenue (<i>SR 82 – Palm Beach Boulevard</i>)

Night work scheduled for Thursday August 20, 2026: LCDOT Traffic will be refreshing the pavement markings on Alico Road @ Three Oaks Parkway and Alico Road @ Ben Hill Griffin Parkway between the hours of **8:00 PM to 4:00 AM** (weather permitting). Motorists are advised to use caution while traveling through these areas as there will be lane closures along with workers and equipment present on the roadway.

For additional information, please contact Randy Hart at DOTMarkings@leegov.com.

5019 Lee Boulevard – Lehigh (RES2025-02426 & DRV2025-01926): ONX Lehigh Acres LLC will be performing roadway and sidewalk improvements beginning **Friday, June 5, 2026, and continuing through November 6, 2026**. Asphalt pavement, concrete sidewalk, concrete curbing, and drainage improvements will be performed. The outside (right) lane of eastbound traffic on Lee Boulevard just after Main Street will be subject to lane closures, as will one of two left turn lanes from the westbound portion of Main Street turning south onto Lee Boulevard. Periodic lane closures for eastbound and westbound lanes will occur between the hours of **7:00 PM and 6:00 AM** on weekdays. For further

information, please contact Justin Howell at JHowell@elitepermits.com. Traffic Control Products of Florida will provide maintenance of traffic services (239) 334-8888.

15220 Treeline Avenue S. – Fort Myers (ROW2025-01627): Pavement Maintenance, LLC. will be performing roadway and turn lane **improvements beginning November 24, 2025, and continuing through September 30, 2026.** Improvements include baserock, asphalt pavement, drainage improvements, concrete sidewalk and concrete curb. Installation of a new northbound and south bound turn lane to access 152200 Treeline Avenue S. Only one turn lane will be worked at a time. Only one lane will be close at a time as needed. Based on the calendar days, this work will be performed at night from **7:00 PM to 6:00 AM**, when we have to close the lanes. For additional information, please contact Juan Gomez at jgomez@pmioffl.com or (239) 464-9767.

Sanibel Toll Facility: Starting **Monday, August 3, 2026, and ending on September 25, 2026**, there will be intermittent nightly lane closures. Lee County DOT will be performing lane maintenance through the toll plaza. Intermittent lane closures can be expected from **8:00 PM to 6:00 AM**. Please contact Rob Radford at (239) 229-5980, if you should have any questions.

Midpoint Toll Facility: Starting **Monday, March 2, 2026, and ending on September 8, 2026**, there will be intermittent nightly lane closures. Lee County DOT will be performing lane maintenance through the toll plaza. Intermittent lane closures can be expected starting at **8:00 PM to 6:00 AM**. Please contact Rob Radford at (239) 229-5980, if you should have any questions.

Cape Toll Facility: Starting **Monday, March 16, 2026, and ending on September 29, 2026**, there will be intermittent nightly lane closures. Lee County DOT will be performing lane maintenance through the toll plaza. Intermittent lane closures can be expected starting at **8:00 PM to 6:00 AM**. Please contact Rob Radford at (239) 229-5980, if you should have any questions.

LCDOT along with their contractor Coastal Concrete, will be installing new sidewalks, street lighting and pedestrian crosswalks along **Alico Road westbound between Quaker Lane and Michael G. Ripp Parkway**. ACME barricades will be setting up M.O.T starting **March 9, 2026, with work following on**

March 10, 2026. Project is to last up to 6 months, weather permitting. Expect single lane closures heading westbound at times. Please use caution when driving. For more information, please contact Coastal Concrete Alejandro A. Navarro at 239-248-3039.

Daniels Parkway - Lee County (ROW2025-02543): Thompkins Contracting, Inc., will be performing roadway improvements beginning **July 1, 2026, and continuing through September 1, 2026.** Asphalt pavement, concrete sidewalk, concrete curbing, and drainage improvements will be performed. The inside (right) lane of eastbound traffic and the outside (left) lane on Daniels Parkway heading west will be subject to lane closures, as will one of two lanes from the westbound and eastbound portion of Daniels Parkway. All work will be completed between the periods of 7:00 PM and 6:00 AM. For further information, please contact Ricky Acevedo (239) 494-2174 or Justin Hines (763)710-0866. Scott Safety LLC will provide maintenance of traffic services (833) 723-3499.

Bonita Beach Road and Miller Road - Bonita Springs, FL - Benco Construction LLC will be performing roadway and sidewalk improvements starting on **March 16, 2026, and continuing through August 2026, during the hours of 7:00 PM to 5:00 AM.** Asphalt pavement, concrete sidewalk, concrete curbing, and drainage improvements will be performed. There will be closures at the entrance of Miller Road, off Bonita Beach Road, periodically to allow for the new utility pipe to be installed. There will be flaggers working for the duration of this project. For additional information, please contact Robert Hearn at (239) 994-4561 or rhearn@bencoconstructionllc.com.

Burnt Store Road Full Depth Reclamation from NW Fourth Terrace to Gator Slough Canal: A full depth reclamation project on Burnt Store Road in the southbound lanes from NW Fourth Terrace to Gator Slough Canal is nearing completion. Full depth reclamation, paving, and temporary striping operations have been completed. Once the pavement is properly cured, then final thermoplastic striping will be applied. This work addressed storm-related deterioration and restored the roadway's structural integrity. Final striping operations will be scheduled once cure time requirements are met. For further questions, please contact Katelyn Carmona by email at Katelyn.Carmona@exp.com or by phone at (239) 744-9192.

Pine Island Road Resurfacing from West of Matlacha Drawbridge to East of Little Pine Island Bridge: This project included standard milling and paving operations from west of the Matlacha Drawbridge to east of Little Pine Island Bridge. Once the pavement is properly cured, then final

thermoplastic striping will be applied. For further questions, please contact Katelyn Carmona by email at Katelyn.Carmona@exp.com or by phone at (239) 744-9192.

Stringfellow Road and Iona Sidewalk Repairs. This project involves the removal and replacement of sidewalk panels along Stringfellow Road and within the Iona area where cracking and concrete deterioration has occurred.

- Crews will continue repairs along Stringfellow Road.

For the duration of this project, work will take place Monday through Saturday between the hours of 7:00 AM and 7:00 PM pending weather or unforeseen circumstances. There will be intermittent lane closures and sidewalk detours as a part of this project. Motorists and pedestrians are asked to use caution and follow posted signage while traveling through the work zone. Construction is anticipated to be completed by February 2027, weather permitting. For further questions, please contact Katelyn Carmona by email at Katelyn.Carmona@exp.com or by phone at (239) 744-9192.

West Lee Boulevard Sidewalk Repair Project (B260031CFC) – Lehigh Acres: Team SCOTT will be performing sidewalk repair work beginning **Monday, April 20, 2026, and continuing through October 10, 2026.** Concrete sidewalk removal and replacement, along with associated restoration, will be performed. West Lee Blvd will be subject to intermittent lane closures, shoulder closures, sidewalk closures, and bicycle lane closures throughout the project limits. Access will be maintained; however, motorists, cyclists, and pedestrians should expect delays and use caution when traveling through the work zone. Intermittent closures will occur between the hours of **9:00 AM and 3:30 PM, Monday through Friday.** For further information regarding this project, please contact **Garry Ireland** at (239) 340-8695 or via email at info@team-scott.com.
