**14.1. The General Services Administration (GSA), a federal agency, is required by the Federal Acquisition Regulation (FAR) to compile and maintain a list of parties debarred, suspended, or disqualified by federal agencies. As this project includes federal funding, CONTRACTORS/ VENDORS/ CONSULTANTS, as well as SUBCONTRACTORS/ SUBVENDORS/ SUBCONSULTANTS must be registered and be active at Sam.gov prior to Contract award. It is highly recommended CONTRACTORS/ VENDORS /CONSULTANTS and SUBCONTRACTORS/ SUBVENDORS/ SUBCONSULTANTS provide a copy with their proposal of such registration.**

**3. QUESTIONS/ANSWERS**

1.	Can the County provide a map or the limits of the Iona Park area?
<b>Answer</b>	<b>Yes, please see the attached map.</b>
2.	In regards to the CN250039CMR- Countywide Drainage Improvements- CDBG-DR RFP, will survey be provided or will we need to provide it as a part of the design effort?
<b>Answer</b>	<b>The survey will be part of the design effort.</b>
3.	Would the County please remove Article 10 "Conflicts of Interest"? We believe that this provision is extremely difficult to comply with given how much work we do with private entities in the area. Additionally, this will be nearly impossible for us to enforce when it comes to our subconsultants. If the County will not remove the provision, will it agree to limit the provision only to the employees working on this specific project and for the duration of the project only?

<b>Answer</b>	<b>No, the County will not remove Article 10 “Conflicts of Interest”. However, this requirement applies to this specific project. A Professional Services Firm is prohibited from providing project design and/or construction services if the firm has or had been retained to perform the project feasibility or study analysis for this project.</b>

4.	As currently worded, we believe that the indemnity provision Section 2.3 of the Special Conditions is not in compliance with FL Statute 725.08 and is unenforceable. Would the County consider rewording same to conform with the statute? Suggested language per FL Statutes 725.08: “The design professional shall indemnify and hold harmless the County , and its officers and employees, from liabilities, damages, losses, and costs, including, but not limited to, reasonable attorneys' fees, to the extent caused by the negligence, recklessness, or intentionally wrongful conduct of the design professional and other persons employed or utilized by the design professional in the performance of the contract.”
----	----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

<b>Answer</b>	<b>No, the County will not re-word the language within the solicitation, as this language is required per the funding agency.</b>
---------------	-----------------------------------------------------------------------------------------------------------------------------------

5.	Would the County please remove any reference to liquidated damages, including Section 13 of the Special Conditions? We believe they are not applicable to the services of design professionals, as we do not control, set, or manage the Project schedule – this is a contractor-specific issue and should be removed from our contract.
----	------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------

<b>Answer</b>	<b>No, liquidated damages is a requirement of the funding agency.</b>
