INSTALLATION NOTE: Double-door models are available with four different center-to-center dimensions between latchbolt keepers. Keepers are wide enough to compensate for vertical rod exit bolts, which may be as much as 3/8" (10 mm) off center-to-center dimension, either way. When using an electric strike in conjunction with a vertical rod exit device, it is necessary that:

- 1. The bottom rod of the exit device be removed or made inoperative
- $2. The \ latchbolt\ of the\ exit\ device\ be\ the\ "Pullman"\ or\ beveled\ type$
- 3. The latchbolt be free-latching and remain projected while the door is open. Mechanisms that hold the latchbolt retracted while the door is open, and automatically release it when the door is closed, must be removed or made inoperative.

INSTALLATION NOTE: Double-door models are available with four different center-to-center dimensions between latchbolt keepers. Keepers are wide enough to compensate for vertical rod exit bolts, which may be as much as 3/8" (10 mm) off center-to-center dimension, either way. When using an electric strike in conjunction with a vertical rod exit device, it is necessary that:

- 1. The bottom rod of the exit device be removed or made inoperative.
- 2. The latchbolt of the exit device be the "Pullman" or beveled type.
- 3. The latchbolt be free-latching and remain projected while the door is open. Mechanisms that hold the latchbolt retracted while the door is open, and automatically release it when the door is closed, must be removed or made inoperative.

Check your individual product to determine warranty coverage. Batteries and consumables are not covered by HES Warranty programs. Replacement products, at HES's sole option, may be the identical item or a unit which serves as a functional replacement. If the customer has an account with HES or a valid credit card, the customer may order an advance replacement product, whereby HES will charge the customer's account for the price of the product plus next day air freight, and will credit back to the customer the full amount of the charge, including outbound freight, upon HES receipt of the original product from the customer. HES's sole and exclusive liability, and customer's sole remedy, is limited to the replacement of the HES product when delivered to HES's facility (freight and insurance charges prepaid by customer).
