The description of services intended for purchase from a sole source is posted in accordance with section 3.9, Procurement Ordinance 23-21 and will be posted for a minimum of 15 business days.

Commodity or Service Required:

Purchase of Flygt Submersible Pumps, Parts, and Repair Services

Description:

Lee County Utilities seeks to execute a sole source procurement for parts, repair services, and replacement of Flygt submersible sewage pumps by Xylem Water Solutions USA, Inc. These pumps vary in size from 3/4 horsepower to 100 horsepower and are located in pump stations throughout the Lee County Wastewater Collections system. We currently have approximately 2,000 of these pumps within the Wastewater Collections system.

Intended Sole Source:

Xylem Water Solutions USA, Inc.

Justification for Sole Source Acquisition:

Xylem Water Solutions USA, Inc. is the sole authorized vendor for Flygt products and is the only authorized service and warranty organization in the area. They also only use Xylem parts for the repair/rebuild of the pumps, which is a cost savings for the County.

Recommended Procurement Approach:

For the reason(s) stated above, Lee County Procurement Management intends to utilize the Sole Source Procurement method to purchase from Xylem Water Solutions USA, Inc. for supplying the above.

Respond to:

If your firm feels they have the ability to supply the above, please contact Kevin Walker, Lee County Procurement Management at KWalker2@leegov.com for review.
