Solicitation No.: B190074JJB

Solicitation Name: Concrete Flat Work: Sidewalks, Curbs, Gutters and other Related Items - Annual

Subject: Addendum Number 1

The following represents clarification, additions, deletions, and/or modifications to the above referenced bid. This addendum shall hereafter be regarded as part of the solicitation. Items not referenced herein remain unchanged, including the response date. Words, phrases or sentences with a strikethrough represent deletions to the original solicitation. Underlined words and bolded, phrases or sentences represent additions to the original solicitation.

1. CLARIFICATIONS

- 1.1. Form #8, Page 36 is no longer required and has been deleted.
- 1.2. Contractors may utilize subcontractors for services they cannot perform themselves as long as the subcontractors being utilized are stated on Form 6 – Sub-Contractor List located on Page 33 of the Solicitation Package.

2. BID SCHEDULE NOTICE:

The Bid Schedule has been updated and a new Bid Schedule has been uploaded to the project Download Documents section on the Lee County Procurement website.

Please ensure that your firm has downloaded the Bid Schedule and have been able to successfully use the Excel format. Any firm having compatibility issues or difficulty downloading the Bid Schedule needs to contact the Procurement Analyst for this project at their earliest convenience.

Do not wait until submission day to download! Procurement is not required to extend a closing due to Contractor delay or difficulty in receipt or download of documents.

Bidders MUST use the new Bid Schedule Excel form when submitting their bid. Failure to do so will result in Bidder being deemed non-responsive and therefore ineligible for award.

2. QUESTIONS/ANSWERS:

1.	Can you please confirm that the above referenced bid is only for business with FDOT pre-qualifications only?
Answer	FDOT pre-qualification is not required to submit a bid under this solicitation.
2.	So you're going to take everybody's unit prices, take the best unit prices and put all of those contractors in a pool? And then your jobs will go to that pool of contractors? So you're basically narrowing your pool down.
Answer	The intent of this solicitation is to award to a qualified pool of contractors, obtain their unit pricing and move forward with a qualified pool of contractors that may bid on individual projects as needed under contract.
3.	So every project, like these little projects, 50,000 here, 60,000 there. These will all be separate projects so contractors won't be stuck, like you're saying coming down here (Lee County) one time for one mobilization. So we will have multiple mobilizations for every job we are assigned or one mobilization per project?
Answer	Each individual project issued off the master contract for this solicitation shall include a one-time per project mobilization cost (based off the percentage of the project cost, per the Bid Schedule) The one-

	time per project mobilization cost shall be based on where the project assigned is located and the percentage your company input for the location on the Bid Schedule.
4.	When individual projects come up, if someone did not go through and submit a bid for this solicitation, can they still bid on individual projects?
Answer	No, the individual projects that are issued off the master contract under this solicitation shall only be awarded to a contractor who holds a contract under this solicitation. Contractors who do not hold a contract under this solicitation cannot bid on individual projects for these services.
5.	So we'll still be able to, let's say we put the highest square yard or cubic yard on our bid submittal, but when an individual project is issued off the master contract for bidding contractors can still bid lower on that individual project correct?
Answer	Yes, the unit prices a Contractor submits with their bid submission shall not increase when quoting an individual project. However, a Contractor may elect to submit lower unit prices on individual projects if they choose.
6.	Will Lee County reach out to the pool of Contractors each time an individual project is up for bidding?
Answer	Yes, Lee County shall notify each Contractor in the awarded pool to provide the County with a quote on each individual project.
7.	Say the County receives a pool of 12 Contractors; will the County reach out to all Contractors or just 3 to meet minimum requirements?
Answer	No, the County follows best practice which is to reach out to all Contractors on contract and attempt to receive a quote from them all. The County wants to procure competition, which typically enhances better pricing.
8.	Do we need to have any bonds for this job?
Answer	Contractor shall submit a Letter of Bondability from their Surety Company (not the surety agent) showing their bonding capacity. Any issuer of a Letter of Bondability must be licensed to transact a fidelity and surety business in the State of Florida, with an A.M. Best rating of B (Very Good). If the surety agent is named on the Surety's Power of Attorney as a true and lawful Attorney-in-Fact, to make, execute, seal and deliver said letter then a letter from the surety's agent will be allowed as long as a copy of the Surety's Power of Attorney documenting said appointment is included with the Letter of Bondability
9.	Can you clarify what will be acceptable as far as the bid bond for this solicitation?
Answer	No Bid Bond is required for this solicitation. The only bond required at this time is a Letter of Bondability.
10.	In section three (3) items 72, 73, 74 show a Unit of Measure of square feet and square yard, is this a typo and the Unit of Measure. Should this be listed as EACH?
Answer	Please see revised Bid Schedule attached.

3. ATTACHMENTS:

- 1) Revised Bid Schedule / Proposal Form
 - a. Provided under Download Documents Section of project webpage
- 2) Revised Lee County Document Management Form
 - a. Trench Safety has been changed to N/A.

BIDDER/PROPOSER IS ADVISED, YOU ARE REQUIRED TO ACKNOWLEDGE RECEIPT OF THIS ADDENDUM WHEN SUBMITTING A BID/PROPOSAL. FAILURE TO COMPLY WITH THIS REQUIREMENT MAY RESULT IN THE BIDDER/PROPOSER BEING CONSIDERED NON-RESPONSIVE.

ALL OTHER TERMS AND CONDITIONS OF THE SOLICITATION DOCUMENTS ARE AND SHALL REMAIN THE SAME.

 Procurement Analyst, Jason Bezak
 Lee County Procurement Management

COMPANY NAME:

SOLICITATION: B190074JJB Concrete Flat Work, Sidewalks, Curbs, Gutters, and other Related Items

Having carefully examined the Contract Documents, Contractor/Vendor proposes to furnish the following which meeting these specifications.

PRICING

Pricing shall be inclusive of all labor, equipment, supplies, overhead, profit, material, and any other incidental costs required to perform and complete all work as specified in the Contract Documents. All Unit Prices will be bid at the nearest whole penny. The Excel document contains formulas for convenience, however it is the Contractor's/Vendor's responsibility to verify all pricing and calculations are CORRECT. Lee County is not responsible for errors in formulas or calculations contained within Excel document(s).

In the event there is a discrepancy between a subtotal or total amount and the unit prices and extended amounts, the unit prices will prevail and the corrected extension(s) and total(s) will be considered the price.

The County will only accept bids submitted on bid forms provided by the County. Bids submitted on other forms, other than those provided by the County, will be deemed non-responsive and ineligible for award.

PLEASE ENSURE you have provided a printed copy of the Bid Schedule with your hard copy submission packages and provided the excel version with your digital submission package.
