Dear Parents,

The Lehigh Acres Community Pool staff wishes to welcome you and your child to this exciting two week program. We offer a new hands-on adventure each and every day. We hope to provide rich and rewarding experiences your child will take home each day and share with you.

Campers will be challenged to learn water survival and rescue skills, the use of first responder equipment, CPR, and basic first aid. We can't think of a more fun way to spend the summer. Believe that these valuable skills will help foster self confidence, instill a sense of responsibility, and provide one with life skills that may one day be used to help save a life. Truly one of the best gifts you can give your child.

Please let us know if your child will be absent for any reason or must leave early. We plan to travel off-site for weekly field trips. Please check your camp calendar daily for details.

The staff and I will do everything possible to make this a fun, safe, and enjoyable experience. In the event a problem should arise, PLEASE do not hesitate to call on us with any questions or concerns. Thank you for choosing Lee County Parks and Recreation youth camps for your family programs.

Sincerely,
Chris Burns
