Recommended by: Bryan Miller, Senior Project Manager

Studies on file: October 2019 Speed/Volume Studies. McArthur Boulevard was recently resurfaced between Grant Boulevard and Milwaukee Boulevard. The posted speed limit on McArthur north of Grant to Sentinela Boulevard is 35 mph, and was authorized in 2016. The southern section was excluded, as the pavement condition was poor. Now that it has been paved, the posted limit should be 35 mph to be consistent with the longer section to the north. This is a 2-lane collector road with sparse residential development. With the narrow pavement width and posted speed limits on similar collector roads in the immediate area, a maximum speed limit of 35 mph is recommended.
