

STATE OF UTAH COOPERATIVE CONTRACT AMENDMENT

AMENDMENT #: 10

CONTRACT #: MA149

Starting Date: 12/6/2019

Expiration Date (before this amendment): 8/11/2024

Expiration Date (changed to by this amendment): 8/11/2029

TO BE ATTACHED AND MADE PART OF the specified contract by and between the State of Utah Division of Purchasing and **AT&T Corp.** (Referred to as CONTRACTOR).

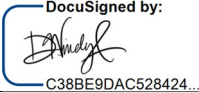

BOTH PARTIES AGREE TO AMEND THE CONTRACT AS FOLLOWS:

The contract’s expiration date is hereby changed from 08/11/2024 to 08/11/2029. [*Note: this is an amendment to the NASPO Master Agreement.*]

Effective Date of Amendment: 3/14/2024

All other terms and conditions of the contract, including those previously modified, shall remain in full force and effect.

IN WITNESS WHEREOF, the parties sign and cause this contract to be executed.

Additional Notes												
			this non-pooling plan is best suited for qualified devices using machine-to-machine business applications that have variable usage. The plan provides a low cost solution in low-usage months and data overage protection in the occasional higher-usage month. The plan is ideal for use as a temporary solution while your Wide Area Network (WAN) is being installed or as a backup solution for your WAN.

Enhanced Support: Hardware, Software, Licenses, Shipping, Training, Installation, or some other product component									
Description	Type	SKU	Price	Modifier	Discount	Net Price	Billing Frequency	Available to New Users	
	Net Equip, Software, Software Licenses, Shipping, Mobile Device, Training, Installation, or some other indicator	Device SKU	MSPR	ICS approved device credit	Percent discount for equipment	Device price after modifier and percent discount	One Time, Monthly, Quarterly, Bi-Annually, Annually	Yes or No	
IoT Implementation/Migration Services AT&T Enhanced Support Services or Migration Services provides an AT&T IoT deployment resource to assist with the deployment of AT&T IoT devices. This designated resource will be assigned to the Customer's IoT deployment for a period of twelve (12) weeks and assist with activities such as deployment tracking, portal education, training, issue resolution, as well as SIM migration assistance. (Included in Enhanced Support Services or sold separately)	Implementation Services	4411H	\$3,500		5%	\$3,325.00	One Time	Yes	
IoT Enhanced Client Education Support AT&T will provide training sessions to review all functionality.	Training	4411H	\$600		5%	\$570.00	One Time	Yes	
Scheduled Engineering Services AT&T Enhanced Support Services or Migration Services Engineers will perform an IoT scheduled engineering service up to 50 hours per year, and if necessary, perform advanced diagnostics and troubleshooting for any current performance degradation.	Engineering Services	4411H	\$9,950.00		5%	\$9,452.50	One Time	Yes	
Priority Care AT&T will provide access to advanced technical support to help resolve technical issues. Sold separate from Enhanced Support Services.	Stand Alone Advanced Technical Support	4411H	\$3,000.00		5%	\$2,850.00	One Time	Yes	
SIM migration service 300,001-500,000 Transition device site between network technologies. For example: Mobility devices can be transferred to an IoT network without having to physically replace the SIM. If >5 portals, additional charges apply for SIM migration.	Migration Services	4411H	\$25,000.00		5%	\$23,750.00	One Time	No to new AT&T customers, Yes to existing AT&T customers that are not IoT customers	
SIM migration service 200,001-300,000 Transition device site between network technologies. For example: Mobility devices can be transferred to an IoT network without having to physically replace the SIM. If >5 portals, additional charges apply for SIM migration.	Migration Services	4411H	\$16,000.00		5%	\$15,100.00	One Time	No to new AT&T customers, Yes to existing AT&T customers that are not IoT customers	
SIM migration service 100,001-200,000 Transition device site between network technologies. For example: Mobility devices can be transferred to an IoT network without having to physically replace the SIM. If >5 portals, additional charges apply for SIM migration.	Migration Services	4411H	\$11,000.00		5%	\$10,450.00	One Time	No to new AT&T customers, Yes to existing AT&T customers that are not IoT customers	
SIM migration service 10,001-100,000 Transition device site between network technologies. For example: Mobility devices can be transferred to an IoT network without having to physically replace the SIM. If >5 portals, additional charges apply for SIM migration.	Migration Services	4411H	\$7,000.00		5%	\$6,650.00	One Time	No to new AT&T customers, Yes to existing AT&T customers that are not IoT customers	
SIM migration service 1,001-10,000 Transition device site between network technologies. For example: Mobility devices can be transferred to an IoT network without having to physically replace the SIM. If >5 portals, additional charges apply for SIM migration.	Migration Services	4411H	\$3,500.00		5%	\$3,325.00	One Time	No to new AT&T customers, Yes to existing AT&T customers that are not IoT customers
