Lee County Utilities

Subject: Fort Myers Beach & Three Oaks WWTP - Clarifier Launder Covers

Dear Mr. Wright,

Please be advised that NEFCO, Incorporated, located in Palm Beach Gardens, FL, is the only Florida based manufacturer of clarifier launder covers and the only US manufacturer of the specific style of covers proposed for the Fort Myers Beach and the Three Oaks clarifiers. These are the only covers that open away from the operator towards the water to allow for safe inspection and maintenance.

Please feel free to contact me, or our local representative, Mr. Ron Shupler, should you have any questions.

Best regards,
