### Library System Application for Free Matter Postal Provisions

Some people need to use large print books because of a visual or physical disability that prevents them from using standard print. They are eligible to receive large print materials postage-free through the postal provision called "Free Matter for the Blind or Handicapped." To receive this benefit, the U.S. Postal Service requires a certified application. Please return this completed form to Books-by-Mail by refolding it with the library address showing on the outside.
