- B. Notwithstanding the preceding, Vendor shall not make any deliveries or perform any work under this Agreement until receipt of a purchase order from the County. If a purchase order is issued, the County reserves the right to amend, reduce, or cancel the purchase order in its sole discretion.
- C. All funds for payment by the County under this Agreement are subject to the availability of an annual appropriation for this purpose by the County. In the event of non-appropriation of funds by the County for the services provided under this Agreement, the County will terminate the contract, without termination charge or other liability, on the last day of the then current fiscal year or when the appropriation made for the then-current year for the services covered by this Agreement is spent, whichever event occurs first. If at any time funds are not appropriated for the continuance of this Agreement, cancellation shall be accepted by the Vendor on thirty (30) days' prior written notice, but failure to give such notice shall be of no effect and the County shall not be obligated under this Agreement beyond the date of termination.

### **IV. METHOD OF PAYMENT**

## **EXHIBIT A** **SCOPE OF WORK AND SPECIFICATIONS**

### **SCOPE OF WORK AND SPECIFICATIONS LEE COUNTY, FLORIDA DETAILED SPECIFICATIONS FOR WATER AND SEWER BID**

#### **SCOPE**

The intent of this bid is to establish a contract for the purchase of water, sewer and irrigation materials (underground parts and related items), on an as-needed basis, for use by Lee County. The manufacturers required are listed on the Proposal bid Form.

Bids in Section A will be considered only from vendors normally engaged in this business who stock and can offer – on an individual basis or collectively – the full listed manufacturer's product lines. (To be eligible, a vendor need only offer one of these manufacturer's full product lines; it is not required to offer two lines, three lines or all of the lines listed.)

It is not necessary to bid on all of the items listed in any of the sections in order to be considered for an award.

#### **DESCRIPTION & ESTIMATED EXPENDITURE**

Lee County intends to purchase water, sewer, and irrigation materials, for various sites located throughout Lee County. The need exists to have a proper source of supply that is responsive, readily available and able to meet Lee County requirements with minimum delay in acquisition and/or delivery. Since the departments of Lee County maintain a minimal inventory, these items are procured on an "as required" or "emergency" basis only, and delays in acquisition are not acceptable.

Expenditures for the last fiscal year have been estimated at \$4,000,000.00. This figure is given strictly as an estimate for potential bidders and for bidding purposes only. A wide variance in actual expenditures can be expected due to "as necessary" or "emergency" procurement habits. Therefore, no guarantee is given or implied as the total quantity or dollar values of this bid. Lee County is not obligated to place any order with vendors participating in this bid. Contract awards will only guarantee a specific source of supply for Lee County and will not guarantee or obligate total dollar expenditure.

All departments will be encouraged to refer to websites, catalogs and discounts of participating vendors of this bid, in their attempt to fill their requirements at the lowest net prices.

#### **CONTRACTOR PERFORMANCE**

Contractor(s) shall maintain an acceptable level of satisfactory service throughout the duration of the contract. To ensure the security of this level of performance, Lee County reserves the right to withhold any monies owed to a contractor who is not performing satisfactorily, fails to provide specific services, or any reason deemed necessary by Lee County. Reason for any withholdings will be provided to the contractor in writing along with an acceptable time frame the contractor has to fulfill any and all of the reasons to bring the level of service back to satisfactory. If services are not corrected within the time frame allocated by the ordering department or its designee, then contract may be terminated. Furthermore, Lee County has the right to subcontract any costs incurred to Lee County from the invoices or monies owed due to the unsatisfactory performance of contractor. The withholding of any monies and the subtraction of cost/fees incurred will be used at the discretion of Lee County. If no monies are owed to a contractor and performance levels are below satisfactory then termination of contract as outlined in this bid will apply.

## **EXHIBIT A**

### **SCOPE OF WORK AND SPECIFICATIONS**

#### **WARRANTY**

All parts and supplies shall carry a full factory warranty.

The successful vendor(s) shall provide full factory warranty on all parts and supplies furnished, as a result of this bid, against defects in materials and/or workmanship. The warranty shall start on the date of delivery and acceptance by Lee County.

#### **DELIVERY**

NOTE: The bid percentage/net price for the parts and supplies shall include INSIDE DELIVERY, F.O.B. Ft. Myers, FL to any county location as directed.

There shall be no minimum dollar amount required per purchase.

If your firm is out of the local calling area, it is required that you have a toll free number or that collect calls be accepted from Lee County for the placement of orders.

#### **MAJOR BREAKDOWNS/NATURAL DISASTERS**

Lee County requires that the awarded vendor provide the name of a contact person and phone number, which will afford Lee County access twenty-four hours per day, 365 days per year, of this product or service in the event of major breakdowns or natural disasters.

Lee County reserves the right to purchase the product or service listed in this bid elsewhere in an emergency.

#### **PRICE ESCALATION/DE-ESCALATION**

Offers shall be submitted with the understanding that no price increases shall be authorized for 365 calendar days after the effective date of the contract. Upward price adjustments may be permitted only at the end of each 365 calendar days and only where verified to the satisfaction of the Lee County Procurement Department. The vendor must provide no less than a 60-day advanced written notice prior to the end of the 365 calendar days and each 365 calendar day period thereafter.

Any approved price change will be effective only at the beginning of the contract effective date for that year. The vendor shall document the amount and proposed effective date of the change in price. Documentation shall be supplied with vendor's request for increase, which will: (1) verify that the requested price increase is general in scope and not applicable just to the county; and (2) verify the amount or percentage of increase which is being passed on to the vendor by others is not under the control of the vendor. Failure by the vendor to supply the aforementioned verification with the request for price increase will result in delay of the effective date of such increase. Procurement Management may make such verification as deemed adequate. An increase, which Procurement Management determines is excessive, regardless of any documentation supplied by the vendor, may be cause for cancellation of the contract. Lee County Procurement Management will notify using agencies and vendor(s) in writing of the effective date of any increase, which is approved.

The vendor shall fill all purchase orders received prior to the effective date of any price adjustments at the old contract prices. The vendor is further advised that price decreases, which affect the cost of materials, labor and transportation, are required to be passed on to the county immediately. Failure to do so will result in action to recoup such amounts.

## **EXHIBIT A**

### **SCOPE OF WORK AND SPECIFICATIONS**

#### PRICE REVISIONS BY SECTION

Section A - prices will be allowed to change, but only as the catalog prices and/or multiplier(s) change, and only after the new catalogs and/or manufacturer confirmation of a multiplier change are provided to Lee County. Note: the quoted discount percentage(s) shall remain firm over the term of the quote.

Section B – due to the pricing volatility of the items in this section, each of the listed items will be quoted on a monthly basis. Vendors will be required to submit pricing to Lee County Utilities on or before the last working day of the month to cover purchases made during the following month. For example, pricing received on or before the last working day of October will be valid for the entire month of November.

Section C – same as in section B - monthly

Section D – quoted prices are firm for one year with an adjustment allowed annually.

1. The vendor shall document the amount and proposed effective date of the change in price of decrease in price. Documentation shall be supplied with vendor's request for increase or decrease, which will (1) verify that the requested price increase or decrease is general in scope and not applicable just to the county; (2) verify the amount or percentage of increase or decrease which is being passed on to the vendor by others not under the control of the vendor; and (3) verify that any price increase or decrease is essential and not an opportunity for a vendor to exploit pricing for personal benefit. Failure by the vendor to supply the aforementioned verification with the request for price increase will result in delay of the effective date of such increase. Procurement Management may make such verification as deemed adequate. An increase, which Procurement Management determines is excessive, regardless of any documentation supplied by the vendor, may be cause for cancellation of the contract. Lee County Procurement Management will notify using agencies and vendor(s) in writing of the effective date of any increase, which is approved.

#### DISCOUNT FROM MANUFACTURER'S CATALOG

NOTE: DELIVERY CHARGES SHALL BE INCLUDED IN THE PERCENTAGES BID

#### EMERGENCY PRICE REVISIONS

The following policy shall apply to all Sections under this bid. If, at any time, a vendor experiences an unexpected spike in the pricing of an item or items from a supplier – for example, due to a raw material shortage – the vendor may petition Lee County Utilities for an immediate price revision. The vendor shall supply verifiable backup from their supplier of this price increase. The decision to accept or reject any such requests will be at the County's sole discretion.

#### ACCEPTANCE

It is Lee County's responsibility to thoroughly inspect the product(s) prior to acceptance. Delivery of product(s) to a Lee County site however does not constitute acceptance for the purpose of payment. Final acceptance and authorization of payment shall be given only after a thorough inspection indicates that the product(s) meets contract specifications and requirements listed in this document.

  2. An entity under the control of any natural person who is active in the management of the entity and who has been convicted of a public entity crime. The term "affiliate" includes those offices, directors, executives, partners, shareholders, employees, members and agents who are active in the management of the affiliate. The ownership by one person of shares constituting a controlling interest in another person, or a pooling of equipment or income among persons when not fair market value under an arm's length Agreement/Contract, shall be a facie case that one person controls another person. A person who knowingly enters into a joint venture with a person who has been convicted of a public entity crime in Florida during the preceding 36 months shall be considered an affiliate.
5. I understand that a "person" as defined in Paragraph 287.133(1)(c), Florida Statutes, means any natural person or entity organized under the laws of any state or of the United States with the legal power to enter a binding contract and which bids or applies to bid on contracts for the provision of goods or services let by a public entity, or which otherwise transacts or applies to transact business with a public entity. The term "person" includes those officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of the entity.
6. Based on information and belief, the statement which I have marked below is true in relation to the entity submitting those sworn statement. *(Please indicate which statement applies.)*

Neither the entity submitted this sworn statement, nor any officers, directors, executives, partners, shareholders, employees, members, and agents who are active in management of an entity nor affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

The entity submitting this sworn statement, or one or more of the officers, directors, executives, partners, shareholders, employees, member, or agents who are active in management of the entity, or an affiliate of the entity have been charged with and convicted of a public entity crime subsequent to July 1, 1989.

The entity submitting this sworn statement, or one or more of its officers, directors, executives, partners, shareholders, employees, member, or agents who are active in management of the entity, or an affiliate of the entity has been charged with and convicted of a public entity crime subsequent to July 1, 1989. However, there has been subsequent proceeding before a Hearing Officer of the State of Florida, Division of Administrative Hearing and the Final Order entered by the Hearing Officer determined that it was not in the public interest to place the entity submitting this sworn statement on the convicted vendor list. (Attach a copy of the final order)

I UNDERSTAND THAT THE SUBMISSION OF THIS FORM TO THE CONTRACTING OFFICER FOR THE PUBLIC ENTITY IDENTIFIED IN PARAGRAPH 1 (ONE) ABOVE IS FOR THAT PUBLIC ENTITY ONLY AND, THAT THIS FORM IS VALID THROUGH DECEMBER 31 OF THE CALENDAR YEAR IN WHICH IS FILED. I ALSO UNDERSTAND THAT I AM REQUIRED TO INFORM THE PUBLIC ENTITY PRIOR TO ENTERING INTO A CONTRACT IN EXCESS OF THE THRESHOLD AMOUNT PROVIDED IN SECTION 287.017, FLORIDA STATUTES, FOR CATEGORY TWO OR ANY CHANGE IN THE INFORMATION CONTAINED IN THIS FORM.

## **PRICE REVISIONS BY SECTION**

**Section A** - prices will be allowed to change, but only as the catalog prices and/or multiplier(s) change, and only after the new catalogs and/or manufacturer confirmation of a multiplier change are provided to Lee County. Note: the quoted discount percentage(s) shall remain firm over the term of the quote.

**Section B** – due to the pricing volatility of the items in this section, each of the listed items will be quoted on a monthly basis. Vendors will be required to submit pricing to Lee County Utilities on or before the last working day of the month to cover purchases made during the following month. For example, pricing received on or before the last working day of October will be valid for the entire month of November.

**Section C** – same as in section B - monthly

**Section D** – quoted prices are firm for one year with an adjustment allowed annually.

1. The vendor shall document the amount and proposed effective date of the change in price or decrease in price. Documentation shall be supplied with vendor's request for increase or decrease, which will: (1) verify that the requested price increase or decrease is general in scope and not applicable just to the county; (2) verify the amount or percentage of increase or decrease which is being passed on to the vendor by others is not under the control of the vendor; and (3) verify that any price increase or decrease is essential and not an opportunity for a vendor to exploit pricing for personal benefit. Failure by the vendor to supply the aforementioned verification with the request for price increase will result in delay of the effective date of such increase. Procurement Management may make such verification as deemed adequate. An increase, which Procurement Management determines is excessive, regardless of any documentation supplied by the vendor, may be cause for cancellation of the contract. Lee County Procurement Management will notify using agencies and vendor(s) in writing of the effective date of any increase, which is approved.

## **DISCOUNT FROM MANUFACTURER'S CATALOG**

### **NOTE: DELIVERY CHARGES SHALL BE INCLUDED IN THE PERCENTAGES BID**

Please bid a discount on all of the following brands from the listed prices that will be provided to Lee County for verification:

## **PRICE REVISIONS BY SECTION (NO CHANGES)**

**Section A** - prices will be allowed to change, but only as the catalog prices and/or multiplier(s) change, and only after the new catalogs and/or manufacturer confirmation of a multiplier change are provided to Lee County. Note: the quoted discount percentage(s) shall remain firm over the term of the quote.

**Section B** – due to the pricing volatility of the items in this section, each of the listed items will be quoted on a monthly basis. Vendors will be required to submit pricing to Lee County utilities on or before the last working day of the month to cover purchases made during the following month. For example, pricing received on or before the last working day of October will be valid for the entire month of November.

**Section C** – same as in section B - monthly

**Section D** – quoted prices are firm for one year with an adjustment allowed annually.

1. The vendor shall document the amount and proposed effective date of the change in price or decrease in price. Documentation shall be supplied with vendor's request for increase or decrease, which will: (1) verify that the requested price increase or decrease is general in scope and not applicable just to the county; (2) verify the amount or percentage of increase or decrease which is being passed on to the vendor by others is not under the control of the vendor; and (3) verify that any price increase or decrease is essential and not an opportunity for a vendor to exploit pricing for personal benefit. Failure by the vendor to supply the aforementioned verification with the request for price increase will result in delay of the effective date of such increase. Procurement Management may make such verification as deemed adequate. An increase, which Procurement Management determines is excessive, regardless of any documentation supplied by the vendor, may be cause for cancellation of the contract. Lee County Procurement Management will notify using agencies and vendor(s) in writing of the effective date of any increase, which is approved.

## **DISCOUNT FROM MANUFACTURER'S CATALOG**

### **NOTE: DELIVERY CHARGES SHALL BE INCLUDED IN THE PERCENTAGES BID**

Please bid a discount on all of the following brands from the listed prices that will be provided to Lee County for verification:
