

Regulation Number: 1,127

**LEE COUNTY PUBLIC WORKS
DEPARTMENT OF TRANSPORTATION
LEE COUNTY, FLORIDA
TRAFFIC REGULATION ORDER**

Date Advertised

03/11/2026

Date Issued

02/23/2026

Location: Slater Road and Mellow Drive

I hereby direct that This existing One-Way Stop Control on Mellow Road, with Slater Road designated as the preferential street, shall be converted to an All-Way Stop Control at the above-named location, in accordance with the associated details (WO 26-11, WO 26-12 & WO 26-13).

This regulation shall be effective upon posting.

Recommended by: Bruce Littleton, PTOE; County Traffic Engineering Manager (LCDOT)

Studies on file: Approved Engineering Report dated February 19, 2026, recommending the existing One-Way Stop Control be converted to an All-Way Stop Control. The traffic volumes indicate that Mellow Drive approach carries a significant portion of the traffic and in some hours exceeds the volume of the approaches on Slater Road. Under such conditions, the appropriate intersection control should be an "all-way" stop condition to more equably distribute the intersection traffic delays.
