Jennifer Reverendo
COOPERATIVE SERVICES OF FLORIDA PRICING ONLY - L4093
PO BOX 151247
CAPE CORAL, FL 33915

To Jennifer Reverendo,

We truly value our partnership and the trust you place in nexAir to provide reliable products and services. Our goal has always been to deliver the highest quality, along with key analytical data for optimal supply change management, supported by strong local service, while keeping our pricing as stable as possible.

Over the past year, we have absorbed significant increases in key areas that directly impact our operations, including higher raw materials, higher energy costs, increased distribution and labor/wage growth.

As a result, effective 6/1/2026, the price of gases, rent and related services will be increased. An updated gas price list is enclosed.

We remain committed to working with you to minimize the impact of this change and are available to discuss alternative supply solutions, product options, process improvements, data analytics to reduce overall costs, or supply strategies that may help mitigate or drive out costs.

Thank you for your continued partnership and understanding as we navigate these challenges together. We are confident that the value, reliability, and service we deliver will continue to support your success in the future.

If you have any questions regarding this adjustment, please contact your Territory Manager or me at 615-687-2777. In addition, please notify your Accounts Payable department of this modification.

Sincerely,

Bryan Howard
