Vendor and County or its representatives shall inspect each load to verify that the contents are in accordance with the accepted definition of eligible debris as set out in Section 1.1 of this Contract.

7.6.2 Eligibility Determinations:

If any load is determined to contain material that does not meet the definition of eligible debris, e.g. debris collected from private property or not at the request of the County or its representatives, the load will be directed to an alternate disposal or processing facility. No payment will be approved and Vendor will not invoice County for ineligible loads. County, through its authorized representative, will be the sole judge as to whether the material conforms to the definition of eligible debris, and its decision will be final.

7.7 Unit Price/Service Negotiations:

Unknown and/or unforeseen events or conditions may require an adjustment to the stated unit prices in Sections 7.1 and 7.2 of this Contract. Any amendments, extensions, or changes to the scope of services or unit prices are subject to full negotiations between County and Vendor and subject to the review of the government.

In addition, all costs related to labor, materials, and equipment shall be fair, reasonable, and consistent with costs set forth in the schedule of values and with the most current version of the Federal Emergency Management Agency's Schedule of Equipment Rates, to be applied at all times for implementation of this Contract.

For corporations, ALL documents must be signed by the president of the company or an authorized individual. For any individual other than the president, we will need one of the following to confirm their authority to sign:

1. a corporate resolution by the Board of Directors, or
2. an extract of minutes, or

If the company's articles of incorporation identify additional positions that have the power to bind the corporation, we will accept the articles of incorporation with verification from the president that a certain individual serves in that role (e.g., the president confirms that John Doe is the CEO, and the articles of incorporation provide that the CEO has the power to bind the company).

With respect to an LLC, the authority to bind a limited liability company is controlled by Florida statutes. Managers or managing members have inherent authority to bind an LLC.
