Comments:

In the transition from the old to new contract the Departments have roll-over temporary employees that they would like to keep at the same pay.

Attached is a letter from PPS accepting the revised scale for defined employees.

The solicitation had a clause that any position not defined could be negotiated "Option A".

There was also a statement that noted:

"2.6.7. Existing positions, where a temporary worker is currently employed, and ongoing arrangement exists, and a worker has been specifically trained for technical work, or where Lee County can draw on its own temporary help personnel pool, will be exempt from this agreement, at the discretion of the Procurement Management Director."

We are asking for your formal approval to re-hire, through the temporary employee provider PPS, at the rate plus mark-up provided in the attached PPS letter dated 07/19/2017, **under new job title of "full-time weekly labor"**

See attached documents:
