239-533-5338

Attention: Marilyn

Due to rising cost in fuel, insurance & cost of doing business we regret to inform you that we have to raise our rates in our alignments as well as our towing services. This rate increase will take effect on March 15, 2014.

We have put this increase off for so many years that we are no longer able to do so. We have had a great working relationship for a very long time and value your business, I am hoping this increase does not prevent future related business endeavors.

If I can be of any assistance feel free to call me anytime.

Sincerely,

A handwritten signature in cursive script that reads "Misty Ireland".

Misty Ireland  
Genes Auto Frame
