This document is to advise that Transportation Control Systems, Inc. is GE Lighting Solutions' exclusive Authorized Distributor for the full line of GE LED Traffic signals for the entire State of Florida. Donn Underwood, Director of Sales for Transportation Control Systems, Inc., can be reached at 800.886.2735.

Transportation Control Systems, Inc. is GE Lighting Solutions' sole source provider for Sales, Service, and Support within the above mentioned State of Florida. The LED Traffic product line includes Traffic Signals, Arrows, and Pedestrian Signals.

Transportation Control Systems has a reputation of providing excellent and timely customer service, and I encourage any parties interested in the GE Lighting Solutions line of GE LED traffic signals to contact Donn directly.

Please also feel free to contact myself at the below number for assistance. Thank you for your interest in our products.

Sincerely,

A handwritten signature in cursive script, appearing to read 'John Sisler'.
