How to Place an Order

Thank you for your order.

Thank you for your continued support and business. To place an order, please send your purchase orders to res_contact_center@allegion.com.

In order to expedite order processing, please include the following information on purchase orders:

- Schlage account number
- Product UPC numbers (if available)
- Quote number (if applicable)
- Specific keying requirements
 - Note: Line quantities of keyed products must be divisible by KA quantities.
 - Example: 20 locks ordered KA4 results in 5 groups of 4 locks keyed alike, however, 20 locks ordered KA3 is not divisible and results in order processing delays as Schlage seeks clarification.
- Door handing
 - How to identify door handing:
 - Handing of all doors is determined from the exterior of the room’s entrance.
 - If the hinge is on the left side of the door, the door is “left hand” (LH).
 - If the hinge is on the right side of the door, the door is “right hand” (RH).
 - To order a handed product, please specify LH or RH.
 - To order a handleset, handing is still determined from the exterior of the door.
 - We will use that information to determine the handing for the inside of the door.
