### **Notes:**

#### **1. Primary, Secondary, and Tertiary Vendor Utilization**

The Vendor designated as the Primary Vendor shall serve as the County's first source for the services described in the Scope of Work. The County shall initially request services from the Primary Vendor and shall compensate the Vendor in accordance with the unit prices set forth in this Agreement.

The County may procure services from the Secondary Vendor only if the Primary Vendor is unable or unwilling to provide the requested services within the timeframe required by the County, or if the Primary Vendor's Agreement has been terminated, canceled, or is otherwise no longer in effect.

The County may procure services from the Tertiary Vendor only if both the Primary Vendor and Secondary Vendor are unable or unwilling to provide the requested services within the timeframe required by the County, or if the applicable higher-ranked Vendor Agreements have been terminated, canceled, or are otherwise no longer in effect.

Nothing herein shall prohibit the Secondary Vendor or Tertiary Vendor from subcontracting with the Primary Vendor in the performance of services. However, such subcontracting arrangements shall not alter the County's obligation to utilize Vendors in the order of precedence established herein, nor shall they create any obligation for the County to bypass the Primary Vendor while its Agreement remains active, and the Primary Vendor is capable of meeting the County's service requirements.
