Can you add this to the boot and belt quote for EMS IFB140405?

The sp725 is being replaced with the FT1775. All of the styles, ie 6", 8" side zip etc are on page two of the first document I sent you in Blue . It also includes manufacturer style numbers for your reference, in case you need any of the other variants.

Thank you ,

Renee,
I've attached the ATAC 2.0 spec sheet, with the new Item numbers for all styles and their replacement. Pricing will remain the same between the 1.0 and 2.0 boots.

Can you please send me the spec sheet, your quote and have it on your letterhead so I can replace the current 5.11 boot.

Renee,
They just got back to me, they are phasing out the ATAC and transitioning to the atac 2.0. I'll send you the spec sheet, we should come in at the same price and a few small tweaks in design.

Chris,
Can you find out if SP725 is being discontinued? I am trying to order size 10.5 and it is not available.
Thanks,

Renee Hinkle

Good Afternoon Renee,

5.11 has informed us they have developed a new boot, the A.T.A.C 2.0 and will be transitioning the A.T.A.C 1.0 (original style) away and no longer manufacturing it in lieu of the new 2.0 boots. Below is a table showing manufacturer model numbers as well as the related Galls item numbers and prices which will not change from the older model to the newer version.
