Good morning,

Please see the attached termination notice for the above referenced agreement. Lee County recently approved an updated Ordinance, 21-02, which removes the procurement requirement for this type of agreement. Lee County will still be reaching out for these services, but it will not need to be under the agreement above. The termination is effective immediately.

All currently active projects under the 2019 agreement shall remain open and completed, unless you are advised otherwise by your Lee County Project Managers. However, any new projects will be performed under individual quotes, rather than this annual agreement. For questions regarding any open projects, please continue communicating with your Project Managers.

Thank you for your partnership, as always.
