SPECIFICATIONS FOR B170268DKR

1. GENERAL SCOPE OF WORK

Lee County intends for the purpose of establishing adequate, prompt, and efficient towing services for County owned and operated vehicles and equipment; including code enforcement violation vehicles, light to heavy vehicles and trucks up to and including tractor trailers with loads up to +/- 88,000 lbs, accident and specialized recovery, and heavy equipment transportation that require the use of lowboy or drop deck trailers.

2. BASIS OF AWARD

The bid shall be awarded to the responsive and responsible vendor submitting the lowest total bid price per each category as the primary vendor and the second lowest total bid price per category as the secondary vendor. The County intends to purchase from the primary vendor per each category unless the primary vendor is unable to provide services awarded or unable to provide services awarded in a timely manner as specified herein, then the County would purchase the services from the secondary vendor per category accordingly. A bidder can bid one or more category, but is not obligated to bid all four categories.

Lee County reserves the right, at the Procurement Director's discretion, not to award certain items listed.

3. ESTIMATED NUMBER OF CALLS

Lee County does not guarantee that a minimum number of tows will occur. Contractors should be aware that the tow services will be used on an as-needed basis.

4. DESIGNATED CONTACT

The awarded vendors shall appoint a person or persons to act as a primary contact with Lee County. This person or back-up shall be readily available during normal work hours by phone or in person, and shall be knowledgeable of the terms and procedures involved in this solicitation.

5. COMPLETION OF WORK

Should a bidder receive an award of more than one (1) category, equipment requirements may be adjusted, provided that equipment offered is determined by the County to be capable of satisfactorily performing under the resulting agreement.

All equipment required under a resulting agreement shall be subject to review and evidence as to its operating efficiency. Award will not be made to a vendor should the County determine the quality of its equipment to be inadequate to services the County's towing needs. The County representative may inspect vehicles prior to award and check the following: condition of tires; check for oil leaks; load capacity tags; operation of equipment (winches, booms, etc.); condition of equipment necessary to tow safely such as chains, straps, etc. The County also reserves the right to inspect and approve all equipment at various intervals during the term of the resulting agreement. Failure to promptly correct deficiencies of required equipment shall be considered just cause to cancel the agreement.

All wreckers will be equipped and conform to normal industry standards. All appropriate road safety cautions and/or requirements by State or Federal guidelines shall be adhered to.

SCOPE OF WORK AND SPECIFICATIONS LEE COUNTY, FLORIDA DETAILED
SPECIFICATIONS FOR B170268DKR

6. LICENSING AND CERTIFICATION

It shall be the responsibility of the contractor(s) to secure at his/her expense all licenses, permits, etc., required under federal, state, and local laws and ordinances to perform under a resulting agreement. Please note, tow truck operators must have appropriate National Certification for the vehicle they are operating.

7. DEMONSTRATION REQUIREMENTS

The right is reserved to require a demonstration of a bidder's ability to perform towing services on particular vehicle(s) prior to award of contract. Demonstration may be performed on County property or at the bidder's site; whichever is deemed appropriate by the County, at no additional charge.

8. HOURS OF OPERATION

CONTRACTOR(s) – The contractor(s) hereby agrees to furnish operators when called and said operators shall be available at all time for towing-24 hours a day, 7 days a week. It is further agreed that the successful bidder will relieve qualified operator of their duties when the County requests towing service. It is agreed that failure of the successful bidder(s) to have this business properly manned shall not be adequate excuse for failure to promptly respond to the County's towing requests. The Bidder further agrees that any employee deemed by the County as unsuitable shall no longer perform wrecker services under the terms of this agreement. The Operator will consult with County employees when towing vehicles of a technical nature (i.e., service trucks, step vans, fire engines, etc.) in order to eliminate risk of damage to vehicle. The operator/officer of the County vehicle will determine if the vehicle will be towed in the event of a conflict relating to the possibility of further damage to a vehicle already damaged.

The awarded vendor(s) shall provide Lee County with a phone number having 24/7 access. Answering services are not acceptable. In the event that the County attempts to contact the awarded vendor and does not receive a live answer, the County may proceed to contact the secondary service provider.

TIME IS OF THE ESSENCE-Time is of the essence in the performance of this agreement. Repeated delays shall be interpreted as failure to meet contractual obligations and shall be cause for cancellation of contract/agreement. The County will contact the primary service provider when services are needed. Voicemail is not acceptable. If the County contacts the primary and receives voicemail, the County has the right to then contact the secondary service provider. Contractor is subject to call 24-hours per day, 365 days per year. Additional charges are not permitted for after hours, or holiday calls under normal circumstances, contractor(s) shall be required to arrive at the towing site within one (1) hour of initial service call. If a Contractor cannot respond within the 1 hour it should be stated during the initial call and the County agency may allow additional time if agreeable. If the primary does not have a driver on site within one (1) hour of notification or the agreed upon time between the County and the Vendor, the County may contact the secondary service provider for service, and will not be responsible for any expenses incurred by the primary. In this instance, if the
