

Regulation Number: 1,043

**LEE COUNTY PUBLIC WORKS
DEPARTMENT OF TRANSPORTATION
LEE COUNTY, FLORIDA
TRAFFIC REGULATION ORDER**

Date Advertised

NA

Date Issued

July 19, 2019

Location: Old US 41-EB @ Old US 41-NB (15980)/Frontage Rd-SB

I hereby direct that a Yield control be established at this uncontrolled intersection to control the Old US 41-EB approach

at the above named location, in accordance with the attached detail.

This regulation shall be effective upon posting.

Initiated by: Scott Barnes, 16261 Old US 41

Recommended by: Bryan Miller, Senior Project Manager

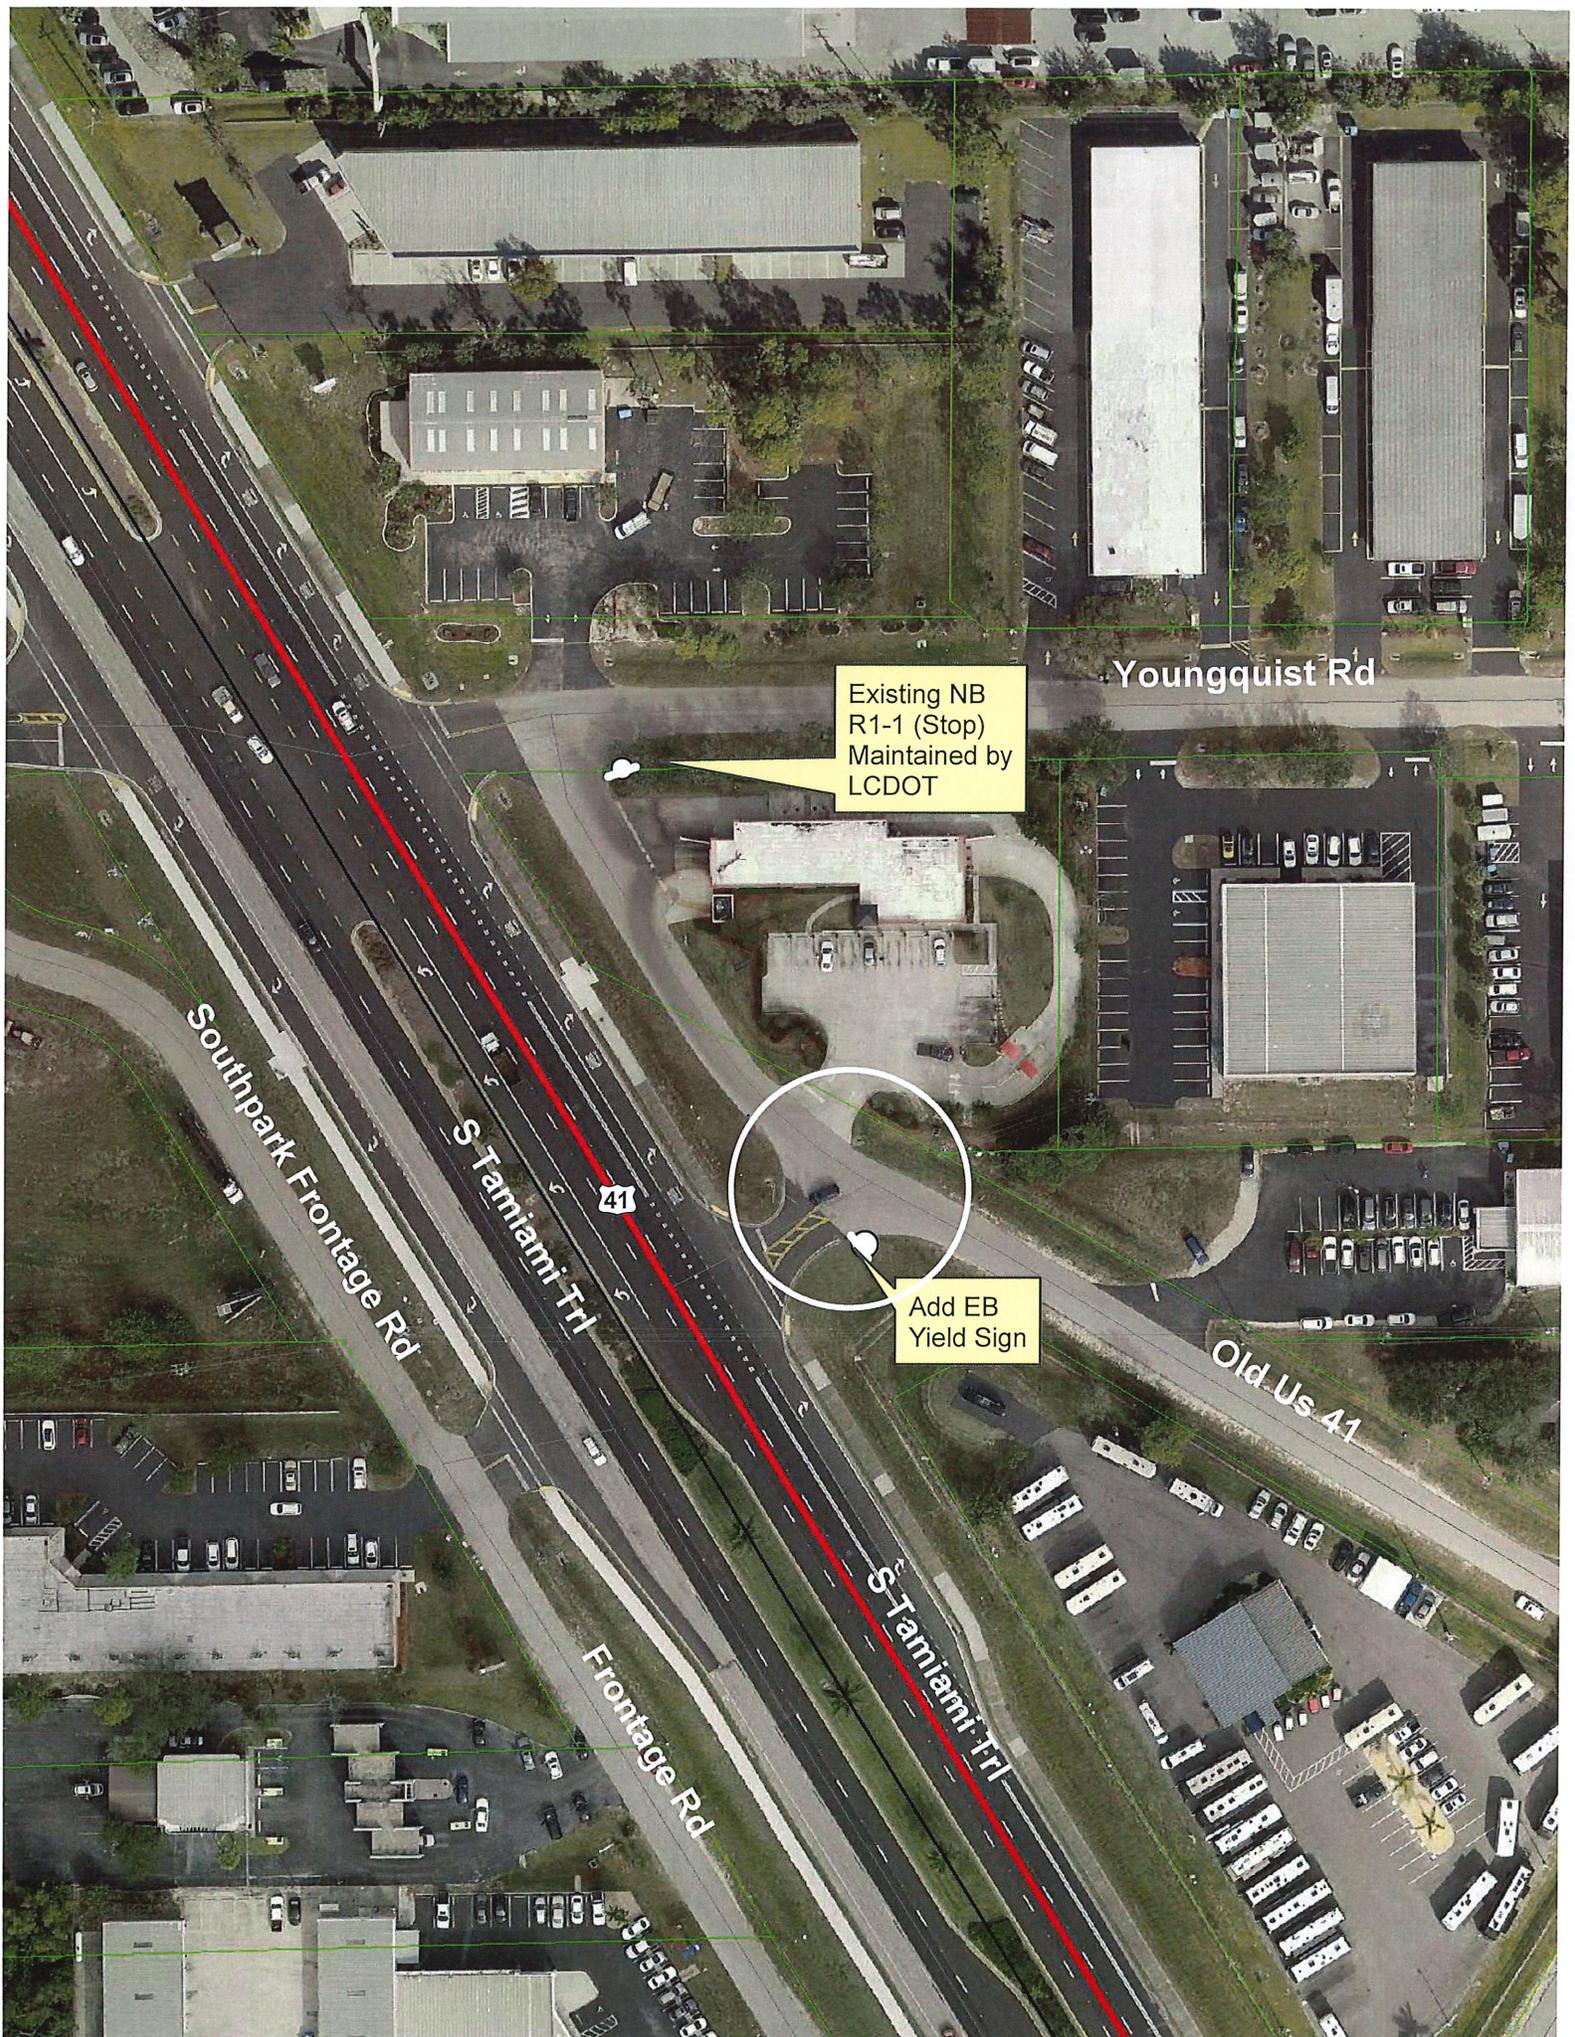

Studies on file: The predominate traffic movements at this location are right turns from the west approach and left turns from the south approach, which do not conflict. The level of conflicting traffic is on the low side. The north approach is non-County maintained and connects to Youngquist Road to the north. Given the unrestricted sight visibility for eastbound traffic, closeness of the intersection from US 41, and traffic patterns, a Yield control is appropriate and in conformance with the "Manual in Uniform Traffic Control Devices."

Installation Completed _____ By _____

Approved By: Stephen M. Jansen Date 7/19/19
