**SUBRECIPIENT AGREEMENT BETWEEN
THE LEE COUNTY BOARD OF COUNTY COMMISSIONERS
AND CITY OF FORT MYERS**

This **AGREEMENT** between Lee County, a political subdivision and charter county of the State of Florida, hereinafter referred to as “**COUNTY**,” and City of Fort Myers, a municipal corporation registered under the laws of Florida Statute, Chapters 165 and 166, hereinafter referred to as “**SUBRECIPIENT**” will become effective upon the date (“Effective Date”) signed by the Board of County Commissioners (BOCC).

SECTION I: RECITALS

WHEREAS, pursuant to Public Law (P.L.) 117-328, the “Department of Housing and Urban Development Appropriations Act, 2023” (hereinafter referred to as the “Appropriation Act”), and the “Allocations for Community Development Block Grant Disaster Recovery and Implementation of the CDBG–DR Consolidated Waivers and Alternative Requirements Notice,” 88 Federal Register (FR) 32046 (May 18, 2023); (hereinafter referred to as the “Federal Register Guidance”), the U.S. Department of Housing and Urban Development (hereinafter referred to as “HUD”) has awarded \$1,107,881,000 (a \$963,375,000 allocation for unmet disaster recovery needs with an additional \$144,506,000 mitigation set aside) of Community Development Block Grant – Disaster Recovery (CDBG-DR) funds to the **COUNTY** for activities authorized under Title I of the Housing and Community Development Act of 1974 (42 United States Code (U.S.C.) 5301 *et seq.*) and described in the *Lee County Action Plan for CDBG-DR Funds* (hereinafter referred to as the “Action Plan”) for the Consolidated Appropriation Act (P.L. 117-328). The **COUNTY** is also hereinafter referred to from time to time as “Grantee.”

WHEREAS, the **COUNTY** believes it is in the public interest to serve as a pass-through entity by awarding and/or providing CDBG-DR funding for certain activities to **SUBRECIPIENTS** for the benefit of Lee County residents. CDBG-DR funding made available for use by the **SUBRECIPIENT** under this Agreement constitutes a subaward of the Grantee’s Federal award, for which the use of the subaward funds must conform to the **COUNTY’S** intent as stated in the applicable Notice of Funding Availability (NOFA) Application, and attachments, and/or exhibits, and all other terms and conditions as specified.

WHEREAS, the **COUNTY** has legal authority to disburse funds as a subaward under the Federal award and to enter into this Agreement with the **SUBRECIPIENT**, who by signing this Agreement, represents and warrants to the **COUNTY** that it will comply with all the requirements of the subaward described herein.

WHEREAS, the Action Plan has been developed to give the maximum feasible priority to activities that will benefit low- and moderate-income families and the aggregate use of CDBG-DR funds shall principally benefit low- and moderate-income families in a manner that ensures that at least 70 percent (or another percentage permitted by HUD in a waiver) of the grant amount is expended for activities that benefit such persons.

NOW, THEREFORE, in consideration of the mutual covenants, promises, and representations contained in this Agreement and other good and valuable consideration, the receipt and sufficiency of which is hereby acknowledged, therefore the **COUNTY** and the **SUBRECIPIENT** agree as follows:

SECTION II: SCOPE OF WORK AND ACTIVITIES

The **COUNTY** provides the **SUBRECIPIENT** the award under this Agreement to perform project activities under the **COUNTY’S** CDBG-DR Public Facilities Infrastructure Program. Any proposal, application, or exhibit associated with this CDBG-DR funding award are binding and incorporated herein as a part of this **AGREEMENT**.

The **SUBRECIPIENT** shall submit to the **COUNTY** the required information and documentation to complete Exhibits A (Scope of Work and Activities – Program/Project Activity Overview) & B (Scope of Work and Activities – Project Activity Scope of Work Description). If there is a disagreement between the **COUNTY** and **SUBRECIPIENT**, with respect to the formatting and content requirements of the Exhibit, the **COUNTY'S** has sole and absolute discretion; the **COUNTY'S** decisions shall prevail.

The **SUBRECIPIENT** must provide a statement of work, in accordance with 24 CFR 570.503 detailing the work to be performed, a schedule for completing the work, and a budget. The statement of work as prescribed by the **COUNTY** under Exhibits A and B must provide sufficient data and detail to provide a sound basis for the **COUNTY** to monitor performance.

The **SUBRECIPIENT** agrees to abide by all applicable state and Federal laws, rules and regulations, including but not necessarily limited to, the Federal laws and regulations set forth at 24 CFR 570, 2 CFR 200, the Federal Register Guidance, and the **COUNTY'S** Action Plan. This includes core CDBG-DR tenets and requirements as stated below:

SUBSECTION II.A. – MID REQUIREMENT: The **SUBRECIPIENT** must conduct all activities and expend all CDBG-DR award funds granted by the **COUNTY** in the “most impacted and distressed” (MID) areas resulting from the qualifying major disaster in 2022, which is in response to Hurricane Ian (Federal Emergency Management Agency (FEMA) Disaster No. 4673 – DR). As noted in the Federal Register Guidance (88 FR 32046), the HUD-identified MID area for this disaster allocation is all of Lee County.

SUBSECTION II.B. – ELIGIBLE ACTIVITIES: CDBG-DR funds are provided for necessary expenses for activities authorized under Title I of the Housing and Community Development Act of 1974 (HCDA), as amended (42 United States Code (U.S.C.) 5301 et seq.), related to disaster relief, long-term recovery, restoration of infrastructure and housing, economic revitalization, and mitigation of related risk. The **SUBRECIPIENT** must utilize CDBG-DR funds, as prescribed under 24 CFR 570 Subpart C – Eligible Activities, and for alternative requirements and waivers as prescribed within the Federal Register Guidance. Furthermore, the **SUBRECIPIENT** shall conduct its project to align with the approved eligible activity(ies) found under the most-recent approved Action Plan for the **COUNTY'S** CDBG-DR Public Facilities Infrastructure Program.

SUBSECTION II.C. – NATIONAL OBJECTIVE: The **SUBRECIPIENT** must meet the criteria for one of the CDBG-DR program's national objectives. For this scope of work, the **SUBRECIPIENT** must adhere to the following national objective type, as defined at 24 CFR 570.208 and alternative requirements under the Federal Register Guidance, and as reflected as an approved national objective type for this CDBG-DR program within the Action Plan:

☒ Activities benefitting low- and moderate-income persons (“LMI”);

SUBSECTION II.D. – CDBG-DR MITIGATION SET-ASIDE AND STORM “TIE-BACK”: The **COUNTY** is responsible for informing the **SUBRECIPIENT** of whether CDBG-DR funding is awarded for an activity(ies) to address an unmet recovery need, a mitigation and resilience measure, or both. Depending on the recovery or mitigation designation by the **COUNTY**, the **SUBRECIPIENT** is responsible for documenting proof of the designation. For recovery activities, the **SUBRECIPIENT** must demonstrate that their activities “tie-back” to the specific disaster and address a specific unmet recovery need for which the CDBG-DR funds were appropriated. For mitigation set-aside activities, the **SUBRECIPIENT** must document how its activity(ies) (1) meet the definition of mitigation activities; (2) address the current and future risks as identified in the **COUNTY'S** mitigation needs assessment in the MID areas under its Action Plan; (3) is a CDBG-DR eligible activity under title I of the HCDA (or otherwise eligible pursuant to a waiver or alternative requirement); and (4) still meets a national objective. In some cases, the

COUNTY may require the **SUBRECIPIENT** to provide evidence of the activity meeting both the CDBG-DR “tie-back” and mitigation measures justification. The **COUNTY** will spell out specific requirements for the **SUBRECIPIENT**, its project, and the project’s eligible activity under Exhibit A – Scope of Work and Activities – Program/Project Activity Overview and Exhibit B – Scope of Work and Activities – Project Activity Scope of Work Description.

SECTION III: **TERM OF AGREEMENT**

This Agreement shall begin on 4/01/2025 (“the Effective Date”) and end on 12/31/2028, unless suspended or terminated as specified in SECTION XI. SUSPENSION, EVENTS OF DEFAULT, REMEDIES, AND TERMINATION.

The **COUNTY** and the **SUBRECIPIENT** agree that this Agreement shall be electronically signed, and that any electronic signatures appearing on this Agreement shall have the same force and effect as a written signature for the purposes of validity, enforceability, and admissibility. The **COUNTY** and **SUBRECIPIENT** shall maintain this Agreement, including any amendments, in its files.

The **COUNTY** shall not grant any extension of the Agreement unless the **SUBRECIPIENT** provides written justification that is satisfactory to the **COUNTY**, in its sole discretion, and the **COUNTY’S** authorized organizational representative approves such extension in accordance with SECTION IV. AGREEMENT MODIFICATIONS AND AMENDMENTS of this Agreement.

SECTION IV: **AGREEMENT MODIFICATIONS AND AMENDMENTS**

SUBRECIPIENT must submit a written request, via the County’s approved method for submitting such request, for an Agreement amendment which details the nature of and justification for the requested change and the desired effective date of the change(s). The **COUNTY** reserves the right to approve or deny all Agreement amendments on the basis that such approval or denial is in the **COUNTY’S** best interest. An approved amendment shall be documented on the Agreement amendment form and signed by both parties.

The Assistant County Manager over the **COUNTY’S** Office of Strategic Resources and Government Affairs (SRGA), the BoCC, or their designee may approve amendments to the Agreement, in accordance with the **COUNTY’S** *Hurricane Ian CDBG-DR Subrecipient Manual* and *Internal Grant Management Manual*. As noted within the Manual, the **COUNTY** reserves the right to review the request from the **SUBRECIPIENT** and determine whether an amendment is required or whether County Manager or BOCC approval is needed.

The **COUNTY** also affirms that it may unilaterally modify or amend any Manuals referenced throughout this Agreement without prior notification or agreement by the **SUBRECIPIENT**. Additionally, the **COUNTY** affirms that while it will seek agreement with the **SUBRECIPIENT** on proposed amendments to any Exhibits which are referenced throughout this Agreement, the **COUNTY** may unilaterally modify or amend any such Exhibits **COUNTY**, in its sole discretion, deems necessary to comply with federal policies or regulations.

As noted in the **COUNTY’S** Action Plan, substantial amendments to the Action Plan are defined as (1) a change in program benefit or eligibility criteria; (2) the addition or deletion of an activity(ies); (3) the allocation or reallocation of funds which exceeds or is expected to exceed 5 percent of the current total approved budget; (4) a material change occurs which impacts information and analysis on which the Action Plan was based on to fund certain priority activities (e.g., impact on anticipated beneficiaries, project or activity scope, significant demographic changes, or new significant contributing factors on unmet needs in the jurisdiction); and/or upon HUD’s written notification specifying a material change that requires the revision. The **SUBRECIPIENT** understands that requests for Agreement amendments of the nature described herein, and which involve new or alteration of existing activities that will significantly change the scope, location, or objectives of the approved

activity or beneficiaries must first receive HUD approval before consideration by the **COUNTY** to amend the Agreement.

SECTION V: COMPENSATION AND ALLOWABLE PAYMENTS

SUBSECTION V.A. – AGREEMENT PAYMENT: The **SUBRECIPIENT** agrees to accept as full compensation the total amount not to exceed \$13,093,500. The **COUNTY'S** standard method of payment to the **SUBRECIPIENT** is on a reimbursement basis. Payments under this method will be authorized only for work completed and/or services delivered during the term of the Agreement as stated in SECTION III: TERM OF AGREEMENT and prior to the payment request date. The **COUNTY** reserves the right to consider a written request from the **SUBRECIPIENT** for projects that require advanced payments in accordance with 2 CFR 200.305 and 24 CFR 570.502.

The **SUBRECIPIENT** will provide supporting documentation of eligible expenses as stated within this SUBSECTION and the applicable exhibits, forms, and attachments contained with this Agreement. Payment is subject to the provisions of SUBSECTION V.B. DEFERRED PAYMENTS AND RETURN OF FUNDS (RECAPTURE FOR DISALLOWED COSTS) and SECTION XI. SUSPENSION, EVENTS OF DEFAULT, REMEDIES, AND TERMINATION. Funding is contingent upon the availability of CDBG-DR funds and the obligation of said CDBG-DR funds through the **COUNTY'S** annual fiscal year (FY) budget appropriation process.

The **COUNTY** has agreed to reimburse the **SUBRECIPIENT** for approved budget line items listed for the project and its activities under the **COUNTY'S** CDBG-DR Public Facilities Infrastructure Program. The **SUBRECIPIENT** shall expend the allocation as follows:

	Most Impacted and Distressed (MID)
Activity Funds (Direct Project Costs)	\$12,438,825.00
Activity Delivery Funds	\$654,675.00
TOTAL	\$13,093,500.00

Furthermore, "not to exceed" line items and activity budgets under this Agreement shall be identified within the approved budget under the *Project Budget and Expense (Sources and Uses) Worksheet*.

After the **COUNTY** has approved funding and the Office of Strategic Resources and Government Affairs (SRGA) has issued an Agreement related to the funded project, the **SUBRECIPIENT** should sign and return the Agreement within 30 days for execution. In addition, the **SUBRECIPIENT** should begin to draw down funds as agreed upon within the project milestones set out under the *Project Schedule and Milestones* reporting deliverable unless additional time is authorized by the **COUNTY**. Failure to return the signed Agreement or begin spending funds within the agreed upon time frame may result in reduction or forfeiture of funds.

By execution of this Agreement, the **SUBRECIPIENT** attests that necessary written administrative procedures, processes, and fiscal controls are in place for the operation of its CDBG-DR program for which the **SUBRECIPIENT** received funds from the **COUNTY**. These written administrative procedures, processes, and fiscal controls must, at a minimum, comply with applicable state and Federal law, rules, and regulations, Federal Register Guidance, and the terms of this Agreement. The **SUBRECIPIENT** agrees to remedy any deficiencies in its written administrative procedures, processes, and fiscal controls identified by the **COUNTY** or duly authorized CDBG-DR authorities.

The **SUBRECIPIENT** shall request all funds in the manner prescribed by the **COUNTY**, utilizing the Payment Request Form(s) as outlined under SUBSECTION VI.A. REPORTING AND AGREEMENT

DELIVERABLES. Except as set forth herein, or unless otherwise authorized in writing by the **COUNTY**, costs incurred for eligible activities or allowable costs prior to the Effective Date of this Agreement are ineligible for funding with CDBG-DR funds.

If funds are not available to fully execute the project associated with this Agreement because of actions by the United States Congress, the Federal Office of Management and Budget, the **COUNTY** or the provision of SECTION XIII. ASSURANCE, CERTIFICATIONS, AND COMPLIANCE, all obligations on the part of the **COUNTY** to make any further payment of funds will terminate and the **SUBRECIPIENT** shall submit its administrative closeout report within thirty (30) calendar days from the receipt of notice from the **COUNTY**.

SUBSECTION V.B. – DEFERRED PAYMENTS AND RETURN OF FUNDS (RECAPTURE FOR DISALLOWED COSTS): The **SUBRECIPIENT** shall expend CDBG-DR funds only for allowable costs and eligible activities which are incurred during the Agreement period, in accordance with federal cost principles at 2 CFR 200 Subpart E and 24 CFR 570 Subpart C, respectively. The **SUBRECIPIENT** shall ensure that its contractors, subcontractors, and consultants only expend funding under this Agreement for allowable costs resulting from the obligations incurred during the Agreement period as specified under SECTION III. TERM OF AGREEMENT.

The **SUBRECIPIENT** shall refund to the **COUNTY** any funds paid in excess of the amount to which the **SUBRECIPIENT** or its contractors, subcontractors, or consultants are entitled under the terms and conditions of this Agreement.

The **SUBRECIPIENT** shall refund to the **COUNTY** any funds received for an activity if the activity does not meet an approved National Objective in accordance with 24 CFR 570.208 and the terms of this Agreement.

The **SUBRECIPIENT** shall refund to the **COUNTY** any funds not spent in accordance with the conditions of this Agreement or applicable law. For the scenarios detailed above, such reimbursement shall be sent to the **COUNTY**, by the **SUBRECIPIENT**, within thirty (30) calendar days from the **SUBRECIPIENT'S** receipt of notification of such noncompliance.

The **COUNTY** may also defer payment to and/or require repayment from the **SUBRECIPIENT** for noncompliance with Agreement deliverables, program performance requirements, or sufficient documentation to meet regulatory and statutory requirements, including cross-cutting requirements. Funds expended for activities that do not meet a HUD national objective will be required to be repaid by the **SUBRECIPIENT** to the **COUNTY**. If, as a result of monitoring or audit, the **COUNTY** determinesthat submitted costs are not documented, a payment may be deferred. If costs are found to be unallowable and payment has been made, no future payments will be made until the full amount of overpayment is remitted to the **COUNTY** or a repayment agreement is established by the **COUNTY**. If the monitoring or audit occurs after the term of this Agreement, the **SUBRECIPIENT** will be required to remit funds to the **COUNTY** in accordance with the repayment conditions below.

The **SUBRECIPIENT** agrees to return to the **COUNTY** any overpayments due to disallowed cost, pursuant to the terms of this Agreement and/or Federal requirements. Such funds shall be considered **COUNTY** funds and must be refunded to the **COUNTY** within thirty (30) days of receiving notice from the **COUNTY** in writing regarding the overpayment. Should repayment not be made in a timely manner, the **COUNTY** will charge interest of one (1) percent per month compounded on the outstanding balance after forty (40) calendar days after the date of notification or discovery. The **SUBRECIPIENT** will be required to reimburse the **COUNTY** for disallowed costs or fines resulting from acts of noncompliance.

The **COUNTY'S** determination that an expenditure is eligible does not relieve the **SUBRECIPIENT** of its duty to repay the **COUNTY** in full for any expenditures that are later determined by the **COUNTY** or the

Federal Government, in each of its sole discretion, to be an ineligible expenditure or a Duplication of Benefits.

If requested by the **COUNTY**, all refunds, return of improper payments, or repayments due to the **COUNTY** under this Agreement are to be made payable to Lee County and mailed directly to the **COUNTY**, pursuant to SECTION XIX. NOTICES and this Agreement.

The **SUBRECIPIENT** has responsibility for identifying and recovering grant funds that were expended in error, disallowed, or unused. The **COUNTY'S** provision of training, technical assistance, quality assurance and quality control reviews are in no way intended to alleviate the **SUBRECIPIENT** of the responsibility to administer activities in accordance with all federal, state, and local requirements, including the requirements outlined within this Agreement. The **SUBRECIPIENT** acknowledges full responsibility to return funds to the **COUNTY** in the event that HUD or other auditing agency determines that activities or costs are disallowed.

The **SUBRECIPIENT** will report all suspected or verified fraud to the **COUNTY**, regardless of whether the suspected or verified fraud is associated with disallowed cost or other perceived harm to the **SUBRECIPIENT** or the **COUNTY**.

Mandatory Disclosure of Violations: In accordance with the revised 2 CFR 200.113 and the requirements set forth in FAR 73 FR 67064, the **SUBRECIPIENT** must promptly disclose, in writing, to the **COUNTY**, the federal awarding agency, and the Office of Inspector General, any credible evidence of a violation of Federal criminal law involving fraud, conflict of interest, bribery, or gratuity violations, including violations under the False Claims Act. This obligation extends to the **SUBRECIPIENT** and any subgrantees or contractors associated with the federal award. Failure to disclose such violations may result in remedies for non-compliance, including suspension or termination of the award, as outlined in 2 CFR 200.338 and 2 CFR 200.339.

SECTION VI: **REPORTS AND EXHIBITS**

SUBSECTION VI.A – REPORTING AND AGREEMENT DELIVERABLES: The **SUBRECIPIENT** shall provide the **COUNTY** with all reports and information set forth in the **COUNTY'S** approved system, including monthly performance reports and documentation outlined in all applicable exhibits to enable the Grantee to submit the required reporting to HUD within the Disaster Recovery Grant Reporting (DRGR) system.

The **SUBRECIPIENT'S** monthly reports, include administrative activity, financial activity, and program activity, must include sufficiently detailed summaries of the current status, progress, and completed work. The **SUBRECIPIENT** is responsible for all reporting of work of all contractors, subcontractors, and other entities under contract or agreement related to this Agreement.

At a minimum the following information will be required to be submitted in the system of record by the **SUBRECIPIENT**. Upon request from the **COUNTY**, the **SUBRECIPIENT** shall provide additional program or activity updates and information. If all required reports and copies are not sent to the **COUNTY** within the agreed-upon submission schedule or are otherwise not completed in a manner acceptable to the **COUNTY**, payments may be withheld in accordance with SUBSECTION V.B. DEFERRED PAYMENTS AND RETURN OF FUNDS (RECAPTURE FOR DISALLOWED COSTS) until the reports are completed. If the **COUNTY** withholds such payments, it shall notify the **SUBRECIPIENT** in writing of its decision, reasons for withholding payment, and the remedy for corrective action the **SUBRECIPIENT** must follow. The **COUNTY** may also take other action as stated within this Agreement or allowable by law.

The **SUBRECIPIENT'S** reporting deliverables include, but are not limited to, the following information:

1. **Project Schedule and Milestones:** A table or description of the work task, project start and end dates, other significant milestones (e.g., 50% complete), and timelines for the **SUBRECIPIENT** to submit outputs or deliverables to the **COUNTY**.

3. **Payment Request Form:** The means by which the **COUNTY** and the **SUBRECIPIENT** document project and activity expenses and requests for payment. The **SUBRECIPIENT** shall utilize this form when submitting or requesting any costs for payment and the form must be accompanied by legible supporting documentation to indicate the reasonableness, allowability, and appropriate procurement of the expense(s).

As noted under SECTION III. TERM OF AGREEMENT and SECTION V. COMPENSATION AND ALLOWABLE PAYMENTS, all payments are reimbursements for eligible expenses or services defined as uncompensated expenses rendered during the Agreement term and paid prior to the final payment request due date. Copies of supporting documentation are required as part of the Payment Request for review of grant compliance and before payment will be authorized by the **COUNTY** to the **SUBRECIPIENT**. Reimbursement for eligible expenses will be made after review and authorization of a correct and complete Payment Request Form and required back up documentation. In accordance with the Federal Register Guidance, the **COUNTY** must be payor of last resort, meaning that if services are eligible to be billed to any other entity or funding source, including but not limited to, Medicaid, third party insurance or any other entity or funding source, the **COUNTY** will not pay for that service.

Appropriate back-up/supporting documentation may include cancelled checks, vendor invoices, authorized purchase orders, attendance/service logs, other funder invoices, expenditure spreadsheets or other original documentation, as well as a copy of the **SUBRECIPIENT'S** check issued with authorized signature. For construction contracts, inspection reports from qualified officials should be submitted with the appropriate monthly payment request.

The **SUBRECIPIENT** must submit the *Payment Request Form* with an authorized signature. Cancelled checks, paystubs, payroll reports, bank statements, and/or other documentation from vendors that expenses have been paid or services provided may be verified.

6. **Project Amendment Request:** As referenced under SECTION IV. AGREEMENT MODIFICATIONS

AND AMENDMENTS, the **SUBRECIPIENT** must notify the County and provide information on any project or activity changes within a project amendment request for the **COUNTY** to determine whether the request rises to the level of an amendment to the Agreement.

7. **Single Audit Certification Form:** The **SUBRECIPIENT**, if a nonprofit or governmental organization, must complete a form to certify whether it has expended \$750,000 in federal and/or state funding within the **SUBRECIPIENT'S** given Fiscal Year.

The terms of this Agreement shall reflect the applicable indirect cost rate as established under this Exhibit.
15. **Exhibit E: Projected Performance Measures and Outcomes Form:** The **COUNTY** will utilize the **SUBRECIPIENT'S** detailed scope of work to establish and project out specific performance metrics which the **SUBRECIPIENT** is required to meet to as a condition of project completion and closeout. SUBSECTION VII.A. – AUDITS AND INSPECTIONS: In accordance with 2 CFR 200.332, 2 CFR 200.337, and 24 CFR 570.508, the **SUBRECIPIENT** will allow the **COUNTY**, Federal awarding agency, Inspectors General, the Comptroller General of the United States, and the pass-through entity, or any of their authorized representatives right of access to any documents, papers, or other records which are pertinent to the Federal award, in order to make audits, examinations, excerpts, and transcripts. The right also includes timely and reasonable access to the **SUBRECIPIENT'S** non-Federal entity's personnel for the purpose of interview and discussion related to such documents.

The Clerk of Courts Internal Audit Division, Lee County employees, HUD, or any of their duly authorized representatives have the right of timely and reasonable access to any books, documents, papers, or other records, including electronic storage media, of the **SUBRECIPIENT** or Certified Public Accountant (CPA) that are pertinent to the Agreement, in order to make audits, examinations, excerpts, transcripts and copies of such documents in accordance with 2 CFR 200.332, 2 CFR 200.337, and 24 CFR 570.508.

If noncompliance with this Agreement or material weaknesses in the organization are noted, the **COUNTY** or other authorized representatives have the right to unlimited access to records during an audit or inspection. This includes timely and reasonable access to the **SUBRECIPIENT'S** personnel for the purpose of interview and discussion related to such documents.

SUBSECTION VII.B. – INDEPENDENT AUDIT REQUIREMENTS: Under the Single Audit Act and in accordance with the provisions of 2 CFR 200.501, the **SUBRECIPIENT** must conduct a single or program-specific audit if it expends \$1,000,000 or more in Federal awards from all sources during its fiscal year.

The **SUBRECIPIENT** shall also comply with the Federal Audit Clearinghouse (FAC) rules and directives, including but not limited to the pertinent report submission provisions of 2 CFR 200.512, when such provisions are applicable to this Agreement.

For **SUBRECIPIENTS** who are Nonprofit Corporations and do not trigger the Single Audit Act requirements or provisions under 2 CFR 200.501, the **SUBRECIPIENT** must submit an independent certified, audited financial statement of the most recent or immediate prior fiscal year, including the management letter and written response. The **COUNTY** may consider exceptions on an individual basis, to include other supporting audit documents, such as a current CPA's peer review letter or monthly financial statements within the last 60 days, to meet this requirement.

In accordance with 2 CFR 200.514, a complete, independent financial audit of the **SUBRECIPIENT'S** financial accounting statements, in accordance with Generally Accepted Accounting Principles (GAAP) and/or current Generally Accepted Government Auditing Standards (GAGAS), as applicable, is required and must include the following:

1. Auditor's opinion;
2. Requisite reports on internal control and compliance, if required;
3. Management letter addressing internal controls (Note: If there were no items to be addressed, the letter must still be completed and state that no comments were noted);
4. Management's response to such letter;
5. The programs that are funded by this Agreement either in the statement of functional expenses, revenues and expenditures, footnotes, schedule of Federal awards and state financial assistance or as supplemental data in the financial statements. The statement should be consistent with programs

detailed in the corresponding proposal(s), exhibit(s), and attachment(s).

The **SUBRECIPIENT** must submit the audit reports electronically to the **COUNTY** within the earlier of thirty (30) calendar days after receipt of the auditor's report(s), or within nine months after the end of the **SUBRECIPIENT'S** audit period. If applicable, any associated corrective action plan must be submitted. Failure to submit the report within the required time frame can result in the withholding of payment, or termination of the Agreement by the **COUNTY**.

The audit must be conducted by an independent, licensed certified public accountant expressing an unmodified opinion on their current peer review and must be in accordance with the General Accounting Office (GAO) Yellow Book, Generally Accepted Government Auditing Standards, 2 CFR 200 Subpart F – Audit Requirements, as applicable, the Florida Single Audit Act (F.S. 215.97) as applicable, and the Auditor General Rule 10.550 (Government) or 10.650 (Not For Profit) as applicable.

SUBSECTION VII.C. – SUBRECIPIENT RISK ASSESSMENTS AND MONITORING: In accordance with 2 CFR 200.332, the **COUNTY**, as HUD's Grantee and a pass-through entity, must evaluate each subrecipient's risk of noncompliance with Federal statutes, regulations, and the terms and conditions of the subaward for the purposes of determining the appropriate subrecipient monitoring. To enable those periodic assessments, the **SUBRECIPIENT** must provide information and documentation as required to the **COUNTY**. The **COUNTY'S** risk assessments results will be used to support the **COUNTY'S** oversight strategies and the level and frequency of monitoring, technical assistance, training to the **SUBRECIPIENT**.

The **SUBRECIPIENT** agrees to permit the **COUNTY** and persons duly authorized by the **COUNTY**, HUD, and other Federal, state, or local agencies, as applicable, or any authorized representatives under these agencies, to have access to and inspect all records, papers, documents, facility's goods and services, and project activity sites of the **SUBRECIPIENT** including interviews of any clients and employees of the **SUBRECIPIENT** to assess satisfactory performance and compliance of the full terms and conditions of this Agreement, in accordance with 2 CFR 200 (specifically 200.332), 24 CFR 570, and the Federal Register Guidance and to the extent permitted by the law, after giving the **SUBRECIPIENT** reasonable notice of such inspection.

The **SUBRECIPIENT** must submit to monitoring of its project activity by the **COUNTY** and persons duly authorized, as necessary, to ensure the CDBG-DR subaward is used for authorized purposes in compliance with Federal statutes, regulations and the terms and conditions of this Agreement.

Monitoring will include: (1) reviewing financial and performance reports required by the Grantee; (2) following up and ensuring that the **SUBRECIPIENT** takes timely and appropriate action on all deficiencies pertaining to the Federal award provided to the **SUBRECIPIENT** from the Grantee detected through audits, on-site reviews, and other means; and (3) issuing a management decision for audit findings pertaining to this Federal award provided to the **SUBRECIPIENT** from the Grantee as required by 2 CFR 200.521. Any limited monitoring review scope of the terms and conditions within this Agreement does not relieve the **SUBRECIPIENT** of its obligation to manage the grant in accordance with all applicable rules and sound management practices.

Following such monitoring and in accordance with 2 CFR 200.521, the **COUNTY** will deliver to the **SUBRECIPIENT** a written report regarding management decisions which notate how activities are being conducted and whether corrective action(s) by the **SUBRECIPIENT** need to be taken to address deficiencies. The **SUBRECIPIENT** will rectify all noted deficiencies documented by the **COUNTY** within the specified period of time indicated in the monitoring report or provide the **COUNTY** with a reasonable and acceptable justification for not correcting the noted deficiencies as defined by the **COUNTY**. The **SUBRECIPIENT'S** failure to correct or provide the **COUNTY** with accepted justification for the deficiencies within the time specified by the **COUNTY** may result in withholding of payments or being

deemed in breach or default of this Agreement and may result in the termination of this Agreement.

In response to **SUBRECIPIENT** deficiencies or other instances of capacity concerns prior to this Agreement, the **COUNTY** may also impose additional conditions on the use of the CDBG-DR funds, as noted under *Exhibit I – CDBG-DR Special Terms and Conditions*. This Exhibit ensures future compliance through trainings, technical assistance, and capacity building in an effort to correct or avoid early noncompliance.

SUBSECTION VII.D. – RECORDKEEPING REQUIREMENTS: The **SUBRECIPIENT** must comply with the recordkeeping requirements of 24 CFR 570.506, as amended by the Federal Register Guidance's Consolidated Notice waivers and alternative requirements, which describes the types of records which must be kept by the **SUBRECIPIENT** and the **COUNTY** for the Federal CDBG-DR award.

The **SUBRECIPIENT** must comply with the longer of the records retention requirements contained within the Uniform Administrative Requirements (UAR) at 2 CFR 200.334 and State of Florida GS1-SL, except that the **SUBRECIPIENT** must:

2. Maintain records for individual activities subject to the reversion of assets provisions at 24 CFR 570.503 or change of use provisions at 24 CFR 570.505 for as long as those provisions continue to apply to the activity(ies).
3. Maintain records for individual activities in which there are outstanding loan balances, other receivables, or contingent liabilities until such receivables or liabilities have been satisfied and for 5 years following that satisfaction.

In accordance with 24 CFR 570.506, the **SUBRECIPIENT** shall also maintain books, records and documents in accordance with generally accepted accounting procedures and practices which sufficiently and properly reflect all expenditures of funds provided by the **COUNTY** under this Agreement. The **SUBRECIPIENT** must also retain all financial, client demographics, and programmatic records, supporting documentation, statistical records, and other records, which are necessary to document purchases, expenses, revenue, income, and assets of the **SUBRECIPIENT** by funding source, program, and functional expenses category during the term of this Agreement.

If any litigation, claim, negotiation, audit, or other action involving the records has been initiated before the expiration of the retention period, the records shall be retained by the **SUBRECIPIENT** until all litigation, claims, or audit findings involving the records have been resolved and final action taken in accordance with 2 CFR 200.334. Additional types of records are further described under *Exhibit H – Certification of CDBG-DR Compliance Provisions*.

The records retention period, as described within this Subsection, may be longer depending on other funding sources for activities. It is the **SUBRECIPIENT'S** further obligation to comply with all Federal and State of Florida retention schedules if other schedules shall apply.

The **SUBRECIPIENT**, including all its employees or agents, contractors, subcontractors, and consultants to be paid from CDBG-DR funds provided under this Agreement, shall allow access to its records at reasonable times for audits, inspections and monitoring as described in this Section and Subsections.

The **SUBRECIPIENT** specifically acknowledges its obligations under 2 CFR 200.338 (further detailed within SUBSECTION XIII.K. PERSONALLY IDENTIFIABLE INFORMATION), and to comply with F.S., 119.0701, as amended from time to time, with regard to public records, and shall:

1. Keep and maintain public records that ordinarily and necessarily would be required by the **COUNTY**

- in order to perform the services required under this Agreement;
2.  3. Ensure that public records that are exempt or confidential and exempt from public records disclosure requirements are not disclosed, except as authorized by law; and
 4. Meet all requirements for retaining public records and transfer, at no cost to the **COUNTY**, all public records in possession of **SUBRECIPIENT** upon termination of this Agreement and destroy any duplicate public records that are exempt or confidential and exempt from public records disclosure requirements. All records stored electronically must be provided to the **COUNTY** in a format that is compatible with the information technology system of the **COUNTY**.

IF THE SUBRECIPIENT HAS QUESTIONS REGARDING THE APPLICATION OF CHAPTER 119, FLORIDA STATUTES, TO THE SUBRECIPIENT'S DUTY TO PROVIDE PUBLIC RECORDS RELATING TO THE AGREEMENT, CONTACT THE CUSTODIAN OF PUBLIC RECORDS AT 239-533-2221, 2115 SECOND STREET, FORT MYERS, FL 33901, <http://www.leegov.com/publicrecords>.

SUBSECTION VIII.B. – SUBCONTRACTS: Primary roles and responsibilities of the **SUBRECIPIENT** cannot be subcontracted. The **SUBRECIPIENT** must comply with CDBG regulations regarding debarred or suspended entities (24 CFR 570.609 and 2 CFR 200.214), pursuant to which CDBG funds must not be provided to excluded or disqualified persons and provisions addressing bid, payment, performance bonds, if applicable, and liquidated damages.

The **SUBRECIPIENT** shall maintain oversight of all activities performed under this Agreement and shall ensure that its contractors perform according to the terms and conditions of the procured contracts or agreements and the terms and conditions of this Agreement.

SECTION IX: CONFLICTS OF INTEREST

The **SUBRECIPIENT** agrees that it presently has no interest and shall acquire no interest, either direct or indirect, which would conflict in any manner with the performance of activities required under this Agreement. The **SUBRECIPIENT** further agrees that no person having any such interest shall be employed or engaged for said performance. The **SUBRECIPIENT** agrees that no employee, officer, agent of the **SUBRECIPIENT** or its subrecipients shall participate in the selection, award, or administration of a contract or construction bid if a conflict-of-interest, either real or implied, would be involved. The **SUBRECIPIENT** or its subrecipient employees, officers and agents should refrain from accepting gratuities, favors or anything of monetary value from contractors or potential contractors based on the understanding that the receipt of such an item of value would influence any action or judgment of the **SUBRECIPIENT**.

The **SUBRECIPIENT** is subject to the requirements at 24 CFR 570.611 and 2 CFR 200.318, as applicable, which includes developing or maintaining written standards of conduct and a conflict-of-interest policy that complies with the process for promptly identifying and addressing such conflicts.

Further, the **SUBRECIPIENT** hereby agrees to indemnify the **COUNTY** for all reasonable expenses and attorney's fees incurred by or imposed upon the **COUNTY** in connection therewith for any loss, damage, injury, liability, or other casualty. The **SUBRECIPIENT** additionally agrees that the **COUNTY** may employ an attorney of the **COUNTY'S** own selection to appear and defend any such action, on behalf of the **COUNTY**, at the expense of the **SUBRECIPIENT**. The **SUBRECIPIENT** further agrees to pay all reasonable expenses and attorney's fees incurred by the **COUNTY** in establishing the right to indemnity.

The **SUBRECIPIENT** further agrees that it is responsible for any and all claims arising from the hiring of individuals relating to activities provided under the Agreement. All individuals hired are employees of the **SUBRECIPIENT** and not of the **COUNTY**.

The **SUBRECIPIENT** further agrees to assume sole responsibility, training and oversight of the parties it deals with or employs to carry out the terms of this Agreement to the extent set forth in Section 768.28, F.S. The **SUBRECIPIENT** shall hold the **COUNTY** harmless against all claims of whatever nature arises from the work and services performed by third parties under this Agreement. If the **SUBRECIPIENT** is a state agency or subdivision, as defined in Section 768.28, F.S., then the **SUBRECIPIENT** agrees to be fully responsible for its negligent or tortious acts of omissions, which result in claims or suits against the **COUNTY**. The **SUBRECIPIENT** agrees to be liable for any damages proximately caused by the acts or omissions to the extent set forth in Section 768.28, F.S. Nothing herein shall be construed as consent by the state agency or subdivision of the State of Florida to be sued by third parties in any matter arising out of any agreement, contract or subcontract.

Nothing herein is intended to serve as a waiver of sovereign immunity by the **COUNTY** or the **SUBRECIPIENT**.

The provisions of this SUBSECTION X.A. INDEMNIFICATION AND LIABILITY shall survive the termination of this Agreement.

SUBSECTION X.B. – INSURANCE REQUIREMENTS**INSURANCE – NONPROFIT SUBRECIPIENTS**

The **SUBRECIPIENT** agrees to secure and maintain the insurance coverage outlined below during the term of this Agreement. The **SUBRECIPIENT** agrees that this insurance requirement shall not relieve or limit **SUBRECIPIENT'S** liability and that the **COUNTY** does not in any way represent that the insurance required is sufficient or adequate to protect the **SUBRECIPIENT'S** interests or liabilities but are merely minimums. It is the responsibility of the **SUBRECIPIENT** to ensure that all subcontractors comply with the insurance requirements.

SECTION XI: SUSPENSION, EVENTS OF DEFAULT, REMEDIES, AND TERMINATION

In accordance with the Federal Register Guidance, 2 CFR 200.208, 2 CFR 200.339, Appendix II to 2

CFR 200, 24 CFR 570.503, and other rights which may be available under law, the following Subsections identify suspension and termination of the Agreement, with and without cause, the potential events of default by the **SUBRECIPIENT**, and potential remedies by the **COUNTY** for noncompliance by the **SUBRECIPIENT** of any and all requirements of this Agreement, including any exhibits, attachments, and terms and conditions herein:

SUBSECTION XI.A. – SUSPENSION: The **COUNTY** reserves the right to suspend, withhold, withdraw, or recapture funding for failure to comply with the requirements of this Agreement. If the **SUBRECIPIENT** fails to submit required documents by the due date, the **COUNTY** can suspend the Agreement and withhold payments until all requirements are satisfied.

In the event the **SUBRECIPIENT** ceases operation for any reason or files for protection from creditors under bankruptcy law, any remaining unpaid portion of this Agreement, less funds for expenditures already incurred, shall be retained by the **COUNTY** and the **COUNTY** shall have no further funding obligation to the **SUBRECIPIENT** with regard to those unpaid funds.

SUBSECTION XI.B. – EVENTS OF DEFAULT: If any of the following events occur (“Events of Default”), the **COUNTY** may, in its sole and absolute discretion, elect to terminate any obligation to make any further payment of funds, exercise any of the remedies set forth in SUBSECTION XI.C. REMEDIES or pursue any remedy at law or in equity, without limitation:

1. Any warranty or representation made by the **SUBRECIPIENT**, in this Agreement with the **COUNTY**, is or becomes false or misleading in any respect, or if the **SUBRECIPIENT** fails to keep or perform any of the obligations, terms, or covenants in this Agreement with the **COUNTY**, and/or has not cured them in a timely fashion and/or is unable or unwilling to meet its obligations under this Agreement and/or as required by statute, rule, or regulation;
2. Any material adverse change occurred in the financial condition of the **SUBRECIPIENT** at any time during the term of this Agreement and the **SUBRECIPIENT** fails to cure this adverse change within thirty (30) calendar days from the date written notice is sent by the **COUNTY**;
3. The **SUBRECIPIENT** fails to submit any required reports or submits any required report with incorrect, incomplete or insufficient information or fails to submit additional information as requested by the **COUNTY**;
4. The **SUBRECIPIENT** fails to perform or timely complete any of its obligations under this Agreement, including participation in the **COUNTY'S** measures for technical assistance and training;
5. Both the **SUBRECIPIENT** and the **COUNTY** agree that in the event the **COUNTY** elects to make payments or partial payments after any Events of Default, it does so without waving the right to exercise remedies allowable herein or at law and without becoming liable to make any further payment; or,
6. Neither the **SUBRECIPIENT** nor the **COUNTY** (Parties) shall be liable to the other for any delay or failure to perform under this Agreement if such delay or failure is neither the fault nor the negligence of the **SUBRECIPIENT**, the **COUNTY**, or either Parties’ employees or agents and the delay is due directly to acts of God, wars, acts of public enemies, strikes, fires, floods, or other similar causes wholly beyond both Parties’ control or for any of the foregoing that affects subcontractors or suppliers if no alternate source of supply is available. However, in the event of delay from the foregoing causes, the **SUBRECIPIENT** shall take all reasonable measures to mitigate any and all resulting delays or disruptions in the **SUBRECIPIENT'S** performance obligation under this Agreement. If the delay is excusable under this Subsection, the delay will not result in any additional charges or cost under the Agreement to either Parties. In the case of any delay the **SUBRECIPIENT** believes is excusable under this Subsection, the **SUBRECIPIENT** shall notify the **COUNTY** in writing of the delay or potential delay and describe the cause of the delay either (1) within ten (10) calendar days after the cause that creates or will create the delay first arose, if the **SUBRECIPIENT** could reasonably foresee that a delay could occur as a result or (2) within five (5) calendar days after the date the **SUBRECIPIENT** first had reason to believe that a delay could result, if the delay is not reasonably

foreseeable. The foregoing shall constitute the **SUBRECIPIENT'S** sole remedy or excuse with respect to delay. Providing notice in accordance with this Subsection is a condition precedent to such remedy. The **COUNTY**, at its sole discretion, will determine if the delay is excusable under this Subsection and will notify the **SUBRECIPIENT** of its decision in writing. No claim for damages, other than an extension of time, shall be asserted against the **COUNTY**. The **SUBRECIPIENT** shall not be entitled to an increase in the Agreement price or payment of any kind from the **COUNTY** for direct, indirect, consequential, impact or other costs, expenses or damages, including but not limited to costs of acceleration or inefficiency arising because of delay, disruption, interference or hindrance from any cause whatsoever. If performance is suspended or delayed, in whole or in part, due to any of the causes described in this paragraph, after the causes have ceased to exist, the **SUBRECIPIENT** shall perform at no increased cost, unless the **COUNTY** determines, in its sole discretion, that the delay will significantly impair the value of the Agreement to the **COUNTY**, in which case, the **COUNTY** may do any or all of the following: (1) accept allocated activity(ies) performance or deliveries from the **SUBRECIPIENT**, provided that the **SUBRECIPIENT** grants preferential treatment to the **COUNTY** with respect to products or services subjected to allocation; (2) purchase from other sources (without recourse to and by the **SUBRECIPIENT** for the related costs and expenses) to replace all or part of the products or services that are the subject of the delay, which purchases may be deducted from the Agreement quantity or (3) terminate the Agreement in whole or in part.

SUBSECTION XI.C. – REMEDIES: If an Event of Default occurs, the **COUNTY** may, in its sole discretion and without limiting any other right or remedy available, provide thirty (30) calendar days written notice to the **SUBRECIPIENT**, and if the **SUBRECIPIENT** fails to cure within those thirty (30) calendar days, the **COUNTY** may choose to exercise one or more of the following remedies, either concurrently or consecutively:

1. Terminate this Agreement upon written notice by the **COUNTY**, sent in conformity with SECTION XIX. NOTICES;
2. Begin any appropriate legal or equitable action to enforce performance of this Agreement;
3. Withhold or suspend payment of all or any part of a request for payment; Demand the **SUBRECIPIENT** return to the **COUNTY** any funds used for any failed/incomplete activities, ineligible activities or unallowable costs under this Agreement or any applicable law, rule or regulation governing the use of the funds; and
4. Exercise any corrective or remedial actions, including but not limited to:
 - a. Request additional information from the **SUBRECIPIENT** to determine the reasons for or the extent of noncompliance or lack of performance;
 - b. Issue a written warning to advise that more serious measures may be taken if the situation is not corrected; and/or
 - c. Advise the **SUBRECIPIENT** to suspend, discontinue, or refrain from incurring costs for any activities in question.
5. Exercise any other rights or remedies which may be otherwise available under law.

Pursuit of any of the above remedies does not preclude the **COUNTY** from pursuing any other remedies in this Agreement or provided at law or in equity. Failure to exercise any right or remedy in this Agreement or failure by the **COUNTY** to require strict performance does not affect, extend, or waive any other right or remedy available or affect the later exercise of the same right or remedy by the **COUNTY** for any other default by the **SUBRECIPIENT**.

SUBSECTION XI.D. – TERMINATION BY COUNTY: Excluding those scenarios and exceptions as noted within SUBSECTION XI.A. SUSPENSION, SUBSECTION XI.B. EVENTS OF DEFAULT, and SUBSECTION XI.C. REMEDIES, the **COUNTY** may, at any time and for other reasons not mentioned above ("for convenience"), cancel this Agreement by giving twenty-four (24) hours written notice to the **SUBRECIPIENT** by Certified Mail, Process Server or Hand Delivery following a determination by the County Manager or designee, at its sole discretion, that such cancellation is in the best interest of the

people of the **COUNTY**. From the date of cancellation, neither party shall have any further obligation unless specified in the termination notice.

If the financing for this project is contingent upon funding sources other than Lee County as identified in the application for this Agreement, and such funds become unavailable, the obligations of each party hereunder may be terminated upon no less than twenty-four (24) hours written notice.

SUBSECTION XI.E. – TERMINATION BY SUBRECIPIENT: Excluding those scenarios and exceptions as noted within SUBSECTION XI.A. SUSPENSION, SUBSECTION XI.B. EVENTS OF DEFAULT, and SUBSECTION XI.C. REMEDIES, the **SUBRECIPIENT** may, at any time and for other reasons not mentioned above (“for convenience”), cancel this Agreement by giving seventy-two (72) hours prior written notice to the **COUNTY** by Certified Mail or Process Server of such and specifying the effective date.

The **COUNTY'S** obligation to make any payments under any provision of this Agreement shall cease on the effective date of termination.

In the event that this Agreement is terminated, the **SUBRECIPIENT** shall not incur new obligations under the terminated portion of the Agreement after the date the **SUBRECIPIENT** has received the notification of termination. The **SUBRECIPIENT** shall cancel as many outstanding obligations as possible. The **COUNTY** shall disallow all costs incurred after the **SUBRECIPIENT'S** receipt of the termination notice. The **COUNTY** may, to the extent authorized by law, withhold payments to the **SUBRECIPIENT** for the purpose of set-off until the exact amount of damages due to the **COUNTY** from the **SUBRECIPIENT** is determined.

In accordance with 24 CFR 570.503, upon expiration or termination of this Agreement, the **SUBRECIPIENT** shall transfer to the **COUNTY** any CDBG-DR funds on hand at the time of expiration or termination and any accounts receivable attributable to the use of CDBG-DR funds.

SECTION XII: **USE AND REVERSION OF ASSETS, REAL PROPERTY**

The **SUBRECIPIENT** must ensure that any equipment or fixed assets purchased in whole or in part with CDBG-DR funds be adequately safeguarded and assure such assets are used solely for authorized purposes. The purchase, use, management and disposition of equipment and other capital assets must comply with 2 CFR 200.313, 2 CFR 200.439, the applicable Federal Register Guidance, and 24 CFR 570. See SECTION XI: SUSPENSION, EVENTS OF DEFAULT, REMEDIES, AND TERMINATION regarding the revision of any CDBG-DR funds or assets upon termination or expiration of this agreement. Per 24 CFR 570.502(a)(8), in all cases when equipment purchased with CDBG funds is sold, the net proceeds are considered program income, and shall be returned to the **COUNTY** within 30 days of receipt of the proceeds.

Any real property under the **SUBRECIPIENT'S** control that was acquired or improved in whole or in part with CDBG-DR funds (including CDBG-DR funds provided to the **SUBRECIPIENT** in the form of a loan) in excess of \$25,000 must (1) be used to meet a national objective until five years after expiration or termination of this Agreement (24 CFR 570.505), unless otherwise agreed upon by the Parties, or except as otherwise set forth herein or (2) if not used to meet a national objective, the **SUBRECIPIENT** shall pay to the **COUNTY** an amount equal to the current market value of the property less any portion of the value attributable to expenditures of non-CDBG-DR funds for the acquisition or improvement of the property for five years after expiration or termination of this Agreement.

The rights and remedies under this Section are in addition to any other rights or remedies provided by law or under this Agreement.

SECTION XIII: ASSURANCE, CERTIFICATIONS, AND COMPLIANCE

The **SUBRECIPIENT** agrees that compliance with these assurances and certifications constitutes a condition of continued receipt of or benefit from CDBG-DR funds provided through this Agreement, and that it is binding upon the **SUBRECIPIENT**, its successors, transferees, and assignees for the period during which services are provided and activities are performed. Additional requirements of the assurances, certifications, and compliance measures below can be further detailed or outlined in the Agreement's exhibits, forms, and attachments.

SUBSECTION XIII.A. – IMMIGRATION LAWS AND CITIZENSHIP STATUS: The **COUNTY** will not intentionally award Agreements to any **SUBRECIPIENT** who knowingly employs unauthorized alien workers, constituting a violation of the employment provisions contained in 8 U.S.C. Section 1324 a(e) Section 274A(e) of the Immigration and Nationality Act (INA).

The **COUNTY** shall consider the employment by the **SUBRECIPIENT** of unauthorized aliens a violation of Section 274A(e) of the INA. Such violation by the recipient of the employment provisions contained in Section 274A(e) of the INA shall be grounds for unilateral cancellation of the Agreement by the **COUNTY**.

Additionally, the **SUBRECIPIENT** must follow requirements to verify citizenship of CDBG-DR fund recipients in certain circumstances. In accordance with 49 CFR 24.408, the **SUBRECIPIENT** cannot provide relocation assistance to a person who has not provided certification of U.S. citizenship or who has been determined to be not lawfully present in the United States, unless such person can demonstrate to the **SUBRECIPIENT** that the denial of relocation assistance will result in an exceptional and extremely unusual hardship to such person's spouse, parent, or child who is a citizen of the United States, or is an alien lawfully admitted for permanent residence in the United States. The **COUNTY** may require the **SUBRECIPIENT** to follow other verification requirements as prescribed within the Federal Register Guidance, regulations, or within the Action Plan.

Furthermore, the **SUBRECIPIENT** shall ensure that CDBG-DR funds, which are passed through Lee County, are restricted to people legally able to reside in the United States.

SUBSECTION XIII.B. - E-VERIFY REQUIREMENTS: The **SUBRECIPIENT** must verify employment eligibility of all new employees hired during the Agreement term through the U.S. Department of Homeland Security's E-Verify system.

Section 448.095, F.S., requires the following:

1. Every public employer, contractor, and subcontractor shall register with and use the E-Verify system to verify the work authorization of all newly hired employees. A public employer, contractor, or subcontractor may not enter into a contract unless each party to the contract registers with and uses the E-Verify system.
2. A private employer shall, after making an offer of employment which has been accepted by a person, verify such person's employment eligibility. A private employer is not required to verify the employment eligibility of a continuing employee hired before January 1, 2021. However, if a person is a contract employee retained by a private employer, the private employer must verify the employee's employment eligibility upon the renewal or extension of his or her contract.

E-Verify is an Internet-based system that allows an employer, using information reported on an employee's Form I-9, Employment Eligibility Verification, to determine the eligibility of all new employees hired to work in the United States. There is no charge to the employer to use E-Verify. The Department of Homeland Security's E-Verify system can be found at: <https://www.e-verify.gov/>.

If the **SUBRECIPIENT**, or its contractors, consultants, or subrecipients, does not use E-Verify, they shall

enroll in the E-Verify system prior to hiring any new employee or retaining any contract employee after the Effective Date of this Agreement.

SUBSECTION XIII.C. – NATIONAL OBJECTIVE: All activities funded with CDBG-DR funds must meet the criteria for one of the CDBG program's National Objectives. The **SUBRECIPIENT** certifies that the activities carried out under this Agreement shall meet the stated national objective as outlined under SUBSECTION II.C. NATIONAL OBJECTIVE. Furthermore, the **SUBRECIPIENT** certifies and acknowledges that it understands documentation and records requirements for the stated national objective type(s), as defined at 24 CFR 570.208, 24 CFR 570.506, and any and all alternative requirements under the Federal Register Guidance in relation to relevant national objective type(s) as stated in the above Subsection.

SUBSECTION XIII.D. – USE OF FUNDS AND ORDER OF ASSISTANCE: CDBG-DR Appropriations Acts generally include a statutory order of assistance for Federal agencies which require Grantees to verify whether funds made available by FEMA or the U.S. Army Corps of Engineers (USACE) are available for an activity, or the costs are reimbursable by FEMA or the USACE, before awarding CDBG-DR assistance for the cost of carrying out the same activity.

The **SUBRECIPIENT** shall not use CDBG-DR funds for activities reimbursable by or for which funds are made available by FEMA or the U.S. Army Corps of Engineers (USACE). The **SUBRECIPIENT** must verify and inform the **COUNTY** if FEMA and USACE funds are available prior to award or expenditure of CDBG-DR funds to an eligible activity within the Scope of Work contained under Exhibit B – Scope of Work and Activities – Project Activity Scope of Work Description. Exhibit H – Certification of CDBG-DR Compliance Provisions further outlines Duplication of Benefits certifications which the **SUBRECIPIENT** must adhere to. Failure to do so can result in a return of funds as further outlined within this Agreement under SUBSECTION V.B. – DEFERRED PAYMENTS AND RETURN OF FUNDS (RECAPTURE FOR DISALLOWED COSTS) and SUBSECTION XIII.E. DUPLICATION OF BENEFITS.

SUBSECTION XIII.E. – DUPLICATION OF BENEFITS: The **SUBRECIPIENT** certifies that it shall not carry out any of the activities under this Agreement in a manner that results in a prohibited duplication of benefits as defined by Section 312 of the Robert T. Stafford Disaster Relief and Emergency Assistance Act of 1974 (42 U.S.C. 5155 et seq.) and described within Appropriations Acts and Federal Register Guidance. The **SUBRECIPIENT** must comply with HUD's requirements for Duplication of Benefits (DOB), as described in the Federal Register Guidance (Section IV.A.1. – Grant Administration; Duplication of Benefits (DOB)) and HUD guidance (including HUD training materials), including specific Order of Assistance requirements as noted under SUBSECTION XIII.D. USE OF FUNDS AND ORDER OF ASSISTANCE. The **SUBRECIPIENT** shall carry out the activities under this Agreement in compliance with the **COUNTY's** procedures to prevent DOB. The **SUBRECIPIENT** shall also sign a Subrogation Agreement (see Exhibit K – CDBG-DR Program Subrogation Agreement).

In accordance with the Federal Register Guidance at 88 FR 32053 – Section IV.A.1.(d)(v) Applicable Rules, Statutes, Waivers, and Alternative Requirements: Reassess Unmet Need When Necessary, the **SUBRECIPIENT** certifies that they will notify the **COUNTY** immediately of any funding source changes and/or additions from other sources that are different from that shown in the **SUBRECIPIENT'S** application. This notification must include a statement explaining how this change in funding affects the provisions of the project and activity requirements as well as the use of and continued need for CDBG-DR funds through the **COUNTY**.

The **SUBRECIPIENT** shall either (1) maintain all funds provided under this Agreement in a separate bank account or (2) ensure that the **SUBRECIPIENT'S** accounting system shall have sufficient internal controls to separately track expenditure of all funds under this Agreement, in accordance with 2 CFR 200.302. In cases where the project and its activities are funded by more than one funding source (other funds besides CDBG-DR funds) where potential duplicative assistance could exist, the **SUBRECIPIENT** shall

not commingle CDBG-DR funds provided under this Agreement with any other funds, projects or programs, when those funds are determined to be for the same purpose and same use, in accordance with the Federal Register Guidance. 88 FR 32050, Section IV.A.1.(a) – Overview of Grant Process, The Stafford Act – and Section 312 of the Stafford Act makes recipients of Federal disaster assistance liable for repayment of the amount of Federal disaster assistance that duplicates benefits available for the same purpose from another source (42 U.S.C. 5155(c)). The **COUNTY** may, in its sole discretion, disallow costs made with commingled funds that were designated as being available for the same purpose and use as the CDBG-DR funds and require reimbursement for such costs as described herein (SUBSECTION V.B. – DEFERRED PAYMENTS AND RETURN OF FUNDS (RECAPTURE FOR DISALLOWED COSTS)).

SUBSECTION XIII.F. – CIVIL RIGHTS REQUIREMENTS: The **SUBRECIPIENT** further assures that all contractors, subcontractors, or others with whom it arranges to provide services or benefits to participants or employees in connection with any of its programs, projects, and activities are not discriminating against those participants or employees in violation of statutes, regulations, guidelines and standards. By acceptance of this CDBG-DR funding, the **SUBRECIPIENT** assures and certifies the following:

1. That they will comply with all applicable Federal, state and local anti-discrimination laws pertaining to nondiscrimination in programs receiving Federal financial assistance, including but not limited to:
 - a. Title VI of the Civil Rights Act of 1964, as amended, and its implementing regulations – including that recipients/grantees of Federal financial assistance are required to take reasonable steps to ensure meaningful access to persons who are Limited English Proficiency (LEP), as per Executive Order 13166 and the Federal Register Guidance, to items such as, but not limited to, project outreach, project, or activity materials including communique in the form of digital (website) media and paper materials.
 - b. Section 109 - Title I of the Housing & Community Development Act of 1974
 - c. Section 504 of the Rehabilitation Act of 1973 (29 U.S.C. 794)
 - d. Age Discrimination Act of 1975 (42 U.S.C. 610 et. seq.)
 - e. Fair Housing Act
2. That they will comply with the Americans with Disabilities Act of 1990 (“ADA”) (P.L. 101-336, as codified at U.S.C. 42.126 (sections 12101-12213) and as amended, and 28 CFR 35); the Florida Civil Rights Act, as amended, Chapter 760, F.S.; Title VII of the Civil Rights Act of 1964, as amended; and laws which gives civil rights protections to individuals with disabilities, guaranteeing equal opportunity for individuals with disabilities in employment, public accommodations, transportation, state and local government services, and telecommunications. A Single-Point-of-Contact shall be required if the agency employs 15 or more employees. The Single-Point-of-Contact will ensure effective communication with deaf or hard-of-hearing customers or companions in accordance with Section 504 and the ADA and coordinate activities and reports with the **SUBRECIPIENT’S** Single-Point-of-Contact.
3. That if clients are to be transported under this Agreement, **SUBRECIPIENT** will comply with the provisions of Chapter 427, Florida Statutes, which requires the coordination of transportation for the disadvantaged.
4. That if personnel in programs under this Agreement work directly with children/youths and vulnerable or disabled adults, the **SUBRECIPIENT** will comply with applicable provisions under Florida Statutes 943.0542; 943.04351; 393.0655; 402, regarding employment screening.
5. That activities under this Agreement shall provide for access to equal participation of religious or faith-based organizations, where applicable, in accordance with 24 CFR 570.200 and Executive Order 13279.

Additional requirement information can be accessed at the following websites:

- Office of Fair Housing and Equal Opportunity (FHEO) Fair Housing Rights and Obligations
- FHEO main website

- Guidelines for promoting Fair Housing for individuals with Limited English Proficiency (LEP)

These requirements are designed to prevent discrimination in the delivery of benefits and services because of race, color, religion (creed), sex, national origin, age, familial status or disability. Affirmative marketing plans and use of universal design features for construction and rehabilitative projects should be incorporated when possible.

All advertising of residential real estate for sale, rent, or financing should contain an equal housing opportunity logotype, statement, or slogan as a means of educating the home seeking public that the property is available to all persons regardless of race, color, religion, sex, handicap, familial status, or national origin. The choice of logotype, statement, or slogan will depend on the type of media used (visual or auditory) and, in space advertising, on the size of the advertisement. Different styles/types/sizes of logos and information regarding brochures can be found on the Fair Housing and Equal Opportunities HUD website.

SUBSECTION XIII.G. – DETECTION AND PREVENTION OF FRAUD, WASTE, AND ABUSE: In accordance with the Federal Register Guidance, the **SUBRECIPIENT** certifies that they will administer their programs under procedures, supervision, safeguards, and such other methods as may be necessary to prevent fraud, waste, and abuse, and that it will target its services and activities to those who need them the most. Additionally, the **SUBRECIPIENT** certifies that their written standards of conduct and their conflict-of-interest policy will supplement their anti-fraud, waste, and abuse (AFWA) initiatives, and that the **SUBRECIPIENT** may be required to take part in fraud, waste, and abuse (FWA) training and will work with the **COUNTY** to develop a FWA complaint and reporting process, including reporting such complaints to the **COUNTY**.

SUBSECTION XIII.H. – INELIGIBLE ACTIVITIES: The **SUBRECIPIENT** assures that it will not conduct or expend CDBG-DR funds on any activities which are deemed ineligible by the Federal Register Guidance (88 FR 32077, Section III.G.), federal regulations (most notably at 24 CFR 570.207), the Action Plan, and all other applicable laws.

SUBSECTION XIII.I. – PROGRAM INCOME: The **SUBRECIPIENT** shall report to the **COUNTY** all program income (as defined at 24 CFR 570.500 or in the Federal Register Guidance governing the CDBG-DR funds) generated by activities carried out with CDBG-DR funds made available under this Agreement as part of the **SUBRECIPIENT'S** periodic reporting outlined under SECTION VI. REPORTS AND EXHIBITS and SECTION VII. AUDITS, MONITORING, AND RECORDS.

The **SUBRECIPIENT** must return to the **COUNTY**, prior to closeout, any program income generated by the project and its activities. The **COUNTY** certifies that it shall use program income in accordance with the applicable requirements of 2 CFR 200.307 and alternative requirements and waivers as prescribed under the Federal Register Guidance at 88 FR 32074, Appendix B: CDBG-DR Consolidated Notice - Section III.E. Program Income (in place of requirements at 24 CFR 570.500 and 24 CFR 570.504), and the terms of this Agreement. The **SUBRECIPIENT** shall return program income to the **COUNTY** if a program income balance exists, or program income is generated after closeout. In all cases, any program income received that is not used to continue the disaster recovery activity will not be subject to the waivers and alternative requirements of the Federal Register Guidance or the **COUNTY'S** CDBG Entitlement program, if program income is transferred to that program.

SUBSECTION XIII.J. – CITIZEN PARTICIPATION AND PUBLIC WEBSITE REQUIREMENTS: The **COUNTY**, as a Grantee, certified to HUD that it has a detailed citizen participation plan that satisfies the requirements of 24 CFR 91.115 or 91.105 (except as provided for in waivers and alternative requirements under the Federal Register Guidance). Additionally, the **COUNTY**, as a Grantee, certified to HUD that it will maintain a comprehensive CDBG-DR public website that permits individuals and entities awaiting assistance and the general public to see how all grant funds are used and administered. The Action Plan

also details how the **COUNTY** will adhere to both requirements.

The **SUBRECIPIENT** certifies that it will adhere to requirements by the **COUNTY** to provide documentation and information which informs both the citizen participation and public website requirements. Further details on information needed to meet these requirements are spelled out in the exhibits, attachments, and forms as part of this Agreement.

SUBSECTION XIII.K. – PERSONALLY IDENTIFIABLE INFORMATION (PII): As previously referenced under SUBSECTION VII.D. RECORDKEEPING REQUIREMENTS and in accordance with 2 CFR 200.1 and 2 CFR 200.338, Personally Identifiable Information (PII) means information that can be used to distinguish or trace an individual's identity, either alone or when combined with other personal or identifying information that is linked or linkable to a specific individual. The definition of PII is not anchored to any single category of information or technology. Rather, it requires a case-by-case assessment of the specific risk that an individual can be identified. Protected PII means an individual's first name or first initial and last name in combination with any one or more of types of information, including, but not limited to, social security number, passport number, credit card numbers, clearances, bank numbers, biometrics, date and place of birth, mother's maiden name, criminal, medical and financial records, and educational transcripts. This does not include PII that is required by law to be disclosed.

PII must always be safeguarded, even in instances of public records requests. No Federal awarding agency may place restrictions on the non-Federal entity that limits public access to the records of the non-Federal entity pertinent to a Federal award, *except for protected PII or when the Federal awarding agency can demonstrate that such records will be kept confidential and would have been exempted from disclosure pursuant to the Freedom of Information Act (5 U.S.C. 552) or controlled unclassified information pursuant to Executive Order 13556 if the records had belonged to the Federal awarding agency.*

The **SUBRECIPIENT** certifies that they understand the PII definitions as noted above, and in accordance with their internal controls under 2 CFR 200.303, the SUBRECIPIENT must implement reasonable measures to safeguard Personally Identifiable Information (PII) and other sensitive data. These measures should form part of the SUBRECIPIENT's internal control framework to ensure compliance with federal regulations. The SUBRECIPIENT is responsible for maintaining appropriate safeguards to prevent unauthorized access, use, or disclosure of such information, consistent with cybersecurity best practices and the applicable federal, state, and local laws governing data protection.

Additionally, the **COUNTY**, pursuant to the Federal Health Insurance Portability and Accountability Act of 1996 (HIPAA) is a "covered entity," as the law defines that term. Any "personal health information" (PHI) as defined by the law that the **COUNTY** receives pursuant to this Agreement in connection with this project and its activities, as applicable, is subject to the disclosure and security requirements of HIPAA. Transfer of information to the **COUNTY** sufficiently "de-identified" to no longer be considered PHI is encouraged as being in the best interest of client PHI confidentiality to the extent that public services are unaffected. Methods to accomplish the highest levels of public service coupled with PHI confidentiality will be an ongoing task of the affected staffs of the **COUNTY** and the **SUBRECIPIENT**.

SUBSECTION XIII.L. – NECESSARY AND REASONABLE REQUIREMENTS: The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for the Federal Awards in 2 CFR 200 Subpart E (Federal Cost Principles) apply to all CDBG-DR Grantees and their Subrecipients. The **SUBRECIPIENT** certifies that all costs incurred under this Agreement are necessary and reasonable for the performance of its project and/or activities. The Cost Principles are made applicable to local governments through 24 CFR 570.502. The **SUBRECIPIENT** must consider factors described at 2 CFR 200.404(a-e) when determining which types and amounts of cost items incurred under this Agreement are necessary and reasonable.

SUBSECTION XIII.M. – COPYRIGHT, PATENT AND TRADEMARK: In accordance with 2 CFR 200.1

and 2 CFR 200.135, trademarks, copyrights, patents and patent applications and property, are identified as intangible property, or property having no physical existence. The **SUBRECIPIENT** may copyright any work that is subject to copyright and was developed, or for which ownership was acquired, under this CDBG-DR award. HUD, through the **COUNTY** as its pass-through entity, reserves a royalty-free, nonexclusive, and irrevocable right to reproduce, publish, or otherwise use the work for Federal purposes, and to authorize others to do so. The **SUBRECIPIENT** is subject to applicable regulations governing patents and inventions, including governmentwide regulations issued by the Department of Commerce at 37 CFR 401 ("Rights to Inventions Made by Nonprofit Organizations and Small Business Firms Under Government Awards, Contracts and Cooperative Agreements").

Any and all patent rights accruing under, or in connection with, the performance of this Agreement are hereby reserved to the **COUNTY**. Any and all copyrights accruing under, or in connection with, the performance of this Agreement are hereby transferred by the **SUBRECIPIENT** to the **COUNTY**.

1. If the **SUBRECIPIENT** has a pre-existing patent or copyright, the **SUBRECIPIENT** shall retain all rights and entitlement to that pre-existing patent or copyright unless this Agreement expressly provides otherwise.
2. If any discovery or invention is developed in the course of or as a result of work or services performed under this Agreement or in any way connected with it, the **SUBRECIPIENT** shall refer the discovery or invention to the **COUNTY** for a determination whether the **COUNTY** will seek patent protection in its name. Any patent rights accruing under or in connection with the performance of this Agreement are reserved to the **COUNTY**. If any books, manuals, films, or other copyrightable material are produced, the **SUBRECIPIENT** shall notify the **COUNTY**. Any copyrights accruing under or in connection with the performance under this Agreement are transferred by the **SUBRECIPIENT** to **COUNTY**. Within thirty (30) calendar days of execution of this Agreement, the **SUBRECIPIENT** shall disclose all intellectual properties relating to the performance of this Agreement which give rise to a patent or copyright. The **SUBRECIPIENT** shall retain all rights and entitlements to any pre-existing intellectual property which is so disclosed. Failure to disclose will indicate that no such property exists, and the **COUNTY** shall have the right to all patents and copyrights which accrue during performance of this Agreement.

SUBSECTION XIII.N. – FEDERAL TERMS AND CONDITIONS: For Federal CDBG-DR funded programs, the **SUBRECIPIENT** has or will develop and maintain the capacity to carry out disaster recovery activities in a timely manner and will ensure compliance with applicable Uniform Administrative Requirements as described in 2 CFR 200, Community Development Block Grants (CDBG) regulations at 24 CFR 570, the Federal Register Guidance, the Action Plan, and all other established, applicable HUD regulations, acts, and statutes, as now in effect and as may be amended from time to time. The **COUNTY** outlines full CDBG-DR Compliance Provisions for the **SUBRECIPIENT** under Exhibit H – Certification of CDBG-DR Compliance Provisions and details program management standards within the respective program's manual.

SUBSECTION XIII.O. – STATE AND LOCAL GOVERNMENT REQUIREMENTS: The **SUBRECIPIENT** agrees to the following statements as it relates to state and/or local government requirements:

4. The **SUBRECIPIENT** will comply with and implement this Agreement in a manner satisfactory to Lee County and HUD and consistent with all applicable laws, regulations, and policies and procedures that may be required as a condition of Lee County providing the grant funds, including but not limited to, all applicable program administration and compliance requirements set forth by this Agreement, and in accordance with the CDBG-DR NOFA Application, CDBG-DR Action Plan, and any other documentation previously provided by the **SUBRECIPIENT**, attached as Exhibit F – Application, and made a part hereof.
5. Lee County's provision of grant funds under this Agreement is specifically conditioned on the **SUBRECIPIENT's** compliance with this provision and all terms and conditions of this Agreement, the most recently published version of Lee County's *Hurricane Ian CDBG-DR Subrecipient Manual* and *Internal Grant Management Manual*, and the CDBG-DR Public Facilities Infrastructure Program Policies and Procedures Manual, which can be accessed on <https://cdbgdr.leegov.com>, and any amendments thereto, related Federal Register Guidance (including Guidance, which is provided under future Federal Register Notices), and the requirements of the authorities cited above, as the same may be amended from time to time.

The policy must also provide that timely written answers to written complaints and grievances will be provided within 15 working days, where practicable, or the **SUBRECIPIENT** must document why additional time for the response is required.

The **SUBRECIPIENT** shall immediately notify the **COUNTY** in writing if its ability to perform is compromised in any manner during the term of this Agreement.

SECTION XVII: AGREEMENT DISPUTE RESOLUTION PROCEDURE

EXHIBIT A
SCOPE OF WORK AND ACTIVITIES
PROGRAM/PROJECT ACTIVITY OVERVIEW

The information provided under this Exhibit is retrieved from the Subrecipient's approved application in response to the Public Facilities Infrastructure Program NOFA. In coordination and agreement with the Subrecipient, the County will utilize the information below to inform and update the County's approved System of Record for program and project eligibility with core HUD CDBG-DR requirements. Subrecipients will work with the County to ensure any edits and amendments to this Exhibit are subsequently reviewed and approved within the System of Record.

Program/Project Activity Overview

Project Name: Salvation Army Center for Hope Campus

CDBG-DR Program eligible activity: Rehabilitation/reconstruction of public facilities

The National Objective to be achieved for each activity as a result of this Project: Activities benefitting low- and moderate-income persons ("LMI").

The method of measuring the National Objective, if LMI: LMI Limited Clientele – LMC (per 24 CFR 570.208(a)(2))

The number of individuals benefiting as a result of this Project:

- Total beneficiaries: 250
- Total low/mod beneficiaries: 250

CDBG-DR storm tie-back and/or Mitigation resilience measure: Diversify and Strengthen Shelter Network System (Resilient Lee IF-001). During and after Hurricane Ian, shelters provided respite for many families and individuals threatened by the storm, made homeless by the impacts, or needing emergency assistance. As the County experiences a variety of changes – from population shifts to increasingly severe storms – the network of shelters across the region should be strengthened to support better changing recovery needs in all neighborhoods and be resilient to disaster conditions. While utilizing schools as shelters maximizes the availability of state and other grant funding for modernizing and expanding education facilities to support the County's growing population, there is also the need to diversify sheltering options to increase accessibility and decrease situations in which school needs to resume but residents still require shelter. It is vital to identify other publicly owned infrastructure or planned infrastructure that can be retrofitted or hardened to comply with shelter standards. The Salvation Army Center of Hope Phase 1 provides three (3) buildings to achieve this goal. 1) Phase 1.1: A hardened shelter for 70 seniors, families, and individuals without stable housing 2) Phase 1.2: A public hardened shelter for 150 persons with meal service 3) Phase 1.3: A

hardened shelter for 56 individuals in recovery, alternative incarceration, and at risk of homelessness. The Salvation Army Center of Hope Phase 1 is designed to fulfill Resilient Lee IF-001 expectations as written.

EXHIBIT B
SCOPE OF WORK AND ACTIVITIES
PROJECT ACTIVITY SCOPE OF WORK DESCRIPTION

The information provided under this Exhibit is retrieved from the Subrecipient's approved application in response to the Public Facilities Infrastructure Program NOFA. In coordination and agreement with the Subrecipient, the County will utilize the information below to inform and update the County's approved System of Record for key performance measures and project budget cost eligibility. Subrecipients will work with the County to ensure any edits and amendments to this Exhibit are subsequently reviewed and approved within the System of Record and/or under a formal amendment in accordance with the Agreement.

Project Activity Scope of Work Description ("Work")

The Salvation Army Center of Hope Phase 1 includes the construction of three public service buildings.

Phase 1.1: Emergency Supportive Shelter provides for families, seniors, and individuals experiencing homelessness.

Phase 1.1: First Floor 10,126 Sq Ft 2 Dorm Rooms, (14Beds)

5 Non-congregate Rooms (10 Beds)

Phase 1.1: Second Floor 8,722 Sq Ft 7 Family Suites (28 Beds)

Phase 1.2: Public Shelter & Community Connector provides a hardened storm-resilient public shelter and dining facility for provision of food security.

Phase 1.1: First Floor 9,327 Sq Ft Public Shelter 150 Persons,
Dining 200 Persons

Phase 1.3 Life Recovery Supportive Shelter provides services to break the cycles of addiction, poverty, and incarceration.

Phase. 1.3: First Floor. 8,597 Sq Ft 14 Non-congregate Rooms (28 Beds)

Phase 1.3: Second Floor 7,810 Sq Ft 14 Non-congregate Rooms (28 Beds)

The Salvation Army Center of Hope Phase 1 provides the social infrastructure necessary to serve the region's vulnerable populations, prioritizing those without

stable housing. The Center of Hope Phase 1 extends the research, experience, and innovation of The Salvation Army gained through the forty years of operation of the current Center of Hope. The new Center of Hope will be hardened for storm resilience and provides increased non-congregate sheltering. The current Center of Hope is scheduled to be decommissioned and the land repurposed after completion of the new facilities.

Current Center of Hope – 120 Beds Non-hardened Requiring Early Evacuation.

Phase 1 Center of Hope -

Phase 1.1 66 Beds Shelter-In-Place Hardening

Phase 1.2 150 Beds Public Shelter Hardening

Phase 1.3 56 Beds Shelter-In-Place Hardening

Total: 272 Beds 126 Daily. Additional 150 Event

Phase 1.1: Life Navigation Coaching with Emergency Supportive Shelter - The Life Navigation program responds to the unmet human services need of the community by providing 24 shelter beds per night. The Salvation Army assists neighbors experiencing homelessness through navigation: leveraging services for coaching, including nights of shelter and supportive services, which can include case management, meals, mental health services, education assessment, employment assistance, housing counseling services, life skills, and transportation. The Salvation Army provided emergency shelter and transitional housing for 8,067,161 people in 2022.

The Emergency and Supportive Shelter provides dedicated congregate shelter for 16 men and 12 women for emergency intake. The shelter provides non-congregate units for 10 seniors. The shelter provides 7 individual family units, four persons each (28). The shelter is designed to host 66 persons.

The Salvation Army Life Navigation (LIFNAV) process integrates research, experience, and innovation to apply behavioral insights to reduce the number of days of homelessness. LIFNAV vertically integrates national evidence-based trauma-informed care practices, vulnerability prioritization, and rapid rehousing. Further, LIFNAV reflects the 1996 Welfare to Work Act by determining different service responses to those who are able-bodied and those unable to work.

LIFNAV encourages enhanced employability skills, market-rate housing solutions, and periodicity in the performance of both the market and homeless sector systems.

Phase 1.2: Public Shelter. The Resilient Lee community call to action includes IF-005 Diversify and Strengthen Shelter Network. As the County experiences a variety of changes – from population shifts to increasingly severe storms – the network of shelters across the region should be strengthened to support better changing recovery needs in all neighborhoods and be resilient to disaster conditions. While utilizing schools as shelters maximizes the availability of state and other grant funding for modernizing and expanding education facilities to support the County's growing population, there is also the need to diversify sheltering options to increase accessibility and decrease situations in which school needs to resume but residents still require shelter. It is vital to identify other publicly owned planned infrastructure that can be retrofitted or hardened to comply with shelter standards.

The State of Florida allocated state funds with a priority of the public shelter as described above.

The program and building design allow 150 persons to find short-term emergency shelters in the public shelter and receive meal service. This allows the Salvation Army and local residents to access the hardened facilities for safety during major weather events.

During blue skies, the facilities will provide residents of The Salvation Army, community program participants, and other guests a quality dining experience to reduce food scarcity and encourage social capital building.

Phase 1.3: Life Recovery - Life Recovery is a proven practice that aims to support individuals who seek to overcome addictions and substance abuse to regain their lives. Those who embrace Life Recovery embark on a transformative journey guided by the judicial system.

Recovery, as defined by the Oxford Dictionary: a return to a normal state of health, mind, or strength, and the action or process of regaining possession or control of something lost or stolen. Life Recovery occurs in Lee County through the designed relationships of The Salvation Army restorative community at the Center of Hope.

Florida's addiction rates have a profound impact on its incarceration rates, thereby burdening taxpayers with the enormous costs of imprisoning these individuals. A high prevalence of substance use disorders often leads to an increase in criminal

activities, as individuals struggling with addiction may resort to illegal means to sustain their habits. The resulting surge in incarceration rates leads to overcrowded prisons and escalating costs for taxpayers. According to the Florida Department of Corrections, it costs an average of \$20,553 per year to house an inmate. The burden becomes even heavier when we consider the additional healthcare costs associated with treating inmates for their substance use disorders. By contrast, investing in Life Recovery programs can substantially mitigate these costs, offering a more cost-effective and humane solution to the addiction crisis. For these reasons, The Salvation Army has maintained partnerships with the local, state, and federal entities for community integration for over twenty years.

Life Recovery helps individuals regain control over their lives and reduces the strain on public resources. Thus, the choice becomes clear: Invest in Life Recovery and contribute to a healthier, safer Florida, or continue to bear the weighty costs of an escalating incarceration rate.

Life Recovery will provide supportive shelter for 56 persons.

Design and Approach: City of Fort Myers maintains a robust capital improvement program and has completed design and construction of multiple similar expansion and hardening projects. Most recently, the city has reached 80% design of the Billy Bowlegs Community Center which is partially grant funded through the Department of Commerce. The City is well experienced in meeting grant timelines and compliance when facilitating large construction projects and we are confident the experience will translate through our partnership with The Salvation Army.

The City is fully committed to ensuring appropriate oversight of all grant funding expenditures. This has been demonstrated recently by the establishment of the Grants and Special Projects department as its own Division, reporting directly to the City Manager. The Division then expanded by adding two additional personnel – one of which a highly experienced Special Projects Coordinator. Additionally, the City is currently in the process, through competitive procurement, of contracting with a management firm to assist in daily oversight of grants approved to receive CDBG-DR funds. These preemptive actions have put the City in an excellent position to expertly perform all grant management functions in accordance with required policies and procedures.

The first step in the City of Fort Myers plan for monitoring and oversight, is using the construction management software “Procore” to manage all documents, approvals, signoffs and more needed at the Subgrantee level. This software implementation ensures that all appropriate approvals are given in advance of expenditure and will provide a level of checks and balances between the subgrantee and the subrecipient. The intent for this approval system is to ensure that all appropriate parties have documented and complete understanding of all pertinent documents.

The City intends to hold meetings with the subgrantee on a monthly basis (at a minimum) to ensure project compliance and to monitor expenditures. Before any expenditures are made, the City intends that all planned work, hiring, procurement, and other actions be approved by City Staff before funds are spent. All invoices, work plans, and documents will be reviewed by the City of Fort Myers, Grants and Special Projects Division in order to maintain sufficient oversight. The City will also ensure that compliance is maintained with Davis Bacon and Section 3 and make routine and impromptu visits to the project site.

Despite the proposed rigidity of the plan, The City of Fort Myers understands that each Subgrantee and their project are unique and will take all actions required to ensure adaptability, flexibility, and individualized parameters of the oversight plan. The Grants and Special Projects Division will be responsible for the oversight and will be supplemented by a combination of subgrantee and vendor staff.

Public Facility Description

CDBG-DR CHAPTER 6: PUBLIC FACILITIES 6.1.1 Eligible and Ineligible Activities

Under the CDBG Program, grantees may use funds to undertake a variety of public facilities and public improvement projects. In general, public facilities and public improvements are interpreted to include all facilities and improvements that are publicly owned or that are owned by a nonprofit and open to the general public. Eligible types of facilities and improvements include facilities for persons with special needs, such as homelessness.

The Salvation Army Center of Hope Phase 1 is owned by a non-profit that provides shelter for persons with special needs, such as homelessness. The Salvation Army is an experienced partner with municipalities in bringing forth public facilities for persons with special needs and low-to-moderate-income households to provide protection, provide basic human needs, and promote housing stability.

National Objective

☐ National Objective: L/M Income Limited Clientele

Provide a description how the proposed project will meet the selected National Objective

CDBG-DR CHAPTER 6: PUBLIC FACILITIES 6.1.2 National Objective

Low to Moderate Income National Objective (LMI)

The primary objective of the CDBG program is to develop viable communities by helping to provide decent housing, and suitable living environments and expanding economic opportunities principally for persons of low-to-moderate income.

The LMI National Objective is often referred to as the primary National Objective as HUD regulations require that States expend at least 70 percent of their CDBG funds on activities that benefit low- and moderate-income people as defined below. In addition to ensuring that the required percentage of CDBG funds serves people in the overall LMI category, The Salvation Army ensures that the activities proposed serve the area population within the LMI.

Public facilities such as homeless shelters qualify under the Limited Clientele criteria. The populations served by these facilities are presumed to be LMI persons or families.

National Objective Descriptions

National Objective	Description
L/M Income Area Benefit	Census block groups that align with the service area maps
L/M Income Limited Clientele	The infrastructure improvements benefit a specific persons who are presumed by HUD to be principally LMI (abused children, battered spouses, elderly persons, severely disabled adults, homeless persons, illiterate adults, persons living with AIDS or migrant farm workers)
L/M Income Job Creation or Retention	The project proposes activities designed to create or retain permanent jobs, at least 51 percent of which (computed on a full-time equivalent basis) will be made available to or held by LMI persons. Must include income certifications or describe method on how LMI job creation will be documented
Urgent Need	Does the narrative description on the application under Urgent Need provide specific examples of needs that have urgency, including how the existing conditions pose a serious and immediate threat to the health and welfare of the community?

<p>Slums and Blight</p>	<p>Does the designated activity area meet the definition of a slum, blighted, deteriorated or deteriorating area under state or local law? Additionally, the area must meet one of the two conditions:</p> <ul style="list-style-type: none"> • Public improvements throughout the area are in a general state of deterioration; or • At least 25 percent of the properties throughout the area exhibit one or more of the following: <ul style="list-style-type: none"> • Physical deterioration of buildings/improvements; • Abandonment of properties; • Chronic high occupancy turnover rates or chronic high vacancy rates in commercial or industrial buildings; • Significant declines in property values or abnormally low property values relative to other areas in the community; or • Known or suspected environmental contamination

The scope of the project

The Salvation Army Center of Hope Phase 1 includes the construction of three public service buildings.

Phase 1.1: Emergency Supportive Shelter provides for families, seniors, and individuals experiencing homelessness. Phase 1.1: First Floor 10,126 Sq Ft 2 Dorm Rooms, (14Beds) 5 Non-congregate Rooms (10 Beds) Phase 1.1: Second Floor 8,722 Sq Ft 7 Family Suites (28 Beds)

Phase 1.2: Public Shelter & Community Connector provides a hardened storm-resilient public shelter and dining facility for provision of food security. Phase 1.1: First Floor 9,327 Sq Ft Public Shelter 150 Persons, Dining 200 Persons

Phase 1.3 Life Recovery Supportive Shelter provides services to break the cycles of addiction, poverty, and incarceration. Phase. 1.3: First Floor. 8,597 Sq Ft 14 Non-congregate Rooms (28 Beds) Phase 1.3: Second Floor 7,810 Sq Ft 14 Non-congregate Rooms (28 Beds)

The projected outcome(s) of the project

The. Salvation Army Center of Hope Phase 1 provides the social infrastructure necessary to serve the region's vulnerable populations, prioritizing those without stable housing. The Center of Hope Phase 1 extends the research, experience, and innovation of The Salvation Army gained through the forty years of operation of the current Center of Hope. The new Center of Hope will be hardened for storm resilience and provides increased non-congregate sheltering. The current Center of Hope is scheduled to be decommissioned and the land repurposed after completion of the new facilities.

Current Center of Hope – 120 Beds Non-hardened Requiring Early Evacuation.

Phase 1 Center of Hope - Phase 1.1 66 Beds Shelter-In-Place Hardening Phase 1.2 150 Beds Public Shelter Hardening Phase 1.3 56 Beds Shelter-In-Place Hardening

Total: 272 Beds 126 Daily. Additional 150 Event

Phase 1.1: Life Navigation Coaching with Emergency Supportive Shelter - The Life Navigation program responds to the unmet human services need of the community by providing 24 shelter beds per night. The Salvation Army assists neighbors experiencing homelessness through navigation: leveraging services for coaching, including nights of shelter and supportive services, which can include case management, meals, mental health services, education assessment, employment assistance, housing counseling services, life skills, and transportation. The Salvation Army provided emergency shelter and transitional housing for 8,067,161 people in 2022.

The Emergency and Supportive Shelter provides dedicated congregate shelter for 16 men and 12 women for emergency intake. The shelter provides non-congregate units for 10 seniors. The shelter provides 7 individual family units, four persons each (28). The shelter is designed to host 66 persons.

The Salvation Army Life Navigation (LIFNAV) process integrates research, experience, and innovation to apply behavioral insights to reduce the number of days of homelessness. LIFNAV vertically integrates national evidence-based trauma-informed care practices, vulnerability prioritization, and rapid rehousing. Further, LIFNAV reflects the 1996 Welfare to Work Act by determining different service responses to those who are able-bodied and those unable to work.

LIFNAV encourages enhanced employability skills, market-rate housing solutions, and periodicity in the performance of both the market and homeless sector systems.

Phase 1.2: Public Shelter. The Resilient Lee community call to action includes IF-005 Diversify and Strengthen Shelter Network. As the County experiences a variety of changes – from population shifts to increasingly severe storms – the network of shelters across the region should be strengthened to support better changing recovery needs in all neighborhoods and be resilient to disaster conditions. While utilizing schools as shelters maximizes the availability of state and other grant funding for modernizing and expanding education facilities to support the County's growing population, there is also the need to diversify sheltering options to increase accessibility and decrease situations in which school needs to resume but residents still require shelter. It is vital to identify other publicly owned planned infrastructure that can be retrofitted or hardened to comply with shelter standards.

The State of Florida allocated state funds with a priority of the public shelter as described above.

The program and building design allow 150 persons to find short-term emergency shelters in the public shelter and receive meal service. This allows the Salvation Army and local residents to access the hardened facilities for safety during major weather events.

During blue skies, the facilities will provide residents of The Salvation Army, community program participants, and other guests a quality dining experience to reduce food scarcity and encourage social capital building. Phase 1.3: Life Recovery - Life Recovery is a proven practice that aims to support individuals who seek to overcome addictions and substance abuse to regain their lives. Those who embrace Life Recovery embark on a transformative journey guided by the judicial system. Recovery, as defined by the Oxford Dictionary: a return to a normal state of health, mind, or strength, and the action or process of regaining possession or control of something lost or stolen. Life Recovery occurs in Lee County through the designed relationships of The Salvation Army restorative community at the Center of Hope. Florida's addiction rates have a profound impact on its incarceration rates, thereby burdening taxpayers with the enormous costs of imprisoning these individuals. A high prevalence of substance use disorders often leads to an increase in criminal activities, as individuals struggling with addiction may resort to illegal means to sustain their habits. The resulting surge in incarceration rates leads to overcrowded prisons and escalating costs for taxpayers. According to the Florida Department of Corrections, it costs an average of \$20,553 per year to house an inmate. The burden becomes even heavier when we consider the additional healthcare costs associated with treating inmates for their substance use disorders. By contrast, investing in Life Recovery programs can substantially mitigate these costs, offering a more cost-effective and humane solution to the addiction crisis. For these reasons, The Salvation Army has maintained partnerships with the local, state, and federal entities for community integration for over twenty years. Life Recovery helps individuals regain control over their lives and reduces the strain on public resources. Thus, the choice becomes clear: Invest in Life Recovery and contribute to a healthier, safer Florida, or

continue to bear the weighty costs of an escalating incarceration rate. Life Recovery will provide supportive shelter for 56 persons.

The unmet or mitigation need that is being addressed by the project and how it aligns with community goals

Diversify and Strengthen Shelter Network System (Resilient Lee IF-001). During and after Hurricane Ian, shelters provided respite for many families and individuals threatened by the storm, made homeless by the impacts, or needing emergency assistance. As the County experiences a variety of changes – from population shifts to increasingly severe storms – the network of shelters across the region should be strengthened to support better changing recovery needs in all neighborhoods and be resilient to disaster conditions. While utilizing schools as shelters maximizes the availability of state and other grant funding for modernizing and expanding education facilities to support the County's growing population, there is also the need to diversify sheltering options to increase accessibility and decrease situations in which school needs to resume but residents still require shelter. It is vital to identify other publicly owned infrastructure or planned infrastructure that can be retrofitted or hardened to comply with shelter standards.

The Salvation Army Center of Hope Phase 1 provides three (3) buildings to achieve this goal. 1) Phase 1.1: A hardened shelter for 70 seniors, families, and individuals without stable housing 2) Phase 1.2: A public hardened shelter for 150 persons with meal service 3) Phase 1.3: A hardened shelter for 56 individuals in recovery, alternative incarceration, and at risk of homelessness.

The Salvation Army Center of Hope Phase 1 is designed to fulfill Resilient Lee IF-001 expectations as written.

Project Design and Approach: Applicant/Subrecipient

Description of your agency's experience completing projects of a similar size and scope, including federal, state, and/or local government grant experience and capacity of the organization to administer the project and oversee all compliance requirements.

City of Fort Myers maintains a robust capital improvement program and has completed design and construction of multiple similar expansion and hardening projects. Most recently, the city has reached 80% design of the Billy Bowlegs Community Center which is partially grant funded through the Department of Commerce. The City is well experienced in meeting grant timelines and compliance when facilitating large construction projects and we are confident the experience will translate through our partnership with The Salvation Army.

The applicant's plan of executing the Subgrantee Agreement

The first step in the City of Fort Myers plan for monitoring and oversight, is using the construction management software "Procore" to manage all documents, approvals, signoffs and more needed at the Subgrantee level. This software implementation ensures that all appropriate approvals are given in advance of expenditure and will provide a level of checks and balances between the subgrantee and the subrecipient. The intent for this approval system is to ensure that all appropriate parties have documented and complete understanding of all pertinent documents.

The City intends to hold meetings with the subgrantee on a monthly basis (at a minimum) to ensure project compliance and to monitor expenditures. Before any expenditures are made, the City intends that all planned work, hiring, procurement, and other actions be approved by City Staff before funds are spent. All invoices, work plans, and documents will be reviewed by the City of Fort Myers, Grants and Special Projects Division in order to maintain sufficient oversight. The City will also ensure that compliance is maintained with Davis Bacon and Section 3 and make routine and impromptu visits to the project site.

Despite the proposed rigidity of the plan, The City of Fort Myers understands that each Subgrantee and their project are unique and will take all actions required to ensure adaptability, flexibility, and individualized parameters of the oversight plan. The Grants and Special Projects Division will be responsible for the oversight and will be supplemented by a combination of subgrantee and vendor staff.

The applicant's plan for Oversight and Monitoring of Subgrantee

The City is fully committed to ensuring appropriate oversight of all grant funding expenditures. This has been demonstrated recently by the establishment of the Grants and Special Projects department as its own Division, reporting directly to the City Manager. The Division then expanded by adding two additional personnel – one of which a highly experienced Special Projects Coordinator. Additionally, the City is currently in the

process, through competitive procurement, of contracting with a management firm to assist in daily oversight of grants approved to receive CDBG-DR funds. These preemptive actions have put the City in an excellent position to expertly perform all grant management functions in accordance with required policies and procedures.

The City of Fort Myers also intends to contract with a CDBG-DR expert vendor to assist with managing compliance to ensure all policies and regulations are followed. The team will be responsible for managing and facilitating all essential reporting needed for the facilitation of the Grant Agreement.

The partner's experience undertaking projects of similar complexity and providing public services

The Salvation Army Southern Territory is the corporate headquarters for nine Salvation Army divisions serving specific geographic areas: ALM - Alabama, Louisiana, & Mississippi AOK - Arkansas & Oklahoma FL - Florida GA - Georgia KTN - Kentucky & Tennessee MWV- Maryland & West Virginia NCV - National Capital Area & Virginia NSC - North Carolina & South Carolina TX – Texas.

The Salvation Army continues to develop, construct, and maintain capital infrastructure to deliver and oversee services in each of the nine divisions. The Salvation Army Territorial Headquarters (THQ) maintains design standards, construction processes, and field-level reviews of all construction projects. Each of the nine divisions regularly supervises three major construction projects. Additionally, each division supervises the current capital assets' renovation, repair, and upgrades.

The Salvation Army provided financial assistance to more than 3.1 million people in 2022, who required mitigation against inflation. Together, we ensured that basic living necessities and expenses were covered for millions struggling with financial burdens.

The Salvation Army provided emergency shelter and transitional housing for 8,067,161 people in 2022. Additionally, The Salvation Army provided more than 155 million meals through food boxes and hot meals.

The partner's plan for Maintenance and Operations

The Salvation Army Mission Strategy has a Property Standard Operating Procedure: Five (5) Steps of Property Stewardship:

1. Inspection: you should undertake regular inspections to assess the condition, identify problems, and decide whether work is necessary.
2. Regular Maintenance: jobs like clearing gutters, testing services, checking for damp, and clearing the yard
3. Preventative Maintenance: scheduled filter changes, HVAC cleaning, grease trap cleaning, kitchen professional cleanings.
4. Minor Repairs: ongoing minor repairs to the building, perhaps due to extreme weather, can include fixing slipped tiles, replacing broken glass, or making temporary repairs.
5. Capital Improvements: Investing capital dollars in one property per year.

This is a continuing practice and expectation through the strategy of The Salvation Army.

2. Submission of AIA architect's agreement and request for approval for the architect to prepare full construction drawings. Each agreement must correspond to the three types of AIA Agreements.
3. Submission of full construction drawings and specifications which may need several re-submissions before final approval.
4. The bids will be submitted to the THQ Property Council for approval, with the recommendations of the TSA FMAC Advisory Board/Council and the DHQ finance board.
5. Submission of the construction contract for approval and execution. THQ Property Secretary will require a pre-construction meeting with himself or his representative, the architect, unit officer, TSA FMAC Advisory Board members, and a DHQ representative.
6. Throughout the construction process, all change orders must be submitted to THQ, which will be considered as interim business or Property Council matters, depending on the change order amount.
7. THQ, DHQ, and TSA FMAC will regularly walk through the capital project and review the program goals of the property to ensure compliance with mission, program, and funding expectations and requirements.

Capacity to perform financial management and oversight

Since 2020, Fort Myers has been fortunate to receive several different funding sources that are managed and administered by the City. A \$400,000 direct allocation of CARES Act funding was received and fully expended. Fort Myers also received \$15,000,000 in State and Local Fiscal Recovery Funds which was fully expended. The State and Local Fiscal Recovery Funds were applied to programs HUD classified LMI and locally identified vulnerable populations. Understanding the importance of federal compliance and monitoring of Federal Funds, the City of Fort Myers recognizes the need for dedicated staff and a methodical approach to ensure that all grant funded activity has the appropriate amount of support and attention to execute the county and city's overall long term recovery strategy. The City has made the appropriate staffing adjustments through the creation of the Grants and Special Projects Division. As the City of Fort Myers undertakes management responsibilities for CDBG DR projects that may be awarded through the County, the City is prepared to implement a system of maintaining documentation of costs associated with the projects (project delivery). At the heart of this documentation is compliance with 2 CFR 200 Uniform Administrative Requirements, Cost Principals, and Audit Requirements for Federal Awards (the rule which governs all Federal awards to grantees). The City will need to ensure that all costs for which reimbursement will be requested can be supported by the following:

- All costs will be tied directly to a specific CDBG-DR project in a clear manner and are reflected in the City's financial management systems
- All costs are allowable based on 2 CFR 200
- All costs will be attributed to a CDBG-DR eligible activity as may be awarded through the County, wherein the City will act as a Subrecipient
- All costs have been tied to a project that is a result to recovering from Hurricane Ian, or an eligible mitigation activity.

As noted in the City of Fort Myers' Independent Auditors' Report on Compliance for Each Major Federal Program issued on July 27, 2023, for the Fiscal Year Ending on September 30, 2022, the City has the accounting policies and processes and internal controls in place to comply with these requirements. As noted in the Single Audit report, the City had a total expenditure of Federal Awards of \$20,216,738.00 and there were no questioned costs reported. Supporting documentation is the key to compliance with the Federal requirements for CDBG-DR funding. The City will segregate all CDBG-DR expenditures to allow for ease of identification. The City will require that all employees whose time and expenses will be presented for reimbursed, will be directly associated to the proper project and eligible activity through the use of time reports completed by the employee describing the activity they performed on that day and the number of hours this activity took as required by 2 CFR 200.430 (i). This requirement applies to all employees regardless of their position within the City. The City will comply with the Procurement Standards as required by 2 CFR 200.317 through 200.327, and County procurement regulations, as well. It is likely that the City's procurement policy is more conservative than 2 CFR Part 200 and likely aligns closely to County's procurement policy. However, the procurement policy will need to be examined to determine if changes are required. If so, the City plans to create a separate procurement for CDBG DR funds attributable to Hurricane Ian, or carve out an amendment to the existing policy if any changes are needed. Finally, all projects funded through the County will follow the environmental processes as required by 24 CFR Part 58, and these costs are reimbursable as project delivery.

Capacity to perform grant management functions as demonstrated through prior experience managing grants with in-house staff or with a grant management consultant

Applicant Capacity and Experience: Applicant/Subrecipient

The City is fully committed to ensuring appropriate oversight of all grant funding expenditures. This has been demonstrated recently by the establishment of the Grants and Special Projects department as its own Division, reporting directly to the City Manager. These preemptive actions have put the City in an excellent position to expertly perform all grant management functions in accordance with required policies and procedures.

Internal auditing capability

The City maintains an internal audit division in addition to an audit committee. These resources coupled with those maintained within the grants and special projects division allow for the necessary monitoring and evaluations to maintain compliance, and equitable usages of the funds.

Administrative staffing

Through the creation of the Grants and Special Projects Department and the implementation of vendor staffing the City maintains robust administrative staffing capability. The City will utilize this team to ensure compliance and administrative facilitation of the complete project.

While the Subgrantee will be responsible for the execution of the project management, The City of Fort Myers administrative team will remain responsible over project compliance.

Monitoring and control of timely expenditure of funds

Monitoring of expenditures will be a function of the Grant and Special Projects Division and vendor staff. This team will allow for the monitoring of payments, ensuring compliance is being met and acting as a liaison between the City of Fort Myers and Lee County to ensure all CDBG-DR guidelines are being executed. The City intends to work closely with the subgrantee to ensure that costs are allowable, reasonable, and cost effective.

Describe how the subrecipient will implement Construction, Davis Bacon, and Related Acts and understand project costs must be based on paying laborers and mechanics federal prevailing wages, as published by DOL. The

Applicant Capacity and Experience: Applicant/Subrecipient

then-current wage rates must be attached to the construction contract and accepted by the general contractor prior to contract execution

The City understands that all project costs will be based on paying laborers and mechanics federal prevailing wages, as published by DOL. Davis Bacon and all related acts will be adhered to. The City of Fort Myers will ensure that appropriate wage provisions will be included and accepted in all executed contracts. All provisions, including contract terms and additions and timesheets will be reviewed for accuracy and compliance before funds are expended.

Confirm that the subrecipient will not take any choice limiting actions, including, but not limited to, physical work or activity, may start until environmental clearance is obtained. All prohibitions regarding 'choice limiting actions' will apply, rendering the award void and applicant ineligible for award. Activities with multiple environmental issues which cannot be addressed timely and cost-effectively will cause the award of CDBG-DR Funds to be canceled

The City is aware of the requirement and will not take any choice limiting actions.

Explain the applicant/subrecipient's plan to provide OR ensure the subgrantee provides opportunities and training to low and very low-income persons to the greatest extent feasible. These efforts should be, especially focused on recipients of government assistance for housing and to businesses that provide economic opportunities to low and very low-income persons. The applicant/subrecipient should explain how they will comply with Section 3 requirements set forth in 24 CFR Part 75

The City of Fort Myers will comply with all Section 3 requirements as outlined in 24 CFR part 75 including demonstrating safe harbor benchmark goals. The City of Fort Myers will make clear to all procured vendors and subcontractors that efforts must be made to provide employment and training opportunities to Section 3 workers within the area. The City will provide a list of partner agencies for vendors to choose from, including but not limited to the Southwest Florida Enterprise Center and the Collaboratory. The City will also ensure that the contractors will award contracts and subcontracts that provide economic opportunities to Section 3 workers. In order to educate and inform workers and contractors, City of Fort Myers's Section 3 Coordinator will be prepared to provide training and technical assistance on a regular basis per program guidelines.

Describe how the subrecipient will take affirmative steps to ensure good faith effort outreach to small, minority, women and veteran-owned business to be included in all solicitation opportunities (procurement of services and goods) and documenting efforts and procurement opportunities

Applicant Capacity and Experience: Applicant/Subrecipient

The City has a robust Minority Business Enterprise (MBE) program to: - assist and protect the interests of minority businesses; - promote and encourage full and open competition in the city; and - enhance opportunities for individuals to successfully compete in a free market as independent business owners in the city. The program applies to all contracts and includes procedures to increase the participation of MBE. As a goal, the city utilizes minority business enterprises for fifteen (15) percent of the total dollars when contracting for construction contracts through prime contracts or subcontracts. Procurement Services monitors the execution of the contract between the general contractor and all minority business enterprise subcontractors. Presentation of an approved, executed minority business enterprise contract within ten days after award of the contract is a prerequisite to execution of a contract between the City and the general contractor. Procurement Services maintains a list of services provided by Minority Business Enterprises located in the county that are on the State Office of Diversity list of Certified Minority Businesses for participation in City contracts.

Subrecipients must provide their procurement policy documents for analysis

City of Fort Myers is willing and able to provide these documents to Lee County for review.

Subrecipient's ability to Complete Subgrantee Capacity Assessment

City of Fort Myers has completed a preliminary intake screening of all interested subgrantees in order to determine the organization's capacity. This analysis included: capacity of firm, key personnel qualifications, previous experience with federal funds, and more. In the case of The Salvation Army, the Grants and Special Projects Division found their ability to be more than sufficient to facilitate a project of this size. They have significant ability to manage funds as demonstrated by their existing personnel, and grant history.

The Salvation Army has sufficient administrative staffing, an exceptionally competent directorial staff, and previous experience managing federal funds. The City is confident that the organization has the ability to effectively manage and adapt to this influx of funding. The City has also committed to serve as a resource to support the organizations.

Subrecipient's ability to Complete Subgrantee Risk Assessment

The City of Fort Myers has completed a preliminary intake screening of all interested Subgrantee's to determine capacity to manage CDBG-DR funds. This analysis included: capability and ability of the Subgrantee to manage large funds, staffing ability, procurement history, capability to manage large funds and more. In the case of The Salvation Army, the Grants and Special Projects Division found their organizational

Applicant Capacity and Experience: Applicant/Subrecipient

background and current financial standing to be more than acceptable to facilitate a project of this capacity. With existing financial audits with no significant findings, the organizations demonstrate ability to responsibly manage funds. Before any funds are distributed to the organization, the City of Fort Myers will implement a comprehensive sub-Grantee Agreement, outlining the appropriate usages of the fund and the consequences for misappropriation. However; should The Salvation Army be selected for these funds, the City of Fort Myers will to perform a formal subgrantee risk assessment as directed by Lee County.

Subrecipient's Ability to Execute a Subgrantee Agreement

City of Fort Myers will issue a comprehensive subgrantee agreement allowing for the appropriate expenditure of funds. The Subgrantee agreement will be based on requirements outlined by HUD and Lee County and reviewed heavily by the City of Fort Myers City Attorney's Office (CAO). The CAO will ensure that the agreement is legal as to form, and best practice in comparison with neighboring municipalities.

Please describe Subrecipient's Plans for Subgrantee Oversight and Monitoring

The City is fully committed to ensuring appropriate oversight of all grant funding expenditures. This has been demonstrated recently by the establishment of the Grants and Special Projects department as its own Division, reporting directly to the City Manager. Describe how the subgrantee will implement Construction, Davis Bacon and Related Acts and understand project costs must be based on paying laborers and mechanics federal prevailing wages, as published by DOL. The then-current wage rates must be attached to the construction contract and accepted by the general contractor prior to contract execution

Davis Bacon and Related Acts (DBRA)

The subgrantee will rigorously implement DBRA regulations by attaching the applicable Department of Labor (DOL) prevailing wage determinations to construction contracts prior to execution. All contractors must accept these wage rates as the minimum compensation for laborers and mechanics employed on the project. Strict adherence to certified payroll reporting and workplace postings will be enforced.

The subgrantee's comprehensive implementation of the DBRA requirements, from obtaining accurate wage determinations to enforcing certified payroll reporting and workplace postings, is crucial to maintaining compliance and preventing costly back wage liabilities. Correctly accounting for prevailing wage costs in project budgets is also essential to avoid underbidding that could jeopardize the assigned federal funds.

Applicant Capacity and Experience: Subgrantee

Confirm that the subgrantee will not take any choice limiting actions, including, but not limited to, physical work or activity, may start until environmental clearance is obtained. All prohibitions regarding ‘choice limiting actions will apply, rendering the award void and applicant ineligible for award. Activities with multiple environmental issues which cannot be addressed timely and cost-effectively will cause the award of CDBG-DR Funds to be canceled

Choice Limiting Activities and Environmental Clearance

The subgrantee will only take choice-limiting actions, including but not limited to physical work or construction activity, once full environmental clearance is obtained for the project. All prohibitions regarding choice-limiting actions prior to environmental review will be strictly enforced.

Explain the subgrantee’s plan to provide opportunities and training to low and very low-income persons to the greatest extent feasible. These efforts should be , especially focused on recipients of government assistance for housing and to businesses that provide economic opportunities to low and very low-income persons. The applicant/subrecipient should explain how they will comply with Section 3 requirements set forth in 24 CFR Part 75

24 CFR Part 75 Section 3

Compliance will be achieved through targeted outreach and recruitment efforts, enforcing Section 3 labor hour benchmarks, facilitating training opportunities, and maintaining detailed reporting on all Section 3 activities and outcomes.

DR-15 Procurement Desk Monitoring

To fulfill the requirements of the Procurement Desk Monitoring Checklist (DR-15), contractors must implement rigorous processes and documentation procedures throughout the procurement lifecycle. Here is how contractors will address each key element of DR-15: By meticulously following the Procurement Desk Monitoring Checklist (DR-15) from planning through execution and oversight, contractors will demonstrate their commitment to upholding the highest standards of accountability and transparency on federally funded projects. This comprehensive approach mitigates risks, promotes competition, and ensures taxpayer dollars are optimally utilized in alignment with all applicable regulations

Describe how the subgrantee will take affirmative steps to ensure good faith effort outreach to small, minority, women and veteran-owned business to be included in all solicitation opportunities (procurement of services and

goods) and documenting efforts and procurement opportunities**Good Faith Outreach**

Maintain detailed records of all Section 3 outreach efforts, hiring, contracting, training activities, and labor hours worked. Submit regular reports demonstrating good faith efforts and compliance with the labor hour benchmarks. Implement an internal monitoring and enforcement process to ensure all contractors and subcontractors meet the Section 3 requirements. Provide a formal grievance process for Section 3 concerns, as 24 CFR 75.33(b) requires.

Subgrantee's must comply with 2 CFR Part 200 requirements for procurement**2 CFR 200 Guide**

A comprehensive review across multiple dimensions will be completed to confirm that the requirements of 2 CFR 200 procurement will be completed. The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (2 CFR 200) establish the rules for procuring goods and services using federal funds

By carefully adhering to the Uniform Guidance procurement standards, methods, contract provisions, and oversight requirements, full compliance with 2 CFR 200 is confirmed. This promotes the efficient, effective, and accountable utilization of federal funds through a comprehensive system of checks, balances, and documented processes across all procurement activities.

Monthly spending plans and proposed draw down schedules

The monthly draw-down plan is reflective of the tentative timeline. Envirostruct will submit to The Salvation Army all contracted costs. The Salvation Army will process all cost reimbursements through the Capital Development Process TSA0419. Once approved by THQ for payment, the Fort Myers team will submit to for reimbursement.

Proposed reporting for outcomes achieved

The Salvation Army provides monthly capital development and program impact reports.

Subrecipients plan to ensure the project is timely, draws are completed on time, and reports are complete and accurate

The City of Fort Myers will use PROCORE, a construction management software, to track and manage all construction tasks. The City will expect all subgrantees to provide monthly reports on project status and expenditures. The City will ensure that compliance is met and make very clear to any contract staff that requests for change orders will only be granted on a case by case basis. The City's Grants and Special Projects Division will provide oversight and management to the subgrantees to ensure project timeliness and compliance.

From the Subgrantee:

The Salvation Army will hire a Center of Hope Capital Project Manager to manage all capital development paperwork associated with Capital Development Process TSA0419.

Further, The Salvation Army will continue the contract with Envirostruct as the contract manager for the Center of Hope.

The Center of Hope Capital Project Manager and Envirostruct will ensure that draws are accurately completed on time.

Further, all draws are processed through the Capital Development Process TSA0419.

Describe the process carried out to determine cost estimations prior to applying

The Salvation Army, A Georgia Corporation develops and operates capital projects across the fifteen southern states. The Salvation Army Capital Development Process requires local, divisional, and territorial review of all costs.

Costs are compared to the local market by the construction manager, Envirostruct. Costs are considered reasonable through the required bidding process for completion. Costs are then compared to Division, the state of Florida, capital development projects of the Salvation Army. Costs are then compared to the Territory, capital development projects of The Salvation Army. The process of Cost processing will be managed by the Center of Hope Capital Project Manager.

Describe additional steps you will take, if approved, to manage costs, change orders, and ensure the project is completed on time and within budget

The Salvation Army will hire two additional professionals to the local team. One professional, the Center of Hope Development Director, will be assigned to public engagement for stakeholder alignment and fund development. The second professional, the Center of Hope Project Manager, will manage all capital development paperwork associated with Capital Development Process TSA0419.

The Salvation Army will continue its relationship with Envirostruct as the construction manager. The Salvation Army Capital Development Process 0419 will include local (Envirostruct) Divisional (DHQ), Territorial (THQ) review before approval.

Describe the actions that will be taken to implement the project after construction completion. Describe how the finished project will be maintained and updated

The Center of Hope Capital Project Manager will manage all capital development paperwork associated with Capital Development Process TSA0419. The Salvation Army Capital Development Process 0419 will include local (Envirostruct) Divisional (DHQ), Territorial (THQ) review before approval.

The Salvation Army Mission Strategy has a Property Standard Operating Procedure: Five (5) Steps of Property Stewardship:

1. Inspection: you should undertake regular inspections to assess the condition, identify problems, and decide whether work is necessary.
2. Regular Maintenance: jobs like clearing gutters, testing services, checking for damp, and clearing the yard
3. Preventative Maintenance: scheduled filter changes, HVAC cleaning, grease trap cleaning, kitchen professional cleanings.

4. Minor Repairs: ongoing minor repairs to the building, perhaps due to extreme weather, can include fixing slipped tiles, replacing broken glass, or making temporary repairs.
5. Capital Improvements: Investing capital dollars in one property per year.

Subrecipients plan to oversee cost effectiveness and internal controls of the subgrantee

The City will be involved at every juncture of the project execution providing for appropriate controls and effective cost management. All bid documents, invoices, and essential purchases will need to be reviewed by the City of Fort Myers prior to expenditure. These controls will be listed and made available to subgrantees in the City of Fort Myers Subgrantee Agreement and Policy. The City will also maintain an internal cost tracking system to monitor expenditures.

A description of how the subgrantee will coordinate with other planning, community development, and/or recovery or resilience projects and initiatives that are underway

The Salvation Army Center of Hope aligns with the Resilient Lee goals (IF-001, IF005)- by hardening the sheltering, food services, and pre-event coordination. The Salvation Army will continue to bring forth collective impact with the public, non-profit and private sector to bring forth the protection of vulnerable persons and promotion of able-bodied people to participate in the community quality of life.

Describe how the subgrantee will coordinate with other partners carrying out related activities and/or projects

The Salvation Army has moved forward with the recommendation of hardening buildings and strengthening the networks of response through the practice of public policy dialogues for program design, an iterative building design process, and collaborative emergency planning

The public policy dialogues integrate national leaders, research, experience and innovation through community deliberation to determine the most effective means of program and capital design and delivery.

The power of collective impact lies in the heightened vigilance that comes from multiple organizations looking for innovations and solutions through the same lens, the rapid learning from continuous feedback loops, and the immediacy of action from a unified and simultaneous response among all participants.

Secondary: Lee County 071 - Homeless, Vulnerable and Precariously Housed Population

A description of the intended impact the plan will have on the community and area of high need

Storm and emergency shelters provided respite for many families and individuals threatened by the storm, made homeless by the impacts, or needing emergency assistance. The strengthened shelters support better-changing recovery needs in the neighborhood and the region, intentionally for the precariously housed with limited transportation resources to reduce the need for mass transit/logistics/sheltering during an emergency. The Center of Hope is designed to achieve the social and capital infrastructure goals of Resilient Lee.

- ☒ Underserved communities, as defined by HUD in the Consolidated Notice:
 - Populations sharing a particular characteristic, as well as geographic communities, that have been systematically denied a full opportunity to participate in aspects of economic, social, and civic life

A description of the method used to identify the intended beneficiaries of the project if it were implemented

The Salvation Army has been serving in Lee County since 1951. The current Center of Hope has served the precariously housed since 1990. The historical experience and current evidence-based practices within the community network of service providers maximizes the mission throughout the region. Research by Meyer, Wyse, et al, "Homelessness and the Persistence of Deprivation: Income, Employment and Safety Net Participation," reveals a strong link between individuals' work, safety networks, and housing status. Nearly all sheltered homeless adults (97%) and a significant majority of unsheltered ones (93%) either had jobs or received benefits in the year they became homeless. Combining data from both groups shows that about half (46%) were employed during their homelessness. Research further suggests that homelessness usually results from long-term severe deprivation, like consistent employment decline and increased disability program participation, rather than sudden, major losses of income or benefits. Essentially, very low incomes over time increase homelessness risk, leaving individuals unable to cope with housing loss after even small disruptions in income or life. Thus, according to HUD, the underserved community would be those with commonality of a particular characteristic or geographic location. In this case, it may be those residents of Midtown with limited income and economic opportunity. Despite these findings, homelessness is rare, even among the very poor. The difference in income and ties to formal work and safety nets isn't the main distinction between those who become homeless and those who remain poor but are housed. Other factors, such as behavioral health issues, substance abuse disorders, the strength of social connections, and unexpected life shocks, could play significant roles.

A description of the community outreach and engagement that has happened to date, including a description of the stakeholders and approaches to outreach and engagement

The Salvation Army has moved forward with the recommendations of hardening buildings and strengthening response networks through public policy dialogues for program design, an iterative building design process, and collaborative emergency planning.

The community iterative program and building design process started in September 2023. "The Foreseeable Future and the Way Out" looked at housing issues in the region, programs that alleviate poverty, recovery care systems, and the highest and best use of hardened facilities. The community meetings included various agencies, stakeholders, investors, and a population representative of those to be served.

Principles of The Salvation Army continue to review the property designs. Further, multiple cities have been visited to extend strengths, and learn lessons from experience.

The power of collective impact lies in the heightened vigilance that comes from multiple organizations looking for innovations and solutions through the same lens, the rapid learning that comes from continuous feedback loops, and the immediacy of action that comes from a unified and simultaneous response among all participants.

The Center of Hope schematic documents will now be presented monthly in the Midtown

area. This iterative process allows the final reviewers to be those who live adjacent and are most likely to benefit from both the program design and the hardening of public shelters.

A description and justification of the proposed costs

Proposed costs were determined through the program scope of work (impact design) with a concentration on hardened facilities, with repetitive designs, technology, equipment, and slant concrete. All decisions were made to maximize mission goals, hospitality, longevity and storm resilience.

A description of whether the project will be implemented with applicant staff, vendor support and/or other

Envirostruct, the construction manager, completed cost estimates.

All costs will be finally determined through open bid processing that meet the funding criteria and technical specifications.

All costs will be reviewed through the Capital Development Process TSA 0419 of The Salvation Army.

A description of the timeframe, dependencies, and methods for obligating grant funds, and how the applicant plans to ensure funds are spent timely. A description of how the applicant will address and control for dependencies, if applicable

Cost expenditure structure:

1. Submission of full construction drawings and specifications which may need several re-submissions before final approval.
2. The bids will be submitted to the THQ Property Council for approval, with the recommendations of the TSA FMAC Advisory Board/Council and the DHQ finance board.
3. Submission of the construction contract for approval and execution. THQ Property Secretary will require a pre-construction meeting with himself or his representative, the architect, unit officer, TSA FMAC Advisory Board members, and a DHQ representative.
4. Throughout the construction process, all change orders must be submitted to THQ, which will be considered as interim business or Property Council matters, depending on the change order amount.
5. Funds will be approved for use through the Capital Development Fund

A capital fund account has been opened and will be funded up to \$1M for cash flow and control for project dependents.

Describe how the proposed project integrates mitigation measures and strategies to reduce natural hazard risks, including climate-related risks. Mitigation measures include but are not limited to, reducing risks to people and property; public service interruption for members who are most vulnerable to natural and climate-related risks; and/or community lifelines

The National Academies of Science report, “Addressing Disaster Vulnerability Among Homeless Populations During Covid-19” by Campbell, Culhane, et. al., recognize that the root causes of housing instability are closely linked to an increased risk of disaster. Those without stable housing are at a higher risk of environmental hazards of various types and severities. As such, policymakers must devise strategies to minimize disaster risk for the homeless to prevent exacerbating their already precarious living situations. Developing these strategies requires a deep understanding of these populations' unique needs and strengths, along with an acknowledgment of the intricate relationship between homelessness and disaster vulnerability.

Identify the risks or hazards being reduced and the impacts that those hazards have on people and property

Addressing the resource scarcity faced by homelessness or housing instability is critical. These individuals often have limited financial means and may rely on public assistance or charitable organizations for basic necessities. These critical supports can be severely disrupted or become utterly unavailable in disasters, leaving vulnerable populations without necessary aid during crises. Preparing mitigation measures prior to events increases the efficiency of recovery and decreases the depth of damage.

Describe the value of the proposed project to the community. Describe the anticipated short-term impacts during normal circumstances, as well as how the project will enhance resilience in the long term and during extreme events. Description should include qualitative or quantitative data

Storm and emergency shelters provided respite for many families and individuals threatened by the storm, made homeless by the impacts, or needing emergency assistance. The strengthened shelters support better-changing recovery needs in the neighborhood and the region, intentionally for the precariously housed with limited transportation resources to reduce the need for mass transit/logistics/sheltering during an emergency. The Center of Hope is designed to achieve the social and capital infrastructure goals of Resilient Lee.

The Resilient Lee community call to action includes IF-005 Diversify and Strengthen Shelter Network. As the County experiences a variety of changes – from population shifts to increasingly severe storms – the network of shelters across the region should be strengthened to support better changing recovery needs in all neighborhoods and be resilient to disaster conditions. While utilizing schools as shelters maximizes the availability of state and other grant funding for modernizing and expanding education

facilities to support the County's growing population, there is also the need to diversify sheltering options to increase accessibility and decrease situations in which school needs to resume but residents still require shelter. It is vital to identify other publicly owned planned infrastructure that can be retrofitted or hardened to comply with shelter standards.

The Resilient Lee community call to action includes IF-005 Fortifying Essential Services and Facilities. It is recommended that the region evaluate and implement strategic improvements focused on strengthening operations, hardening selected facilities (e.g., backup power and generators), identifying locations for new facilities, augmenting operations to include additional training opportunities and coordination for staff, improving communications and messaging to the public, and expanding the services available. Identifying locations for new facilities can also include vacant retail spaces that could be converted into a shelter. This approach can also include setting new standards for access to healthcare for those at shelters by potentially partnering with healthcare and mental health providers and incorporating wraparound services for those who could become homeless following a catastrophic event.

Resilient Lee also noted a priority of advance sheltering capacity, IF-001. By working together in both preparedness and recovery efforts for essential services, the County can realize benefits in blue and gray skies situations. Specifically, by engaging each sector within essential services, leaders will have the value of knowing the community's capabilities and its needs, as well as an enhanced understanding of local complexities. Building relationships among private and public essential services will strengthen the sectors. These partnerships can determine the most efficient use of scarce resources and prioritize hardening and mitigating facilities to keep essential services functioning for the public.

The Salvation Army has by the practice of public policy dialogues for program design, an iterative building design process, and collaborative emergency planning, moved forward with the recommendation of both hardening buildings and strengthening the networks of response. The power of collective impact lies in the heightened vigilance that comes from multiple organizations looking for innovations and solutions through the same lens, the rapid learning that comes from continuous feedback loops, and the immediacy of action that comes from a unified and simultaneous response among all participants.

The strength of hardened buildings will protect our most vulnerable citizens during weather events.

Collective impact, hardened infrastructure, and systems design will achieve the goals of CDBG-DR and the county.

This Exhibit to the Community Development Block Grant Disaster Recovery (“CDBG-DR”) Program Subrecipient Agreement contains supplementary compliance conditions for use with procured contracts and subrecipient agreements that are funded in whole or in part by the U.S. Department of Housing and Urban Development (“HUD”) under Title I of the Housing and Community Development Act of 1974 (Pub. L. 93-383) as amended.

This Exhibit shall be included as part of the terms of the Agreement for all procured contracts and subrecipient agreements funded fully or in part by the CDBG-DR Program by Lee County and the selected contractor or subrecipient.

By signing this Exhibit, the Subrecipient certifies they understand that all the below compliance provisions will apply to all projects that are awarded CDBG-DR funds.

1. NATIONAL OBJECTIVES

In accordance with [24 CFR 570.208](#), Section 104(b)(3) of the Housing and Community Development Act of 1974, all CDBG-DR funded activities must meet a National Objective. Under Section 101(c) of the authorizing Act (42 U.S.C. 5301), all CDBG-DR Activities must satisfy one of the named National Objectives.

1. Benefit to Low-to-Moderate Income Persons (LMI)
2. Urgent Need (UN)
3. Elimination of Slum and Blight (SB)

Upon completion of approved activity(ies) funded under this Agreement and prior to the funding expiration date of this Agreement, whichever comes first, the Subrecipient must document that the approved activity(ies) met the approved National Objective, as necessary.

For Subrecipients with a National Objective requirement, the County shall review the actual National Objective achievements of the activity. If the Subrecipient does not or cannot satisfactorily document the National Objective achievement of an approved activity(ies), the activity(ies) may be deemed ineligible, and repayment of funds may be required of the Subrecipient.

2. DUPLICATION OF BENEFITS

A Duplication of Benefits (DOB) occurs when a person, household, business, or other entity receives disaster assistance from multiple sources for a cumulative amount that exceeds the total need for a particular recovery purpose. The amount of the duplication is the amount of assistance provided in excess of the total need for the same purpose. It is the County's responsibility to ensure that CDBG-DR programs provide assistance only to the extent that the disaster recovery need has not been fully met by funds that have already been paid, or will be paid, from another source.

The Subrecipient or Contractor must report all funds obtained for the same activity from any source from the date of the disaster until the activity is completed.

The Subrecipient or Contractor agrees to repay to the County, immediately upon demand, any assistance later received for the same purpose as the CDBG-DR funds and that exceeds the total need for the particular recovery purpose.

- a. CDBG-DR Funds as Match (Infrastructure):** When applicable and approved by the County, Subrecipients may use grant funds to satisfy a match requirement, share, or contribution for any other Federal program when used to carry out an eligible CDBG-DR activity. This includes programs or activities administered by the Federal Emergency Management Agency (FEMA) or U.S. Army Corps of Engineers (USACE). By law, only \$250,000 or less of CDBG-DR funds may be used for the non-Federal cost-share of any project funded by USACE. Furthermore, Appropriations acts prohibit the use of CDBG-DR funds for any activity reimbursable by, or which funds are also made available by, FEMA or USACE.

For all match activities, Subrecipients must document that CDBG-DR funds have been used for the actual costs incurred for the assisted project and for costs that are eligible, meet a national objective, and meet other applicable CDBG requirements.

3. EQUAL EMPLOYMENT OPPORTUNITY

The obligations undertaken by the Subrecipient or Contractor include, but are not limited to, the obligation to comply with all Federal laws and regulations described in Subpart K of 24 CFR Part 570 and specifically with each of the following, among other things, as the same may be amended from time to time:

- a. Title VI of the Civil Rights Act of 1964:** This act provides that no person shall

be excluded from participation, denied program benefits, or subject to discrimination based on race, color, and/or national origin under any program or activity receiving Federal financial assistance.

- b. **Title VII of the Civil Rights Act of 1968 (The Fair Housing Act)**: This act prohibits discrimination in housing on the basis of race, color, religion, sex and/or national origin. This law also requires actions which affirmatively promote fair housing.
- c. **Restoration Act of 1987**: This act restores the broad scope of coverage and clarifies the application of the Civil Rights Act of 1964. It also specifies that an institution which receives Federal financial assistance is prohibited from discriminating on the basis of race, color, national origin, religion, sex, disability or age in a program or activity which does not directly benefit from such assistance.
- d. **Section 109 of Title 1 of the Housing and Community Development Act of 1974 [42 U.S.C. 5309]**: This Section of Title 1 provides that no person shall be excluded from participation (including employment), denied program benefits, or subject to discrimination on the basis of race, color, national origin, or sex under any program or activity funded in whole or in part under Title 1 of the Act.
- e. **The Fair Housing Amendment Act of 1988**: This act amended the original Fair Housing Act to provide for the protection of families with children and people with disabilities, strengthen punishment for acts of housing discrimination, expand the Justice Department jurisdiction to bring suit on behalf of victims in federal district courts, and create an exemption to the provisions barring discrimination on the basis of familial status for those housing developments that qualify as housing for persons age 55 or older.
- f. **The Age Discrimination Act of 1975**: This act provides that no person shall be excluded from participation, denied program benefits, or subject to discrimination on the basis of age under any program or activity receiving federal funding assistance. Effective January 1987, the age cap of 70 was deleted from the laws. Federal law preempts any State law currently in effect on the same topic.
- g. **Section 504 of the Rehabilitation Act of 1973**: It is unlawful to discriminate based on disability in Federally assisted programs. This Section provides that no otherwise qualified individual shall, solely by reason of his or her disability, be excluded from participation (including employment), denied program benefits, or subjected to discrimination under any program or activity receiving federal funding assistance.
- h. **The Americans with Disabilities Act of 1990 (ADA)**: This act modifies and expands the Rehabilitation Act of 1973 to prohibit discrimination against "a

qualified individual with a disability" in employment and public accommodations. The ADA requires that an individual with a physical or mental impairment who is otherwise qualified to perform the essential functions of a job, with or without reasonable accommodation, be afforded equal employment opportunity in all phases of employment.

- i. **Executive Order 11063**: This executive order provides that no person shall be discriminated against on the basis of race, color, religion, sex, or national origin in housing and related facilities provided with Federal assistance and lending practices with respect to residential property when such practices are connected with loans insured or guaranteed by the Federal government.
- j. **Executive Order 12259**: This executive order provides that the administration of all Federal programs and activities relating to housing and urban development be carried out in a manner to further housing opportunities throughout the United States.
- k. **The Equal Employment Opportunity Act**: This act empowers the Equal Employment Opportunity Commission (EEOC) to bring civil action in Federal court against private sector employers after the EEOC has investigated the charge, found "probable cause" of discrimination, and failed to obtain a conciliation agreement acceptable to the EEOC. It also brings Federal, state, and local governments under the Civil Rights Act of 1964.
- l. **The Uniform Guidelines on Employee Selection Procedures adopted by the Equal Employment Opportunity Commission in 1978**: This manual applies to employee selection procedures in the areas of hiring, retention, promotion, transfer, demotion, dismissal, and referral. It is designed to assist employers, labor organizations, employment agencies, licensing, and certification boards in complying with the requirements of Federal laws prohibiting discriminatory employment.
- m. **The Vietnam Era Veterans' Readjustment Act of 1974 (revised Jobs for Veterans Act of 2002)**: This act was passed to ensure equal employment opportunity for qualified disabled veterans and veterans of the Vietnam War. Affirmative action is required in the hiring and promotion of veterans.
- n. **Executive Order 11246**: This executive order applies to all Federally assisted construction contracts and subcontracts. It provides that no person shall be discriminated against on the basis of race

4. **CERTIFICATION OF NONSEGREGATED FACILITIES**

(applicable to contracts and subcontracts over \$10,000)

The Subrecipient or Contractor and its subcontractor(s) certifies that the entity does not maintain or permit employees to perform their services at any location where segregated facilities are maintained. The Subrecipient or Contractor certifies further that it shall not maintain or provide for employees any segregated facilities at any of its establishments and will not permit employees to perform their services at any location under its control where segregated facilities are maintained. The Subrecipient or Contractor and its subcontractor(s) agrees that a breach of this certification is a violation of the equal opportunity clause of this contract.

As used in this certification, the term "segregated facilities" means any waiting rooms, work areas, rest rooms and wash rooms, restaurants and other eating areas, time clocks, locker rooms, and other storage or dressing areas, parking lots, drinking fountains, recreation or entertainment areas, transportation and housing facilities provided for employees which are segregated by explicit directive or are, in fact, segregated on the basis of race, color, religion, or national origin because of habit, local custom, or any other reason.

The Subrecipient or Contractor further agrees that (except where it has obtained for specific time periods) it will obtain identical certification from proposed subcontractors prior to the award of subcontracts exceeding \$10,000 which are not exempt from the provisions of the equal opportunity clause; that it will retain such certifications in project files; and will provide notice to such proposed subcontractors (except where proposed subcontractors have submitted identical certifications for specific time periods).

5. ENVIRONMENTAL PROTECTION AND ACTS

- a. National Environmental Protection Act (NEPA):** All Federally funded activities are subject to the National Environmental Policy Act of 1969 (NEPA) and its regulations under 40 CFR 1500 – 1508. Additionally, [24 CFR 58.22](#) prohibits committing or spending HUD or non-HUD funds on any activity that could have an adverse environmental impact or limit the choice of reasonable alternatives prior to completion of an environment review once a project has Federal funding, in full or in part. This prohibition on "choice-limiting actions" prohibits physical activity, including acquisition, rehabilitation, and construction, as well as contracting for or committing to any of these actions, prior to completion of the environmental review. Awarded activities must have completed an environmental review to demonstrate compliance with NEPA, as well as 24 CFR 58.
- b. Clean Air and Water Acts:** *(applicable to contracts and subcontracts exceeding \$100,000)* The Subrecipient or Contractor and all subcontractors shall comply with the requirements of the Clean Air Act, as amended, 42 USC 1857 et seq., the Federal Water Pollution Control Act, as amended, 33 USC 1251 et seq., and the regulations of the Environmental Protection Agency with respect thereto, at 40 CFR Part 15, as amended.

- c. **Flood Disaster Protection:** The Subrecipient or Contractor shall comply with the requirements of the Flood Disaster Protection Act of 1973 (42 U.S.C. 4001). The Subrecipient shall assure that for activities located in an area identified by the Federal Emergency Management Agency (FEMA) as having special flood hazards, that flood insurance under the National Flood Insurance Program is obtained and maintained as a condition of financial assistance for acquisition or construction purposes (including rehabilitation).
- d. **Energy Efficiency:** The Subrecipient or Contractor shall comply with mandatory standards and policies relating to energy efficiency under the Energy Policy and Conservation Act (Public Law 94-163).
- e. **Procurement of Recovered Materials:** Per 2 CFR 200.323, if a subrecipient is a state agency or an agency of a political subdivision of a state, it and its contractors, must comply with section 6002 of the Solid Waste Disposal Act, as amended by the Resource Conservation and Recovery Act. The requirements of Section 6002 include procuring only items designated in guidelines of the Environmental Protection Agency (EPA) at [40 CFR part 247](#) that contain the highest percentage of recovered materials practicable, consistent with maintaining a satisfactory level of competition, where the purchase price of the item exceeds \$10,000 or the value of the quantity acquired during the preceding fiscal year exceeded \$10,000; procuring solid waste management services in a manner that maximizes energy and resource recovery; and establishing an affirmative procurement program for procurement of recovered materials identified in the EPA guidelines.

6. **CONSTRUCTION STANDARDS**

While the following Construction Standards requirements are called out below, the Subrecipient also certifies and acknowledges that it has read and complies with all requirements as noted within the *CDBG-DR Construction Standards Procedure* for Housing Programs and applicable program guidelines.

- a. **Green and Resilient Building Standards in Housing:** All new construction or rehabilitation of residential structures must meet an industry-recognized standard that has achieved certification under (i) Enterprise Green Communities; (ii) LEED (New Construction, Homes, Midrise, Existing Buildings Operations and Maintenance, or Neighborhood Development); (iii) ICC-700 National Green Building Standard Green+ Resilience; (iv) Living Building Challenge; or (v) any other equivalent comprehensive green building program acceptable to HUD. - b. Rehabilitation of Nonsubstantially Damaged Residential Buildings (Housing):** Per Federal Register Notice 88 FR 32046, for rehabilitation other than the rehabilitation of substantially damaged residential buildings described in 6.a. above, the Subrecipient must follow the guidelines specified in the HUD CPD Green Building Retrofit Checklist.

Subrecipients must apply these guidelines to the extent applicable for the rehabilitation work undertaken, for example, the use of mold resistant products when replacing surfaces such as drywall. Products and appliances replaced as part of the rehabilitation work must be ENERGY STAR-labeled, WaterSense-labeled, or Federal Energy Management Program (FEMP)-designated products or appliances.

- c. Broadband Infrastructure in Housing:** Per Federal Register Notice 88 FR 32046, any substantial rehabilitation, as defined by 24 CFR 5.100, reconstruction, or new construction of a building with more than four units must include installation of broadband infrastructure.

d. Elevation Standards (Housing and Infrastructure):

- i. Housing:** All new construction or rehabilitation of residential structures and located in the one percent annual chance (or 100-year) floodplain must be elevated at least two feet above the base flood elevation.
 - i. Mixed-use and Non Residential:** Non-residential structures and infrastructure must be elevated or floodproofed, in accordance with FEMA floodproofing standards at 44 CFR 60.3(c)(3)(ii) or successor standard, up to at least two feet above base flood elevation.

- e. Planning and Design (Infrastructure):** All newly constructed infrastructure that is assisted with CDBG-DR funds must be designed and constructed to withstand extreme weather events and the impacts of climate change. To satisfy this requirement, the Subrecipient is required to provide resilience performance metrics as identified by the County.

- f. Flood Control Structures (Infrastructure and Non-Residential Structures):**

Subrecipients that use CDBG-DR funds to assist flood control structures (i.e., dams and levees) are prohibited from using CDBG-DR funds to enlarge a dam or levee beyond the original footprint of the structure that existed before the disaster event, without obtaining approval from the County, HUD, and any Federal agencies that HUD determines are necessary based on their involvement or potential involvement with the levee or dam. Additional requirements and approval steps are outlined under Federal Register Notice guidance at 88 FR 32046.

7. AFFORDABILITY PERIOD REQUIREMENTS (HOUSING)

While the following minimum affordability period requirements are called out below, the Subrecipient also certifies and acknowledges that it has read and complies with all requirements as noted within the applicable program guidelines regarding affordability period requirements.

- a. **New Construction and Rehabilitation of Affordable Rental Housing:** To meet the LMI housing national objective, a Subrecipient who implements rental housing activities that will result in the new construction or rehabilitation of five or more units, assisted with CDBG-DR funds, must rent to LMI households at affordable rents as described within the *Lee County Action Plan for CDBG-DR Funds*. Furthermore, the minimum timeframes, enforceability, and other related requirements acceptable for compliance can be found under the HOME Investment Partnerships Program (HOME) requirements at 24 CFR 92.252(e), including the table listing the affordability periods at the of 24 CFR 92.252(e). The County has adopted these requirements and spells out affordability restriction enforcement and minimum affordability periods within the respective program guidelines, which Subrecipients are required to follow, where applicable.
- b. **New Construction of Homes Built for LMI Households:** For Subrecipients who implement activities where there is a construction of new single-family units (four units or less) for homeownership that will meet the LMI housing national objective criteria, the County has set affordability restrictions, which follow minimum affordability period and enforcements mechanisms of the HOME requirements set at 24 CFR 92.254(a)(4). Subrecipients whose activities are applicable to these requirements must follow the County's respective program guidelines regarding affordability restrictions, resale or recapture requirements, affordability period requirements, and all other requirements prescribed under the applicable guidelines regarding affordability.

8. CONTRACTING WITH SMALL AND MINORITY FIRMS, WOMEN'S BUSINESS ENTERPRISES, VETERAN OWNED BUSINESSES, AND LABOR SURPLUS AREA FIRMS

The Subrecipient or Contractor will take necessary affirmative steps to assure that minority firms, women's business enterprises, veteran owned businesses, and labor

The Subrecipient is prohibited from using contracted funds for the following purposes: (1) political activities; (2) lobbying; (3) political patronage; (4) nepotism activities; and (5) inherently religious activities such as worship, religious instruction, or proselytization. The Subrecipient will also comply with Chapter 216.347, Florida Statutes, which prohibits the expenditure of Agreement funds for the purpose of lobbying the legislature, state or county agencies.

Additionally and in accordance with 24 CFR 87, the Subrecipient certifies that it will not use CDBG-DR funds received from the County to directly or indirectly influence legislation or any other official action by the Florida legislature, any state agency, or other local government and county (BOCC) business, including through the use of Federal appropriated funds being paid to any person for influencing or attempting to influence an office or employee of any agency, a member of Congress, an office or employee of Congress or an employee of a member of Congress in connection with this Federal contract, grant, loan or cooperative agreement. If the County and/or the Subrecipient suspects such action of occurring, the County reserves the right to request that the Subrecipient disclose and certify such activities in accordance with reporting requirements noted within the Agreement.

The Byrd Anti-Lobbying Amendment (31 U.S.C. 1352) requires that Contractors that apply or bid for an award exceeding \$100,000 must file the required certification. The requirements of this section must be included in all subawards including all contracts and purchase orders for work or products under this award.

For purposes of this section: (1) "Produced in the United States" means, for iron and steel products, that all manufacturing processes, from the initial melting stage through the application of coatings, occurred in the United States. (2) "Manufactured products" means items and construction materials composed in whole, or in part, of non-ferrous metals such as aluminum; plastics and polymer-based products such as polyvinyl chloride pipe; or aggregates such as concrete; glass, including optical fiber; and lumber.

- d. For the purposes of this requirement "construction work" includes, but is not limited to, rehabilitation, alteration, demolition, installation or repair done under contract and paid for, in whole or in part, through this agreement or contract. All construction work shall be done through the use of a written contract with a properly licensed building contractor incorporating these requirements (the "construction contract").
- e. Subrecipient or Contractor shall maintain documentation that demonstrates compliance with hour and wage requirements of this part. Such documentation shall be made available to the County for review upon request.

15. SECTION 3 OF THE HOUSING AND URBAN DEVELOPMENT ACT OF 1968

The work to be performed under this contract may be subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u (section 3), and implementing regulation at [24 CFR, Part 75](#). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.

The responsibilities outlined in 24 CFR Part 75.19 include:

Section 3 Clause

The work to be performed under this contract is subject to the requirements of Section 3 of the Housing and Urban Development Act of 1968, as amended, 12 U.S.C. 1701u (Section 3). The purpose of Section 3 is to ensure that employment and other economic opportunities generated by HUD assistance or HUD-assisted projects covered by Section 3, shall, to the greatest extent feasible, be directed to low- and very low-income persons, particularly persons who are recipients of HUD assistance for housing.

The parties to this contract agree to comply with HUD's regulations in 24 CFR. Part 75, which implements Section 3. As evidenced by their execution of this contract, the parties to this contract certify that they are under no contractual or other impediment that would prevent them from complying with the Part 75 regulations.

The contractor agrees to send to each labor organization or representative of workers with which the contractor has a collective bargaining agreement or other understanding, if any, a notice advising the labor organization or workers' representative of the contractor's commitments under this Section 3 clause, and will post copies of the notice in conspicuous places at the work site where both employees and applicants for training and employment positions can see the notice. The notice shall describe the Section 3 preference, shall set forth minimum number and job titles subject to hire, availability of apprenticeship and training positions, the qualifications for each; the name and location of the person(s) taking applications for each of the positions; and the anticipated date the work shall begin.

The contractor agrees to include this Section 3 clause in every subcontract subject to compliance with regulations in 24 CFR Part 75 and agrees to take appropriate action, as provided in an applicable provision of the subcontract or in this Section 3 clause, upon a finding that the subcontractor is in violation of the regulations in 24 CFR Part 75. The contractor will not subcontract with any subcontractor where the contractor has notice or knowledge that the subcontractor has been found in violation of the regulations in 24 CFR Part 75.

The contractor acknowledges that subrecipients, contractors, and subcontractors are required to meet the employment, training, and contraction requirements of 24 CFR 75.19, regardless of whether Section 3 language is included in recipient or subrecipient agreements, program regulatory agreements, or contracts.

The contractor will certify that any vacant employment positions, including training positions, that are filled (1) after the contractor is selected but before the contract is executed, and (2) with persons other than those to whom the regulations of 24 CFR Part 75 require employment opportunities to be directed, were not filled to circumvent the contractor's obligations under 24 CFR Part 75.

Noncompliance with HUD's regulations in 24 CFR Part 75 may result in sanctions, termination of this contract for default, and debarment or suspension from future HUD assisted contracts.

The contractor agrees to submit, and shall require its subcontractors to submit to them, annual reports detailing the total number of labor hours worked on the Section 3 Project, the total number of labor hours worked by Section 3 Workers, and the total number of hours worked by Targeted Section 3 Workers, and any affirmative efforts made during the quarter to direct hiring efforts to low- and very low-income persons, particularly persons who are Section 3 workers and Targeted Section 3 workers.

The Subrecipient understands that activities and projects it undertakes with CDBG–DR funds may be subject to the URA at 49 CFR Part 24, section 104(d) of the HCDA (42 U.S.C. 5304(d)), and CDBG program requirements related to displacement, relocation, acquisition, and replacement of housing, except as modified by waivers and alternative requirements provided in Federal Register Notices 88 FR 3198 and 88 FR 32046. In such Notices, HUD waived or provided alternative requirements for the purpose of promoting the availability of decent, safe, and sanitary housing with respect to the use of CDBG–DR funds allocated under the Consolidated Notice.

Subrecipients are required to adopt the County’s Residential Anti-Displacement and Relocation Assistance Plan or establish separate optional relocation policies prior to undertaking any activity assisted with CDBG-DR funding which involves relocation. The written policy must be available to the public, describe the relocation assistance that the Subrecipient has elected to provide, and provide for equal relocation assistance within each class of displaced persons according to 24 CFR 570.606(d).

In the event of displacement because of a federally funded award, Subrecipients must comply with the URA, for any household, regardless of income, which is involuntarily and permanently displaced, and to comply with Section 104(d). The County also provides notice to Subrecipients that any demolition or disposition of public housing is

subject to Section 18 of United States Housing Act of 1937, as amended, and 24 CFR Part 970.

CDBG-DR PROGRAM SUBROGATION AGREEMENT

This Subrogation and Assignment Agreement ("Agreement") is made and entered into by and between City of Fort Myers (hereinafter referred to as "Subrecipient") and Lee County (hereinafter referred to as "County").

In consideration of the Subrecipient's receipt of funds or the commitment by the County to evaluate the Subrecipient's application for the receipt of funds (collectively, the "Subrecipient Award") under the Community Development Block Grant – Disaster Recovery Program (the "CDBG-DR Program") administered by the County, the Subrecipient hereby assigns to the County all of the Subrecipient's future rights to reimbursement and all payments received from any grant, subsidized loan, lawsuit, or insurance policies of any type or coverage, or under any reimbursement or relief program related to or administered by the Federal Emergency Management Agency ("FEMA") or the Small Business Administration ("SBA") (singularly, a "Disaster Program" and collectively, the "Disaster Programs"), that was the basis of the calculation of the Subrecipient Award paid or to be paid to the Subrecipient under the CDBG-DR Program and that are determined at the sole discretion of the County to be a duplication of benefit ("DOB"), as provided in this Agreement.

The proceeds or payments referred to in the preceding paragraph, whether they are from insurance, FEMA, or the SBA, or any other source, and whether or not such amounts are a DOB, shall be referred to herein as "Proceeds," and any Proceeds that are a DOB shall be referred to herein as "DOB Proceeds."

The Subrecipient agrees to notify the County within five (5) business days of any additional or new payments, loans, grants, or awards by HUD, FEMA, SBA, the State of Florida, or any other entity not specifically disclosed in this Agreement. Further, the Subrecipient understands and acknowledges the County's right and responsibility to enforce this requirement by recapturing all or a portion of the CDBG-DR Subrecipient Award if the Proceeds received are determined to be DOB Proceeds within this CDBG-DR Program activity. The Subrecipient will be required to pay back the received CDBG-DR Subrecipient Award, which was found to be DOB Proceeds, within 30 days of receipt of the identified duplicative payment. The amount of DOB determined to be paid to the County shall not exceed the Subrecipient Award amount received by the Subrecipient from the CDBG-DR Program.

The Subrecipient agrees to assist and cooperate with the County to pursue any of the claims the Subrecipient has against insurers for reimbursement of DOB Proceeds under any such policies. The Subrecipient's assistance and cooperation shall include, but not be limited to, allowing suit to be brought under the Subrecipient's name(s) and providing any additional documentation with respect to such consent, giving depositions, providing documents, producing records and other evidence, testifying at trial, and any other form of assistance and cooperation reasonably requested by the County. The Subrecipient further agrees to assist and cooperate in the attainment and collection of any DOB Proceeds that the Subrecipient would be entitled to under any applicable Disaster Program.

If requested by the County, the Subrecipient agrees to execute such further and additional documents and instruments as may be requested to further and better assign to the County, to

the extent of the Subrecipient Award paid to the Subrecipient under the CDBG-DR Program, the policies, any amounts received under the CDBG-DR Program that are DOB Proceeds, and/or any right thereunder, and to take, or cause to be taken, all actions and to do, or cause to be done, all things requested by the County to consummate and make effective for the purposes of this Agreement.

The Subrecipient explicitly allows the County to request of any company with which the Subrecipient held insurance policies, FEMA, SBA, or any other entity from which the Subrecipient has applied for or is receiving Proceeds, any non-public or confidential information determined to be reasonably necessary by the County to monitor and enforce its interest in the rights assigned to it under this Agreement and give the Subrecipient's consent to such company(ies) to release all information to the County.

If the Subrecipient (or any lender to which DOB Proceeds are payable to such lender, to the extent permitted by superior loan documents) hereafter receives any DOB Proceeds, the Subrecipient agrees to promptly pay such amounts to the County, if Subrecipient received a Subrecipient Award under the CDBG-DR Program in an amount greater than the amount the Subrecipient would have received if such DOB Proceeds had been considered in the calculation of the Subrecipient's award.

In the event that the Subrecipient receives or is scheduled to receive any subsequent Proceeds, the Subrecipient shall notify the County in the manner above of such subsequent Proceeds. The County will determine the amount, if any, of the subsequent Proceeds that are DOB Proceeds ("Subsequent DOB Proceeds"). Subsequent Proceeds in excess of the determined Subsequent DOB Proceeds shall not be requested from the Subrecipient to provide to the County. Subsequent DOB Proceeds shall be remitted to the County as follows:

1. If the Subrecipient has received full payment of the Subrecipient Award, any Subsequent DOB Proceeds shall be remitted to the County.
2. If the Subrecipient has received no payment of the Subrecipient Award, any determined Subsequent DOB Proceeds shall be used by the County to reduce payments and the agreed-upon amount of the Subrecipient Award to the Subrecipient, and all Subsequent DOB Proceeds shall be retained by the Subrecipient for use on the CDBG-DR Program activity.
3. If the Subrecipient has received a portion of the Subrecipient Award, any Subsequent DOB Proceeds shall be used, retained, and/or disbursed in the following order: **(A)** Subsequent DOB Proceeds shall first be used to reduce the remaining payments or agreed-upon amount of the Subrecipient Award, and Subsequent DOB Proceeds in such amount shall be retained by the Subrecipient for use on the CDBG-DR Program activity; and **(B)** any remaining Subsequent DOB Proceeds shall be remitted to the County.
4. If the County makes the determination that the Subrecipient does not qualify to participate in the CDBG-DR Program or the Subrecipient determines not to participate in the CDBG-DR Program, the Subsequent DOB Proceeds shall be returned to the Subrecipient, less any portion of the Subrecipient Award amount paid to the Subrecipient and which needs to be remitted to the County, and this Agreement shall terminate.

Once the County has recovered an amount equal to the Subrecipient Award paid to the Subrecipient, the County will reassign to the Subrecipient any right assigned to the County pursuant to this Agreement.
