1. QUESTIONS/ANSWERS

1.	I've noticed the release of a solicitation to purchase Carbon Dioxide posted recently, and was hoping that you might be able to assist me. Matheson has a current agreement with Lee County (see attached for reference) that expires March 31, 2021 to provide CO2, and I was not able to find an term start date listed in any of the bid documents, so I'm confirming that the term start date for this solicitation will be April 1 st .
Answer	The start date of the new contract is expected to be March 22, 2021 upon completion of the existing contracts term. The extension confirmation for Matheson per B-150385 Carbon Dioxide can be found at the link below on the Lee County Procurement website annuals page https://www.leegov.com/procurement/awarded-annual-contracts/downloads?fid=4694&fn=Project2015-06-19T07_18_36.xml
2.	Also, I wanted to confirm that the pricing offered via this solicitation response must be fixed for the entire 3 year term beginning April 1, 2021?
Answer	Pricing may only increase in accordance with the terms and conditions. See article 11.3 found on page 6.
3.	Saw your solicitation for CO2 supply and scope for Lee County Utilities and wanted to see if this includes equipment that you own or lease now. If leasing, would like to discuss options for Chart equipment for purchase and/or lease in different sizes and additional equipment we offer in support of water treatment facilities.
Answer	This solicitation does not include equipment and is only for purchase of Carbon Dioxide Chemical.
