The description of services intended for purchase from a single source is posted in accordance with section 3.9, Procurement Ordinance 23-21 and will be posted for a minimum of 15 business days.

Commodity or Service Required:
Yokogawa Parts, Equipment, and Materials

Description:
Lee County Utilities is seeking to execute a single source procurement for Yokogawa-manufactured equipment such as flow meters, pressure transmitters, temperature sensors, and analyzers for parameters like pH, turbidity, and conductivity, ensuring accurate and reliable data. Also, to include technical support and/or service of parts, services, and materials.

Intended Single Source:
Classic Controls, Inc.

Justification for Single Source Acquisition:
Classic Controls, Inc. is our area's regional distributor of Yokogawa products. Lee County Utilities has over 90% of this manufacturer's products throughout our water/wastewater system. These products are a very important part of our compliance process and necessary for plant operations.

Recommended Procurement Approach:
For the reason(s) stated above, Lee County Procurement Management intends to utilize the Single Source Procurement method to purchase from Classic Controls, Inc. for supplying the above.

Respond to:
If your firm feels they have the ability to supply the above, please contact Kevin Walker, Lee County Procurement Management at KWalker2@leegov.com for review.
