**III. BACKGROUND AND IMPLICATIONS OF ACTION**A) Board Action and Other History

On November 20, 2012, the Board of County Commissioners approved the piggyback of the Western States Contracting Alliance/NASPO ValuePoint agreement #1907 for wireless communication services and equipment (including air cards). On June 16, 2014, Western States Contracting Alliance/NASPO ValuePoint issued Amendment 1, extending the original term by eight months to June 30, 2019, to coincide with Universal Service Administrative Company filing and funding requirements for the FCC Schools and Library (E-Rate) Program Customers. On May 7, 2019, the Board of County Commissioners approved Amendment No. 2, extending the term an additional 6 months through December 31, 2019, for the uninterrupted continuation of the wireless communication services and equipment (including air cards) until the formal solicitation process was completed.

State of Utah/NASPO ValuePoint Contracts will replace Western States Contracting Alliance/NASPO ValuePoint Contract No. 1907 wireless communication services and equipment (including air cards), set to expire on December 31, 2020. The State of Florida is still in process of negotiating the Participation Agreement with the State of Utah/NASPO and current participation for Florida expires on April 14, 2021. Board action provides for continuation of contract once the participation agreement is finalized without need to return to the Board.
