Listening to nursery rhymes and songs is an early literacy experience that helps children understand how language and stories work.

Recite rhymes and sing songs with children from the time they are infants. This helps them become aware of and then play with the sounds in the words. Many rhymes tell a story with a beginning, middle, and end. This shows children how stories work and that events happen in a sequence. Good readers understand that stories and books have a beginning, middle, and end. After reciting a rhyme or singing a song ask your child about the song. What happened at the beginning? What happened at the end?
