Good afternoon,

I did get a copy of the Amendment. The contract has been renewed until 9/11/27. I will be adding this to our website and Ion Wave. I will be also sending a Procurement Update as well.

Respectfully,

Kimberly Urban | Contracts Analyst

This is the information I was able to locate for the contract with Orange County:

<https://procurement.opengov.com/portal/orangecountyfl/contracts/87525>

Good morning, Kim. I wanted to follow up regarding the Supplemental Carbon piggyback contract. The Director's Spreadsheet notes indicate that, per the new guidelines, an RTI email will be sent to the department three months prior to the contract expiration. Can you provide additional information on these new guidelines?

The vendor has advised that there is one renewal option remaining and that both Orange County and the vendor intend to renew. Can you confirm whether that is correct?

If a new solicitation will be required, a three-month lead time will not be enough to complete the procurement and award process before the current contract expires.

Respectfully,

Leah Paterna | Program Manager
