### **NOTES:**

**Fuel Surcharge:** A fuel surcharge will be allowed based on the U.S. DEPARTMENT OF ENERGY - Monthly Diesel Prices (Dollars per Gallon) available at this link: <https://www.eia.gov/petroleum/gasdiesel/>

If the lowest fuel price listed for Florida for a given month exceeds \$3.99 per gallon, then a surcharge will be assessed in accordance with the surcharge table provided below. The surcharge will be applied to the overall monthly unit price.

For example, if the Florida drop down lists week one as \$4.05, week two as \$4.15, and week three as \$4.25, then the surcharge would be .5%, since the lowest week (week one) and its surcharge rate of .5% from the table below would apply. The monthly charge would be \$13,416.75 (\$13,350 x 1.005).

If a fuel surcharge is requested, Vendor must provide evidence (printed sheets, screenshots, etc.) providing a snapshot from the above-mentioned link justifying the surcharge. There will not be any downward adjustment, unless the cost of fuel drops below \$2.50 per gallon.
