

Regulation Number: 1,011

LEE COUNTY PUBLIC WORKS
DEPARTMENT OF TRANSPORTATION
LEE COUNTY, FLORIDA
TRAFFIC REGULATION ORDER

Date Advertised

May 10, 2017

Date Issued

April 27, 2017

Location: McArthur Boulevard @ Sunrise Boulevard

I hereby direct that the existing 2-way stop control with Sunrise Boulevard designated as the preferential street be changed to an All-Way Stop Control

at the above named location, in accordance with the attached detail.

This regulation shall be effective upon posting.

Initiated by: Bryan Miller, Senior Project Manager

Recommended by: Bryan Miller, Senior Project Manager

Studies on file: Prior 24-hour Intersection Approach Count. Approach volumes are relatively equal with the slightly higher volume street having the stop controls. Incremental traffic control measures have had marginal impact on reducing the incidence and severity of crashes. Since both streets are designated collector roads of similar character, and approach volumes are relatively equal, conversion to an All-Way Stop is consistent with "Manual on Uniform Traffic Control" criterion as a safety and operational measure.
